24. RECORDS MANAGEMENT LANGUAGE

Contractor shall comply with all applicable records management laws and regulations, as well as National Archives and Records Administration (NARA) records policies, including but not limited to the Federal Records Act (44 U.S.C. Chapters. 21, 29, 31, 33), NARA regulations at 36 CFR Chapter XII Subchapter B, and those policies associated with the safeguarding of records covered by the Privacy Act of 1974 (5 U.S.C. 552a). These policies include the preservation of all records, regardless of form or characteristics, mode of transmission, or state of completion.

In accordance with 36 CFR 1222.32, all data created for Government use and delivered to, or falling under the legal control of, the Government are Federal records subject to the provisions of 44 U.S.C. chapters 21, 29, 31, and 33, the Freedom of Information Act (FOIA) (5 U.S.C. 552), as amended, and the Privacy Act of 1974 (5 U.S.C. 552a), as amended and must be managed and scheduled for disposition only as permitted by statute or regulation.

In accordance with 36 CFR 1222.32, the contractor shall maintain all records created for Government use or created in the course of performing the contract and/or delivered to, or under the legal control of the Government and must be managed in accordance with Federal law. Electronic records and associated metadata must be accompanied by sufficient technical documentation to permit understanding and use of the records and data.

The VA Southern Nevada Healthcare System (VASNHS) and its contractors are responsible for preventing the alienation or unauthorized destruction of records, including all forms of mutilation. Records may not be removed from the legal custody of VASNHS or destroyed except for in accordance with the provisions of the agency records schedules and with the written concurrence of the Head of the Contracting Activity. Willful and unlawful destruction, damage or alienation of Federal records is subject to the fines and penalties imposed by 18 U.S.C. 2701.

In the event of any unlawful or accidental removal, defacing, alteration, or destruction of records, the contractor must report to VASNHS. The agency must report promptly to NARA in accordance with 36 CFR 1230.

The contractor shall immediately notify the appropriate Contracting Officer (CO) upon discovery of any inadvertent or unauthorized disclosures of information, data, documentary materials, records or equipment. Disclosure of non-public information is limited to authorized personnel with a need-to-know as described in the contract documents. The contractor shall ensure that the appropriate personnel, administrative, technical, and physical safeguards are

established to ensure the security and confidentiality of this information, data, documentary material, records and/or equipment is properly protected. The contractor shall not remove material from Government facilities or systems, or facilities or systems operated or maintained on the Government's behalf, without the express written permission of the Head of the Contracting Activity. When information, data, documentary material, records and/or equipment is no longer required, it shall be returned to VASNHS control or the contractor must hold it until otherwise directed. Items returned to the Government shall be hand carried, mailed, emailed, or securely electronically transmitted to the CO or address prescribed in the contract documents. Destruction of records is EXPRESSLY PROHIBITED unless in accordance with Paragraph (4).

The contractor is required to obtain the CO's approval prior to engaging in any contractual relationship (sub-contractor) in support of this contract requiring the disclosure of information, documentary material and/or records generated under, or relating to, contracts. The contractor (and any sub-contractor) is required to abide by Government and VASNHS guidance for protecting sensitive, proprietary information, classified, and controlled unclassified information.

The contractor shall only use Government IT equipment for purposes specifically tied to or authorized by the contract and in accordance with VASNHS policy.

The contractor shall not create or maintain any records containing any non-public VASNHS information that are not specifically tied to or authorized by the contract.

The contractor shall not retain, use, sell, or disseminate copies of any deliverable that contains information covered by the Privacy Act of 1974 or that which is generally protected from public disclosure by an exemption to the FOIA.

VASNHS owns the rights to all data and records produced as part of this contract. All deliverables under the contract are the property of the U.S. Government for which VASNHS shall have unlimited rights to use, dispose of, or disclose such data contained therein as it determines to be in the public interest. Any contractor rights in the data or deliverables must be identified as required by FAR 52.227-11 through FAR 52.227-20.

Training. All contractor employees assigned to this contract who create, work with, or otherwise handle records are required to take VHA-provided records management training. The contractor is responsible for confirming that training has been completed according to agency policies, including initial training and any annual or refresher training.

Flow down of requirements to Subcontractors:

1. The contractor shall incorporate the substance of this clause, its terms and requirements including this paragraph, in all subcontracts under this contract document, and require written subcontractor acknowledgment of same.
2. Violation by a subcontractor of any provision set forth in this clause will be attributed to the contractor.

1) designed to protect contractor employees' health information and personal identifiable information.

1. Contractor employees are subject to daily screening for COVID-19 and may be denied entry to VA facilities if they fail to pass screening protocols. As part of the screening process contractors may be asked screening questions found on the following website: COVID-19 Screening Tool. Regularly check the website for updates.
 - a. Contractor employees who work away from VA locations, but who will have direct patient contact with VA patients shall self-screen utilizing the COVID-19 Screening Tool, in advance each day that they will have direct patient contact and in accordance with their person or persons who coordinate COVID-19 workplace safety efforts at covered contractor workplaces. Contractors shall, at all times, adhere to and ensure compliance with federal laws designed to protect contractors' employee health information and personal identifiable information.
2. Contractor must immediately notify their COR or Contracting Officer if contract performance is jeopardized due to contractor employees being denied entry into VA Facilities."
3. For indefinite delivery contracts: Contractor agrees to comply with FAR 52.232-99 and VHA Supplemental Contract Requirements for any task or delivery orders issued prior to this modification when performance has already commenced.

25 SECURITY REQUIREMENTS:

A. Contractors, contractor personnel, subcontractors, and subcontractor personnel shall be subject to the same Federal laws, regulations, standards, and VA Directives and Handbooks as VA and VA personnel regarding information and information system security.

B. A prohibition on unauthorized disclosure: "Information made available to the contractor or subcontractor by VA for the performance or administration of this contract or information developed by the contractor in performance or administration of the contract shall be used only for those purposes and shall not be used in any other way without the prior written agreement of the VA." See VA Handbook 6500.6, Appendix C, paragraph 3.a.

C. A requirement for data breach notification: Upon discovery of any known or suspected security/privacy incidents, or any unauthorized disclosure of sensitive information, including that contained in system(s) to which the contractor/subcontractor has access, the contractor/subcontractor shall immediately and simultaneously notify the COR, the designated ISO, and Privacy Officer for the contract. The term 'security incident' means an event that has, or could have resulted in unauthorized access to, loss or damage to VA assets, or sensitive information, or an action that breaches VA security procedures. See VA Handbook 6500.6, Appendix C, paragraph 6.a.

D. A requirement to pay liquidated damages in the event of a data breach: "In the event of a data breach or privacy incident involving any SPI the contractor processes or maintains under this contract, the contractor shall be liable to VA for liquidated damages for a specified amount per affected individual to cover the cost of providing credit protection services to those individuals." See VA Handbook 6500.6, Appendix C, paragraph 7.a., 7.d.

E. A requirement for annual security/privacy awareness training: "Before being granted access to VA information or information systems, all contractor employees and subcontractor employees requiring such access shall complete on an annual basis either: (i) the VA security/privacy awareness training (contains VA's security/privacy requirements) within 1 week of the initiation of the contract, or (ii) security awareness training provided or arranged by the contractor that conforms to VA's security/privacy requirements as delineated in the hard copy of the VA security awareness training provided to the contractor. If the contractor provides their own training that conforms to VA's requirements, they will provide the COR or CO, a yearly report (due annually on the date of the contract initiation) stating that all applicable employees involved in VA's contract have received their annual security/privacy training that meets VA's requirements and the total number of employees trained. See VA Handbook 6500.6, Appendix C, paragraph 9.

F. A requirement to sign VA's Rules of Behavior: "Before being granted access to VA information or information systems, all contractor employees and subcontractor employees requiring such access shall sign on an annual basis an acknowledgment that they have read, understand, and agree to abide by VA's Contractor Rules of Behavior which is attached to this contract." See VA Handbook 6500.6, Appendix C, paragraph 9, Appendix D. Note: If a medical device vendor anticipates that the services under the contract will be performed by 10 or more individuals, the Contractor Rules of Behavior may be signed by the vendor's designated representative. The contract must be reflected by signing the Rules of Behavior on behalf of the vendor that the designated representative agrees to ensure

that all such individuals review and understand the Contractor Rules of Behavior when accessing VA's information and information systems.

Bio-Medical devices and other equipment or systems containing media (hard drives, optical disks, etc.) with VA sensitive information must not be returned to the vendor at the end of lease, for trade-in, or other purposes." See VA Handbook 6500.6, Appendix C, paragraph 5.h., for the specific options.
