NOTE:

In September 2025, drawing 3429AS4208 was revised to revision B. This revision included the addition of the Critical Application Item (CAI). Since this 17" flat panel monitor was introduced as part of the IFLOLS MK 13 MOD 1 production design in 2017, all TDRs for this part have required a First Article Test. Due to the IFLOLS criticality of this flat panel monitor, used for the controls and all settings of the IFLOLS, NAVAIR Lakehurst still require a First Article Test for this item. Please review and advise status of your offer.
