Re: 15BPCC26R00000001 Inmate Tablet Initiative

All Interested Parties:

The Federal Bureau of Prisons (FBOP) Inmate Tablet Initiative seeks to design, deploy, and sustain a secure, scalable, and compliant digital services platform that will provide approximately 150,000 users across 122 facilities nationwide with equitable access to education, healthcare, legal, religious, and communication resources. The program's purpose is to enhance service delivery while maintaining strict adherence to federal IT security and accessibility standards.

Please follow the instructions in Section L of the Request for Proposals (RFP) when preparing your Business, Technical/Management, and Past Performance Information Proposals. Your Technical/Management should be submitted in separate volumes/folders/files with Business and Past Performance Information Proposals via PDF format (No hard copies) electronically (email) to the contracting officer.

If the attachment size for each Proposal (Volume I - Technical Management/Proposal, Volume II - Business Proposal, and Volume III - Past Performance Information) exceeds 20 Megabytes (MB) the proposal must be broken down and sent in separate emails as to not exceed the maximum email submission size of 20 MB. The contractor must request verification from the Contracting Officer the day the proposal is submitted and it must be received prior to closing time and date of the solicitation.

The following items should comprise your Business Proposal: Section A (Solicitation, Offer and Award); Section B (Supplies or Services and Prices/Costs); applicable attachments in Section J (List of Attachments; see Section L, Content of Business Proposals); and Section K (Representations, Certifications, and Other Statements of Offerors).

The Technical/Management Proposal must include a clear and concise explanation of how you propose to accomplish the procurement objective, describing in detail the approach, methods, techniques, and manpower you intend to use in accordance with Section L, Content of Technical/Management Proposals. Your Technical/Management Proposal will be evaluated as an indication of your comprehension of the services to be provided and your ability to perform these services.

All questions pertaining to this solicitation must be submitted in writing by January 27, 2026.

The solicitation will be distributed solely through the General Services Administration's www.sam.gov website. Hard copies of the solicitation document will not be available. The website provides downloading instructions. All future information about this solicitation, including solicitation amendments, will be solely distributed through this website. Interested parties are responsible for monitoring this website to ensure they have the most up-to-date information about this solicitation.

Proposals shall be received by Thursday, February 5, 2026, 2:00 P.M. EST to Rwynne@bop.gov.

Sincerely,

Ryan Wynne,
Chief, Technology Procurement Section
