Defensive Warfare Systems, has granted authority for your company to print ten (10) copies of each of the above documents or data. These copies will be property of the Government and must be controlled in accordance with DoD 5220.22-M (National Industrial Security Program Operating Manual (NISPOM)), the terms of your Company's Defense Security Service (DSS) approved document handling procedures, and the DD 254. You may allow proposed subcontractors and/or team members to view documents under your control in accordance with the DoD 5220.22-M (NISPOM).

WARNING - The documents provided as GFI contain technical data whose export is restricted by the Arms Export Control Act (Title 22, Chapter 39, U.S.C. Sec. 2751 et seq.) or the Export Administration Act of 1979, as amended, Title 50, U.S.C., App 2401, et seq. Violations of these export laws are subject to severe criminal penalties. Disseminate per the provisions of OPNAVINST 5510.161. Foreign disclosure is not allowed.

You may NOT:

- A. Duplicate, transmit, or post the above documents/data (if received) in a manner contrary to the guidance provided herein.
- B. Disclose the above documents/data (if received) to anyone without proper clearance or not having a need-to-know resulting from being directly involved with responding to this RFI/Presolicitation Notice.
- C. Disclose the above documents to foreign nationals (regardless of clearance, export licenses, or international agreement) or transmit said enclosures outside the geographical bound or custom territory of the United States of America.
- D. Disclose the above documents to U.S. Citizens employed by foreign entities, as this would be a violation of export controls requirements.

You shall maintain records of disclosure of the above documents or data and shall furnish these records upon demand of the Contracting Officer or other authorized government security officials. Within thirty (30) days after expiration of RFI/Presolicitation Notice N0025325R7004, you shall destroy the above documents or data in a manner approved for the destruction of the classification of the material.
