SIMPLIFIED ACQUISITION PROCEDURES (SAP)
FOR AN ACTION NOT EXCEEDING THE SIMPLIFIED ACQUISITION THRESHOLD
(AUTHORITY: 41 U.S.C. 1901 and RFO FAR Part 12.102(a))**

1. **Agency and contracting activity.** Department of Commerce, NOAA Acquisition and Grants Office (AGO), Western Acquisition Division (WAD) and Southwest Fisheries Science Center (SWFSC), Fisheries Resources Division (FRD)
2. **Description of supplies or services required to meet agency needs (including the estimated value).** The SWFSC Fisheries Resources Division intends to award a Sole Source, firm-fixed-price (FFP) purchase order for the renewal of an existing Echoview Software Maintenance and Technical Support (MATS) License set to expire on June 30, 2026. The purchase order will include Echoview MATS License Numbers; #EV0547 (formerly SFSC60-1) with an additional module (Habitat Classification), #SFSC-4L1, and #SFSC-6. This software is highly specialized for acoustic data collection and processing. All License agreements are highly specialized with module selections customized for specific program needs and requirements. Echoview software is integral to data collection and for consistency with past data collection.

4. Supporting rationale. Only one source or brand name is reasonably available as detailed below:

- ☐ Brand Name – This particular brand name is essential to the requirement and market research indicates similar products do not meet or cannot be modified to meet agency needs.

The Advanced Survey Technologies group requires this mission critical software for our oceanographic and acoustic surveys. This software is highly specialized for acoustic data collection and processing. All License agreements are highly specialized with module selections customized for our specific program needs and requirements, please see attached Statement of Need for details. NOAA has been using Echoview software for the past thirty-one (31) years and plans to continue to do so for many more years in the future.

- Compatibility to existing systems or equipment - The required service must be compatible in all aspects (form, fit, and function) with existing systems or equipment, and the source is uniquely qualified to meet the requirement.

Echoview software is integral to our data collection and for consistency with past data collection.

- Exclusive Licensing Agreement/Restrictive Rights/Authorized Reseller - The source has one or more of the following: an established exclusive licensing agreement, proprietary data, limited rights in data, patent rights, OEM required certifications or OEM authorized reseller, copyrights, or secret processes with regard to the supplies or services required.

Echoview Software PTY, LTD is uniquely qualified to provide these services and is the only company who provides the Maintenance and Technical Support (MATS) for Echoview software.

- Other - Only one source is capable - The statutory authority permitting other than full and open competition is 41 U.S.C.3304 (b)(2) as implemented by the RFO FAR 6.103-1 entitled, Only One Responsible Source and No Other Supplies or Services Will Satisfy Agency Requirements.

5. Market Research.

NOAA Acquisitions conducted market research and could not identify any vendor who can provide the required Maintenance and Technical Support except Echoview Software PTY, LTD.

The Government will continue to conduct thorough market research to gauge the marketplace capabilities for future requirements. The Government will seek competition for future acquisitions for Echoview software Maintenance and Technical Support.

6. Technical/Requirements Representative Certification

I certify that this requirement constitutes the Government's minimum needs and the supporting data provided herein is accurate and complete to the best of my knowledge and belief.
