(a) By entering into this contract, the Contractor certifies that:

- (1) It is compliant with all applicable Federal anti-discrimination laws and the Equal Protection principles of the U.S. Constitution, and it will remain compliant for the duration of the contract.
- (2) Neither it nor any subcontractor or teaming partner operates or funds any program, policy, or initiative that promotes DEI in a manner that violates any applicable Federal anti-discrimination laws, including but not limited to Title VI and VII of the Civil Rights Act of 1964, or the Equal Protection principles of the U.S. Constitution, and the Contractor and any subcontractor or teaming partner will not do so for the duration of the contract.

(b) If the Contractor participates in, facilitates, or funds programs that implicate Title VI of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, as amended, including but not limited to grants to or for schools, colleges, universities, 4-H programs, non-governmental organization (NGO) programs, sports programs, and education-related grants to prisons or other detention facilities, the Contractor certifies that it will remain compliant with those laws, including the requirements set forth in Executive Order 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, and Executive Order 14173, Ending Illegal Discrimination and Restoring Merit-Based Opportunity.

(c) The Contractor affirms that the above requirements are conditions of payment that go to the essence of the contract and are therefore material terms of the contract. Payments under the contract are predicated on compliance with the above requirements, and therefore the Contractor is not

eligible for funding under the contract or to retain any funding under the contract absent compliance with the above requirements.

(d) This certification reflects a change in the Government's position regarding the materiality of the foregoing requirements and therefore any prior payment of similar claims does not reflect the materiality of the foregoing requirements to this contract.

(e) Submission of a knowing false statement relating to Contractor's compliance with the above requirements and/or eligibility for the contract may subject the Contractor to liability under the False Claims Act, 31 U.S.C. § 3729, and/or criminal liability, including under 18 U.S.C. §§ 287 and 1001.

(f) The Contractor must include the provisions of this clause in all subcontract solicitations.

(a) If unliquidated funds in the amount of \$1000 or less remain on the contract, the Contracting Officer (Contracting Officer) may issue a unilateral modification for deobligation. The Government intends to make one award from this solicitation. Therefore, to be considered responsive, contractors must submit pricing for all items.

Evaluation and Basis for Award

The provision at FAR 52.212-2, Evaluation—Commercial Products and Commercial Services is not applicable to this solicitation. In lieu of this provision, quotes will be evaluated in accordance with FAR 12.203 based on the criteria listed below. Award will be made to the offeror representing the best value to the Government.

Technical Approach:

The offeror's technical approach to the select tasks and subtasks will be evaluated related to the following PWS sections and its subtasks:

- Aircraft Maintenance Management
- Supply Management
- Operations Management
- Technical Information Management
- CMMS Operations and Maintenance
- User Training
- Help desk availability and help desk functions
- Products offered meet the technical requirements of the bill of materials.

(Limited to eight (8) pages)

Price:

The offeror shall provide pricing as requested in the Bill of Materials attachment **02** of this Request for Quote. Failure to propose pricing for all individual line items may result in a quotation being excluded from further consideration. The offeror's quotation will be evaluated in accordance with FAR 12.204, to determine if it is fair and reasonable.

Past Performance:

Past performance - The offeror's experience will be evaluated on whether they have experience in CMMS aviation data tracking requirements. Five (5) or more years of experience with CMMS Large transport Category Aircraft.

(Limited to three (3) pages)

The Government may utilize any references provided by the Contractor, along with information available from past contracts/orders with the USDA and any information found using sources such as Federal Government sources or the Contractor Performance Assessment Reporting System (CPARS) to determine if the Contractor has acceptable or neutral Past Performance. Past Performance will be evaluated using the following rating system:

- Acceptable: The contractor shows a demonstrated ability to meet contract requirements in prior or current contracts, including quality of work, timeliness, cost control, business relations, and adherence to contract terms.

**Aircraft Computer Maintenance Management System
12760426Q0005**

- Neutral: Offeror does not have a past performance record.
- Unacceptable: The contractor has a documented history of failing to meet contract requirements, including poor quality, missed deadlines, cost overruns, lack of responsiveness, or unethical behavior.

Evaluation Method:

All quotations will be evaluated to identify the offeror presenting the most technically advantageous solution based on the stated evaluation criteria. Once the highest technically rated offeror is identified, their price will be evaluated to determine whether it is fair and reasonable. Past performance will also be assessed to ensure it is acceptable or neutral.

Award will be made to the offeror whose proposal is determined to be the highest technically rated, provided that:

- The proposed price is fair and reasonable, and
- Past performance is assessed as acceptable or neutral.

Award will not necessarily be made to the lowest-priced offeror. Tradeoffs will not be conducted.

Evaluation Ratings:

EXCEPTIONAL (E) The proposal exceeds the requirements of the RFQ and provides an exceptional or outstanding approach that fully satisfies the Government's requirements. A complete understanding of the solicitation is demonstrated. Selection for a contract can be made without further exchange with the contractor.

ACCEPTABLE (A) The proposal fully satisfies the requirements of the RFQ and demonstrates a good understanding of the solicitation. The offeror has adequately addressed all of the technical elements requested by the RFQ. Selection for a contractor could potentially be made without further exchange with the contractor.

MARGINAL (M) The proposal does not fully meet the requirements of the RFQ. Weaknesses are identified which would indicate an insufficient understanding of the RFQ requirements. With minor revisions or clarifications, the proposal has a reasonable chance of becoming technically acceptable.

UNACCEPTABLE (U) The proposal fails to satisfy requirements of the RFQ and the approach contains an unacceptable level of risk to the Government. Major deficiencies have been identified in the proposal which are either not correctable or would require major revision/rewrite to the proposal, without which the proposal doesn't have a reasonable chance of becoming technically acceptable.

Delivery Information

F.o.b. destination, is requested as the F.O.B. point for all deliverables.

All offers will be considered F.O.B. Destination unless F.O.B. origin is specified AND estimated shipping costs are included.

**NOTICE FOR FILING AGENCY PROTESTS
United States Department of Agriculture (USDA) Ombudsman Program**

The USDA is committed to issuing solicitations and awarding contracts in a fair and prompt manner. The Ombudsman Program for Agency Protests (OPAP) was established to address protest issues within the agency, providing an alternative to costly and time-consuming litigation. Operating independently, OPAP offers relief comparable to that granted by the Government Accountability Office (GAO). Interested parties are encouraged to resolve concerns through USDA's internal Alternative Dispute Resolution (ADR) process before pursuing external forums such as the GAO. Concerns may be addressed informally or through a formal agency protest filed with either the Contracting Officer or the Ombudsman.

Informal Forum with the Ombudsman

1. **Initial Point of Contact:** Interested parties who believe a specific USDA procurement is unfair or otherwise defective should first direct their concerns to the applicable Contracting Officer.
2. **Escalation:** If the Contracting Officer is unable to address their concerns, interested parties are encouraged to contact the USDA Ombudsman for Agency Protests. Under this informal process, the agency is not required to suspend contract award performance. Utilization of the informal forum does not suspend any time requirement for filing a formal protest with the agency or other forums.
3. **Required Information:** To ensure a timely response, interested parties should provide the following information to the Ombudsman: solicitation/contract number, contracting office, Contracting Officer, and solicitation closing date (if applicable).

Formal Agency Protest with the Ombudsman

1. **Effort to Resolve:** Prior to submitting a formal agency protest, protesters must first use their best efforts to resolve their concerns with the Contracting Officer through open and frank discussions.
2. **Independent Review:** If the protester's concerns remain unresolved, an Independent Review is available by the Ombudsman. The protester may file a formal agency protest with either the Contracting Officer or, alternatively, with the Ombudsman under the OPAP program. Contract awards or performance will be suspended during the protest period unless justified in writing for urgent and compelling reasons or determined in writing to be in the best interest of the Government.
3. **Resolution Timeline:** The agency's goal is to resolve protests within 35 calendar days from the date of filing.

Aircraft Computer Maintenance Management System
12760426Q0005

4. **Required Information:** Protests shall include the information set forth in FAR 33.104(a)(3). Failure to submit the required information may result in a delay or dismissal of the protest.
5. **Timeliness:** Protests must be filed within the timeframes specified in FAR 33.104.
6. **Submission:** Formal protests under the OPAP program should be submitted electronically to SPE.inquiry@usda.gov and the Contracting Officer.

Election of Forum. By initiating a protest with the USDA, the protester agrees not to pursue the same matter with the Government Accountability Office (GAO) or any other external forum while the agency protest is pending. If a protest is filed externally, the agency protest will be dismissed.
