	C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:
	D. OTHER (Specify type of modification and authority)

E. IMPORTANT: Contractor ☐ is not, ☐ is required to sign this document and return ____ copies to the issuing office.

14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

The purpose of this modification is to amend the solicitation as follows:

1. Revise the requirement to reflect Non-Emergent BLS (Basic Life Support) Scheduled Medical Transportation Services. (Remove ACLS Verbiage)
2. Amend the Statement of Work (SOW) to incorporate the changes as described in item 1.
3. Correct the statutory reference pertaining to insurance coverage requirements identified in #6, within the scope of the SOW.
4. Revise Line Items to establish Excess Mileage Rate as a separate line item.

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

Section C - Description/Specifications/Statement of Work

Clauses By Full Text

Statement of Work - Non-Emergent BLS Scheduled Medical Transportation Services - FCC Butner

SUBJECT:

The Federal Bureau of Prisons (BOP), Field Acquisition Office (FAO), intends to make a single award of an Indefinite Delivery/Requirements type contract with firm-fixed prices, to a responsible contractor who can provide the services in accordance with the stated requirements. This requirement is for the provision of Non-Emergent BLS Scheduled Medical Transportation Services as prescribed in the description of duties listed below for the Federal Correctional Complex, Butner, NC, located in Butner, North Carolina. General information regarding the Federal Bureau of Prisons and its facilities is located at www.bop.gov.

PLACE OF PERFORMANCE:

FCC Butner
Old Oxford Highway 75
Butner, NC 27509

SCOPE:

FCC Butner is seeking a contract for BLS (Basic Life Support) Scheduled Medical Transportation Services to transport inmates including physically or mentally handicapped individuals in wheelchairs, aged and infirm persons, and the escorting officers to outside medical appointments and hospital trips. The Contractor agrees to furnish Non-Emergent BLS Scheduled Medical Transportation Services, 24-hours per day, and 7 days per week (to include all federal holidays) for inmates at the Federal Correctional Complex (FCC) Butner, located in Butner, North Carolina.

Types of inmate transfers could include but are not limited to: prison to community care appointments, prison to local hospitals, local hospitals back to the prison, or from one outside provider to another provider. Hospitals to include but not limited to Duke University Medical Center (including satellite clinics), UNC Chapel Hill Medical Center, Granville Medical Center, Durham Regional Hospital, Maria Parham Medical Center and North Carolina Specialty Hospital.

The Contractor shall have available the appropriate number of vehicles to provide services in a timely manner as outlined by the contract.

At a minimum, the contractor shall comply with all applicable federal, state, and local laws, regulations and standards including but not limited to:

1. Minimum of at least (1) Emergency Medical Technician (EMT) during all transports.
2. Requirements contained in this Statement of Work, standards of the North Carolina Department of Motor Vehicles and the Joint Commission. Contractor must be a certified provider of paratransit services in the state of North Carolina by the North Carolina Department of Motor Vehicles at the time of quote submission.
3. The Health Insurance Portability and Accountability Act of 1996.
4. North Carolina Ambulance Statutes: https://ncleg.gov/EnactedLegislation/Statutes/PDF/BySection/Chapter_153A/GS_153A-250.pdf
5. Federal Highway Safety Act of 1966, as amended.
6. The contractor shall maintain insurance coverage as specified in Granville County, NC Code of Ordinances Sec. 111-04. The contractor shall provide a certificate of insurance upon contract award and upon beginning of each option year.
7. Upon request, the contractor will make vehicle registration permits available for inspection.

PASSENGER TRANSPORTATION:

Contractor shall receive transportation requests and provide medical transportation services seven (7) days per week (including holidays), twenty-four (24) hours per day, three hundred sixty-five (365) days per year, for the term of this contract. Majority of requests for services will be between the hours of 6:00a.m. and 6:00 p.m. Monday through Friday. The Contractor shall provide the BOP with the communication method of contacting the Contractor on a twenty-four (24) hour per day basis. The Contracting Officer (CO) shall notify the Contractor if the proposed method of communication is not acceptable.

If an inmate being transported declines to be properly belted, he/she will not be transported. If the patient removes the securing devices during the trip, the driver will take all precautions to secure the patient. The Contractor is not required to transport inmate who refuses to be properly secured while being transported.

Contractor drivers shall ensure proper loading/unloading techniques are followed at all times. Inmates in wheelchairs shall be loaded onto ramps, ensuring all safety systems are working properly, e.g. roll back stops, and the driver must ride the lift with the patient during loading/unloading. Patients in motorized scooters MUST transfer to a vehicle seat. NO inmate shall be allowed to ride a motorized cati (scooter) on the vehicle lift at ANY time. The contractor shall ensure that drivers receive appropriate safety training on loading/unloading techniques, and such training shall be documented and made available.

For pick-ups and drop-offs at the BOP and associated hospital sites, patients will be picked up and dropped off in the main lobby, or designated location, of the respective sites with the escorting Correctional Officer. Contractor may occasionally be requested to pick up the patient from a specific clinic location or room. For pick-ups and drops offs of inmates at other facilities, the Contractor will provide door to door service. All inmates shall be attended by authorized Correctional staff at all times. Assistance in maneuvering stairs and other barriers shall be provided by the driver and/or authorized attendant when necessary. When the inmate is delivered to a clinical destination (i.e., hospital, clinic, rehabilitation center or other clinical appointment), an authorized care giver or medical staff at the destination must be informed of the patient's arrival by the Contractor's driver or authorized Correctional officer. Contractor is to transfer or "hand-off" the inmate to the next person responsible for their care as indicated for specific inmates.

The Contractor's driver (or authorized attendant) shall observe the inmate during transport. Any indication of a significant change in the inmate's condition (i.e., sudden onset of rapid or labored respiration, complaints or chest pains, etc.) shall be communicated to 911 as needed.

Diversion from destination shall only be authorized by the COR, BOP Clinical Director, Warden or another BOP authorized designee. All diversions from destination will be reported to the BOP staff in charge.

Contractor's driver shall notify the BOP, of any unusual events, including but not limited to, accidents, safety problems, inmates unbolting themselves, verbal/physical conflicts, and other such incidents that occur, which involve any inmate being transported under this contract. The COR/designee shall be notified within one (1) hour of the occurrence of the incident(s) by telephone and, if requested by the COR/designee and/or Contracting Officer, a written report of the incident(s) will be delivered to the COR/designee by close of business the next working day.

Drivers shall not make non-emergent stops for any reason, during any inmate transport under this contract.

While transporting inmates under this contract, only authorized drivers or attendants, or escorting officers shall be allowed in the vehicle. The number of riders in any vehicle shall not exceed the number of approved safety restraints available in the vehicle.

The contractor shall have a contingency/backup plan in the event the contractor is unable to perform services or have services performed as required.

It is understood and agreed that no vehicle will transport more individuals than the number of approved safety restraint devices installed in that vehicle. When more than one inmate is transported on a trip, whether it is to the same destination or to separate destinations, reimbursement will be made at the rate not exceeding the cost of transporting a single patient. However, the longest distance over which an inmate is transported may be claimed when more than one inmate is

transported concurrently. The Contractor must ensure that the pick-ups and drop-offs are scheduled so that the total distance traveled will result in the most economical charge to the Government.

DRIVERS AND AUTHORIZED ATTENDANTS:

All Contractor's drivers and attendants shall be required to wear, in a readily observable area on the employee, a Contractor supplied photo identification badge containing the name of the driver or attendant, and the Contractor's business name, or company uniform, that is acceptable to the Contracting Officer, which identifies the drivers and attendants while performing any aspect of service prescribed in this contract.

All Contractor authorized attendants shall have passed an approved BLS course and have on file a current certificate (renewed annually) to be made available to the Contracting Officer upon request.

All Contractor's drivers and attendants shall have the physical capabilities and all certifications necessary to provide assistance to the patients when transporting inmates to the medical center, prison, doctor appointments, etc. The BOP reserves the right to prohibit specific drivers from participating in the loading, transporting, and unloading of inmates should it be determined the driver has engaged in unsafe practices. The contractor shall promptly replace any personnel removed from the performance of services

Acts that are not permissible by drivers that provide services under this contract or while on BOP premises include, but are not limited to:

- Use of intoxicating liquors, narcotics or controlled substances of any kind (excluding doctor's prescriptions which do not impair driver's driving ability) while on duty or reporting for duty while under the influence of liquors, narcotics or controlled substance of any kind (excluding doctors' prescriptions which do not impair driver's driving ability)
- Gambling in any form
- Smoking (including e-cigarettes) and other uses of tobacco while on duty. Both Patients and Contractor are prohibited from smoking in vehicles
- Carrying of pistols, firearms or concealed weapons
- Resorting to physical violence or verbal altercations to settle a dispute with a fellow employee, patients, or the general public while on duty. Should a disagreement arise, the driver shall contact his dispatcher/supervisor via the radio system.
- Use of loud, indecent, or profane language and/or making threatening or obscene gestures toward patients or other employees
- Stopping for personal business, including excessive use of restroom facilities, while vehicle is occupied by a passenger. The driver shall not leave the vehicle with the key in the ignition at any time
- Engaging patients in a verbal confrontation in an attempt to settle a disagreement. Should a disagreement arise, the driver shall contact his dispatcher/supervisor via the radio system.
- Soliciting or accepting tips from patients, companions, or others at any time.

The BOP reserves the right to bar any driver from transporting inmates should he/she violate any terms of this contract.

All Contractor's drivers shall maintain a valid operator or chauffeur's license, required to operate the type of vehicle necessary to perform the service, as required by the State of North Carolina. Contractor shall provide, upon request of the Contracting Officer, a copy of the valid licenses and certifications of all drivers performing under this contract.

Contractor drivers shall not text message while driving. See FAR 52.223-18, Encouraging Contractor Policies to Ban Text Messaging While Driving, which is incorporated into FAR 52.212-15. Commercial Terms and Conditions.

All Contractor drivers should don appropriate Personal Protective Equipment (PPE) as required for safe, effective transportation. This PPE will be provided and maintained by the Contractor.

CONTRACTOR CONDUCT:

The Contractor's personnel shall conduct themselves in a professional manner while performing any aspect of service related to this contract at or on the grounds of the Bureau of Prisons. All BOP rules and regulations shall be adhered to by the Contractor or Contractor's personnel while said persons are at or on the grounds of the institution. Any fraternization between contractor employees and BOP employees is strictly prohibited.

ORDERS:

The Contractor shall ensure that requests for services are received from authorized medical center personnel. Services rendered in response to requests from other than authorized personnel shall be at the risk of the Contractor and any cost related thereto shall be borne by the Contractor.

Missed Appointments: In the event that a patient misses his/her scheduled appointment due to pick up delay, the BOP shall reschedule the trip at no cost to the BOP. If additional charges are incurred by the Contractor for the rescheduled trip said additional charges shall be the responsibility of the contractor. The BOP shall notify the contractor when these cases are identified.

The Contractor shall maintain a record of all trips (scheduled on the travel log or add-on) and provide a printed report that includes the inmate's name, date and time of each trip, mileage, and/or any authorized additional charges. The printed report shall accompany the invoice for each billing cycle. The Contractor shall provide a breakdown no later than the 5th of each month with the prior month's trips and associated costs (mileage, pick up time, drop off time) per patient. This report shall be in excel format and emailed to: bux-medicalcontracting@bop.gov. If emailing is not possible, the report shall be faxed or mailed.

The Contractor shall contact the COR/designee with any questions, requests for clarification, or the need for additional information during the hours of 7:30 a.m. to 4:00 p.m. During irregular tour of duty (4:00 p.m. to 7:30 a.m.), the Contractor shall contact the appropriate staff at the BOP.

Requests for add-on trips (orders placed for same day service) not initially recorded on the travel log will be by telephone from BOP. If the Contractor fails to furnish services within a reasonable time (established as 45 minutes) after receiving an add-on request for an order, the BOP reserves the right to obtain the services from another source and to charge the Contractor with an excess cost which may result. In instances of add-on trips that are over 100 miles, the BOP may allow some flexibility in the 45-minute response time. The BOP will be the sole judge in determining when to order service from another source. Extending the response time window can be discussed/ adjusted if it does not delay inmate care or miss the appointment time.

In cases of inclement weather, the decision as to whether or not an inmate will be transported will be made mutually by the BOP and the Contractor.

The Contractor shall notify the BOP of the estimated time of arrival for any vehicle in-route to pick up an inmate, or any inmate loaded vehicle in-route to a specific destination. The Contractor shall also notify the BOP, by telephone, at least an hour in advance in the event that the Contractor is unable to provide the scheduled or add-on trips within the time frame necessary for the inmate to maintain their scheduled appointment.

If the BOP authorizes the Contractor to transport more than one inmate on a trip to the same destination, reimbursement will be made at the rate not exceeding the cost of transporting a single patient. However, the longest distance over which an inmate is transported may be claimed when more than one patient is transported concurrently. The Contractor must ensure that the pick-ups and drop-offs are scheduled so that the total distance traveled will result in the most economical charge to the Government.

The Contractor shall immediately notify the BOP of any incident or accident involving injury to BOP patients during transport. The Contractor shall promptly (within 24 hours of the occurrence) complete and submit to the COTR a detailed incident report. Motor vehicle accidents occurring during inmate transport must all be reported even if there is no immediately apparent injury to the inmate(s) being transported.

PATIENT PRIVACY AND CONFIDENTIALITY:

The contractor shall maintain the confidentiality of all inmate information and records associated with the performance of this contract. Awarded contractor may be required to sign Business Associate Agreement (BAA) as mandated by the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

VEHICLES:

FAILURE BY THE SUCCESSFUL CONTRACTOR TO MAINTAIN COMPLIANCE WITH ANY OF THE PROVISIONS PRECIBED IN THIS SECTION FOR VEHICLES USED IN PERFORMANCE MAY BE CONSIDERED GROUNDS FOR DEFAULT OF THE CONTRACT.

Each vehicle shall be always equipped when transporting a patient in the performance of this contract with equipment as required by Federal 49 CFR Patis 27, 37 and 38, Transportation for individuals with Disabilities (most current volume), State and Local Laws, ordinances, codes, rules and regulations and must have a minimum of the following:

- The wheelchair van transport vehicle shall be of model and make to ensure safe and comfortable transportation of wheelchair bound inmates. Each vehicle shall be so configured as to hold a minimum of two (2) passengers in wheelchairs. For the safety of the passengers, the vehicle shall be equipped with a minimum of 4-point restraints for all wheelchair positions. All positions shall be seated facing the front, on front mounted seats or rear, on rear mounted seats of the vehicle. No inmate may be transported on side mounted seats. Tie downs for wheelchairs are to consist of a leverage lock with a safety catch requiring physical unlatching. Lock shall be affixed to frame of vehicle. Many types and styles of locks are acceptable. Any type or style offering complete inmate safety that will prevent any motion of the wheelchair within the vehicle will be acceptable. Those considered lacking in this essential safety feature shall not be used for patient transport under this contract unless and until replaced with an acceptable tie down system. Each vehicle and all accessories and systems must be clean and shall meet all maintenance standards of the manufacturer. All preventive maintenance shall be documented, and records provided upon request by the Contracting Officer. Wheelchair vans must be designed so that patients are restrained by a seat belt at all times when the vehicle is in motion. Contractor must have portable oxygen tank holders in their vehicles to transport portable oxygen safely.

The wheelchair vans provided under the terms of this contract shall be licensed and meet the minimum requirements as mandated by the State of North Carolina. Wheelchair vans equipped with a wheelchair lift shall be equipped with the following:

1. A safety bar and wheel catch (e.g. rollback stop) secured to the outside perimeter of the lift to prevent the wheelchair from rolling off.
2. The lift controls will be located in such a position that the operator can work the controls while keeping one hand on the wheelchair at all times and ride the lift with the patient during loading and unloading.
3. The lift shall operate in such a manner that when going up or down it will remain parallel with the ground.
4. The lift shall be in such a position as to receive the wheelchair and patient from the rear or passenger side of the vehicle.
5. The lift shall have slip-proof surface.
6. The lift must be a minimum of 28 inches.

All vehicles shall be equipped to allow for direct communication, at all times, between the drivers and staff of the BOP. This equipment may be mobile telephone, cellular telephone, or radio dispatch which would allow linking to the BOP by telephone. Contractor shall provide any telephone numbers or special access codes or devices to Travel Section in order to comply with the provision for direct communication.

All vehicles shall be equipped with properly functioning heater and/or air conditioning, with adequate capacity to maintain the comfort level of the patient during transport. Contractor shall not place a vehicle into service under this contract that does not protect the patient from outside temperatures that are not suitable for the inmate's well-being.

All vehicles shall be equipped with secured fire extinguishers, first aid kits, and two (2) flashlights that are readily available and operable for use in event of an emergency. Each vehicle shall contain a minimum of two (2) sanitary blankets.

All vehicles shall be well maintained in a clean and orderly condition. Vehicles must be free from physical damage; odor, debris and accumulation (which may constitute an accident or fire hazard). Each vehicle shall have a daily maintenance/safety checklist. Checklists shall be maintained at the contractor's establishment and made available for inspection upon request.

All vehicles shall be smoke free and provide the proper ventilation for the inmate.

All vehicles shall be maintained with a professional appearance that is representative of the services being performed on behalf of the Bureau of Prisons.

The Contracting Officer reserves the right to prohibit specific vehicles from being used to perform transportation services under this contract. This determination will be at the sole discretion of the Contracting Officer and will be based on documented evidence.

The contractor shall transport patients, authorized for transport by the BOP, which shall include bariatric patients greater than 600 pounds that may require more than one person to lift.

RATES:

Payment for mileage traveled will be limited to "one way only" up to 20 miles, the distance over which the patient is transported. The actual distance of the authorized trip from the specified point of origin (pick-up point) to the specified destination (drop-off point), including applicable waiting time shall determine total cost per trip.

Payments for trips beyond the 20-mile radius limit will be made under "rate per miles" and will include the base rate and the rate per mile for distance travelled beyond the 20-mile local base travel radius.

Should the BOP make a determination that a previously scheduled trip may be cancelled, and a vehicle has already been dispatched to the designated pick-up point, BOP may notify the Contractor to cancel the order.

Should the Contractor arrive at the destination before BOP cancels the order, or if the Contractor is unable to perform a scheduled pick-up for reasons beyond the Contractor's control, e.g., incorrect address, or inmate absence, or inmate refusal, then the Contractor shall receive 100% of base rate for a one way trip as provide in the Schedule of Supplies or Services and Prices/Costs, and applicable mileage if outside Contract Mileage Threshold areas of coverage.

Other Charges: It is understood that the prices listed in the accepted Schedule of Supplies or Services and Prices/Costs shall be inclusive of all ferry, bridge, tunnel or road toll charges. Contractor shall not bill the BOP for any such separate charges.

BILLING FOR SERVICES:

The contractor is expected to bid a fixed/capitated price for each transport regardless of level of service provided or individual costs incurred (i.e. \$650.00 for each run).

The contractor shall submit an itemized, consolidated bill for all services provided in each calendar month. The contractor agrees to be paid for monthly bill via electronic funds transfer. •

Upon request, the contractor shall supply individual run sheets and itemized bills for any service provided to FCC BUTNER.

Section D - Packaging and Marking

No Clauses**Section E - Inspection and Acceptance****No Clauses****Section F - Deliveries and Performance****No Clauses****Section G - Contract Administration Data****Clauses By Reference****52.252-2 CLAUSES INCORPORATED BY REFERENCE (FEB 1998)**

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es): www.acquisition.gov

Clause	Title	Fill-ins (if applicable)
2852.201-70	Contracting Officer's Representative (COR) (NOV 2020)	COR Name: "Jakeia Roberts, Health Services Administrative Specialist" Org: "FBOP, FCC Butner" Address: "Old Oxford Highway, 75, Butner, NC 27509" Phone: "j8roberts@bop.gov or (919) 575-3900, ext. 6015" Contract: "Contract# TBD" Period: "one-year base performance year with four additional one-year options"

Clauses By Full Text

Type of Contract:

The Government contemplates a single award of an indefinite delivery/requirements type contract with firm-fixed unit prices resulting from this solicitation. It is anticipated that the contract resulting from this solicitation will be awarded in **June or July 2026**, with an anticipated Effective Date of Award (EDOA) of **July or August 2026**. On or about the EDOA, **FCC Butner** will issue a delivery/task order to the contractor. The contractor shall commence full performance services on the EDOA.

The quantity of services to be provided by the Contractor is estimated. These estimates are not a representation to a quoter or contractor that the estimated quantities will be required or ordered, or that conditions affecting requirements will remain stable or normal. Contract pricing shall include all charges to the Government for providing the services required by this solicitation."

Pursuant to FAR 17.203(c), the Government's evaluation shall be inclusive of options. The Government will evaluate quotes for award purposes by adding the total price of all options to the total price of the base year requirement. Quoters may offer varying prices for options, depending on the quantities actually ordered and the dates when ordered.

The resulting contract will include a base year period from the effective date of award (EDOA) through 12 months from the EDOA with four (4) possible 12-month option years for renewal at the unilateral discretion of the Government. Quoters are advised that the Government has the unilateral right to exercise option periods in accordance with FAR 52.217-9, "Option to Extend the Term of the Contract."

Performance Period(s): The anticipated Effective Date of Award (EDOA)

Base Year: Effective Date of Award (EDOA) through 12 months from EDOA;

Option Year 1: 13 months from EDOA through 24 months from EDOA

Option Year 2: 25 months from EDOA through 36 months from EDOA

Option Year 3: 37 months from EDOA through 48 months from EDOA

Option Year 4: 49 months from EDOA through 60 months from EDOA

Point of Acceptance: The point of acceptance for services is **FCC Butner**

Service Contracting Information:

This service is a contractual arrangement and not a personnel appointment. Payment is based on the provision of an end product or the accomplishment of a specific task. The service does not constitute an employer/employee relationship. The contractor will not be subject to Government supervision, except for security related matters. However, contractor performance shall be monitored. The contractor shall attend all training required by the Bureau of Prisons for contract workers. **The contractor/contractor employee will not be permitted to attend institution meetings, staff recalls or Government training sessions for institution staff.**

Healthcare Provider Status:

This contract is for a non-personal healthcare service provider. The contractor will be an independent contractor. The Government may evaluate the quality of professional and administrative services provided, but retains no control over the medical, professional aspects of services rendered. The contractor must indemnify the Government for any liability producing act of omission by the contractor, its employees and agents occurring during performance.

Medical Malpractice:

Except as provided elsewhere in this contract, the contractor shall provide and maintain medical malpractice and such other insurance during the period of this contract.

If the contractor employee, who is providing services under this contract, has pending litigation or administrative proceedings that may affect his/her license to practice medicine or standing as a fellow member in a professional organization, full disclosure shall be provided to the COR and CO within **five calendar days** upon official notification.

If it is determined by the medical legal review that the standard of care has not been met or there is substantial evidence of negligence on the part of the Contractor or contract employee, regardless of the final judicial decision, the contractor employee may lose his/her privileges to practice at the BOP.

Quality of Patient Care/Non-Discrimination:

Medical service providers will provide medical care to the Adult In Custody (AIC) population within the Federal Bureau of Prisons, under the terms of this contract that is equal in quality, scope, and timeliness to the medical care provided to the general public. All medical services shall be rendered in accordance with generally accepted medical standards with care applicable to licensure requirements, and Federal, state, and local laws and regulations.

Third Party Liability:

Pursuant to applicable law, the United States is entitled to recover the reasonable value of medical care and treatment furnished at the Government expense when such care is required as a result of the act or omission of a third party. The Contractor shall fully cooperate with the Government in identifying, documenting, and supporting recovery efforts related to third-party liability claims.

Health Care Provider Credential Verification, Privileges, and Practice Agreement Program:

All medical personnel providing services under this contract shall meet applicable credentialing and privileging requirements and shall be verified and approved in accordance with Federal Bureau of Prisons policies and procedures prior to the delivery of services. Providers shall maintain all required licenses, certifications, and privileges throughout the period of performance.

Reviews:

The Contracting Officer or designee is authorized to review by on-site survey, review of records, or by any other reasonable manner, the quality of supplies rendered under this contract. All records shall be subject to review by the Contracting Officer or other representative of the BOP.

Contracting Officer Responsibility:

Authority to negotiate changes in the terms, conditions, or amounts cited in this contract is reserved to the Contracting Officer. This responsibility, after award, may be delegated to an Administrative Contracting Officer by the Contracting Officer.

Contract Administration Office (CAO):

The Contracting Office at **FCC Butner** is assigned to be the Contracting Administration Office (CAO) for a resultant contract. This assignment carries with it the authority to perform all normal contract administration functions as listed in FAR 42.302(a), items 1 through 71; to the extent those functions apply to this contract. This assignment also includes delegation of authority to perform functions specified in FAR 42.302(b), items 1 through 11.

Authorized Ordering Official:

Individual delivery/task orders may be issued by any properly warranted Bureau of Prisons (BOP) Contracting Officer, Administrative Contracting Officer (ACO) or an ordering official located at the **FCC Butner** with an appropriate certificate of appointment. Each Delivery/Task Order will identify the services schedule for that period. Orders can be issued utilizing the following methods: orally, facsimile, mail, or electronic commerce methods. Delivery/Task Orders will take the form of an SF-1449.

Payments will be denied when such service does not support the charges or if the service is deemed not necessary or appropriate. Such determinations may be made by the Contracting Officer or Contracting Officer Representative (COR), whichever is appropriate. All records shall be subject to review by the Contracting Officer or other delegated representatives of the BOP.

Delivery Tickets and Invoices:

An itemized invoice shall be submitted on a per month basis and/or upon expiration the contract, whichever occurs first, for all services received during a billing period to include total dollar values and from which payment has not been received.

A proper invoice shall consist of:

Name and address of the contractor;

Contract Number:

Invoice date and number;
 Terms of any discount for prompt payment offered;
 Name, title, and phone number of individual(s) to notify in event of defective invoice;
 Dates of service with itemized list of services provided

The individual invoice will be paid **once monthly, unless otherwise mutually agreed upon**. The period of discount, if applicable, will commence on the final date of the billing period or the date of the receipt of the invoice for all services accepted during the billing period, whichever is later. An invoice will be considered received on the date it is received by the Financial Management Department.

Invoices are to be submitted to the following address:

FCC Butner
PO Box 999
Butner, NC 27509
Attn: Accounting Department / Financial Management
Business Office Email: BUF-BusinessOffice-S@bop.gov

Prices paid for ordered goods/services under this contract shall not exceed the prices set forth in the Schedule of Supplies/Services. Prices charged to the Government shall be equal to or lower than those charged to the Contractor's most favored customers for comparable quantities under similar terms and conditions, including any applicable prompt payment discounts.

Requirements for Security Clearances:

The Contractor will not be subject to Government supervision, except for security related matters and monitoring of contract performance. The following investigative procedures may be applied and appropriate forms completed before any Contractor employees are permitted inside an institution:

- (1) National Crime Information Center (NCIC) check;
- (2) Declaration of Federal Employment (OF-306);
- (3) FD-258 (fingerprint check);
- (4) Law Enforcement Agency checks;
- (5) Vouchering of Employers;
- (6) Employment Resume;
- (7) Completed Contractor Pre-employment Questionnaire;
- (8) Release of Information;
- (9) Questionnaire for Sensitive Positions (SF-85 for Low Risk, SF-85P for above low risk);
- (10) Credit Check, if applicable;
- (11) Urinalysis, if applicable.

Quoters should also note that clause DOJ-03, Personnel Security Requirements for Contractor Employees (Nov 2021) requires that contractor personnel have a "favorable credit report". **Quoters are strongly encouraged to pre-screen potential candidates for credit issues before submitting the candidate to FCC Butner.**

By submitting a quote for service, the contractor and its employees agree to complete the required documents and undergo the listed procedures. An individual who does not pass the security clearance will be unable to enter the Bureau facility. Any individual employed by the contractor who is deemed not suitable by the Bureau requirements will not be granted access to perform services under the contract. This is a condition of the contract. Finally, the contractor shall be in compliance with 8 CFR 274a regarding employment of aliens.

Schedule of Insurance:

(a) Workers' compensation and employer's liability. Contractors are required to comply with applicable Federal and State workers' compensation and occupational disease statutes. If occupational diseases are not compensable under those statutes, they shall be covered under the employer's liability section of the insurance policy, except when contract operations are so commingled with a contractor's commercial operations that it would not be practical to require this coverage. Employer's liability coverage of at least \$100,000 shall be required, except in States with exclusive or monopolistic funds that do not permit workers' compensation to be written by private carriers. (See 28.305(c) for treatment of contracts subject to the Defense Base Act.)

(b) General Liability. (1) The contracting officer shall require bodily injury liability insurance coverage written on the comprehensive form of policy of at least \$500,000 per occurrence. (2) Property damage liability insurance shall be required only in special circumstances as determined by the agency.

(c) Automobile Liability. The contracting officer shall require automobile liability insurance written on the comprehensive form of policy. The policy shall provide for bodily injury and property damage liability covering the operation of all automobiles used in connection with performing the contract. Policies covering automobiles operated in the United States shall provide coverage of at least \$200,000 per person and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage. The amount of liability coverage on other policies shall be commensurate with any legal requirements of the locality and sufficient to meet normal and customary claims.

System of Records:

(Privacy Act Notification) The contract will require contracted staff to operate a system of records and maintain documentation that will require adherence to the Privacy Act of 1974. The system of records will be maintained in accordance with community standards for adult health care. The contractor and/or staff are not authorized to disclose this or any information pertaining to an inmate to any non-Bureau source. Any request for such information shall be forwarded to the Contracting Officer or COR for proper disposition.

Statement of Equivalent Hires:

The applicable fill in information for FAR 52.222-42, Statement of Equivalent Hires (May 2014) is as follows: **Ambulance Driver - Code: 12010 - \$18.67 plus benefits.** As stated in the contract clause, this is for information purposes only.

Services Contract Labor Standards Wage Determination:

The applicable Wage Determination for this requirement is **WD 2015-4403, Revision 33, Dated 03/30/2026.** The current revision of the Wage Determination is provided as an attachment to the solicitation document. Orders placed against the contract will be subject to the version of the Wage Determination in effect at the time each Delivery/Task Order is issued.

DOJ-05 Security of Department Information and Systems DOJ-05 (OCT 2023)

I. Applicability to Contractors and Subcontractors

Section 2839.102 of the Justice Acquisition Regulation (JAR), (48 C.F.R. § 2839.102), applies to this contract. Accordingly, all contractors are obligated to comply with all applicable DOJ security policies, directives, or guidance documents, including the security requirements in the provisions in this contract clause. This contract clause applies to all contractors and subcontractors, including cloud service providers ("CSPs"), and personnel of the contractors and subcontractors (hereinafter collectively, "Contractor") that may access, collect, store, process, maintain, use, share, retrieve, disseminate, transmit, or dispose of DOJ Information. The security requirements set forth herein are in addition to those required by the Federal Acquisition Regulation ("FAR"), and any other applicable laws, mandates, contract clauses, DOJ policies, directives or guidance documents and Executive Orders pertaining to the development and operation of Information Systems and/or the protection of Government Information. This clause does not alter or diminish any existing rights, obligations, or liability under any other civil and/or criminal law, rule, regulation, or mandate.

II. General Definitions

The following general definitions apply to this clause. Specific definitions also apply as set forth in other paragraphs.

A. Authorization to Operate ("ATO"), as defined in National Institute of Standards and Technology ("NIST") Special Publication ("SP") 800-37 Revision 2, is the official management decision given by a senior Federal official or officials to authorize operation of an information system and to explicitly accept the risk to agency operations (including mission, functions, image, or reputation), agency assets, individuals, other organizations, and the Nation based on the implementation of an agreed-upon set of security and privacy controls.

B. Cloud Computing, as defined in DOJ Order 0904 Cybersecurity Program, is a model for enabling ubiquitous, convenient, on-demand network access to a shared pool of configurable computing resources (e.g., networks, servers, storage, applications, and services) that can be rapidly provisioned and released with minimal management effort or service provider interaction. This cloud model is composed of five essential characteristics, three service models, and four deployment models in accordance with NIST SP 800-145.

C. Covered Contract is any contract, order or other agreement under which the contractor, or a subcontractor at any tier, including a cloud service provider, may access, collect, store, process, maintain, use, share, retrieve, disseminate, transmit, or dispose of DOJ Information (as defined below) in the course of providing a product or service to the Department, with the exception of acquisitions under the micro-purchase threshold.

D. Covered Information System means any information system used for, involved with, or allowing, the processing, storing, or transmitting of DOJ Information under a Covered Contract.

E. Data means recorded information, regardless of form or the media on which it may be recorded. The term includes technical data, computer software, and personally identifiable information (PII) (defined below). The term does not include information incidental to contract administration, such as financial, administrative, cost or pricing, or management information.

F. DOJ Information, as defined in DOJ Order 0904, means any Information that is owned, produced, controlled, protected by, or otherwise within the custody or responsibility of the DOJ, including, without limitation, information related to DOJ programs or personnel. It includes, without limitation, Information (1) provided by or generated for the DOJ, (2) managed or acquired by the Contractor for the DOJ in connection with the performance of the contract, and/or (3) acquired to perform the contract.

G. Information, as defined in DOJ Order 0904, is any communication or representation of knowledge such as facts, data, or opinions, in any form or medium, including textual, numerical, graphic, cartographic, narrative, or audiovisual. This includes any communication or representation of knowledge in an electronic format that allows it to be stored, retrieved, or transmitted.

H. Information System, means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information (44 U.S.C. 3502(8)).

I. Personally Identifiable Information ("PII"), as defined in the FAR 24.101, means information that can be used to distinguish or trace an individual's identity, either alone or when combined with other information that is linked or linkable to a specific individual. It includes but is not limited to common data elements such as names, addresses, dates of birth, and places of employment, to identity documents, Social Security numbers or other government-issued identifiers, precise

location information, medical history, and biometric records. This definition covers all PII that is created by or becomes available to the contractor, including its employees, subcontractors, or affiliates, as a result of performing under this contract. PII, as supplementally defined in DOJ Order 0904, also includes information about an individual maintained by an agency, including, but not limited to, information related to education, financial transactions, medical history, and criminal or employment history and information, which can be used to distinguish or trace an individual's identity.

J. Private Cloud, as defined in NIST SP 800-145, is the deployment model for cloud infrastructure provisioned for exclusive use by a single organization comprising multiple consumers (e.g., business units). It may be owned, managed, and operated by the organization, a third party, or some combination of them, and it may exist on or off premises.

K. Security Breach means any security incident (as defined below) that directly relates to the loss of control, compromise, exfiltration, manipulation, unauthorized disclosure, unauthorized acquisition, unauthorized exposure or unauthorized access or any similar occurrence of any Covered Information System or any DOJ Information or any PII accessed by, retrievable from, processed by, stored on, or transmitted within, to or from any such system. This includes incidents where (1) a person other than an authorized user accesses or potentially accesses PII or DOJ Information or (2) an authorized user accesses or potentially accesses PII or DOJ Information for an unauthorized purpose.

a. Potential Security Breach (hereinafter, "Potential Breach") means any suspected, but unconfirmed security breach (as defined above).

b. Confirmed Security Breach (hereinafter, "Confirmed Breach") means any confirmed security breach (as defined above).

L. Security Incident means any occurrence that (1) may actually or imminently jeopardize, without lawful authority, the availability, integrity, authentication, confidentiality, or nonrepudiation of DOJ Information or a Covered Information System; or (2) may constitute a violation or imminent threat of violation of law, security policies, security procedures, or acceptable use policies.

a. Potential Security Incident means any suspected, but unconfirmed security incident (as defined above).

b. Confirmed Security Incident means any confirmed security incident (as defined above).

M. Vulnerability, as defined in DOJ Vulnerability Management Plan, and the OCIO Information Security Management Procedure, means a weakness or flaw discovered in the design of a system that, when exploited, may result in a loss of confidentiality, integrity, or availability of DOJ Information or an Information System.

III. Confidentiality and Non-Disclosure of DOJ Information

A. Preliminary and final contract deliverables and all associated working papers and material generated by the Contractor developed using DOJ Information, product, source code, and/or methods of operations, are the property of the U.S. Government and must be submitted to the Contracting Officer ("CO") or the CO's Representative ("COR") at the conclusion of the contract. The U.S. Government has unlimited data rights to all such deliverables and associated working papers and materials in accordance with FAR 52.227-14 (Rights in Data-General). The Contractor will define a method of monitoring the development activity to include any activity associated with DOJ Information, product, source code, and methods of operations. The data rights and development details shall be defined within the Contract.

If the Contractor intends to utilize its existing data, for which it has a patent or copyright, to develop a contract deliverable, it is incumbent upon the Contractor to negotiate with the CO the proper FAR Part 27 clauses in the contract to protect its existing data.

B. Pursuant to FAR 52.227-14(d)(2), all documents and data produced in the performance of this contract containing DOJ Information, product code, source code, and/or methods of operations are the property of the U.S. Government and, without the prior written permission of the CO, the Contractor shall neither reproduce nor release such information to any third-party at any time, including during performance or following expiration and/or termination of the contract.

C. Any DOJ Information made available to the Contractor under this contract shall be used only for the purpose of performance of this contract and shall not be divulged or made known in any manner to any persons except as may be necessary in the performance of this contract. In performance of this contract, the Contractor assumes responsibility for the protection of the confidentiality of all DOJ Information processed, stored, or transmitted by the Contractor. The Contractor shall comply with information security responsibilities and duties throughout the contract and after expiration/termination as appropriate per contract close-out activities. When requested by the CO (typically no more than annually), the Contractor shall provide a report to the CO identifying, to the best of the Contractor's knowledge and belief, the type, amount, and level of sensitivity of the DOJ Information processed, stored, or transmitted under the Contract, including an estimate of the number of individuals for whom PII has been processed, stored or transmitted under the Contract and whether such information includes social security numbers (in whole or in part).

IV. Compliance with Information Technology Security Policies, Procedures and Requirements

A. For all Covered Information Systems, in addition to any other applicable requirements, as set forth in Part I, the Contractor shall comply with the security requirements of the Federal Information Security Modernization Act of 2014 ("FISMA"), Privacy Act of 1974, E-Government Act of 2002, National Institute of Standards and Technology ("NIST") Special Publications ("SP"), including NIST SP 800-37, 800-53, and 800-60 Volumes I and II, Federal Information Processing Standards ("FIPS") Publications 140-2, 199, and 200, Federal Risk and Authorization Management Program

("FedRAMP"), DOJ IT Security Standards as amended, and OMB Memoranda relating to the security of information and/or Federal Information Systems.

B. In addition, for all Covered Information Systems, the Contractor shall comply with the following requirements, which are listed here only to highlight certain specific applicable requirements from one of the sources identified in the first paragraph of this Section. This is not an exhaustive list of all such requirements with which the Contractor is obligated to comply, and the omission of a requirement from this list should not be construed as negating the materiality of that requirement. These requirements and those in the authorities in the prior paragraph should be read together.

1. Limiting access to DOJ Information and Covered Information Systems to authorized users and to transactions and functions that authorized users are permitted to exercise.
2. Providing security awareness training at least annually to all Contractor employees and contractors involved with the Covered Contract. Such training shall include, but not be limited to, recognizing and reporting potential indicators of insider threats to users and managers of DOJ Information and Covered Information Systems.
3. Creating, protecting, and retaining, in accordance with applicable requirements but in any event at least until the expiration of the contract, Covered Information System audit records, reports, and supporting documentation to enable reviewing, monitoring, analysis, investigation, reconstruction, and reporting of unlawful, unauthorized, or inappropriate activity related to such Covered Information Systems and/or DOJ Information.
4. Maintaining authorizations to operate any Covered Information System.
5. Performing continuous monitoring on all Covered Information Systems, to include but not be limited to, collecting, reviewing, and analyzing appropriate logs and timely investigating security alerts and potential security incidents.
6. Establishing and maintaining baseline configurations and current inventories of Covered Information Systems, including hardware, software, firmware, and documentation, throughout the Information System Development Lifecycle, and establishing and enforcing security configuration settings for IT products employed in Covered Information Systems.
7. Ensuring appropriate contingency planning has been performed, including DOJ Information and Covered Information System backups.
8. Identifying Covered Information System users, processes acting on behalf of users, or devices, and authenticating and verifying the identities of such users, processes, or devices, using multifactor authentication or HSPD-12 compliant authentication methods as defined by NIST 800-63-3, Digital Identity Guidelines or current revision.
9. Establishing and maintaining an operational incident handling capability for Covered Information Systems that includes adequate and timely development, logging, detection, analysis, containment, recovery, and user response activities, and tracking, documenting, and timely reporting incidents to appropriate officials and authorities within the Contractor's organization and the DOJ.
10. Performing periodic and timely maintenance on Covered Information Systems, and providing effective controls on tools, techniques, mechanisms, and personnel used to conduct such maintenance.
11. Protecting Covered Information System media containing DOJ Information, including paper, digital and electronic media, and DOJ assets under Contractor control; protecting them from environmental impacts, access, and equipment positioning requirements defined; limiting access to DOJ Information to authorized users; and sanitizing or destroying Covered Information System media containing DOJ Information before disposal, release or reuse of such media.
12. Limiting physical access to Covered Information Systems, equipment, and physical facilities housing such Covered Information Systems to authorized personnel according to DOJ 03.
13. Screening individuals prior to authorizing access to Covered Information Systems to ensure compliance with DOJ Security standards including personnel background checks.
14. Continuously assessing the risk to DOJ Information in Covered Information Systems, including scanning and remediating vulnerabilities, or implementing appropriate mitigation in accordance with DOJ policy, and ensuring the timely removal of assets no longer supported by the Contractor.
15. Continuously monitoring the application of security controls of Covered Information Systems, assessing the efficacy of such controls, and developing and implementing plans of action designed to correct deficiencies and eliminate or reduce vulnerabilities in such Covered Information Systems.
16. Monitoring, controlling, and protecting information transmitted or received by Covered Information Systems at the external boundaries and key internal boundaries of such Covered Information Systems, and employing architectural designs, software development techniques, and systems engineering principles that promote effective security.
17. Identifying, reporting, and correcting Covered Information System security flaws in a timely manner, providing protection from malicious code at appropriate locations, monitoring security alerts and advisories and taking appropriate and timely action in response.
18. Ensuring return of Government Furnished Equipment ("GFE") and/or PIV card assets within 10 business days of notification for end of use (contract end, staff change, etc.).
19. Complying with rights in data (FAR 52.227-14) as to the development, management, and protection of DOJ Information.
20. Reporting on risks or known issues impacting DOJ Services (staffing, hardware, process, changes, etc.) through the Contractor's CO or COR, DOJ Service Owner ("SO"), and Government Technical Manager ("GTM") including risk mitigation activities.

21. Reporting through the Contractor's CO or COR on any projected or planned changes in corporate ownership, covered information system design, and/or any technical changes that could impact the confidentiality, integrity or availability of DOJ Information, data, or systems. Changes to system design must be updated through the authorization process per NIST SP 800-37 Revision 2, Step 6 ('Continuous Monitoring') or current NIST revision.
22. When, as part of operating within the DOJ environment, the Contractor's covered information system is subject to review, audit, or assessment by third parties, facilitating DOJ access to information system resources, facilities, personnel, and documentation in a timely manner as required by the auditors. Should a third-party organization conduct a review of any Covered Information System, the Contractor must provide a copy of the report to DOJ, through the CO and COR.
23. Completing an attestation that meets OMB Memorandum M-22-18 for software procurements following the template attestation form developed by NIST. The attestation form must be returned to the CO and COR for sharing with the component Chief Information Officer (CIO).
24. Reporting on outages impacting DOJ Services through the Contractor's CO, COR, and DOJ Service Owner (SO) to include event and mitigation details.
- C. The Contractor shall not process, store, or transmit DOJ Information using a Covered Information System without first obtaining an ATO for each Covered Information System. The ATO shall be signed by the Authorizing Official for the DOJ component responsible for maintaining the security, confidentiality, integrity, and availability of the DOJ Information under this contract. (For Cloud Computing Systems, see Section V, below.)
- D. The Contractor shall ensure compliance with DOJ-03 (Personnel Security Requirements for Contractor Employees) as to all Covered Information Systems.
- E. When requested by the DOJ CO or COR as described below, the Contractor shall provide DOJ, including the Office of Inspector General ("OIG") and Federal law enforcement components, (1) access to any and all information and records, including electronic information, regarding a Covered Information System, and (2) physical access to the Contractor's facilities, installations, systems, operations, documents, records, and databases. Such access may include independent validation testing of controls, system penetration testing, and FISMA data reviews by DOJ or agents acting on behalf of DOJ, and such access shall be provided within 72 hours of the request. Additionally, the Contractor shall cooperate with DOJ's efforts to ensure, maintain, and safeguard the security, confidentiality, integrity, and availability of DOJ Information.
- F. The use of Contractor-owned laptops or other portable digital or electronic media to process or store DOJ Information covered by this clause or access a Covered Information System is prohibited unless the CO approves it in writing after the Contractor has provided a letter certifying compliance with the following requirements. For any requirements which include the use or storage of PII, the Senior Component Official for Privacy must also approve. Any additional requirements set forth for the use or storage of PII under DOJ-02, Contractor Privacy Requirements, are in addition to, not superseded by, the requirements set forth here.
 1. Media must be encrypted using a NIST FIPS 140-2 approved product.
 2. The Contractor must develop and implement a process to ensure that security and other applications software is kept up to date.
 3. Where applicable, media must utilize antivirus software and a host-based firewall mechanism.
 4. The Contractor must log all computer-readable data extracts from databases holding DOJ Information and verify that each extract including such data has been erased within 90 days of extraction or that its use is still required. All DOJ Information should be treated by the Contractor as sensitive information unless specifically designated as non-sensitive by the DOJ.
 5. A Rules of Behavior (ROB) form must be signed and acknowledged annually by users. These rules must address, at a minimum, authorized, and official use, prohibition against unauthorized users and use, and the protection of DOJ Information. The form also must notify the users that they have no reasonable expectation of privacy regarding any communications transmitted through or data stored on Contractor-owned laptops or other portable digital or electronic media.
 6. Cybersecurity Awareness Training (CSAT) shall be provided annually by Contractor for all users of Covered Information System. This training must be submitted to, and approved by, the CO or COR in advance of being provided to users. Users must complete and acknowledge having received CSAT each year. At a minimum, CSAT provided by contractors must include:
 - a. Insider Threat Detection and Reporting – Importance of detecting, methodologies, indicators, and reporting
 - b. Privacy Awareness – Privacy Act and PII
 - c. General Cybersecurity – Information security, trends in advance persistent threats, social engineering/phishing, appropriate use, mobile devices, remote access, basic security best practices
 - G. Contractors shall not store DOJ information on Contractor-owned removable IT (e.g., media such as a thumb drive or external hard drive) unless expressly authorized in writing by the DOJ CO or COR in the performance of their contract.
 - H. When no longer needed, all media must be processed (sanitized, degaussed, or destroyed) in accordance with NIST SP 900-88, Guidelines for Media Sanitization.
 - I. The Contractor must keep an accurate inventory of digital or electronic media used in the performance of DOJ contracts.

J. The Contractor must remove all DOJ Information from Contractor media and return all such information to the DOJ within 10 days of the expiration or termination of the contract, unless otherwise extended by the CO, or waived (in part or whole) by the CO, and all such information shall be returned in a format and form acceptable to DOJ. The Contractor shall provide a written certification certifying the removal and return of all such information to the CO within 10 business days of the removal and return of all DOJ Information.

K. DOJ, at its discretion, may suspend the Contractor's access to any DOJ Information, or terminate the contract, when DOJ suspects that the Contractor has failed to comply with any security requirement, or in the event of an Information System Security Incident or Security Breach (see definitions above), where the Department determines that either event gives cause for such action. The suspension of access to DOJ Information may last until such time as DOJ, in its sole discretion, determines that the situation giving rise to such action has been corrected or no longer exists. Any termination action taken because of the Contractor's suspected failure to comply with any security requirement will be conducted in accordance with the applicable termination clause governing the awarded contract. The Contractor understands that any suspension or termination in accordance with this provision shall be at no cost to DOJ, and that upon request by the CO, the Contractor must immediately return all DOJ Information to DOJ, as well as any media upon which DOJ Information resides, at the Contractor's expense. The Contractor must comply with FAR 52.227-14 (Rights in Data), FAR 52.245-1 (Government Property), DOJ 2400.3A Chapter 1 (component property procedures), and FAR 4.804-5(a)(6) (Procedures for closing out contract files).

V. Cloud Computing

A. The Contractor may not utilize the Cloud system of any Cloud Service Provider ("CSP") unless:

1. All of the following has occurred: (a) the Cloud system and CSP have been evaluated by a Third Party Assessing Organization ("3PAO") certified under FedRAMP; (b) the Cloud system received FedRAMP authorization; (c) the Contractor has provided the most current System Security Plan ("SSP") and Security Assessment Report ("SAR") to the DOJ CO for consideration, and provides any subsequent SSPs and SARs within 30 days of issuance; and, (d) the Authorizing Official for the DOJ component responsible for maintaining the security confidentiality, integrity, and availability of the DOJ Information under the Covered Contract has issued an ATO; or,

2. In cases where the CSP or its offering is not FedRAMP authorized, the COR approves utilization of the Cloud System after the CSP has worked with the authorizing official, the DOJ OCIO, and the FedRAMP Program Management Office to determine that the CSP is likely to seek and receive Agency/FedRAMP authorization within 1 year, or DOJ has authorized use as a Private Cloud or Contractor Owned, Contractor Operated system.

B. The Contractor must ensure that the CSP allows DOJ to access and retrieve any DOJ Information processed, stored, or transmitted in a Cloud system under this Contract within a reasonable time of any such request, but in no event less than 48 hours from the request. To ensure that the DOJ can fully and appropriately search and retrieve DOJ Information from the Cloud system, access shall include any schemas, meta-data, and other associated data artifacts.

C. The Contractor must ensure that the CSP provides access and information to support and enable DOJ's cloud security posture management, to include the current inventory of security management configuration data for services and information to confirm the Contractor has been monitoring accounts for compliance with security requirements. The DOJ Justice Security Operations Center (JSOC) must be able to access logs and events to investigate potential security breaches and perform security posture assessments associated with the Security Audit Identity Credential Access Management (ICAM) policies.

D. The Contractor must ensure that the CSP provides evidence of annual recertification of privileged user access management.

E. A Supply Chain Risk Management (SCRM) review is mandatory for specified acquisitions in accordance with established process in EO 14028 and NIST SP 800-161, Cybersecurity Supply Chain Risk Management Practices for Systems and Organizations, or superseding document. All vendor products and solutions to be used on DOJ national security systems, enterprise-wide systems, or new FIPS-199 High and Moderate systems for the purpose of accessing, collecting, storing, processing, maintaining, using, sharing, retrieving, disseminating, transmitting, or disposing of DOJ Information must be submitted to DOJ OCIO for a Supply Chain Risk Management review prior to contract award or ATO signature. Changes in corporate ownership or structure shall be reported to the CO for referral to SCRM. The Contractor shall notify the CO of any confirmed Supply Chain compromise affecting the Contractor's products or services within 1 hour of discovery.

_____ The following SCRM requirements for acquisition of systems, hardware, or software which will be used in systems that are mission critical or process sensitive data apply to this award. (CO check as appropriate in coordination with the Program Manager and/or System Owner)

1. The Contractor shall develop and deliver a SCRM Plan. The SCRM Plan shall meet the format described in NIST SP 800-161, Appendix E. The SCRM plan shall address the following security controls from NIST SP 800-53 Rev 5: SR-2, SR-3, SR-4, SR-5, SR-6, SR-7, SR-8, SR-9, SR-10, and SR-11. Equivalent ISO 27000 series controls may be used if they are mapped to the NIST control(s).

2. The Contractor shall implement the required security controls as documented in the SCRM Plan. The requirements of the SCRM plan shall flow down to all subcontractors. Evidence of the certification and compliance is required.

3. The Contractor shall provide evidence of compliance with the documented SCRM Plan. (CO select which applies)

_____ Self-assessment by a contractor security team

_____ External assessment by an independent auditor

VI. Information System Security Incident or Security

A. Confirmed Security Incident. The Contractor shall immediately (and in no event later than 1 hour of discovery) report any Confirmed Security Incident to the DOJ CO and COR. If the Confirmed Security Incident occurs outside of regular business hours and/or neither the DOJ CO nor the COR can be reached, the Contractor must call JSOC at 1-202-357-7000 immediately (and in no event later than within 1 hour of discovery of the Confirmed Security Incident) and shall notify the CO and COR as soon as practicable.

B. Potential Security Incident.

1. If the Contractor suspects that DOJ information has been potentially disclosed or impacted, the Contractor shall promptly investigate to determine if a Security Incident has occurred. If the Contractor has not determined within 24 hours (i.e., 24 hours from detection of potential security incident and/or security breach) whether the Potential Security Incident was in fact a Security Incident, then it must immediately report the Potential Security Incident to the DOJ CO and the COR. If the time by which to report the Potential Security Incident occurs outside of regular business hours and/or neither the DOJ CO nor the COR can be reached, the Contractor must call or e-mail the JSOC Team at 1-202-357-7000 or JSOC@USDOJ.GOV and contact the DOJ CO and COR as soon as practicable. If the contract involves PII, the Contractor must comply with the notification requirements of DOJ-02 and Executive Order M-17-12 (Memorandum on Preparing for and Responding to a Breach of Personally Identifiable Information), Contractor Privacy Requirements, Section B.5, for an actual or suspected Security Incident.

2. The Contractor must limit sharing of Security Incident details to only those individuals involved in responding to the potential Security Incident. Any provisions of the Covered Contract regarding the citizenship or location of individuals working on the Covered Contract apply equally to individuals involved in responding to any potential Security Incidents. The Contractor may request assistance from the JSOC for advice, incident response, or FBI coordination. The Contractor must provide weekly updates to CO, COR and JSOC during the course of a Security Incident investigation.

C. Any report submitted in accordance with paragraphs (B) and (C), above, shall identify:

1. Both the Covered Information Systems and DOJ Information involved or at risk, including the type, amount, and level of sensitivity of the DOJ Information and, if the DOJ Information contains PII, the estimated number of unique instances of PII.

2. All steps and processes being undertaken by the Contractor to minimize, remedy, and/or investigate the Security Incident.

3. Any and all other information as required by the CISA Federal Incident Notification Guidelines, including the functional impact, information impact, impact to recoverability, threat vector, mitigation details, and all available incident details; and The Contractor may request assistance from the JSOC Team for advice, incident response, or FBI coordination, and must provide weekly updates to CO, COR, and JSOC during the course of an Incident investigation.

D. Except as otherwise required by Federal, State and local laws, executive orders, rules and regulations, all determinations regarding whether and when to notify other individuals and/or federal agencies potentially affected by a Security Incident will be made by DOJ senior officials, the DOJ Core Management Team, or the COR at DOJ's discretion.

E. The Contractor must provide to DOJ full access to any facility and/or Covered Information System affected or potentially affected by any potential or confirmed Security Incident, including access by the DOJ OIG and federal law enforcement organizations, and undertake any and all response actions DOJ determines are required to ensure the protection of DOJ Information, including providing all requested images, log files, and event information to facilitate rapid resolution of any Security Incident.

F. DOJ, at its sole discretion, may obtain, and the Contractor will permit, the assistance of other federal agencies and/or third-party contractors or firms to aid in response activities related to any potential or confirmed Security Incident. Additionally, DOJ, at its sole discretion, may require the Contractor to retain, at the Contractor's expense, a 3PAO acceptable to DOJ, with expertise in incident response, compromise assessment, and federal security control requirements, to conduct a thorough vulnerability and security assessment of all affected Covered Information Systems.

G. Response activities related to any Security Incident undertaken by DOJ, including activities undertaken by the Contractor, other federal agencies, and any third-party contractors or firms at the request or direction of DOJ, may include inspections, investigations, forensic reviews, data analyses and processing, and final determinations of responsibility for the Security Incident and/or liability for any additional response activities. The Contractor shall be responsible for all costs and related resource allocations required for all such response activities related to any Security Incident, including the cost of any penetration testing.

VII. Pass-Through of Security Requirements to Subcontractors and CSPs

A. The requirements set forth in the preceding paragraphs of this clause apply to all subcontractors and CSPs who perform work in connection with the contract, including any CSP providing services for any other CSP under the contract, and the Contractor shall flow down this clause to all subcontractors and CSPs performing under this contract. Any breach by any subcontractor or CSP of any of the provisions set forth in this clause will be attributed to the Contractor.

(End of Clause)

Section I - Contract Clauses

Clauses By Reference

52.252-2 CLAUSES INCORPORATED BY REFERENCE (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es): www.acquisition.gov

Clause	Title	Fill-ins (if applicable)
52.203-6 Alt I	Restrictions on Subcontractor Sales to the Government (Jun 2020) - Alternate I (Nov 2021)	
52.203-17	Contractor Employee Whistleblower Rights (Nov 2023)	
52.204-13 (DEV)	System for Award Management-Maintenance (Oct 2018) (DEVIATION NOV 2025)	
52.209-6 (DEV)	Protecting the Government's Interest When Subcontracting with Contractors Debarred, Suspended, Proposed for Debarment, or Voluntarily Excluded (Jan 2025) (DEVIATION NOV 2025)	
52.209-10 (DEV)	Prohibition on Contracting With Inverted Domestic Corporations (Nov 2015) (DEVIATION NOV 2025)	
52.212-4 (DEV)	Terms and Conditions-Commercial Products and Commercial Services (Nov 2023) (DEVIATION NOV 2025)	
52.216-18	Ordering (Aug 2020)	(a)From Date: "the first day of the current option year" (a)To Date: "the last day of the current option year"
52.216-19	Order Limitations (Oct 1995)	(a): "deliverable, as identified in Schedule of Services" (b)(1): "the estimated quantities in the Schedule of Items within the current option year"

Clause	Title	Fill-ins (if applicable)
		(b)(2): "the estimated quantities in the Schedule of Items, within the current option year" (b)(3): " 30" (d): " 5"
52.216-21 (DEV)	Requirements (Oct 1995) (DEVIATION DEC 2025)	(f): "the last day of the effective option year"
52.217-9	Option to Extend the Term of the Contract (Mar 2000)	(a) Period of Time: "60" (a) Days: "60" (c): "5 years"
52.219-14 (DEV)	Limitations on Subcontracting (Oct 2022) (DEVIATION DEC 2025)	(f)(1) End of Base Term: "X"
52.222-3 (DEV)	Convict Labor (June 2003) (DEVIATION DEC 2025)	
52.222-19 (DEV)	Child Labor-Cooperation with Authorities and Remedies (Jan 2025) (DEVIATION MAR 2026)	
52.222-35 (DEV)	Equal Opportunity for Veterans (Jun 2020) (DEVIATION DEC 2025)

52.232-40	Providing Accelerated Payments to Small Business Subcontractors (Mar 2023)	
52.233-3 (DEV)	Protest after Award (Aug 1996) (DEVIATION NOV 2025)	
52.233-4 (DEV)	Applicable Law for Breach of Contract Claim (Oct 2004) (DEVIATION NOV 2025)	
52.240-91 (DEV)	Security Prohibitions and Exclusions (DEVIATION NOV 2025)	

Clauses By Full Text

BOP 2852.242-71 EVALUATION OF CONTRACTOR PERFORMANCE UTILIZING CPARS (APR 2011)

The services, although not directly supervised, shall be reviewed by Federal Bureau of Prisons (BOP) staff to ensure contract compliance. The contractor's performance will be evaluated in accordance with FAR 42.15. Contract monitoring reports will be prepared by the Contracting Officer's Representative (COR) and maintained in the contract file.

In accordance with FAR 42.1502 and 42.1503, agencies shall prepare an evaluation of contractor performance and submit it to the Past Performance Information Retrieval System (PPIRS). The BOP utilizes the Department of Defense (DOD) web-based Contractor Performance Assessment Reporting System (CPARS) to provide contractor performance evaluations. The contractor shall provide and maintain a current e-mail address throughout the life of the contract. The

contractor will receive an e-mail from the Focal Point thru the following website address webptsmh@navy.mil when the contract is registered in CPARS. The e-mail will contain a "user ID" and temporary password to register in the CPARS system. The contractor must be registered to access and review its evaluation and/or provide a response. If assistance is required when registering, please contact the Contracting Staff/Focal Point.

(End of Clause)

DOJ-01 Whistleblower Information Distribution (Oct 2021)

Within 30 days of contract award, the contractor and its subcontractors must distribute the "Whistleblower Information for Employees of DOJ Contractors, Subcontractors, Grantees, or Sub-Grantees or Personal Services Contractors" ("Whistleblower Information") document to their employees performing work in support of the products and services delivered under this contract (<https://oig.justice.gov/sites/default/files/2020-04/NDAA-brochure.pdf>). By agreeing to the terms and conditions of this contract, the prime contractor acknowledges receipt of this requirement, in accordance with 41 U.S.C. § 4712 and FAR 3.906 & 52.203-17, and commits to distribution. Within 45 days of award, the contractor must provide confirmation to the contracting officer verifying that it has distributed the whistleblower information as required.

(End of Clause)

DOJ-02 Contractor Privacy Requirements (JAN 2022)

A. Limiting Access to Privacy Act and Other Sensitive Information

(1) Privacy Act Information

In accordance with FAR 52.224-1 Privacy Act Notification (APR 1984) and FAR 52.224-2 Privacy Act (APR 1984), if this contract requires Contractor personnel to have access to information protected by the Privacy Act of 1974, the contractor is advised that the relevant DOJ system of records notices (SORNs) applicable to this Privacy Act information may be found at <https://www.justice.gov/opcl/doj-systems-records>. [1] Applicable SORNs published by other agencies may be accessed through those agencies' websites or by searching the Federal Digital System (FDsys) available at <http://www.gpo.gov/fdsys/>. SORNs may be updated at any time.

(2) Prohibition on Performing Work Outside a Government Facility/Network/Equipment

Except where use of Contractor networks, IT, other equipment, or Workplace as a Service (WaaS) is specifically authorized within this contract, the Contractor shall perform all tasks on authorized Government networks, using Government-furnished IT and other equipment and/or WaaS and Government information shall remain within the confines of authorized Government networks at all times. Any handling of Government information on Contractor networks or IT must be approved by the Senior Component Official for Privacy of the component entering into this contract. Except where remote work is specifically authorized within this contract, the Contractor shall perform all tasks described in this document at authorized Government facilities; the Contractor is prohibited from performing these tasks at or removing Government-furnished information to any other facility; and Government information shall remain within the confines of authorized Government facilities at all times. Contractors may only access classified materials on government furnished equipment in authorized government owned facilities regardless of remote work authorizations.

(3) Prior Approval Required to Hire Subcontractors

The Contractor is required to obtain the Contracting Officer's approval prior to engaging in any contractual relationship (Subcontractor) in support of this contract requiring the disclosure of information, documentary material and/or records generated under or relating to this contract. The Contractor (and any Subcontractor) is required to abide by Government and Agency guidance for protecting sensitive and proprietary information.

(4) Separation Checklist for Contractor Employees

The Contractor shall complete and submit an appropriate separation checklist to the Contracting Officer before any employee or Subcontractor employee terminates working on the contract. The Contractor must submit the separation checklist on or before the last day of employment or work on the contract. The separation checklist

must verify: (1) return of any Government-furnished equipment; (2) return or proper disposition of personally identifiable information (PII)[2], in paper or electronic form, in the custody of the employee or Subcontractor employee including the sanitization of data on any computer systems or media as appropriate; and (3) termination of any technological access to the Contractor's facilities or systems that would permit the terminated employee's access to PII or other sensitive information.

In the event of adverse job actions resulting in the dismissal of a Contractor or Subcontractor employee before the separation checklist can be completed, the Prime Contractor must notify the Contracting Officer within 24 hours and confirm receipt of the notification. In the case the Contractor is unable to notify the Contracting Officer, then the Contractor should notify the Contract Officer's Representative (COR).

Contractors must complete the separation checklist with the Contracting Officer or COR by returning all Government-furnished property including, but not limited to, computer equipment, media, credentials and passports, smart cards, mobile devices, Personal Identity Verification (PIV) cards, calling cards, and keys and terminating access to all user accounts and systems. Unless the Contracting Officer requests otherwise, the relevant Program Manager or other Key Personnel designated by the Contracting Officer or COR may facilitate the return of equipment.

B. Privacy Training, Safeguarding, and Remediation

(1) Required Security and Privacy Training for Contractors

The Contractor must ensure that all employees take appropriate privacy training, including Subcontractors who have access to PII as well as the creation, use, dissemination and/or destruction of PII at the outset of the employee's work on the contract and every year thereafter. Training must include procedures on how to properly handle PII, including heightened security requirements for the transporting or transmission of sensitive PII, and reporting requirements for a suspected breach or loss of PII. These courses, along with more information about DOJ security and training requirements for Contractors, are available at <https://www.justice.gov/jmd/learndoj>. The Federal Information Security Modernization Act of 2014 (FISMA) requires all individuals accessing DOJ information to complete training on records management, cybersecurity awareness, and information system privacy awareness. Contractor employees are required to sign the "Privacy Rules of Behavior," acknowledging and agreeing to abide by privacy law, policy, and certain privacy safeguards, prior to accessing DOJ information. These Rules of Behavior are made available to all new users of DOJ's computer network and to trainees at the conclusion of DOJ-OPCL-CS-0005.

The Contractor should maintain copies of certificates as a record of compliance and must submit an email notification annually to the COR verifying that all employees working under this contract have completed the required privacy and cybersecurity training.

(2) Safeguarding PII Requirements

Contractor employees must comply with DOJ Order 0904 and other guidance published to the publicly-available Office of Privacy and Civil Liberties (OPCL) Resources page[3] relating to the safeguarding of PII, including the use of additional controls to safeguard sensitive PII (e.g., the encryption of sensitive PII). This requirement flows down from the Prime Contractor to all Subcontractors and lower tiered subcontracts.

(3) Non-Disclosure Agreement Requirement

Prior to commencing work, all Contractor personnel that may have access to PII or other sensitive information shall be required to sign a Non-Disclosure Agreement (NDA) and the DOJ IT Rules of Behavior. The Non-Disclosure Agreement:

(a) prohibits the Contractor from retaining or divulging any PII or other sensitive information, or derivatives therefrom, furnished by the Government or to which they may otherwise come in contact as a result of their performance of work under the contract/task order that is otherwise not publicly available, whether or not such information has been reduced to writing; and

(b) requires the Contractor to report any loss of control, compromise, unauthorized disclosure, or unauthorized acquisition of PII or other sensitive information to the component-level or headquarters Security Operations Center within one (1) hour of discovery.

The Contractor should maintain signed copies of the NDA for all employees as a record of compliance. The Contractor should also provide copies of each employee's signed NDA to the Contracting Officer before the employee may commence work under the contract/task order.

(4) Prohibition on Use of PII in Vendor Billing and Administrative Records

The Contractor's invoicing, billing, and other financial or administrative records or databases is not authorized to regularly store or include any sensitive PII or other confidential government information that is created, obtained, or provided during the performance of the contract without the written permission of the Senior Component Official for Privacy (SCOP). It is acceptable to list the names, titles and contact information for the Contracting Officer, COR, or other personnel associated with the administration of the contract in the invoices as needed.

(5) Reporting Actual or Suspected Data Breach

Contractors must report any actual or suspected breach of PII within one hour of discovery.[4] A "breach" is an incident or occurrence that involves the loss of control, compromise, unauthorized disclosure, unauthorized acquisition, or any similar occurrence where: (1) a person other than an authorized user accesses or potentially accesses PII or (2) an authorized user accesses or potentially accesses PII for an other than authorized purpose. The report of a breach must be made to DOJ. The Contractor must cooperate with DOJ's inquiry into the incident and efforts to minimize risks to DOJ or individuals, including remediating any harm to potential victims.

(a) The Contractor must develop and maintain an internal process by which its employees and Subcontractors are trained to identify and report the breach, consistent with DOJ Instruction 0900.00.01[5], Reporting and Response Procedures for a Breach of Personally Identifiable Information.

(b) The Contractor must report any such breach by its employees or Subcontractors to the DOJ Security Operations Center (dojcert@usdoj.gov, 202-357-7000); Component-level Security Operations Center and Component-level Management Team, where appropriate; the COR; and the Contracting Officer within one (1) hour of the initial discovery.

(c) The Contractor must provide a written report to the DOJ Security Operations Center (dojcert@usdoj.gov, 202-357-7000) within 24 hours of discovery of the breach by its employees or Subcontractors. The report must contain the following information:

- (i) Narrative or detailed description of the events surrounding the suspected loss or compromise of information.[6] Date, time, and location of the incident.
- (ii) Amount, type, and sensitivity of information that may have been lost or compromised, accessed without authorization, etc.
- (iii) Contractor's assessment of the likelihood that the information was compromised or lost and the reasons behind the assessment.[7]
- (iv) Names and classification of person(s) involved, including victim, Contractor employee/Subcontractor and any witnesses.
- (v) Cause of the incident and whether the company's security plan was followed and, if not, which specific provisions were not followed.[8]
- (vi) Actions that have been or will be taken to minimize damage and/or mitigate further compromise.
- (vii) Recommendations to prevent similar situations in the future, including whether the security plan needs to be modified in any way and whether additional training may be required.

(d) The Contractor shall provide full access and cooperation for all activities determined by the Government to be required to ensure an effective incident response, including providing all requested images, log files, and event information to facilitate rapid resolution of sensitive information incidents.

(e) At the Government's discretion, Contractor employees or Subcontractor employees may be identified as no longer eligible to access PII or to work on that contract based on their actions related to the loss or compromise of PII.

(6) Victim Remediation

At DOJ's request, the Contractor is responsible for notifying victims and providing victim remediation services in the event of a breach of PII held by the Contractor, its agents, or its Subcontractors, under this contract. Victim remediation services shall include at least 18 months of credit monitoring and, for serious or large incidents as determined by the Government, call center help desk services for the individuals whose PII was lost or compromised. When DOJ requests notification, the Department Chief Privacy and Civil Liberties Officer and SCOP will direct the Contractor on the method and content of such notification to be sent to individuals whose PII was breached. By performing this work, the Contractor agrees to full cooperation in the event of a breach. The Contractor should be self-insured to the extent necessary to handle any reasonably foreseeable breach, with another source of income, to fully cover the costs of breach response, including but not limited to victim remediation.

C. Government Records Training, Ownership, and Management

(1) *Records Management Training and Compliance*

(a) The Contractor must ensure that all employees and Subcontractors that have access to PII as well as to those involved in the creation, use, dissemination and/or destruction of PII take the *DOJ Records and Information Training for New Employees (RIM)* training course or another training approved by the Contracting Officer or COR. This training will be provided at the outset of the Subcontractor's/employee's work on the contract and every year thereafter. The Contractor shall maintain copies of certificates as a record of compliance and must submit an email notification annually to the COR verifying that all employees working under this contract have completed the required records management training.

(b) The Contractor agrees to comply with Federal and Agency records management policies, including those policies associated with the safeguarding of records containing PII and those covered by the Privacy Act of 1974. These policies include the preservation of all records created or received regardless of format, mode of transmission, or state of completion.

(2) *Records Creation, Ownership, and Disposition*

(a) The Contractor shall not create or maintain any records not specifically tied to or authorized by the contract using Government IT equipment and/or Government records or that contain Government Agency information. The Contractor shall certify, in writing, the appropriate disposition or return of all Government information at the conclusion of the contract or at a time otherwise specified in the contract. In accordance with 36 CFR 1222.32, the Contractor shall maintain and manage all Federal records created in the course of performing the contract in accordance with Federal law. Records may not be removed from the legal custody of DOJ or destroyed except in accordance with the provisions of the agency records schedules.

(b) Except as stated in the Performance Work Statement and, where applicable, the Contractor's Commercial License Agreement, the Government Agency owns the rights to all electronic information (electronic data, electronic information systems or electronic databases and all supporting documentation and associated metadata created as part of this contract. All deliverables (including all data and records) under the contract are the property of the U.S. Government and may be considered federal records, for which the Agency shall have unlimited rights to use, dispose of, or disclose such data contained therein. The Contractor must deliver sufficient technical documentation with all data deliverables to permit the agency to use the data.

(c) The Contractor shall not retain, use, sell, disseminate, or dispose of any government data/records or deliverables without the express written permission of the Contracting Officer or Contracting Officer's Representative. The Agency and its contractors are responsible for preventing the alienation or unauthorized destruction of records, including all forms of mutilation. Willful and unlawful destruction, damage or alienation of Federal records is subject to the fines and penalties imposed by 18 U.S.C. § 2701. Records may not be removed from the legal custody of the Agency or destroyed without regard to the provisions of the Agency records schedules.

D. Data Privacy and Oversight

(1) *Restrictions on Testing or Training Using Real Data Containing PII*

The use of real data containing PII from any source for testing or training purposes is generally prohibited. The Contractor shall use synthetic or de-identified real data for testing or training whenever feasible.

(2) Requirements for Contractor IT Systems Hosting Government Data

The Contractor is required to obtain an Authority To Operate (ATO) for any IT environment owned or controlled by the Contractor or any Subcontractor on which Government data shall reside for the purposes of IT system development, design, data migration, testing, training, maintenance, use, or disposal.

(3) Requirement to Support Privacy Compliance

(a) If this contract requires the development, maintenance or administration of information technology[9], the Contractor shall support the completion of the Initial Privacy Assessment (IPA) document, if requested by Department personnel. An IPA is the first step in a process to identify potential privacy issues and mitigate privacy risks. The IPA asks basic questions to help components assess whether additional privacy protections may be needed in designing or implementing a project[10] to mitigate privacy risks, and whether compliance work may be needed. Upon review of the IPA, the OPCL determines whether a Privacy Impact Assessment (PIA) document and/or SORN, or modifications thereto, are required. The Contractor shall provide adequate support to complete the applicable risk assessment and PIA document in a timely manner, and shall ensure that project management plans and schedules include the IPA, PIA, and SORN (to the extent required) as milestones. Additional information on the privacy compliance process at DOJ, including IPAs, PIAs, and SORNs, is located on the DOJ OPCL website (<https://dojnet.doj.gov/privacy/>), including DOJ Order 0601, Privacy and Civil Liberties. The Privacy Impact Assessment Guidance and Template outline the requirements and format for the PIA.

(b) If the contract involves an IT system build or substantial development or changes to an IT system that may require privacy risk assessment and documentation, the Contractor shall provide adequate support to DOJ to ensure DOJ can complete any required assessment, and IPA, PIA, SORN, or other supporting documentation to support privacy compliance. The Contractor shall work with personnel from the program office, OPCL, the Office of the Chief Information Officer (OCIO), and the Office of Records Management and Policy to ensure that the privacy assessments and documentation are kept on schedule, that the answers to questions in the documents are thorough and complete, and that questions asked by the OPCL and other offices are answered in a timely fashion. The Contractor must ensure the completion of required PIAs and documentation of privacy controls consistent with federal law and standards, e.g. NIST 800-53, Rev. 5; and compliance with the Privacy Act of 1974, E-Government Act of 2002, Federal Information Security Modernization Act of 2014, and key OMB guidelines, e.g., OMB Circular A-130.

[1] “[T]he term ‘record’ means any item, collection, or grouping of information about an individual that is maintained by an agency, including, but not limited to, his education, financial transactions, medical history, and criminal or employment history and that contains his name, or the identifying number, symbol, or other identifying particular assigned to the individual, such as a finger or voice print or a photograph.” 5 U.S.C. § 552a(a)(4). “[T]he term ‘system of records’ means a group of any records under the control of any agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual.” 5 U.S.C. § 552a(a)(5).

[2] As stated in FAR 52.224-3 and Office of Management and Budget (OMB) Circular A-130, Managing Federal Information as a Strategic Resource (2016), “‘personally identifiable information’ means information that can be used to distinguish or trace an individual’s identity, either alone or when combined with other information that is linked or linkable to a specific individual.” Regarding “sensitive PII,” “[t]he sensitivity level of the PII will depend on the context, including the purpose for which the PII is created, collected, used, processed, stored, maintained, disseminated, disclosed, or disposed. For example, the sensitivity level of a list of individuals’ names may depend on the source of the information, the other information associated with the list, the intended use of the information, the ways in which the information will be processed and shared, and the ability to access the information.” OMB Circular A-130, at App. II-2.

[3] The DOJ OPCL Resources page is available at <https://www.justice.gov/opcl/resources>.

[4] As stated in DOJ Instruction 0900, “Contractors must notify the Contracting Officer, the Contracting Officer’s Representative, and JSOC (or component-level SOC) within 1 hour of discovering any incidents, including breaches, consistent with this Instruction, guidance issued by the CPCLO, NIST standards and guidelines, and the US-CERT notification guidelines.”

[5] <https://www.justice.gov/file/4336/download>

[6] As stated in DOJ Instruction 0900, the description should include the type of information that constitutes PII; purpose for which PII is collected, maintained, and used; extent to which PII identifies a peculiarly vulnerable population; the determination of whether the information was properly encrypted or rendered partially or completely inaccessible by other means; format of PII (e.g., whether PII was structured or unstructured); length of time PII was exposed; any evidence confirming that PII is being misused or that it was never accessed.

[7] As stated in DOJ Instruction 0900, the report should include the nature of the cyber threat (e.g., Advanced Persistent Threat, Zero Day Threat, data exfiltration) for cyber incidents.

[8] As stated in DOJ Instruction 0900, the report should include analysis on whether the data is accessible, usable, and intentionally targeted.

[9] As defined in 40 U.S.C. § 11101, the term "information technology" means any equipment or interconnected system or subsystem of equipment, used in the automatic acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information by the executive agency, if the equipment is used by the executive agency directly or is used by a contractor under a contract with the executive agency that requires the use (i) of that equipment or (ii) of that equipment to a significant extent in the performance of a service or the furnishing of a product; includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a computer, software, firmware and similar procedures, services (including support services), and related resources; but does not include any equipment acquired by a federal contractor incidental to a federal contract.

[10] In this instance, the term "project" is used to scope the activities (e.g., creating, collecting, using, processing, storing, maintaining, disseminating, disclosing, or disposing of information) covered by an IPA. A project is intended to be technology-neutral, and may include an information system, a digital service, an information technology, a combination thereof, or some other activity that may create potential privacy issues or privacy risks that would benefit from an IPA. The scope of a project covered by an IPA is discretionary, but components should work with their SCOP and OPCL.

(End of Clause)

DOJ-03 Personnel Security Requirements For Contractor Employees (Nov 2021)

Work performed under this contract will involve any one or more of the following: access to DOJ Information, which may include Controlled Unclassified Information (CUI), i.e., unclassified, sensitive DOJ information, and/or access to DOJ Information Technology (IT) systems, and/or unescorted access to DOJ space or facilities. Contractor employees will occupy Public Trust Positions, unless clause alternates are applied.

1. General Requirements

(a) (1) All references to "contract(or) personnel" and "contract(or) employee" in this clause means all individuals, without limitation, to include individuals employed by the contractor, team member, subcontractor, consultant, and/or independent contractor, who will have access to information of the Department of Justice (DOJ) or information that is within the custody and control of the DOJ, access to DOJ IT systems, and/or unescorted access to DOJ facilities/space in connection with the performance of this contract. "Employment" as used herein does not create nor imply an employer/employee relationship between the DOJ and contractor employees.

(b) (1) The type of security investigation required for each contractor employee will be governed by the type and risk level of information made available to the contractor employee. The contractor will not be permitted to commence performance under this contract until a sufficient number of its personnel, as determined by the Security Programs Manager (SPM), in consultation with the Contracting Officer's Representative if one is appointed, have received the requisite security approval.

(c) Except where specifically noted otherwise, the federal government will be responsible for the cost and conduct of the investigation.

(d) The contractor shall ensure that no contractor employee commences performance prior to receipt of a written authorization from the contracting officer, COR, or the SPM that performance by the respective contractor employee is authorized.

(e) The data and other information to which the contractor may have access as a result of this contract is the property of, and/or within the custody and control of, the Department, and its disclosure to third parties is governed by various statutes and regulations, the violation of which may subject the discloser to criminal penalties.

2. Citizenship and Residency Requirements

(a) *Residency Requirement.* (1) Contractor employees in Public Trust positions, both U.S. citizens and non-U.S. citizens, must meet the Department's residency requirement if they will require access to DOJ information, IT systems, or

unescorted access to facilities. For three years (not necessarily consecutive years) out of the last five years immediately prior to employment under the Department contract the contractor employee must have: (i) resided in the U.S.; (ii) worked for the U.S. in a foreign country as either an employee or contractor in a federal civilian or military capacity; or, (iii) been a dependent of a federal civilian or military employee or contractor working for the U.S. in a foreign country. At the Department's sole discretion, the residency requirement may be waived by the Department Security Officer (DSO) for contractor employees on a case-by-case basis where justified by extenuating circumstances. The residency requirement does not apply to contractor employees residing in foreign countries that are hired to work in American embassies/consulates/missions located outside of the United States and who require access to DOJ information, IT systems, or unescorted access *provided that* an adequate background investigation can be conducted, with favorable adjudication, as determined by the DSO.

(b) *Citizenship.* (1) Aside from the specific exceptions set forth in Section 1.2(b)(2), for Public Trust positions, the DOJ requires that contractor employees be U.S. citizens and nationals, or lawful permanent residents seeking U.S. citizenship. Any prospective non-U.S. citizen contractor employee who requires access to DOJ information systems, DOJ information, and/or unescorted facilities access must also have been granted a waiver as described below in paragraphs 1.2(d) and/or (e). The contractor is responsible for verifying that the non-U.S. citizens working under this contract are lawful permanent residents seeking U.S. citizenship.

(2) *Exception for Certain Non-U.S. Citizen Contractor Employees:* (i) Non-U.S. citizen expert witnesses, litigative consultants, and interpreters in rare foreign languages are not required to be lawful permanent residents seeking U.S. citizenship. However, they must be granted a waiver for access to unclassified DOJ information, whether CUI or not, DOJ IT systems, and/or unescorted facility access, as described below in paragraph 1.2(d) and (e), regardless of the duration of their duties. (ii) Non-U.S. Citizen contractor employees residing in foreign countries who are hired to work for the Department of Justice in American embassies/consulates/missions outside of the United States are not required to be lawful permanent residents seeking U.S. citizenship.

(c) *Dual Citizenship.* (1) U.S. citizens who hold dual citizenship with a foreign country are considered U.S. citizens within the meaning of this clause, and may be considered for, but are not entitled to, contract employment as U.S. citizens consistent with this clause. The means by which the contractor employee obtained or exercises his or her dual citizenship status will be a consideration in the Public Trust Investigation (PTI) adjudication, and/or waiver approval processes discussed in this clause.

(d) *Access to DOJ Information Technology Systems.* Non-U.S. citizens are not authorized to access DOJ information technology (IT) systems or assist in the development, operation, management, or maintenance of DOJ IT systems, including providing IT system support, unless a waiver has been granted by the Head of the DOJ component or designee, with the prior concurrence of both the DSO and the DOJ Chief Information Officer, allowing computer access by the non-U.S. citizen. Such a waiver will be granted only in exceptional and unique circumstances on a case-by-case basis. It should be noted that the Justice Consolidated Office Network (JCON) is a sensitive DOJ IT system and any contractor employee who will need access to JCON must be a U.S. citizen or have received a waiver. In order for a waiver to be considered for approval: (1) There must be a compelling reason for using this individual as opposed to a U.S. citizen; (2) The type of personnel security vetting that has been conducted on the individual, and vetting results, that would mitigate risk; and (3) The waiver must be in the best interest of the federal government.

(e) *Access to Unclassified DOJ Information and Unescorted Access to DOJ Facilities or Space.* (1) Except as provided under 1.2(b)(2), non-U.S. citizens are not authorized to access DOJ information and/or unescorted access to DOJ facilities or space, unless a waiver has been granted by the DSO, allowing access by the non-U.S. citizen. Such a waiver will be granted on a case-by-case basis where justified at the discretion of the DSO.

3. Background Investigation Requirements

(a) (1) Unless otherwise stated below, all contractor personnel are subject to a Public Trust Investigation (PTI). The SPM will determine the type of investigation for each contractor employee based on the risk category (i.e., the nature of the position and degree of harm that could be caused by the individual in that position) and whether the position is long-term or short-term. The PTI risk categories are listed below.

- (i) High Risk Positions. The minimum background investigation required is a Tier 4 (T4) investigation, and the five-year reinvestigation required is a Tier 4R (T4R) investigation. The 2017 version of the Standard Form (SF) 85P, Questionnaire for Public Trust Positions, is required.
- (ii) Moderate Risk Positions. The minimum background investigation required is a Tier 2 (T2) investigation. The five-year reinvestigation required is a Tier 2R (T2R) investigation. The 2017 version of the SF-85P is required.

(iii) Low Risk/Non-Sensitive Positions. The minimum background investigation required for Low Risk/Non-Sensitive positions is a Tier 1 (T1) investigation and the required five-year reinvestigation is also a Tier 1 (T1) investigation. The SF 85, Questionnaire for Non-Sensitive Positions, is required.

(b) *Exception for Expert Witnesses*. Expert Witnesses, litigative consultants, and interpreters in rare foreign languages may not be subject to full background investigation requirements if alternative security requirements are approved by the DSO.

(c) *Short-Term U.S. Citizen Contractor Employees*. Other than the exception in Section 1.3(b), short-term contractor employees (6 months or less) who are U.S. citizens are not subject to a full background investigation, however, must receive an approved pre-employment background investigation waiver. The required forms to complete and submit are listed in Section 1.4(b) and (c)(2).

(d) *Long-Term U.S. Citizen Contractor Employees*. Other than the exception in Section 1.3(b), all long-term U.S. citizen employees (longer than 6 months) are subject to a full background investigation in the risk category appropriate to the position they will hold.

(e) *Non-U.S. Citizen Contractor Employees*. Other than the exception in 1.3(b), all non-U.S. citizen contractor employees regardless of performance duration (short or long term) are subject to a full background investigation in the risk category appropriate to the position they will hold.

(f) *Reciprocity*. (1) A Public Trust Investigation will be accepted under reciprocity if it meets the following guidelines: (i) the investigation is current (investigations are considered current if completed within the last five years) and favorably adjudicated, or the reinvestigation has been deferred; (ii) the investigation meets or exceeds the level of investigation required for the DOJ contractual instrument; (iii) there has been no continuous (not cumulative) break in federal contract/service employment of two years or more; (iv) there is no derogatory information since the favorable fitness determination or adjudication that calls into question the individual's fitness based on character or conduct; and (v) the investigative record does not show conduct that is incompatible with the core duties of the new contract position. A "core duty" is a continuing responsibility that is of particular importance to the relevant covered position or the achievement of an agency's mission. Core duties will vary from position to position.

4. Background Investigation Process

(a) *e-QIP (or its successor)*. Public Trust background investigations/reinvestigations of contractor employees will be performed by the DCSA. The investigative process requires contractor employees to complete the Electronic Questionnaires for Investigations Processing (e-QIP) and provide additional information as specified in paragraph 1.4(b) below. Immediately after contract award, the contractor shall designate an employee as its "e-QIP Initiator" and provide the name of this person to the SPM. The e-QIP Initiator must have, at a minimum, a favorably adjudicated Tier 1 investigation and the appropriate DOJ security approval before being given access to e-QIP. After the e-QIP Initiator's security approval is granted, the Contractor will be configured in e-QIP as a sub-agency to DOJ. The contractor will then be responsible for initiating investigations for all contract personnel, whose previous investigation does not meet reciprocity, in e-QIP for completion of the security questionnaire form and forwarding the electronic form with the remainder of the security package to the SPM. Subject to the prior written approval of the SPM, the contractor may designate an e-QIP Initiator for each subcontractor. Subcontractor e-QIP Initiators must have, at a minimum, a favorably adjudicated Tier 1 investigation and the appropriate DOJ security approval before being provided access to e-QIP.

(b) *Additional Documentation*. (1) In addition to completing the e-QIP questionnaire (see 1.4(a), above), the contractor shall ensure that each contractor employee occupying Public Trust Positions, including short-term employees, completes and submits the following information through the contractor's Corporate Security Officer:

(i) Digital Fingerprinting/FD-258 Applicant Fingerprint Card. Two sets are required per applicant. The contractor may schedule appointments with the SPM to be digitally fingerprinted; otherwise, fingerprinting by the FBI or other law enforcement entity, as approved by the SPM, is required to ensure the identity of the person being fingerprinted and for printing quality. All pertinent information must be completed by the individual taking the fingerprints (FBI or other). Use of the physical FD-258 Applicant Fingerprint Card should only be used in extenuating circumstances.

(ii) DOJ-555 Fair Credit Reporting Act Disclosure. Authorizes DOJ to obtain one or more consumer/credit reports on the individual. This form will be required if the Component SPM determines a credit check is necessary for its Low Risk Level 1 contractor positions.

(iii) OF-306, Declaration for Federal Employment.

- (iv) Foreign National Relatives or Associates Statement. This is only required if foreign national relatives or associates were not disclosed on the security questionnaire form.
- (v) Self-Reporting Requirements for All Contractor Personnel. This is an acknowledgement and acceptance statement that every contractor must sign.
- (vi) Additional information as may be required based on the review of the security questionnaire form.

The contractor shall review all forms/documents to ensure each is complete, accurate and meets all DOJ requirements, including applicable residency and citizenship requirements. The contractor shall resolve any issues or discrepancies with the contractor employee, including resubmission of corrected forms or documentation. Completed forms/documents shall be submitted to the SPM (or designee, which may include the COR) within five (5) calendar days after being finalized.

(c) Adjudication and Pre-Employment Background Investigation Waivers

(1) Except as set forth in this section, background investigations must be conducted and favorably adjudicated for each contractor employee prior to commencing their work on this contract. Where programmatic needs do not permit the federal government to wait for completion of the entire background investigation, a pre-employment background investigation waiver for public trust contractors can be granted by the SPM, in consultation with the cognizant COR. Pre-employment waivers cannot be used to circumvent delays in clearing classified contractors through the DCSA, if access to classified information is required.

(2) As directed by the SPM, the contractor shall initiate pre-employment waivers for Public Trust Positions when necessary. This may entail performing credit history checks and submission of these checks as part of the security package, including satisfactory resolution of any issues prior to submission to the federal government. A waiver will be disapproved if it develops derogatory information that cannot be resolved in the contractor employee's favor. When a waiver has been disapproved, the CO, in consultation with the SPM and COR, will determine (i) whether the contractor employee will no longer be considered for work on a DOJ contract or (ii) whether to wait for the completion and favorable adjudication of the background investigation before the contractor employee commences work on a Department contract. The pre-employment background investigation waiver requirements include:

1. Verification of citizenship (copy of a birth certificate, naturalization certificate, or U.S. passport);
2. Verification of compliance with the *DOJ Residency Requirement* of this Clause;
3. Favorable review of the security questionnaire form;
4. Favorable FBI fingerprint results;
5. Favorable credit report;
6. Favorable review of the OF-306 form, Declaration for Federal Employment;
7. Verification of the initiation of the appropriate background investigation (for long-term personnel); and
8. Receipt of the signed DOJ Self-Reporting Requirements for All Contractor Personnel (see Section 6, below).

(3) The investigating agency (DCSA) will provide the SPM with the results of each proposed contractor employee's Public Trust investigation. Upon receipt of the investigation and any other pertinent documents from the investigating agency, the SPM will determine whether each proposed contractor employee should be granted employment security approval.

(4) The COR will notify the contractor of the results of Public Trust background investigations as they are completed and adjudicated, including any individual who is found ineligible for employment security approval. For any individual found ineligible for employment on a Department contract, the contractor shall propose a replacement and initiate the background investigation process consistent with this clause.

5. Identity Proofing and Badging

(a) Access to DOJ Information, federally-controlled IT systems, and/or unescorted access to federally-controlled facilities or space (regardless of whether the contractor employee will be issued a DOJ PIV card or building access badge) shall be made available after each respective contractor employee has (1) met the identity proofing requirements outlined below, and (2) completed all other security requirements stated elsewhere in this contract.

(b) (1) Public Trust contractor employees must appear in person at least once before a DOJ official or an official of a trusted contract company (i.e., has a facility security clearance) who is responsible for checking two forms of identification in original form prior to commencement of work by the contractor employee and PIV card or building access badge

issuance (as applicable). Approval will be documented by the DOJ official or an official of a trusted contract company. (Acceptable documents are listed in Form I 9, Employment Eligibility Verification, and at least one document must be a valid state or federal government issued picture ID).

(c) [Reserved]

(d) All contractor employees requiring unescorted access to a DOJ controlled facility or space shall comply with the PIV card or building access badge requirements outlined below:

(i) When any contractor employee enters a DOJ building for the first time, he/she shall allow one hour for security processing and the creation and issuance of a building access badge. PIV cards require additional processing time and will not likely be issued on the same day.

(ii) Building access badges shall be subject to periodic review by the contractor employee's supervisor and checked against his/her personal identification. The contractor employees shall present themselves for the issuance of renewed badges when required by the government as scheduled by the COR or his/her designee. The contractor shall notify the COR when contractor employee badges are lost, and must immediately apply for reissuance of a replacement badge. The contractor shall pay for reissued building access badges at no cost to the government. It is the contractor employee's responsibility to return badges to the COR or his/her designee when a contractor employee is dismissed, terminated or assigned to duties not within the scope of this contract.

6. Employee Reporting Requirements

(a) All contractor employees must sign the DOJ *Self-Reporting Requirements for All Contractor Personnel* statement acknowledging and accepting the DOJ requirement that they immediately self-report certain information using the Department's iReport system. The COR or SPM will provide the Self-Reporting statement as well as a list of reportable information, which varies by position sensitivity designation, to the contractor employee before commencing work under the contract. If the contractor employee does not have access to the DOJ iReport System, the COR or SPM will provide a fillable form for the contractor employee to complete and submit.

(b) The COR and SPM will review the written report and documentation and make a determination regarding continued employment on a DOJ contract.

(c) DOJ reporting requirements are in addition to the DCSA reporting requirements and the contractor's internal reporting requirements.

7. Replacement Personnel

(a) The contractor shall make every effort to avoid costs to the government for security investigations for replacement of contractor employees, and in so doing shall ensure that otherwise satisfactorily performing and physically able contractor employees remain in contract performance for the duration of the contract. The contractor shall take all necessary steps to ensure that contractor personnel who are selected for assignment to this contract are professionally qualified and personally reliable, of reputable background and sound character, and able to meet all other requirements stipulated in the contract.

(b) The fact that the government performs security investigations shall not in any manner relieve the contractor of its responsibility to ensure that all contract personnel are reliable and of reputable background and sound character. Should a security investigation conducted by the government and/or a contractor's self-report or failure to self-report render ineligible a contractor employee, the contracting officer will determine whether the contractor has violated this clause. The contracting officer may direct the contractor, at its own expense, to remove and replace any contractor personnel who fails to comply with or violates applicable requirements of this contract. Such action may be taken at the government's direction without prejudice to its rights under any other provision of this contract, including termination for default, and the contractor may be held liable, at a minimum, for all reasonable and necessary costs incurred by the government to (i) provide coverage (performance) through assignment of individuals employed by the government or third parties in those cases where absence of contractor personnel would cause either a security threat or DOJ program disruption and (ii) conduct security investigations in excess of those which would otherwise be required.

(c) Nothing in this clause shall require the contractor to bear costs involved in the conduct of security investigations for replacement of a contractor employee who separates from the contractor of his/her own accord, is incapacitated, or is deceased.

(d) The contractor shall comply with the terms and conditions set forth under this clause and assumes all liability for failure to comply. The rights and remedies conferred upon the government by this clause are in addition to all and other rights and remedies pursuant to the contract and as established by law.

(End of Clause)

DOJ-08 Continuing Contract Performance During a Pandemic Influenza or other National Emergency (OCT 2007)

During a Pandemic or other emergency we understand that our contractor workforce will experience the same high levels of absenteeism as our federal employees. Although the Excusable Delays and Termination for Default clauses used in government contracts list epidemics and quarantine restrictions among the reasons to excuse delays in contract performance, we expect our contractors to make a reasonable effort to keep performance at an acceptable level during emergency periods.

The Office of Personnel Management (OPM) has provided guidance to federal managers and employees on the kinds of actions to be taken to ensure the continuity of operations during emergency periods. This guidance is also applicable to our contract workforce. Contractors are expected to have reasonable policies in place for continuing work performance, particularly those performing mission critical services, during a pandemic influenza or other emergency situation. The types of actions a federal contractor should reasonably take to help ensure performance are:

- Encourage employees to get inoculations or follow other preventive measures as advised by the public health service.
- Contractors should cross-train workers as backup for all positions performing critical services. This is particularly important for work such as guard services where telework is not an option.
- Implement telework to the greatest extent possible in the workgroup so systems are in place to support successful remote work in an emergency.
- Communicate expectations to all employees regarding their roles and responsibilities in relation to remote work in the event of a pandemic health crisis or other emergency.
- Establish communication processes to notify employees of activation of this plan.
- Integrate pandemic health crisis response expectations into telework agreements.
- With the employee, assess requirements for working at home (supplies and equipment needed for an extended telework period). Security concerns should be considered in making equipment choices; agencies or contractors may wish to avoid use of employees' personal computers and provide them with PCs or laptops as appropriate.
- Determine how all employees who may telework will communicate with one another and with management to accomplish work.
- Practice telework regularly to ensure effectiveness.
- Make it clear that in emergency situations, employees must perform all duties assigned by management, even if they are outside usual or customary duties.
- Identify how time and attendance will be maintained.

It is the contractor's responsibility to advise the government contracting officer if they anticipate not being able to perform and to work with the Department to fill gaps as necessary. This means direct communication with the contracting officer or in his/her absence, another responsible person in the contracting office via telephone or email messages acknowledging the contractor's notification. The incumbent contractor is responsible for assisting the Department in estimating the adverse impacts of nonperformance and to work diligently with the Department to develop a strategy for maintaining the continuity of operations.

The Department does reserve the right in such emergency situations to use federal employees, employees of other agencies, contract support from other existing contractors, or to enter into new contracts for critical support services. Any new contracting efforts would be acquired following the guidance in the Office of federal Procurement Policy issuance "Emergency Acquisitions", May, 2007 and Subpart 18.2. Emergency Acquisition Flexibilities, of the Federal Acquisition Regulations.

Quote Submission Instructions/Evaluation and Award Methodology/SAM Registration/APEX Accelerators/FOIA

Funds are not presently available for this solicitation. No award will be made under this solicitation until funds are made available and confirmed in writing by the Contracting Officer. The Government reserves the right to cancel this solicitation at any time, either before or after quotes are received. In the event of cancellation, the Government shall have no obligation to reimburse any quoter for any costs incurred in connection with the preparation or submission of its quote.

Quote Submission Requirements Instructions:

The information requested below must be submitted by contractors and received before the solicitation response date and time. If any of the following information is not received, the Contracting Officer may elect to deem quotes non-compliant or request the required information from one or any of the Contractors, whichever is most advantageous to the Government, at the discretion of the Contracting Officer.

Quotations shall be submitted on or before the solicitation deadline specified in Block 8 of the Standard Form 1449, page 1 of this solicitation. Quotes shall be submitted via e-mail to **Sarah Burke**, Contracting Officer, at **sburke@bop.gov**.

Documentation to be submitted with Quote:

Each quoter shall complete and submit the following forms, provisions, and statements with the quotation. Failure to do so may cause your quotation to be considered unacceptable.

1. Standard Form 1449, page 1 (complete requested information in Blocks #17a and #20).
2. Completed Schedule of Supplies/Services (page 4-5) of the SF-1449.
3. Quoters shall complete the attached Business Management Questionnaire in its entirety regarding professional references.
4. Copy of Certificate of Liability Insurance

Evaluation Award Methodology:

This acquisition will be procured in accordance with FAR Part 12 – Acquisition of Commercial Products and Commercial Services. The Government intends to make a single award to a quoter, pursuant to an affirmative determination of responsibility, whose quotation, conforming to requirements of the solicitation, determined to be the best value to the Government considering **price and past performance** history.

Price:

Price shall be evaluated utilizing the total aggregate pricing offered by the quoter (aggregate total of base year plus all option years).

Past Performance:

The Contractor Performance Assessment Reporting System (CPARS) at www.cpars.gov and/or any other relevant information available to the Contracting Officer may be used for past performance evaluation.

SAM Registration:

All potential quoters are advised that this solicitation includes the provision at FAR 52.204-7 (DEV), System for Award Management (SAM), which requires an offeror be registered in the SAM database as "All Awards" when submitting an offer or quote and continue to be registered throughout the duration of the contract." Quoters shall include their **Unique Entity Identifier (UEI)** in their quotation. Failure to complete the registration procedures outlined in this clause may result in elimination from consideration for award.

** For the purpose of this solicitation, all quoter's System for Award Management (SAM) registration profile **shall** include **NAICS** code **621910**.

APEX Accelerator Assistance:

If you have questions regarding the System for Award Management (SAM), Government procurements in general, or need assistance in the preparation of your quote, the APEX Accelerators program may be able to help. APEX Accelerators was authorized by Congress in 1985 to expand the number of businesses capable of participating in government contracts. To locate an APEX Accelerator near you, go to <https://www.apexaccelerators.us/#/contact>

Freedom of Information Act:

The Freedom of Information Act (FOIA) and its amendments have resulted in an increasing number of requests to Federal Agencies for copies of quotes from other than Government sources. The quoter should identify information in its quote it believes should be withheld from these sources, on the basis it consists of "trade secrets and commercial or financial information obtained from a person and privileged or confidential" (exemption (b)(4) of the (FOIA). This identification will assist in the decision by a responsible federal official to disclose or withhold the requested information.

If a quoter considers elements of its quote to be exempt under FOIA, ensure the following notice is annotated on the title page of the quote: "Elements of this document, as identified on individual pages, are considered by the submitter to be privileged or confidential trade secrets or commercial or financial information not subject to mandatory disclosure under the Freedom of information Act. Material considered privileged or confidential on this basis is contained on pages ____."

The quote must annotate each individual item it considers privileged or confidential under the FOIA exemption with the following notice: "The data or information is considered confidential or privileged, and not subject to mandatory disclosure under the FOIA."

All information in an offeror's quote not designated may be subject to automatic public disclosure if it is requested under the FOIA. It must be emphasized that under the FOIA no information is automatically exempt from public disclosure. However, no disclosures will be made without careful evaluation, giving due regard to the need for safeguarding material considered privileged or confidential by the quoter. It is Department of Justice policy to withhold whenever possible material that is genuinely privileged or confidential.

Section M - Evaluation Factors for Award

Provisions By Reference

52.252-1 SOLICITATION PROVISIONS INCORPORATED BY REFERENCE (FEB 1998)		
This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es): www.acquisition.gov

BUSINESS MANAGEMENT QUESTIONNAIRE / PROFESSIONAL REFERENCES

(a) Provide the work distribution, by percentage, among commercial contracts and Government contracts (including prime and subcontracts).

COMMERCIAL: _____ percent GOVERNMENT: _____ percent

(b) List the last three contracts awarded to your firm which are of a related nature, indicating for each of the following:

(1) (a) Customer & Address _____

(Phone) _____

(b) Contract Number _____

(c) Person to Contact _____

(Phone) _____

(Email) _____ (Required)

(d) Type of Work _____

(e) Amount of Contract \$ _____

(f) Contract Status ☐ Active ☐ Complete

(2) (a) Customer & Address _____

(Phone) _____

(b) Contract Number _____

(c) Person to Contact _____

(Phone) _____

(Email) _____ (Required)

(d) Type of Work _____

(e) Amount of Contract \$ _____

(f) Contract Status ☐ Active ☐ Complete

(3) (a) Customer & Address _____

(Phone) _____

(Email) _____ (Required)

(b) Contract Number _____

(c) Person to Contact _____

(Phone) _____

(Email) _____ (Required)

(d) Type of Work _____

(e) Amount of Contract \$ _____

(f) Contract Status ☐ Active ☐ Complete

(4) Bank Reference:

(a) Name of Bank _____

(b) Address _____

(Phone) _____

(c) Person to Contact _____

(Phone) _____

(Email) _____ (Required)

(5) Total estimated amount of work under this contract that your firm will complete (excluding subcontractors): _____ percent

(6) Please provide your UEI number _____

(7) If applicable, please provide your Parent Company's UEI number _____

30086 - Engineering Technician VI	44.48
30090 - Environmental Technician	24.79
30095 - Evidence Control Specialist	26.59
30210 - Laboratory Technician	24.48
30221 - Latent Fingerprint Technician I	29.45
30222 - Latent Fingerprint Technician II	32.52
30240 - Mathematical Technician	26.59
30361 - Paralegal/Legal Assistant I	22.95
30362 - Paralegal/Legal Assistant II	28.44
30363 - Paralegal/Legal Assistant III	34.78
30364 - Paralegal/Legal Assistant IV	42.08
30375 - Petroleum Supply Specialist	32.52
30390 - Photo-Optics Technician	26.59
30395 - Radiation Control Technician	32.52
30461 - Technical Writer I	26.59
30462 - Technical Writer II	32.52
30463 - Technical Writer III	39.34
30491 - Unexploded Ordnance {UXO} Technician I	30.58
30492 - Unexploded Ordnance {UXO} Technician II	37.00
30493 - Unexploded Ordnance {UXO} Technician III	44.34
30494 - Unexploded (UXO) Safety Escort	30.58
30495 - Unexploded (UXO) Sweep Personnel	30.58
30501 - Weather Forecaster I	29.45
30502 - Weather Forecaster II	35.82
30620 - Weather Observer, Combined Upper Air Or	
Surface Programs	(see 2) 23.92
30621 - Weather Observer, Senior	(see 2) 26.59
31000 - Transportation/Mobile Equipment Operation Occupations	
31010 - Airplane Pilot	37.00
31020 - Bus Aide	12.46
31030 - Bus Driver	16.98
31043 - Driver Courier	15.57
31260 - Parking and Lot Attendant	13.66
31290 - Shuttle Bus Driver	15.37
31310 - Taxi Driver	14.17
31361 - Truckdriver, Light	16.71
31362 - Truckdriver, Medium	17.89
31363 - Truckdriver, Heavy	23.00
31364 - Truckdriver, Tractor-Trailer	23.00
99000 - Miscellaneous Occupations	
99020 - Cabin Safety Specialist	18.04
99030 - Cashier	12.57
99050 - Desk Clerk	13.32
99095 - Embalmer	36.45
99130 - Flight Follower	30.58
99251 - Laboratory Animal Caretaker I	16.96
99252 - Laboratory Animal Caretaker II	18.19
99260 - Marketing Analyst	28.84
99310 - Mortician	36.45
99410 - Pest Controller	18.05
99510 - Photofinishing Worker	16.07
99710 - Recycling Laborer	16.02
99711 - Recycling Specialist	19.03
99730 - Refuse Collector	14.51
99810 - Sales Clerk	13.95
99820 - School Crossing Guard	15.29
99830 - Survey Party Chief	22.73
99831 - Surveying Aide	11.31

99832 - Surveying Technician	22.41
99840 - Vending Machine Attendant	21.18
99841 - Vending Machine Repairer	25.63
99842 - Vending Machine Repairer Helper	21.18

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors, applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is the victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Note: Executive Order 13658 generally applies to contracts subject to the Service Contract Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least \$13.30 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2025. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$5.55 per hour, up to 40 hours per week, or \$222.00 per week or \$962.00 per month

HEALTH & WELFARE EO 13706: \$5.09 per hour, up to 40 hours per week, or \$203.60 per week, or \$882.27 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor, 3 weeks after 10 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (See 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: This wage determination does not apply to any individual employed in a bona fide executive, administrative, or professional capacity, as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least \$27.63 per hour (or at least \$684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17), this wage

determination may not include wage rates for all occupations within those job families. In such instances, a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, and are not determinative of whether an employee is an exempt computer professional. To be exempt, computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

** HAZARDOUS PAY DIFFERENTIAL**

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

** UNIFORM ALLOWANCE**

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of ""wash and wear"" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS****

The duties of employees under job titles listed are those described in the ""Service Contract Act Directory of Occupations"", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

**** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) ****

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).

2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees

performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.

6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the ""Service Contract Act Directory of Occupations"" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1)).""
