The effective period will run a total of five (5) years from the first day of the established agreement.

The minimum allowable per order is \$500.00.

The maximum allowable per order is \$24,999.99.

The maximum ceiling for the duration of the BPA is \$349,999.99.

If an effective date is not reflected on the price list furnished by the supplier, the effective date shall be the date the Contracting Officer approves the price list. If an expiration date is not reflected on the price list furnished by the supplier, the price list shall remain effective after approval by the Contracting Officer until a new price list is approved by the Contracting Officer. In no case shall a price list be effective until it is approved by the Contracting Officer. If the price list furnished by the supplier does not reflect a minimum order quantity, the supplier agrees to furnish items called for by authorized personnel in the quantity called for at the approved unit prices reflected on the price list. The supplier shall only accept calls for items contained on the current price list that has been approved by the Contracting Officer. (c) If resolution cannot be made by the contracting officer, the interested party may contact the ombudsman, LtCol Barbara Divine, Director of Staff, AFICC/KT, 2035 First Street West, JBSA Randolph TX 78150-4304, telephone 210-652-7822, barbara.divine@us.af.mil. 52.219-28	Postaward Small Business Program Rerepresentation. (Deviation 2026-O0038)	(Feb 2026)
-----------	---	------------

Postaward Small Business Program Rerepresentation (Feb 2026) (Deviation 2026-O0038)

(a) Definitions. As used in this clause-

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern-

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause.

(2) Affiliates, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

(b) If the Contractor represented that it was a small business concern, a small disadvantaged business concern, or a joint venture that was any of the small business concerns identified in 19.000(a)(3) prior to award of this contract, the Contractor shall rerepresent its size and socioeconomic status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts-

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code(s) assigned to this contract. The small business size standard corresponding to this NAICS code(s) can be found at <https://www.sba.gov/document/support-table-size-standards>.

(d) The small business size standard for a Contractor providing an end item that it does not manufacture, process, or produce itself, for a contract other than a construction or service contract, is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition-

(1) Was set aside for small business and has a value above the simplified acquisition threshold;

(2) Used the HUBZone price evaluation preference regardless of dollar value, unless the Contractor waived the price evaluation preference; or

(3) Was an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(e) Except as provided in paragraph (g) of this clause, the Contractor shall make the representation(s) required by paragraph (b) of this clause by validating or updating all its representations in the Representations and Certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the Contractor's current status. The Contractor shall notify the contracting officer in writing within the timeframes specified in paragraph (b) of this clause, that the data have been validated or updated, and provide the date of the validation or update.

(f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.

(g) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

Evaluation Factors for Award

ADDENDUM TO FAR 52.212-2 Evaluation --Commercial Products and Commercial Services (Deviation 2026-O0038)

(b) *Options* - Not applicable, this is a Blanket Purchase Agreement with ordering periods.

Basis for Award:

Award will be made based on the premise that the submitted offer meets the technical documentation evaluation criteria on an "Acceptable"/"Unacceptable" basis and the submitted pricing on Attachment 2 - Price List, is deemed fair and reasonable. If any technical documentation items are determined to be "Unacceptable", that response may not be evaluated further and may not be eligible for award. The Government reserves the right to conduct interchanges as necessary.

Evaluation Process. By submission of its response, the Offeror agrees to all solicitation requirements, including terms and conditions, representations and certifications, and technical requirements. Failure to adhere to all solicitation requirements may result in an Offeror response being determined "Unacceptable" and ineligible for further evaluation.

Part I - Price Evaluation. The Government will evaluate the Offeror's submitted Attachment 2 - Price List by determining completeness and the price to be fair and reasonable in accordance with FAR 12.204(a). If the price list submitted by the Offeror cannot be deemed complete and fair and reasonable, the Offeror will be deemed "Unacceptable" and further evaluation will not be considered. Should the price list submitted by the Offeror be deemed complete and fair and reasonable, the Offeror will be deemed "Acceptable" in regard to Price Evaluation and will advance to the Part II - Technical Evaluation.

(a) Completeness: The Government will review pricing submissions for completeness and compliance with this solicitation's Addendum to FAR 52.212-1 Instructions to Offerors--Commercial Products and Commercial Services (Deviation 2026-O0038). To be complete the offer shall provide all data that is required to evaluate pricing.

(b) Price Fair and Reasonable: Price quotes will be evaluated using price analysis in accordance with FAR 15.404-1(b) or DFARS 215.371-3 if only one quote is received.

Part II - Technical Evaluation. All submitted price quotes deemed "Acceptable" in relation to Part I - Price Evaluation will be evaluated on an "Acceptable"/"Unacceptable" basis prior to Part II - Technical Evaluation. If the Offeror does not demonstrate prior experience nor adequate resources and/or does not provide a written statement that no exceptions are taken to Attachment 1 - PWS it will be deemed "Unacceptable". To be deemed "Acceptable" the Offeror shall demonstrate prior experience and adequate resources to provide mortuary services, as outlined in Attachment 1 - PWS by completing Attachment 3 - Technical Information and include a written statement that "No exceptions are taken to Attachment 1 - Performance Work Statement (PWS)". Should the Offeror receive an "Acceptable" rating for Attachment 3 - Technical Information, the Offeror will be deemed "Acceptable" in regard to Part II - Technical Evaluation and will advance to Part III - Site Inspection Evaluation.

(a) The Offeror responses submitted on Attachment 3 - Technical Information will be evaluated. There is a total of five (5) questions. In order to be deemed "Acceptable", all responses must be answered as "Yes". Any single "No" response, or a combination of "Yes" and "No" responses will result in the Offeror as being deemed "Unacceptable".

(b) The Offeror shall include a written statement that no exceptions are taken to Attachment 1 - PWS. A response without the aforementioned statement will result in the Offeror as being deemed "Unacceptable".

Part III - Site Inspection Evaluation. A site inspection is required following the parameters identified on Attachment 4 - Funeral Home Inspection Checklist and Attachment 5 - Crematorium Inspection Checklist. As stated in this solicitation's Addendum to FAR 52.212-1, Instructions to Offerors--Commercial Products and Commercial Services (Deviation 2026-O0038), this step may be precluded should the Offeror provide adequate documentation demonstrating an equal to or greater inspection has been conducted within the last twelve (12) months, in which case the site inspection step will be waived and the Offeror will be deemed "Acceptable" in regard to Part III - Site Inspection Evaluation. The Contracting Officer reserves the right to perform a site inspection if the Contracting Officer deems it in the best interest of the Government.

(a) Should the Contracting Officer determine the documentation submitted by the Offeror inadequate, the Offeror will be subjected to the site inspection parameters identified in Attachment 4 - Funeral Home Inspection Checklist and Attachment 5 - Crematorium Inspection Checklist.

(b) Should the Offeror not provide documentation demonstrating a previously passed inspection within the past twelve (12) months the Offeror shall pass a pre-award site inspection of both the funeral home and crematorium conducted by the inspection team using Attachment 4 - Funeral Home Inspection Checklist and Attachment 5 - Crematorium Checklist. If any section in Attachment 4 or 5 receives an "Unacceptable" rating, the Offeror may be allotted a reasonable amount of time at the Contracting Officer's discretion (based on the findings) to remedy any discrepancies, if the Contracting Officer determines it to be in the best interest of the Government. After the referenced reasonable amount of time, the Offeror shall be subjected to a second site inspection using Attachment 4 and 5.

- (i) The Contracting Officer reserves the right to allow the Offeror to provide documentation in which the Contracting Officer determines to be adequate in lieu of a second inspection if the Contracting Officer determines this method to be in the best interest of the Government.
- (ii) The Contracting Officer reserves the right to not allow the Offeror the ability to remedy an "unacceptable" initial site inspection if the Contracting Officer determined it to be in the best interest of the Government.
- (c) Prior to the site inspection, the Offeror will be notified to schedule the inspection. The inspection team may consist of Air Force Mortuary Affairs Office staffing, the Contracting Officer, and other technical experts. At a minimum, the inspection team will consist of one Air Force Mortuary Affairs staff member and the Contracting Officer. The Offeror shall make a deliberate effort to have the site inspection completed within five (5) business days of being notified. Special considerations will be applied in the event an Offeror 's facility is not available within this window due to business tempo if the Contracting Officer deems it to be in the best interest of the Government.
- (d) The site inspection will follow the parameters identified on Attachment 4 - Funeral Home Inspection Checklist and Attachment 5 - Crematorium Inspection Checklist. To be determined "Acceptable" all inspection criteria (on both checklists) must receive a "Yes" finding to all questions on each attachment. Any single "No" finding, or combination of "Yes" and "No" findings will result in the Offeror receiving an "Unacceptable" rating.

All evaluation parts must receive an "Acceptable" rating in order for an Offeror to be considered for award of the BPA. If any part of the evaluation receives an "Unacceptable" rating the Offeror may not be considered for award of the BPA.

Ratings:

Acceptable - The Offeror's price quote was deemed complete and the price fair and reasonable AND the Offeror's Attachment 3 - Technical Information has zero negative findings AND the Offeror provided a written statement that "no exceptions are taken to Attachment 1 - Performance Work Statement (PWS)" AND the Offeror completed a pre-award site inspection of both the funeral home and crematorium with zero negative findings.

Unacceptable - The Offeror's price quote was deemed incomplete and/or the price was not fair and reasonable OR the Offeror's Attachment 3 - Technical Information has negative findings OR the Offeror did not provide a written statement that "no exceptions are taken to Attachment 1 - Performance Work Statement (PWS)" OR the Offeror had negative finding(s) on the pre-award site inspections.
