Section A - Solicitation/Contract Form

CNAP FLAG OFFICE SUPPORT SERVICES

The resulting task order shall be awarded as a competitive Woman Owned Small business (WOSB) set-aside task order within SeaPort NxG.

The incumbent for this requirement is Tek Source USA, Inc.

In order to properly staff the evaluation process, all prime contractors who anticipate submitting a proposal are encouraged to send an e-mail to patricia.castillo26.civ@us.navy.mil one week prior to the closing of the solicitation advising of this intent.

All prime contractors are required to be SBA certified WOSB prior to award of task order.

All prime contractors should provide evidence of VETS-4212 compliance.

All prime contractors are reminded of the Section L requirement that ALL CLINs must be rounded to the nearest whole dollar.

Please consider verifying your ability to submit proposals well in advance of closing time to avoid last-minute proposal submission problems.

Section B - Supplies or Services & Prices or Costs

Section C - Description/Specifications/Statement of Work

PERFORMANCE WORK STATEMENT

FOR

COMMANDER NAVAL AIR FORCE U. S. PACIFIC FLEET

FLAG SECRETARY OFFICE AND OFFICIAL FUNCTION SUPPORT SERVICES

1.0 INTRODUCTION

This performance work statement (PWS) identifies and defines the service requirements for the Flag Secretary Office and Official Function support services requirements for the Commander Naval Air Force U. S. Pacific Fleet (COMNAVAIRPAC/CNAP) San Diego, CA.

2.0 BACKGROUND

The Flag Secretary Office coordinates the administrative activities of the CNAP Staff as well as the management and oversight of CNAP headquarters facilities. This office is the primary focal point/liaison with Navy Public Works in the maintenance and upkeep of CNAP buildings. The office is also responsible for staff engraving and graphic design requests, and for the oversight, planning and coordination of official CNAP Command events.

The Flag Mess prepares and serves over 1,000 meals per month to the CNAP staff, and provides mess support services for a minimum twelve (12) Official Flag Functions/Events each year. The Flag Mess is staffed by five to six Culinary Specialists (CS's), E-6 and below, and falls under the oversight of the Flag Secretary. The number of personnel assigned to work CNAP Official events/functions varies, depending on the event. This work statement encompasses tasks necessary to provide official functions and events menu planning, and ceremonial and reception material warehouse management support services.

3.0 SCOPE

The objective of this order is to obtain the requisite level of expertise for performance of the tasks defined in the Section 4 of this work statement. The Contractor shall provide qualified and experienced personnel capable of providing the services described herein.

4.0 PERFORMANCE REQUIREMENTS

The contractor shall perform the following tasks in accomplishing the requirements of this contract. The contractor shall provide the necessary timely assistance to meet emergent requirements as requested by properly designated authority.

4.1 CNAP FLAG SECRETARY OFFICE SUPPORT SERVICES - FACILITIES LIASION/ENGRAVING/GRAPHIC DESIGN

4.1.1 Coordinate and/or perform minor general maintenance to include but not be limited to the repair and/or replacement and hanging and/or installation of light bulbs and fixtures.

4.1.2 Submit trouble calls through the Public Works Department for all 13 buildings that are under the cognizance of the CNAP Flag Secretary. These trouble calls will include, but are not limited to, locksmith, landscaping, electrical, plumbing, carpentry, pest control, sanitation problems, recycling, and hazardous material and waste disposal. A list of buildings and map of their location is provided as Attachment A.

4.1.3 Maintain safety requirements in accordance with Naval Base Coronado Fire Marshall directives by performing quarterly and semi-annual review /inspections of fire extinguishers, and heat producing devices; ensure requisite permits are obtained and properly displayed.

4.1.4 Maintain custodial control of 13 Government Vehicles used by CNAP staff personnel. The contractor shall maintain a database identifying tag number of vehicles assigned to the Command, the responsible department, and the mileage.

4.1.5 Prepare complete sets of drawings, which include multiple views, detail drawings, and assembly drawings. Drawings are required for CNAP official ceremonies and programs such as Change of Command Programs, Battle of Midway Ceremony, Retirement Programs, Retired Aviation Flag Officers Symposium, Prospective Commanding Officer and Executive Officer Conferences, Commanders Conferences, Award Ceremonies, Heritage Months Flyers, CFC/Navy Relief Campaigns Posters and other events as required by the Flag Secretary or Protocol offices. The contractor will work from sketches, models, and verbal information supplied by designer to determine the most appropriate views, detail drawings, and supplementary information needed to complete assignments. The contractor selects required information from precedents, manufacturers' catalogs, and technical guides.

4.1.6 Expedite engraving requests exclusively for CNAP staff.

4.1.7 Provide setup/breakdown services of equipment and facilities used for CNAP official events held at Quarters A, Sea Cabin or CNAP Headquarters Building 8; reserve vehicles through Public Works Department as requested by Flag Secretary Office. Schedule of anticipated CNAP Official Functions/Events for each year is provided in Table 4.5 of this work statement.

4.1.8 Issue, setup and break-down ceremonial gear in support of all official formal CNAP staff functions and ceremonies as required by the Flag Secretary or Protocol Officers. The contractor shall obtain and coordinate approval for use of ceremonial gear with CNAP N412 prior to issue and setup.

4.2 OFFICIAL FUNCTIONS AND EVENTS MENU PLANNING

4.2.1 For each official function/event listed in 4.5, the contractor shall create a menu, budget, and table and seating layout. All documents are to be submitted to N41 representative for review, who will then forward drafts to CNAP Protocol Office to be submitted to Chief of Staff (COS) and the Admiral for approval. The planning process begins 30-120 days prior to the official function/event and involves the following:

4.2.1.1 Pre-planning meeting with Protocol Office, Flag Secretary, and Code N41 representative to determine estimated number of guests, budget, and vision for the vent, such as theme and type of dinner/reception (i.e. formal, stand-up, buffet).

4.2.2 Conduct a final review of menu, budget, and table and seating layout with Protocol Office 14 days prior to the official function/event. Adjustments will be made based on number of RSVP's, and a final budget will be approved by the Protocol Office. The number of guests will vary from 12 to 1,500 depending on the official function/event.

4.2.2.1 Prepare grocery lists based on the final approved menu, budget, and table and seating layout, to include recommended sources of supply for review and purchase by CNAP N41.

4.2.2.2 Standard preparation of formal meals consists of five courses plus a minimum of two appetizers.

4.2.2.3 Standard preparation for stand-up or buffet receptions consists of two protein dishes, two vegetable/fruit dishes, two starch side dishes to complement the protein dishes, two-to-three choices for deserts, and beverage selection (the contractor will not be responsible for providing meals /beverages as part of this requirement).

4.2.3 Complete the "AIRPAC Event Checklist" spreadsheet for each official function/event, identifying event name, date, time, place, number of guests, food, equipment (e.g. tables, tents, chairs, lighting, heaters, grills, service ware, serving dishes, etc.), linens, manpower, and consumables (e.g. towels, soap, trash bags, etc.) needed for the event and commensurate with the number of guests. Above listed items will be provided by the Government.

4.2.4 Ten to fifteen days (10-15) prior to smaller events with fewer than 100 guests, the contractor shall create recipes for the approved menu items and demonstrate proper food handling, sanitation, preparation, presentation, set-up, and service to CNAP staff Culinary Specialists (CS's) and assigned working personnel. Historically, there are five to six CS's and five to ten non-CS working party personnel. The referenced CSs and non-CSs personnel will be provided by the Government.

4.2.5 Twenty-one to forty-five (21-45) days prior to larger events with more than 100 guests, the contractor shall create recipes for the approved menu items and demonstrate proper food handling, sanitation, preparation, presentation, set-up, and service to CNAP staff Culinary Specialists (CS's) and assigned working personnel. Historically, maximum 20 CS's and 50 non-CS working party personnel. The referenced CSs and non-CSs personnel will be provided by the Government.

4.2.6 Breakout ceremonial/reception equipment, linens, and consumables stowed in building 273 needed for the event, and transport to location on day of function/event.

4.2.6.1 Assist with the breakdown, cleaning, and re-stowing of equipment at the end of each event.

4.2.7 Provide table layout to lead military representative designated by CNAP Protocol Office to oversee the event; assist in the set-up and breakdown of tables, chairs, tents, equipment, etc.

4.2.8 Check for compliance with NAVMED P5010: Food Service Sanitation, and make recommendations for corrections to the designated military representative to ensure safety and sanitation standards in kitchens, dining room, food preparation, and storage areas are being met.

4.3 CEREMONIAL AND RECEPTION MATERIAL WAREHOUSE MANAGEMENT

4.3.1 Conduct initial wall-to-wall inventory upon assumption of duties, and provide a written report of inventory results to CNAP N41. Initial CDRL deadline is within 30 days of contract award then semi-annually thereafter.

4.3.2 Issue ceremonial and reception material to CNAP Aircraft Carriers, Air Wings, and squadrons located at NAS North Island upon receipt of CNAP N41 approved request. (Approximately one approved request per week).

4.3.3 Inventory items, inspect, and evaluate reception and ceremonial gear for serviceability upon return of material from subordinate CNAP commands and official function/events, and make recommendations for repair or replacement to CNAP N41. (Approximately once a week).

4.3.3.1 Identify and recommend sources of supply for new and replacement ceremonial and reception equipment to CNAP N41.

4.3.3.2 Wash and clean reception and ceremonial gear, as needed, prior to re-packaging and re-stowing.

4.3.4 Receive excess food service equipment from CNAP Aircraft carriers, inspect items for serviceability, identify items for repair to CNAP N41, and stow serviceable items.

4.4 LAUNDRY SERVICES

4.4.1 Maintain an inventory of clean linens and tablecloths for the Flag Mess and Official CNAP Functions/Events listed in Table 4.5. This includes approximately 3,000 pieces of linens, uniforms, napkins, skirting, spandex, and runners in different colors, shapes, and sizes. The Flag Mess has four tables that seat eight people, and supports approximately 300 authorized diners. Napkins are changed per diner, and table cloths are changed as needed, or at the end of each meal.

4.4.2 Identify items and quantities requiring laundry services and provide list to CNAP N41, weekly. The amount of laundry varies based on size of function/event, from 20-200 pounds.

4.4.3 Deliver items requiring laundering to cleaning service identified by CNAP N41.

4.4.4 Conduct inventory of laundered items returned and provide results information to CNAP N41 and Flag Secretary, and stow laundered items.

Table 4.5 CALENDAR OF FLAG EVENTS	
MONTH	EVENT
JULY	Fleet Week Reception (Average number of guests: 500)
SEPTEMBER	PCO/XO Reception (Average number # of guests: 80)
OCTOBER	SPEEDFEST (Average number of guests: 1000)
OCTOBER	CNAF 06 Training Reception (Average number of guests: 80)
TBD (varies)	CNAF Change of Command (Average number of guests: 1500)
DECEMBER	11 Star Holiday Reception (Average number of guests: 800)
JANUARY	PCO/XO Reception (Average number of guests: 100)
FEBRUARY	Sailor Of The Year Luncheon/Reception (Average number of guests: 200)
MARCH	CNAF 05 Training Symposium (Average number of guests: 150)
MAY	PCO/PXO Reception (Average number of guests: 80)

MAY	Aviation Flag Officer Training Symposium (Average number of guests: 150)
MAY	Retired Flag Officer Training Symposium (Average number of guests: 100)
JUNE	11 STAR Battle Of Midway Commemoration (Average number of guests: 1200)
TBD	Quarterly ORF Community Dinners and Receptions (Average number guests: 12-30)
Note: based on historical information, official functions/events may exceed mess operations up to 16 hours. From start to finish to include clean-up, 0730 - 2400.	

5.0 DELIVERABLES

Management/Quality Control Plan (QCP): The contractor shall ensure quality service is maintained to perform services throughout the life of the contract and methods for improving the overall quality are also employed. Offerors shall therefore prepare and submit a management/quality control plan. The final Government approved plan shall be submitted within five working days of contract start date. The plan shall discuss the Contractor's overall approach and procedures for evaluating each of the major service areas contained in the PWS, communicating with the Government, resolving

deficiencies, identifying potential improvements, and managing day to day operations. As part of the management/QCP, the contractor may conduct internal QC inspections. Results of any contractor internal QC inspections and corrective actions taken shall be made available to the Government for review throughout the performance of this work statement. The Government may periodically require the contractor to update/revise the management /QCP to ensure quality service is maintained throughout the life of the task order.

6.0 CONTRACTOR PERSONNEL REQUIREMENTS

6.1 General: The Contractor shall provide qualified personnel to ensure satisfactory performance of the services required herein.

6.1.1 Proof of Citizenship: No employee or representative of the Contractor shall be admitted to the site of work unless satisfactory proof of citizenship is furnished or, if the individual is not a U.S. citizen, legal residency and authorization to work within the United States is confirmed. The Contractor shall maintain Immigration and Naturalization Service certifications (Form I-9) for applicable personnel.

6.1.2 Valid California Driver's License: Contractor personnel may be required to drive Government vehicles in support of this contract and must have a valid California's driver's license.

6.1.3 Literacy: All Contractor employees shall communicate in the English language (i.e., read, write, speak, and comprehend) with sufficient degree of fluency to understand and be understood.

6.1.4 Conduct: Contractor employees shall conduct themselves in a proper, efficient, courteous and businesslike manner. Employee dress and appearance shall be neat and comply with applicable safety and health directives. The Government reserves the right to search contractor and subcontractor employees, their belongings, vehicles and work areas in accordance with 50 USC 795.

6.1.5 Removal of employees: The Contractor shall remove from the site any individual whose continued employment is deemed by the Contracting Officer's Representative to be contrary to the public interest or inconsistent with the best interests of National Security.

6.1.6 Conflict of Interest: The Contractor may not employ for work any person whose employment would result in a conflict of interest under the Procurement Integrity Act or other laws or regulations.

6.2 PERSONNEL QUALIFICATIONS, KNOWLEDGE/SKILLS REQUIRED

6.2.1 Material Coordinators (estimated 2 FTE): Contractor personnel will be working in the headquarters of Commander, Naval Air Force Pacific Fleet and must be able to communicate effectively with all levels of military and Government civilian personnel on CNAP staff and other commands.

6.2.2 Contractor personnel must be able to manage multiple tasks at one time; coordinate with other personnel within the command; and develop strategies to optimize task performance, ensure efficiency, and achieve a high level of customer satisfaction.

6.2.3 Contractor personnel must be proficient in the use of Microsoft Office with an emphasis on Outlook, Word, Excel, Access, and PowerPoint, and must be able to enter, save, retrieve, edit, and present text, spreadsheets and/or charts.

6.2.4 Education Required: High School Diploma

6.2.5 Flag Secretary Office Support Experience: Recent, within three (3) years of period of performance start date experience that demonstrates:

6.2.5.1 Capability as a facility self-help/help-desk coordinator

6.2.5.2 Capability as an engraving/graphics designer that is proficient with the following software programs/packages:

(a) Microsoft Project

(b) Adobe Photoshop CS

(c) Corel Draw Suite 12

(d) Studio 9

(e) Adobe Indesign CS

(f) Adobe Illustrator CS

6.2.6 Official Flag Functions and Events Planning and Ceremonial and Reception Gear Warehousing Experience: Recent, within three (3) years of period of performance start date that demonstrates:

6.2.6.1 Knowledge and understanding of Etiquette and Formal Service, at Official Function Flag level receptions.

6.2.6.2 Knowledge and understanding of NAVMED Publication 5010 as it applies to food service and sanitation, and must hold a current California Food Handler's Card.

6.2.6.3 Knowledge and understanding of all rules, regulations, and protocols governing dining and reception service to the Flag Officer Community and a thorough knowledge of Official Representation Instruction.

6.2.6.4 Prior work experience supporting/managing a Flag or Private Mess.

7.0 SECURITY

7.1 Flag Secretary Office Support: Contractor personnel providing support to this requirement must have a security clearance of SECRET. The Government will provide a DD254 to cover the classified requirements under this contract.

7.1.1 Contractor personnel working under this task order are required to access secure work spaces and buildings and must be eligible to obtain and/or have a SECRET security clearance. The Contractor Facility Security Officer (FSO) is responsible for processing investigations for clearance eligibility on all assigned contractor employees. Contractor employees with Temporary (Interim) access will not be issued a Contractor Access Card (CAC) until proof of a favorable return of fingerprints or the investigation is completed and a final clearance determination is rendered.

7.2 Official Flag Functions and Events Planning and Ceremonial and Reception Gear Warehousing: Contractor personnel providing support to these requirements are not required to have a security clearance.

7.3 Support of all efforts under this contract requires contractor personnel to have access to Government data and the Navy Marine Corps Intranet (NMCI), which requires issuance of a Common Access Card (CAC).

7.3.1 Contractor personnel with access to NMCI must comply with current DoD mandated Information Technology (IT) training requirements. The current training requirements are:

COURSE TITLE	PERIODICITY	Provided
DOD Cyber Awareness Challenge V2 (DOD-IAAV12.0)	Annual	Navy Knowledge Online, https://wwwa.nko.navy.mil/
Privacy and Personally Identifiable Information (PII) Awareness Training (DOD-PII-2.0)	Annual	Navy Knowledge Online, https://wwwa.nko.navy.mil/
Records Management in the DON: Everyone's Responsibility (DOR-RM-010-1.1)	Annual	Navy Knowledge Online, https://wwwa.nko.navy.mil/

7.4 The contractor FSO will enter the contractor employee in the Joint Personnel Adjudication System (JPAS) and submit a visit request to JPAS SMO Code N570254. The Contractor FSO must also submit a Visit Authorization Letter (VAL). The VAL is required to validate the contractors employment and for CAC issuance. The JPAS visit request and VAL must be provided prior to the contractor reporting to the command for the contracted assignment. The VAL must be sent via encrypted or password protected email to the COMNAVAIRPAC Security Manager and the COMNAVAIRPAC Trusted Agent Sponsorship System Trusted Agent (TASS TA) listed below, and will include the following information:

- a. Contractor's company name, address, telephone number, assigned CAGE Code, certification of the level of facility security clearance, contract number and expiration date.
- b. Government Sponsor.
- c. Name, date and place of birth, and citizenship of the employee(s).
- d. Contractor employee(s) email address (for CAC issuance).
- e. Certification of the employees' personnel security clearance (type of clearance, date clearance granted, type of investigation and date investigation completed) and any special access authorizations required for the visit.
- f. Purpose of visit.

7.5 Once the contractor employee has been properly vetted, an application for a CAC will be initiated by a DoD Trusted Agent (TA) via the Trusted Agent Sponsorship System (TASS). The CAC will be used to gain physical access to DoD installations and logical access to DoD information assurance resources. When the CAC is no longer required, the Contractor or Program manager will recover the CAC from the Contractor employee and return the CAC to the CNAP DoD TASS Trusted Agent (TA) or sponsor.

7.5.1 The contractor shall comply with all applicable DoD security regulations, policies and procedures during the performance of this task order. The contractor shall not disclose and must safeguard Classified Information, Procurement Sensitive Information, Computer Systems (Hardware) and data, Privacy Act Data, Sensitive but Unclassified (SBU) information and all other Government work obtained or generated in the performance of this contract. Contractor personnel on site will participate in all Government activity security awareness training. The Contractor FSO shall refer to and follow the National Industrial Security Program Operating Manual (NISPOM) DoD 5220.22-M and applicable Government security policies for security guidance.

- DoD 5200.1R Information Security Program

- DoD 5200.2-R Personnel Security Program

7.5.1.1 The COMNAVAIRPAC Security Manager is Mr. David Garlinghouse;

Email address: david.m.garlinghouse@navy.mil; telephone: 619-545-4395.

7.5.1.2 The COMNAVAIRPAC Trusted Agent is YN1 Wesley Randall;

Email address: wesley.randall@navy.mil; telephone: 619-545-4398.

7.6 The Contractor shall not use, disclose, or reproduce proprietary data that bears a restrictive legend, other than as required in the performance of this effort. Nothing herein shall preclude the use of any data independently acquired by the Contractor without such limitations or prohibit an agreement at no cost to the Government between the Contractor and the data owner that provides for greater rights to the contractor.

7.7 Contractor personnel shall be required to complete, sign and date CNAP Security Indoctrination brief provided by CNAF Industrial Security manager at time of check-in with the Command.

7.8 The Contractor shall comply with all applicable security requirements, abide by direction given by Military Police or other security personnel, and adhere to installation traffic laws.

7.9 Contract security requirements are defined in the contract DD254, Contract Security Classification Specification. All information or data developed under this contract belongs to and is the property of the U.S. Government and shall be marked and handled as For Official Use Only (FOUO).

8.0 CNAP GUIDELINES FOR CONTRACTOR

8.1 When performing the tasks associated with this PWS using e-mail, through phone calls, at meetings, in public or otherwise, contractor personnel will make clear to all individuals they deal with that they are contractor employees and not DoD employees.

8.1.1 Contractor employees shall identify themselves as contractor personnel by introducing themselves or being introduced as contractor personnel and displaying distinguishing badges or other visible identification for meetings with Government personnel in accordance with (IAW) Defense Federal Acquisition Regulations Supplement (DFARS) Part 211.106. In addition, Contractor personnel shall appropriately identify themselves as Contractor employees in telephone conversations and in formal and informal written correspondence.

8.2 Contractor personnel will not make any commitment to non-DoD personnel, including a foreign official, which commits the expenditure of U. S. Government resources.

8.3 Contractor employees performing services shall be required to comply with all local installation rules and regulations applicable to the conduct, safety, security, and procedures governing site entry and exit.

8.4 All Personnel performing work under this PWS shall be fully trained in the areas to which they are assigned. Personnel shall arrive on site ready and able to perform all specified tasks. The Government will not provide substantial instruction or on-the-job training for personnel not directly employed by the Government.

9.0 GOVERNMENT FURNISHED PROPERTY

The Government will provide on-site Government facilities, adequate working space and all necessary equipment/supplies to perform the tasks required in Section 4.0. The contractor shall maintain the space in a neat and orderly manner. Personal or company use of telephones, utilities, computers, printers, copiers or other equipment not directly related to required services is strictly prohibited. The contractor shall not remove any Government furnished equipment or supplies from the worksite without express written permission of the contracting officer.

10.0 HOURS OF OPERATION

10.1 Work shall be full time during the Government's regular business hours, which are Monday through Friday between the hours of 7:30 AM and 4:00 PM, except federal holidays. The contractor is not required to provide services on federal holidays. The federal holidays are New Year's Day, Martin Luther King Jr. Day, President's Day, Memorial Day, Juneteenth Day, Independence Day, Labor Day, Columbus Day, Veteran's Day, Thanksgiving Day, and Christmas Day.

10.2 Contractor support of this effort may require services beyond/outside normal working hours and on weekends in support of CNAP Official Functions/Events listed in Table 4.5 of this PWS. If overtime is required, it will be addressed at the time of the requirement in accordance with FAR 22.103.

11.0 PLACE OF PERFORMANCE

11.1 Place of Performance: Work will be performed on Government Site, located at Commander Naval Air Force, U. S. Pacific Fleet, Naval Air Station North Island CA.

12.0 COMNAVAIRPAC POINTS OF CONTACT

12.1 Primary TPOC: LCDR Raffael Woods, (619) 545-1861; email: raffeal.t.woods.mil@us.navy.mil

12.2 Business Management Office Point of Contact (BMO POC) Wide Area Work Flow TPOC: Frank Nelson; email: frank.nelson@navy.mil; telephone number: 619-545-5370

Section G - Contract Administration Data

The NAVSUP Fleet Logistics Center San Diego will retain post-award administration of this task order. Contact the Contract Specialist if any post-award delays, performance problems, or other issues arise during the performance

of this order.

Contract Specialist: Patricia Castillo, 619-556-5523, patricia.castillo26.civ@us.navy.mil

Contracting Officer: Russell McCullough, 619-556-7312, russell.a.mccullough.civ@us.navy.mil

The contractor and the customer are hereby advised that any requests for changes must be submitted in writing to the Contracting Officer, who is authorized to issue written changes/modifications under this contract.

Contracting Officer Representative: Arthur Camua, 619-545-1358, arthur.s.camua.civ@us.navy.mil

Seaport Ombudsman: Charles T Hoyes, charles.t.hoyes.civ@us.navy.mil Refer to Seaport Standard Operating Procedures section 1.2.3.

Invoices for materials/services rendered shall be submitted electronically through Wide Area Work Flow (WAWF) IAW DFARS 252.232-7003

DO NOT SEND INVOICES TO THE NAVSUP FLC SAN DIEGO CONTRACTING DEPARTMENT

The Government anticipates paying fully certified invoices on a Net 30-day basis. Distribution of payment will be made by Electronic Funds Transfer (EFT) to the contractors account established in the System for Award Management (SAM) database. It is the responsibility of the contractor to review such accounts to ensure that payment has been reviewed.

The Contractor is hereby advised that the United States Government and Agencies are exempt from State and Local Government Tax by virtue of Article 6 of the United States Constitution. No exemption certificate is required.

****The Government reserves the right to review the resumes of contractor employees performing under the contract solely for the purpose of ascertaining their qualifications relative to the personnel qualifications listed in the PWS. Accordingly, the contractor shall furnish such resumes upon request by the Contracting Officer's Representative, Ordering Officer, or Contracting Officer. *****

See Section J for the CONTRACT ADMINISTRATION PLAN (CAP) FOR FIXED PRICE CONTRACTS

WAGE DETERMINATION

WD 2015-5635 (Rev.29) and posted on beta.sam.gov is hereby incorporated. To view the San Diego, CA Wage Determination, please visit <https://sam.gov/content/wage-determinations>

Section H - Special Contract Requirements

Local Clauses

SUPTXT203.1106-1(3-18)

THE FOLLOWING NAVSUP LOCAL TEXT IS HEREBY MADE PART OF THE STATEMENT OF WORK /PERFORMANCE WORK STATEMENT.

SUPTXT 203.1106-1(3-18) Navy Use of Ability One Support Contractor-Release of Offeror Information

NAVSUP FLC San Diego may utilize contractor support through the AbilityOne Program, as needed, to perform contract closeout functions for this acquisition.

Information, including business sensitive/confidential or proprietary data, that the offeror provides to the Government or information already in the possession of the Government may be viewed and utilized by the AbilityOne Program support contractor personnel during the course of its contract performance. The information that may be made available to the support contractor may include, for example, pricing and technical proposals, historical contract, pricing and performance information, Commercial Asset Visibility (CAV) reporting information and similar data/information.

By submission of a proposal in response to this solicitation, the offeror and its subcontractors consent to a release of their business sensitive/confidential or proprietary data to the Government's AbilityOne Program support contractor personnel in order to perform close out services. Prior to the release of any such information to the support contractor, the support contractor will have in place with the Government a Non- Disclosure/Non-Use Agreement in accordance with the terms of the AbilityOne Program support contract.

Offerors may execute their own Non-Disclosure Agreement with the AbilityOne Program (AbilityOne contact information available from the contracting point of contact). The support contractor must provide copies of the executed agreements to the Contracting Officer and the Contracting Officer's Representative (COR) for the support contract; and the offeror/contractor for this acquisition must provide copies of the executed Agreement to the Contracting Officer for this acquisition. If the offeror /contractor seeks such a Non- Disclosure Agreement with the AbilityOne Program support contractor, the Agreement must be executed no later than the date of final delivery under the resulting NAVSUP FLC San Diego contract.

SUPTXT204-9400(4-22) CONTRACTOR UNCLASSIFIED ACCESS TO FEDERALLY CONTROLLED FACILITIES, SENSITIVE INFORMATION, INFORMATION TECHNOLOGY (IT) SYSTEMS OR PROTECTED HEALTH INFORMATION

The security text does not apply in cases where the contractor/vendor does not have access to Navy Marine Corps Intranet (NMCI) computers, is not issued a Common Access Card (CAC) and is involved in training or other short term duties of less than 30 days duration that allow for the use of a visitor request. In these cases, the government employee must submit a Visitor Access Request (VAR) to the main gate or applicable processing entity for your facility and assume responsibility to escort those without CAC Credentials.

This local text does not apply to non-United States (U.S.) Nationals (foreign nationals) who are contractor employees performing work overseas. This text is applicable to the U.S. Nationals living in the U.S. or overseas who are performing work on a Navy contract.

The investigation of a non-U.S. national at a foreign location must be consistent with a National Agency Check with Written Inquiries (NACI), to the extent possible and include a fingerprint check against the Federal Bureau of Investigation (FBI) criminal history database, an FBI investigations file (name check) search and a name check

against the terrorist screening database. Also, the above cited reference notes that Foreign Nationals may not be granted CAC credentials until completion of their investigation and not in the interim.

Per Department of Defense Memorandum (DoDM) 5200.2, Department of Defense (DoD) components must initiate and ensure completion of a background investigation before applying the credentialing standards to a non-U.S.

national at a foreign location. The background investigation must be favorably adjudicated before a CAC can be issued to a non-U.S. national at a foreign location. The type of background investigation may vary based on standing reciprocity treaties concerning identity assurance and information exchanges that exist between the U.S. and its

allies or agency agreements with the host country.

CONTRACTOR UNCLASSIFIED ACCESS TO FEDERALLY CONTROLLED FACILITIES, SENSITIVE INFORMATION, IT SYSTEMS OR PROTECTED HEALTH INFORMATION

Executive Order 13467, Reforming Processes Related to Suitability for Government Employee, Fitness for Contractor Employees and Eligibility for Access to Classified National Security Information, Homeland Security Presidential Directive (HSPD)-12, requires government agencies to develop and implement Federal security

standards for Federal employees and contractors. The 5 CFR 32 Part 157 in concert with DoD Manual 1000.13, Vol 1, implements the Federal Standards.

APPLICABILITY

This text applies to all DoD sponsored individuals who require CAC eligibility (or login and P/W if acceptable per contract) for: Physical access to DoD facilities or non-DoD facilities on behalf of DoD; Logical access to information systems (whether on site or remotely); or remote access to DoD networks that use only the CAC logo for user authentication, or access to sensitive and protected information. This applies to the Office of the Secretary of Defense (OSD), the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the DoD, the Defense Agencies, the DoD Field Activities and all other organizational entities within the DoD (hereinafter referred to collectively as the "DoD Components").

Each contractor employee providing services at a Navy command under this contract is required to obtain a DoD CAC. Additionally, depending on the level of computer/network access, the contract employee will require a successful investigation as detailed below.

ACCESS TO FEDERAL FACILITIES

Definition. As used in this clause - Military installation means a base, camp, post, station, yard, center, or other activity under the jurisdiction of the Secretary of a military department, or, in the case of an activity in a foreign country, under the operational control of the Secretary of a military department or the Secretary of Defense (see 10 U.S.C. 2801(c)(4)).

Per HSPD-12 and implementing guidance, all contractor employees working at a federally controlled base, facility or activity under this clause will require a DoD CAC. When access to a base, facility or activity is required contractor employees shall in-process with the Command's Security Manager (CSM) upon arrival to the command and shall out-process prior to their departure at the completion of the individual's performance under the contract.

Training. Contractor employees who require routine physical access to a Federally controlled facility or military installation shall complete "Level I Antiterrorism Awareness Training" prior to gaining access to a facility and annually thereafter in accordance with DoDI O-2000.16 Vol. 1. In accordance with Department of Defense Instruction O-2000.16 Volume 1, DoD Antiterrorism (AT) Program Implementation: DoD AT Standards, Level I Antiterrorism Awareness Training shall be completed by:

Completion of "Level I Antiterrorism Awareness Training" available at <https://jkodirect.jten.mil/pdf/at11/launch.html>; or

Under the instruction of a qualified Level I Antiterrorism Awareness instructor; or

By providing a training certificate for "Level I Antiterrorism Awareness Training" training showing completion within the last calendar year.

The contractor will submit certificates of completion for each affected contractor employee and subcontractor employee to the COR or to the contracting officer, if a COR is not assigned, prior to being granted access to a Federally controlled facility or military installation.

Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts, including subcontracts for commercial items, when subcontractor performance requires routine physical access to a Federally-controlled facility or military installation.

START-UP PERIOD

All contractor resource onboarding documents must be submitted via the prime contractor. The prime contractor shall make all necessary preparations to assume full responsibility for productive performance as of the performance start date.

Definition of "productive":

OF-306 signed by contractor employee

FD-258 Fingerprint Card (Contingent upon availability of electronic fingerprinting submission)

Completed Electronic Investigation (e-QIP)

All contractor employees with need for a Common Access Card (CAC) must have an active Defense Information System for Security (DISS) profile.

Common Access Card (CAC)

DISS Visit Request submitted (Contingent upon classification of work being performed, Confidential, Secret, Top Secret).

Note (1): Invoicing by the contractor will begin as of the commencement of the performance period of services and no reimbursement will be paid by the government for efforts expended during the start-up period.

Note (2): Foreign Nationals are not allowed access to the functional/system side of Enterprise Resource Planning (ERP).

ACCESS TO DOD INFORMATION TECHNOLOGY (IT) SYSTEM

In accordance with DON CIO Memorandum (IT LEVEL DESIGNATION ON DD FORM 2875

SYSTEM AUTHORIZATION ACCESS REQUEST) 08 September 2020, contractor

employees who require access to Department of the Navy (DoN) or DoD networks are categorized as Privileged, Enhanced, or Authorized users. All user level accesses may include positions which require access to Controlled Unclassified Information (CUI). CUI includes sensitive information protected under the Privacy Act, to include Protected Health Information (PHI). IT System levels are determined by the requiring activity's Command Information System Security Manager (ISSM)/Information Assurance Manager (IAM).

Contractor employees requiring privileged access, (when specified by the terms of the contract) require a Tier 5 (T5) or T5R equivalent investigation, which is a higher level investigation than the Tier 3 (T3) and T3R described below.

Due to the privileged system access, an investigation suitable for High Risk national security positions is required. Individuals who have access to system control, monitoring, or administration functions (e.g. system administrator, database administrator) require training and certification to Information Assurance (IA) Technical Level 1, and must be trained and certified on the Operating System or Computing Environment they are required to maintain.

Contractors requiring Enhanced access, (when specified by the terms of the contract) require a T3, T3R, or equivalent investigation, which is a higher level investigation than the Tier 1 (T1) described below. Due to the enhanced system access, an investigation suitable for Moderate Risk national security positions is required.

Access to sensitive IT systems is contingent upon a favorably adjudicated background investigation. When access to IT systems is required for performance of the contractor employee's duties, such employees shall in-process with the Navy CSM and ISSM /IAM manager upon arrival to the Navy command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy IT resources. The decision to authorize access to a government IT system /network is inherently governmental. The contractor supervisor is not authorized to sign the SAAR-N; therefore, the government employee with knowledge of the system/network access required or the Contracting Officers Representative (COR) shall sign the SAAR-N as the supervisor.

The SAAR-N shall be forwarded to the CSM upon contractor employee acquiring a Common Access Card (CAC) credential. Failure to obtain a CAC credential may result in delaying the individual's start date. When required to maintain access to required IT systems or networks, the contractor shall ensure that all contractor employees requiring access complete annual Cyber Awareness training, and maintain a current requisite background investigation. The contractor's security representative shall contact the CSM for guidance when reinvestigations are required.

INTERIM ACCESS

The CSM may authorize issuance of a DoD CAC and interim access to a DoN or DoD unclassified computer/network upon a favorable review of the investigative questionnaire and advance favorable fingerprint results. When the results of the investigation are received and a favorable determination is not made, the contractor employee working on the contract under interim access will be denied access to the computer network and this denial will not relieve the contractor of his/her responsibility to perform.

DENIAL OR TERMINATION OF ACCESS

The potential consequences of any requirement under this clause including denial or termination of physical or system access in no way relieves the contractor from the requirement to execute performance under the contract within the timeframes specified in the contract. Contractors shall plan ahead in processing their employees and subcontractor employees. The contractor shall insert this clause in all subcontracts when the subcontractor is permitted to have unclassified access to a federally controlled facility, federally-controlled information system/network and/or to government information, meaning information not authorized for public release.

ACCESS TO CONTROLLED UNCLASSIFIED INFORMATION

Safeguarding sensitive unclassified information is critical to achieve NAVSUP Modernization efforts and deliver cutting-edge and uncompromised capabilities. The Secretary of Defense's operations security (OPSEC) campaign plan stresses the importance of protecting controlled unclassified information (CUI). CUI encompasses OPSEC, critical technology, intelligence, and personally identifiable information that, if not properly identified, marked, and controlled, could impair NAVSUP's ability to conduct its mission. Contractor employees with access to Controlled Unclassified Information (CUI) shall comply with DoDI 5200.48 - Controlled Unclassified Information (CUI) and complete DoD approved initial and annual refresher CUI training.

Whenever Government provides CUI to, or CUI is generated by, non-DoD entities, all CUI records must be handled as required by the approved mandatory disposition authority.

All CUI records must follow the approved mandatory disposition authority whenever the Government provides CUI to, or CUI is generated by, non-DoD entities in accordance with Section 1220-1236 of Title 36, CFR, Section 3301a of Title 44, U.S.C., and the DoDI 5200.48.

Contractor employees shall monitor CUI aggregation and compilation based on the potential to generate classified information pursuant to security classification guidance addressing the accumulation of unclassified data or information.

Contractor employees shall submit unclassified government information for review and approval for release in accordance with the Standard DoD Component Processes, DoDI 5230.09, and DoDM 5205.07, Volume 1.

CONTRACTOR'S SECURITY REPRESENTATIVE

The contractor shall designate an employee to serve as the contractor's security representative. Within three (3) work days after contract award, the contractor shall provide to the requiring activity's Security Manager and the Contracting Officer, in writing, the name, title, address and phone number for the contractor's security representative. The contractor's security representative shall be the primary point of contact on any security matter.

The contractor's security representative shall not be replaced or removed without prior notice to the Contracting Officer and CSM.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO NATIONAL SECURITY POSITIONS OR PERFORMING SENSITIVE DUTIES

Navy security policy requires that all positions be given a sensitivity value based on level of risk factors to ensure appropriate protective measures are applied. If the Security Office validates the contractor's position is Non-Critical Sensitive or if the IT system user level is determined to be Enhanced, at a minimum, each contractor employee must be a US citizen and have a favorably completed T3, T3R, or equivalent investigation to obtain a favorable determination for assignment to a non-critical sensitive or Enhanced position. The investigation consists of a standard National Agency Check and a FBI fingerprint check plus law enforcement checks and credit check. Each contractor employee filling a non-critical sensitive or Enhanced position is required to complete:

SF-86 Questionnaire for National Security Positions (or equivalent Office of Personnel Management (OPM) investigative product)

Two FD-258 Applicant Fingerprint Cards or electronic fingerprint submission (preferred))

Original Signed Release Statements

Failure to provide the required documentation at least thirty (30) days prior to the individual's start date shall result in delaying the individual's start date. Background investigations shall be reinitiated as required to ensure investigations remain current (not older than ten (10) years) throughout the contract performance period. The Contractor's Security Representative shall contact the CSM for guidance when reinvestigations are required.

Regardless of their duties or IT access requirements ALL contractor employees shall in- process with the CSM upon arrival to the command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Employees requiring IT access shall also check-in and check-out with the Navy Command's ISSM/IAM. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy IT resources. The SAAR-N shall be forwarded to the CSM upon the contractor employee acquiring a Common Access Card (CAC) credential. Failure to obtain a CAC credential or provide the required documentation shall result in delaying the individual's start date.

The contractor shall ensure that each contract employee requiring access to IT systems or networks complete annual Cyber Awareness training and maintain a current requisite background investigation. Contractor employees shall accurately complete the required investigative forms prior to submission to the CSM. The CSM will review the submitted documentation for completeness prior to submitting it to the OPM. Potential suitability or security issues identified may render the contractor employee ineligible for the assignment. An unfavorable determination is final (subject to SF-86 appeal procedures) and such a determination does not relieve the contractor from meeting any contractual obligation under the contract. The CSM will forward the required forms to OPM for processing. Once the investigation is complete, the results will be forwarded by OPM to the DoD Central Adjudication Facility (CAF) for a determination.

For classified contracts, if the contractor employee already possesses a current favorably adjudicated investigation, the contractor shall submit a Visit Access Request (VAR) via the Defense Information Security System (DISS). If the contractor employee does not have a current favorably adjudicated investigation, the contractor shall submit the Visit Access Request in DISS until the contractor employee has at a minimum an interim clearance. If the contract only requires access to unclassified information, even if the contractor takes a DISS "owning" role over the contractor employee, the Navy Command will also take a DISS "owning" role over the contractor employee during the hiring process and for the duration of assignment under that contract. If the contract requires access to classified information, the contractor's Facility Security Office (FSO) will take a DISS "ownership" role and the Navy command will take a DISS "servicing" role during the hiring process and the duration of assignment under that contract. All VARs requires annual renewal for the duration of the employee's performance under the contract.

**BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS
ASSIGNED TO OR PERFORMING NON-SENSITIVE DUTIES**

Contractor employee whose work is unclassified and non-sensitive (e.g., performing certain duties such as lawn maintenance, vendor services, etc...) and who require physical access to publicly accessible areas to perform those duties shall meet the following minimum requirements:

Must be either a U.S. citizen or a U.S. permanent resident with a minimum of 3 years of legal residency in the U.S. (as required by the Deputy Secretary of Defense DTM 08-006 or its subsequent DoD Instruction (INST))

and

Must have a favorably completed NACI or T1 investigation or equivalent including a FBI fingerprint check prior to installation access.

To be considered for a favorable trustworthiness determination, the CSR must submit for all employees each of the following:

SF-85 Questionnaire for Non-Sensitive Positions

Two FD-258 Applicant Fingerprint Cards (or the preferred method - electronic fingerprint submission)

Original Signed Release Statements

The contractor shall ensure each individual employee has a current favorably completed NACI or T1 equivalent investigation or ensure successful FBI fingerprint results have been gained and investigation has been processed with OPM.

Failure to provide the required documentation at least thirty (30) days prior to the individual's start date may result in delaying the individual's start date.

SUPTXT243-9400(1-92) AUTHORIZED CHANGES ONLY BY THE CONTRACTING OFFICER

Except as specified in paragraph (b) below, no order, statement, or conduct of Government personnel who visit the Contractor's facilities or in any other manner communicate with Contractor personnel during the performance of this contract shall constitute a change under the "Changes" clause of this contract.

The Contractor shall not comply with any order, direction or request of Government personnel unless it is issued in writing and signed by the Contracting Officer or is pursuant to specific authority otherwise included as a part of this contract.

The Contracting Officer is the only person authorized to approve changes in any of the requirements of this contract and notwithstanding provisions contained elsewhere in this contract, the said authority remains solely with the Contracting Officer. In the event the Contractor effects any change at the direction of any person other than the Contracting Officer, the change will be considered to have been made without authority and no adjustment will be made in the contract price to cover any increase in charges incurred as a result thereof. The address and telephone number of the Contracting Officer is:

NAME: Russell McCullough

ADDRESS: russell.a.mccullough.civ@us.navy.mil

TELEPHONE: (619) 556-7312

REVIEW OF AGENCY PROTESTS

The contracting activity, Fleet Logistics Center San Diego (FLCSD) will process agency protests in accordance with the requirements set forth in FAR 33.103(d).

Pursuant to FAR 33.103(d)(4), agency protests may be filed directly with the appropriate reviewing authority; or, a protester may appeal a decision rendered by a contracting officer to the reviewing authority.

The reviewing authority for FLCSD is the Director, Regional Contracts Department, Fleet Logistics Center San Diego at 3985 Cummings Road, Building 116 San Diego, CA 92136- 4200. Agency procurement protests should clearly identify the initial adjudicating official, i.e., the "contracting officer" or "reviewing official".

Section I - Contract Clauses

All applicable clauses and provisions established in the basic SeaPort NxG contract are hereby incorporated by reference and are considered to be in full force and effect as if they were incorporated in full.

52.204-2 Security Requirements (MAR 2021)

52.217-5 Evaluation of Options (Jul 1990)

52.219-14 Limitations on Subcontracting (Oct 2022)

2.219-30 Notice of Set-Aside for, or Sole-Source Award to, Women-Owned Small Business Concerns Eligible Under the Women-Owned Small Business Program. (OCT 2022)

52.224-3 Privacy Training (Jan 2017)

52.228-5 Insurance-Work on a Government Installation (Jan 1997)

52.237-2 Protection of Government Buildings, Equipment, and Vegetation. (Apr 1984) 252.204-7000 Disclosure of Information (OCT 2016) 252.204-7003 Control of Government Personnel Work Product (APR 1992)

252.204-7012 (Dev) Safeguarding Covered Defense Information and Cyber Incident Reporting (DEVIATION 2024-00013, REVISION 1) 252.204-7018 Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services (Jan 2021)

252.204-7019 Notice of NIST SP 800-171 DoD Assessment Requirements (NOV 2023) 252.204-7020 NIST SP 800-171 DoD Assessment Requirements (Jan 2023)

252.222-7006 Restrictions on the Use of Mandatory Arbitration Agreements (JAN 2023) 252.225-7976 Contractor Personnel Performing in Japan. (DEVIATION 2018-00019) 252.232-7007 Limitation of Governments Obligation (APR 2014)

52.217-8 Option to Extend Services (Nov 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within the time prior to contract expiration.

(End of clause)

52.217-9 Option to Extend the Term of the Contract (Mar 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 1 day before the completion of the base period; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 1 day before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 66 months.

(End of clause)

52.232-18 Availability of Funds (Apr 1984)

Funds are not presently available for this contract. The Government's obligation under this contract is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are made available to the Contracting Officer for this contract and until the Contractor receives notice of such availability, to be confirmed in writing by the Contracting Officer.

(End of clause)

52.252-1 Solicitation Provisions Incorporated by Reference (Feb 1998)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es):

FAR Clauses: <https://www.acquisition.gov/browse/index/far/> DFARS Clauses: <http://www.acq.osd.mil/dpap/dars/dfarspgi/current/>

(End of provision)

52.252-2 CLAUSES INCORPORATED BY REFERENCE (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es):

FAR Clauses: <https://www.acquisition.gov/browse/index/far/> DFARS Clauses: <http://www.acq.osd.mil/dpap/dars/dfarspgi/current/>

(End of clause)

52.252-6 AUTHORIZED DEVIATIONS IN CLAUSES (NOV 2020)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(b) The use in this solicitation or contract of any Defense Federal Acquisition Regulation Supplement (48 CFR Chapter 2) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

(End of clause)

252.232-7006 WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (DEC 2018)

(a) Definitions. As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization. "Document type" means the type of payment request or receiving report available for creation in Wide Area Workflow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) Electronic invoicing. The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003 Electronic Submission of Payment Requests and Receiving Reports.

(c) WAWF access. To access WAWF, the Contractor shall-

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) WAWF training. The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice

Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

(e) WAWF methods of document submission. Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) WAWF payment instructions. The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) Document type. The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items-

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

(Contracting Officer: Insert applicable invoice and receiving report document type(s) for fixed price line items that require shipment of a deliverable.)

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

Contracting Officer: Insert either "Invoice 2in1" or the applicable invoice and receiving report document type(s) for fixed price line items for services.)

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial item financing, submit a commercial item financing request.

(2) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) Document routing. The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table*

To be completed at time of award

(4) Payment request. The Contractor shall ensure a payment request includes documentation appropriate to the type of payment request in accordance with the payment clause, contract financing clause, or Federal Acquisition Regulation 52.216-7, Allowable Cost and Payment, as applicable.

(5) Receiving report. The Contractor shall ensure a receiving report meets the requirements of DFARS Appendix F.

(g) WAWF point of contact.

(1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity's WAWF point of contact.

(Contracting Officer: Insert applicable information or "Not applicable.")

(2) Contact the WAWF helpdesk at 866-618-5988, if assistance is needed.

(End of clause)

Section K - Representations, Certification, & Other Statements

The requirement for Annual Representations and Certifications at 52.204-8 applies at the basic multiple award contract (MAC) level for each offeror. Offerors are not required to submit representation or certifications in response to this solicitation or its subsequent Task Order award, if any. All requests for representation or certification shall come from the MAC Contracting Officer in accordance with the terms of the basic contract.

52.204-24 Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment (Nov 2021) 252.203-7005 Representation Relating to Compensation of Former DoD Officials (SEP 2022)

252.204-7016 Covered Defense Telecommunications Equipment or Services ---Representation (Dec 2019)

252.204-7017 Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services-Representation(May 2021)

The Ordering Officer will consider the offerors size/socioeconomic status as defined by the Seaport NxG ConOps.

Section L - Instructions, Conditions, & Notices to Offerors or Quoters

Section L - Instructions, Conditions & Notices

1. General Instructions:

This solicitation is issued as a Women Owned Small Business (WOSB) set-aside under Seaport NxG using Fair Opportunity under FAR 16.505. Only offers received from eligible Seaport NxG task order holders will be eligible for award and the award resulting from this solicitation will only be made to concerns eligible under the WOSB Program in accordance with FAR 52.219-30.

The Government contemplates award of a single Firm Fixed Price (FFP) SeaPort NxG task from this solicitation. The resultant task order is for support services in accordance with the Performance Work Statement (PWS) provided herein.

The anticipated task order award under this solicitation will be made in accordance with Federal Acquisition Regulations (FAR) Part 16.505, Ordering, following the policies and procedures for solicitation, evaluation, and award.

The Source Selection process for this task order will be based on a Tradeoff source selection process with the award being made to the Offeror whose proposal represents the best value to the Government.

The period of performance will consist of a one-year base period followed by four one-year option periods. All of the option periods, including the 6-month extension under FAR clause 52.217-8, will be evaluated during the source selection process.

Questions regarding this procurement must be submitted in writing via email only to patricia.castillo26.civ@us.navy.mil. All questions must be submitted no later than 7 business days prior to solicitation closing date. The subject line of all email correspondence should state: RFQ N00244-26-R-3102 QUESTIONS in the subject line. Questions received after this date will not be guaranteed a response. Other methods of question submittal may not be acknowledged.

Any exception to the Government's technical requirements/specifications and/or terms and conditions of this RFP, must be resolved prior to the solicitation closing date. Offerors that take exception to the Government's technical requirements, terms and conditions, omit any required information, or propose additional terms or conditions, without prior resolution with the Contracting Officer, may be eliminated from consideration. Alternate proposals are not authorized and will be rejected.

The Government intends to award a task order without discussions. Notwithstanding this intent, the Government reserves the right, at its discretion, to request and require revised proposals from any or all offerors in accordance with FAR 16.505. The Government also reserves the right to change any of the terms and conditions in the RFP by an amendment at any time prior to award and to allow offerors to revise their proposals accordingly.

The Government reserves the right to reject all proposals received in response to a solicitation, if doing so is in the best interest of the Government.

Each Offeror's proposal is presumed to represent the Offeror's best efforts to comply with the solicitation requirements and provide the best price. The Offeror's initial proposal should contain the Offeror's best terms from a price standpoint. Clarity and completeness of the proposal are of the utmost importance. The proposal must be written in a practical, clear, and concise manner. It must use quantitative terms whenever possible and must avoid qualitative adjectives to the maximum extent possible. The proposal should be complete as submitted and not include references to data or information previously submitted. Data previously submitted to the Navy, if any, will not be incorporated "by reference" into the offer and will not be considered in the evaluation of the proposal.

The proposal must demonstrate the Offeror's familiarity with the detailed aspects of the requirements and clearly show that the Offeror understands all of the requirements. Offerors are cautioned against restating the PWS in their proposal, particularly with regards to the Factor I: Technical; and must state how all solicitation and PWS requirements will be met. Statements such as "the Offeror understands", and "the Offeror shall/can comply", along with responses that paraphrase the solicitation, are inadequate. The use of phrases such as "standard practices" (with a specific Government reference or industry reference) does not reflect the Offeror's understanding of requirements and will likely result in an "Unacceptable" evaluation rating.

Proposals must be sufficiently detailed to allow the Technical Evaluation Board (TEB) to make a thorough evaluation of the proposal and arrive at a determination about the extent to which the offeror will be able to provide quality performance in accordance with the PWS.

Proposal Format and Content: Offerors shall submit their proposals in the following format:

Volume I- Signed Offer - Seaport NxG Solicitation

Volume II - Technical Proposal

Volume III - Past Performance

Volume IV - Price

Volume Name	Number of Copies	Page Limit
Volume I - Proposal /Complete Solicitation	(1) Seaport NxG System	Unlimited
Volume II - Technical**	(1) Seaport NxG System	(20) pages, , excluding resumes, letters of intent, employment agreements, title page, table of contents
Volume III - Past Performance	(1) Seaport NxG System	(3) pages, excluding Offeror's Past Performance Data (OPPD)
Volume IV - Price	(1) Seaport NxG System	Unlimited (Excel) - Submission may also include 5-page max explanatory word document. Back-up documents/attachments do not count against the 5-page limit.

**Volume II must not contain any price or cost information

**Page limits do not include cover page or table of contents. However, these pages shall not include any material information that needs to be evaluate under the evaluation factors.

All offers must be submitted via e-mail to Contract Specialist Ms. Patricia Castillo, e-mail address patricia.castillo26.civ@us.navy.mil and must show the RFP Number, Offeror's name, and the word "PROPOSAL" in the Subject Line of the email.

The proposal should be single-spaced typed (one side only) using Microsoft Word minimum 12-point Font text. Graphs/tables/charts may be included as necessary and may be in 10-point font text. Hyperlinks may not be used.

All pages in each volume shall be numbered sequentially (i.e., 1-20); pages identified above that are not included in the page limitation may be numbered differently or not at all. The Government will only evaluate that part of the proposal that complies with the instructions set forth herein. For example, if the requirement is a maximum of 20 pages and an offeror submits 22 pages, the last two pages will not be read and/or evaluated.

Specific Volume Instructions:

Volume I - Proposal

Volume I consists of the offer. The offer must include a complete copy of the Solicitation. This volume shall be completely filled in and signed by the offeror. Contractors are required to provide an offer based on the most up to date information provided by the Government.

The proposal shall include a cover letter from the Offeror and each subcontractor. The following information shall be included in the cover letter:

- a. The company name, address, point of contact with telephone numbers, e-mail address, Contractor and Government Entity (CAGE) code, Unique Entity Identifier (UEI) number, and Tax Identification Number (TIN); and Seaport NxG contract number.
- b. Names, titles, telephone numbers and e-mail addresses of persons authorized to negotiate and signature of person authorized to sign the proposal (Not required for the Subcontractor) on the Offeror's behalf with the Government in connection with this solicitation;
- c. Proposal validity for 120 days;
- d. Completed Representations and Certifications of solicitation provisions or certification of completion within the offerors System of Award Management (SAM) profile; and
- e. Evidence of VETS 4212 compliance

The Offeror must explicitly state if any exceptions are taken to the terms and conditions of the solicitation. If so, the Offeror shall list and provide its rationale for any such exception. Any comments or exceptions must be addressed in this section and may form the basis for an Offeror to be considered ineligible for award. Alternate proposals are not authorized and will be rejected.

Volume II - Technical

The purpose of this section is to enable the Navy to assess the Offeror's technical understanding of and capability to perform, manage, and control tasks in the Performance Work Statement (PWS).

The Technical Proposal shall consist of no more than 20 pages, excluding resumes, letters of intent, employment agreements, title page, table of contents, and cross-reference index list. Offerors are cautioned that no more than the first 20 pages of their Technical Proposals will be evaluated. If any offer is not in compliance with the page limitation on Technical Proposals the extra pages will be removed and not evaluated. There shall be no price/cost information included in the Technical sections of the offer.

Factor I - Technical will consist of three (3) Sub-factors:

Sub-factor 1: Technical Approach

Sub-factor 2: Management Plan

Sub-factor 3: Staffing

Clarity and completeness of the proposal are of the utmost importance. The proposal must be written in a practical, clear, and concise manner. It must use quantitative terms whenever possible and must avoid qualitative adjectives to the maximum extent possible. Offerors are cautioned against restating PWS requirements in their proposal, particularly with regard to technical requirements; and must state how all RFP and PWS requirements will be met. Statements such as "the offeror understands" and "the offeror shall/can comply", along with reference or industry references does not reflect that the offeror understands the requirements and will likely result in a diminished evaluation rating.

Sub-factor (1) - Technical Approach

The Offeror shall provide, in detail, an approach that will demonstrate the Offeror's understanding and ability to perform all tasks listed in the PWS. The Flag Secretary Office coordinates the administrative activities of the CNAP Staff as well as the management and oversight of CNAP headquarters facilities. This office is the primary focal point/liaison with Navy Public Works in the maintenance and upkeep of CNAP buildings. The purpose of this task order is to provide support to the Flag Secretary Office in the administration and management of these CNAP programs. Offerors shall provide a narrative explanation of their general understanding of the methodology and ability to perform all the PWS tasks. Emphasis should be placed on proven ability to provide like or similar work, corporate experience/team experience or other like information demonstrating understanding and capability to work the various tasks set forth in the PWS.

The technical approach shall demonstrate that the Offeror can accomplish the specified work in a technically competent, timely, cost-effective manner with minimal risk to the Government. Offerors must address understanding of the deliverables to be produced in response to the requirements.

Offeror must provide evidence and details of knowledge in supporting the various tasks identified in the Performance Work Statement (PWS).

Sub-factor (2) - Management Plan

Offeror shall demonstrate the effectiveness of the proposed organizational structure and functional relationships. Offerors must address methodology for performing the technical requirements identified in the PWS; management approach and task order administration including status reporting; the reporting chain of command, lines of authority, responsibilities designed to accomplish the proposed work effort, and methods for overall supervision. Offerors must include a generic organizational chart which clearly depicts how the site will be staffed. The organizational chart must be accompanied by an explanation of the functional relationships and responsibilities, focusing on overall management and immediate supervision.

Offerors shall demonstrate their ability to provide continuity of support of the required services and explain their ability to manage unplanned events and circumstances. Each Offeror must address what role, if any, any subcontractor will play and their relationship with the prime contractor.

Sub-factor (3) -Staffing

The Offeror shall provide a narrative explaining their plan to provide proper staffing that 1) meets the qualifications listed in the PWS, and 2) is capable of completing the tasks described in the PWS. The plan must be sufficiently detailed to determine that all services will be provided in accordance with the PWS. Offerors shall address their ability to source, recruit, train, and retain employees who can perform the tasks in the PWS and provide information that will document the current strategies, such as fringe benefits, to maintain competent employees and reduce staff- turnover.

Offerors shall address their current retention rate and their ability to source, recruit, train, and retain employees who can perform the tasks in the PWS and provide information that will document the current strategies, such as fringe benefits, to maintain competent employees and reduce staff-turnover.

Desired qualifications and experience of each individual shall be appropriate to the proposed labor category. Required years of program related experience must be clearly shown in the resume and may be satisfied by concurrent experience.

For each person proposed who is not currently on the contractor or subcontractor's payroll, the Offeror shall provide a signed "Letter of Intent" with the individual's resume (not included in resume page count). Without the Letter of Intent, the Government considers the resume incomplete and will not consider it in the evaluation.

If the Offeror proposed personnel from a different labor category or by a different title, a cross-reference list is required to be provided in the offeror's proposal justifying the submission. The justification shall clearly state the basis for the deviation and rationale supporting the deviation.

Volume III - Past Performance

Offerors shall submit a document (3-pages maximum) listing relevant task orders/contracts (maximum of five, with at least two references for the prime contractor) completed during the last four years from the solicitation close. Offerors may submit performance data regarding current contract performance as long as a minimum of one year of performance has been completed as of the closing date of this solicitation. The document shall include contract number, contract type, dollar value, brief description of the work, POC information, and whether the contract was performed by the prime contractor or subcontractor.

Offerors shall contact their past performance references and request that each reference complete the "Offeror's Past Performance Data" (OPPD) Attachment. A prime contractor shall not submit an OPPD for one of its subcontractors nor shall a subcontractor submit an OPPD for their prime contractor. OPPDs received of this nature will not be accepted or evaluated. OPPDs shall be emailed directly from the reference to Patricia Castillo at patricia.castillo26.civ@us.navy.mil and should include the RFP Number, Offeror's name, and "OPPD" in the Subject Line of the email. OPPDs submitted by the offeror or one of its subcontractors, will not be evaluated.

OPPD's are not mandatory but assist the Government in evaluating an offeror's past performance. CPARS may be submitted in lieu or in addition to OPPD's for any or all references.

In addition to the OPPD, offeror's may include in Volume III, a document listing all potential references. Information to be provided is reference name, address, phone number, email address, and other identifying information such as Contract Number and type of work performed.

Past Performance references may include federal, state, or local government and private contracts performed by the offeror for efforts similar to the Government requirement. Offerors are encouraged to provide information on problems encountered on the identified contracts and the corrective actions.

If the offeror possesses no relevant past performance, it must affirmatively state this fact in the Volume III submittal. An Offeror's failure to submit a Volume III - Past Performance may render their entire proposal unacceptable and not further considered for award.

Volume IV - Price

Each offeror's price proposal must be submitted in a Microsoft Excel format, unlocked with visible formulas. Do not submit this spreadsheet in PDF format.

The spreadsheet must list the factors used to calculate the billing rates for the period of performance. The spreadsheet shall provide the labor category, hours proposed, base labor rate, indirect rates, and profit. If the offeror intends to subcontract, the subcontractor's rolled-up labor rate shall be provided as well. An eight (8) page explanatory document may be included. No cost or pricing information shall appear in the Technical Proposal. If applicable, subcontractors pricing information shall also be submitted in excel format.

Offerors should use the hours provided in the Price Template attachment; however, if an offeror proposes less hours than those listed, then it must provide a narrative detailing why and how they can accomplish the requirements of the PWS with less personnel. The explanation must clearly demonstrate the offeror's ability to meet all goals and objectives set forth in the PWS. Failure to provide an adequate explanation may render the proposal ineligible for award.

All CLINs must be rounded to the nearest whole dollar.

Offerors are instructed to price a six-month option at the end of the last period of performance. This six-month option shall be priced separately from the rest of the proposal. Therefore, please do not include this option pricing in the total proposed cost, it shall be independent of the proposal. The six-month option pricing shall not exceed 50% of the last option year. Should clause 52.217-8 OPTION TO EXTEND SERVICES be executed, the six-month option will be incorporated into the contract.

In accordance with FAR 16.301-3(a)(3), a contractor's accounting system must be adequate for determining costs applicable to the task order.

It is expected that this contract will be awarded based upon a determination that there is adequate price competition; therefore, the offeror is not required to submit or certify cost or pricing data (SF 1411) with its proposal. If, after receipt of proposal, the Contracting Officer determines that adequate price competition does not exist in accordance with FAR 15.403-1, the offeror shall provide certified cost or pricing data as requested by the Contracting Officer.

Section M - Evaluation Factors for Award

Section M - Evaluation Factors

1. Basis for Award:

The Government anticipates award of a single Firm-Fixed-Price (FFP) task order resulting from this solicitation. The solicitation will be a Seaport NxG WOSB set-aside and award will be made using a tradeoff source selection process and Fair Opportunity under FAR 16.505.

The Government will utilize the subjective Tradeoff source selection process. This process allows for a tradeoff between non-cost factors and cost /price which allows the Government to accept other than the lowest priced proposal or other than the highest technically rated proposal to achieve a best value contract award.

The basis for award of a contract as a result of this solicitation will be an integrated assessment by the Contracting Officer of the results of the evaluation based on the evaluation factors and their importance as indicated below. The integrated assessment will include consideration of the strengths and weaknesses of the proposals. The Government reserves such right of flexibility in conducting the evaluation as is necessary to assure placement of a contract is in the Government's best interest. Accordingly, the Government reserves the right to make award to other than the lowest cost or the highest rated offeror if the Government determines that doing so would result in the overall best value to the Government.

The contract resulting from this solicitation will be awarded to that responsible Offeror whose offer, conforming to the solicitation, in the Government's estimation, provides the greatest overall benefit in response to the requirement.

The Government intends to evaluate proposals and award based on initial proposals. Offerors that take exception to the Government's technical requirements, propose any additional term or condition, or omit any required information without prior resolution with the Contracting Officer might be eliminated from consideration. However, the Government reserves the right to conduct exchanges with any or all or a limited number of offerors, if necessary, and to permit such offerors to revise their proposals as permitted under FAR Part 16. Vendors are hereby instructed that, regardless of any language that may be used in this solicitation, the task order evaluation and award will be conducted pursuant to FAR (S) 16.505 and will not use the formal source selection procedures of FAR Subpart 15.3.

Accordingly, procedures such as a competitive range determination, pre-award notifications to offerors excluded from a competitive range, pre-award debriefings, oral or written discussions with all offerors within a competitive range and requesting final proposal revisions from all offerors included within a competitive range are not required.

Offerors are advised that the Government reserves the right to reject any proposal that does not comply with proposal preparation/submission instructions contained in section L.

The Government will weigh the relative benefits of each proposal by giving the appropriate consideration to the three (3) evaluation Factors: Technical, Past Performance, and Price. The Technical Factor has three (3) Subfactors. A rating of "Unacceptable" in any factor or sub-factor will render the entire proposal ineligible for contract award.

2. Evaluation Factors and Rating Criteria:

The Government will evaluate proposals based on the following Factors:

Factor I - Technical

Factor II - Past Performance

Factor III - Price

The factors are listed in descending order of importance and offerors are advised that, when combined, "Technical" and "Past Performance" are significantly more important than "Price".

Factor I "Technical" will consist of three (3) subfactors: Technical Approach, Management Plan, and Staffing Plan, in descending order of importance. Each subfactor will be individually rated. The Technical Factor I, will be given an overall "Technical" score based on the ratings of the three (3) subfactors. A rating of unacceptable in any subfactor shall render the entire factor unacceptable. A proposal with an unacceptable factor rating shall be ineligible for award and will not be further evaluated under Past Performance or Price. The overall factor rating will be used for trade-off analysis but if more than one offeror has the same overall rating, the subfactor ratings may be used in the trade-off analysis.

Factor II - Past Performance, will be evaluated by assigning a relevancy rating for each past performance effort submitted and assigning one overall rating for Past Performance Confidence. A proposal with a No Confidence past performance rating will be deemed ineligible for award and will not be further evaluated under cost.

Factor III - Price, will be evaluated by comparing the total proposed price of acceptable offerors. In addition, the contracting officer may use any other FAR price analysis technique to determine if the proposed price is fair and reasonable.

Although price is significantly less important than a combined Technical and Past Performance, it should not be ignored. To the extent that the technical and past performance ratings of competing offerors are similar, such that the advantages of one proposal over another are minimal, a difference in price will take on increased significance in the best value decision.

2. Factor I - Technical:

The Government will assess the Offeror's Technical proposal with respect to its compliance with the solicitation requirements and the risk associated with the Offeror's approach through the assessment of the strengths, weaknesses, and deficiencies.

Offerors are on notice that well documented technical understanding, detailed management approach, significant employee retention plan, and well qualified resumes may be considered "strengths." However, Offerors are advised that the Government may give a higher rating only if the strength(s) represent a real value or benefit to the Government.

The following Factor (I) Sub-factors shall be rated individually with these ratings used to determine an overall rating for Technical. Of descending order of importance, the Technical sub-factors are:

Sub-factor (1) Technical Approach:

The Government will evaluate the technical understanding and approach to determine the offeror's overall understanding and ability to successfully accomplish the PWS requirements. The Government will evaluate the extent to which the Offeror's technical approach demonstrates the Offeror's ability to accomplish the specified work in a technically competent, timely, cost-effective manner with a minimum of risk to the Government. The

narrative will be evaluated for a complete analysis of the performance requirements and explanation of the processes, best practices and other methods the Offeror proposes to use to meet each requirement stated in the PWS.

Sub-factor (2) Management Plan:

The Government will evaluate the degree to which the proposed approach shows clear and effective delineation of responsibility, authority, and communication through which the tasks will be managed for this requirement. The Government will also evaluate the Offeror's ability to provide continuity of support and manage unplanned events and circumstances.

Sub-factor (3) Staffing Plan:

The Government will evaluate all proposed Key Personnel and the supporting information to determine the extent to which the described knowledge, experience, and education are in accordance with the key requirements in the PWS.

The Government will evaluate the adequacy of the proposed staffing plan to complete the tasks in the PWS with staffing that meets the required qualifications.

The Government will evaluate the adequacy of the proposed staffing and retention plan to complete the tasks in the PWS with staffing that meets the required qualifications with minimal staff turnover.

EVALUATION: The Government will utilize a tradeoff source selection process using the adjectival ratings/descriptions in Table 1. to evaluate Factor I and its subfactors. Offerors receiving an UNACCEPTABLE rating for this factor will not be further evaluated for past performance or price. Inherent in the Factor I rating definition is a component for risk, reflecting the projected risk of the proposed approach to successfully perform the contract. To receive an "Acceptable" rating the proposal must clearly demonstrate that the offeror meets the requirements as defined by the PWS and all RFP attachments with, at worst, moderate risk.

The following table of Ratings/Definition/Description shall be used for the Technical/Risk Rating for each Sub-factor and for Factor (I). The overall Factor I (Technical) rating will be determined by evaluating the ratings for each of the sub-factors. The overall rating will be used for tradeoff analysis. No Technical Proposal may be given more than a marginal rating unless the proposal clearly shows that the offer meets requirement as defined by the PWS and all RFP attachments.

Table 1. Combined Technical/Risk Rating

Adjectival Rating	Description
Outstanding	Proposal demonstrates an exceptional approach and understanding of the requirements and contains multiple strengths and/or at least one significant strength, and risk of unsuccessful performance is low.
Good	Proposal indicates a thorough approach and understanding of the requirements and contains at least one strength or significant strength, and risk of unsuccessful performance is low to moderate

Acceptable	Proposal meets requirements and indicates an adequate approach and understanding of the requirements, and risk of unsuccessful performance is no worse than moderate.
Marginal	Proposal has not demonstrated an adequate approach and understanding of the requirements, and/or risk of unsuccessful performance is high.
Unacceptable	Proposal does not meet requirements of the solicitation and, thus, contains one or more deficiencies and is unawardable, and/or risk of performance is unacceptably high.

* Offerors are reminded that receiving a score of "unacceptable" in any sub-factor will render the entire proposal ineligible for award.

3. Factor II - Past Performance:

The Government will evaluate the offeror's past performance to assess the Government's confidence in the Offeror's probability of successfully performing the requirements as outlined in this RFP. Past performance will be evaluated on a subjective, integrated assessment of recency, relevancy, and quality of past performance. All proposals will be rated for past performance utilizing the adjectival ratings in Table 3. Performance Confidence Assessments Rating below.

The government's assessment of performance risk is not intended to be the product of a mechanical or mathematical analysis of an offeror's performance on list of contracts, but rather the product of subjective judgment of the government after it considers all available relevant and recent information.

In conducting the Past Performance evaluation, the Government reserves the right to use both the information provided in the Offeror's Past Performance proposal and the information gathered from other sources available to the Government. These include, but are not limited to, Past Performance Information Retrieval System (PPIRS), Contractor Performance Assessment Reporting System (CPARS), or other databases; interviews with Program managers/Contracting Officers, etc.

There are three aspects to past performance evaluation: recency, relevancy, and quality. Past performance references not found to be recent will not be further evaluated for relevancy, and references not found to be relevant will not be further evaluated for quality.

Each past performance reference will be evaluated to determine recency, with recent past performance being performance under contracts accomplished within the past four (4) years from solicitation close.

The Government will evaluate the relevancy of each past performance reference, with relevant past performance being performance under contracts for work that is for similar services, scope, complexity, dollar value, and/or contract type. Each past performance reference will be assigned an adjectival rating in accordance with the below table:

Table 2. Past Performance Relevancy Rating

--

Past Performance Relevancy Ratings	
Adjectival Rating	Description
Very Relevant	Present/past performance effort involved essentially the same scope and magnitude of effort and complexities this solicitation requires.
Relevant	Present/past performance effort involved similar scope and magnitude of effort and complexities this solicitation requires.
Somewhat Relevant	Present/past performance effort involved some of the scope and magnitude of effort and complexities this solicitation requires.
Not Relevant	Present/past performance effort involved little or none of the scope and magnitude of effort and complexities this solicitation requires.

Past performance of greater relevancy will typically be a stronger predictor of future success and have more influence on the past performance confidence assessment than past performance of lesser relevance. Past performance reference that has no relevance to the instant requirement will not be evaluated favorably or unfavorably and will not be considered in the overall assessment of Past Performance Confidence. However, the number of more relevant contracts an offeror has, the higher the confidence may be.

Each past performance reference under each offeror's Past Performance submission that is found to have at least some relevance to the instant requirement will be evaluated to determine the quality of the offeror's performance under that reference. Quality of the relevant past performance will form the basis for the Performance Confidence Assessment. The quality of performance that has no relevance to the instant requirement will not be considered in the overall assessment of Performance Confidence. An offeror that is determined to have no relevant Past Performance will be rated as Unknown Confidence (Neutral).

EVALUATION: The Government will assign an overall past performance confidence rating for each proposal using the adjectival ratings /descriptions in Table 3. This rating will be the Offeror's overall rating for Past Performance. An overall rating of "No Confidence" will render the offeror ineligible for award and it will not be further evaluated for Price.

Table 3. Performance Confidence Assessments Rating

Adjectival Rating	Description
Substantial Confidence	Based on the offeror's recent/relevant performance record, the Government has a high expectation that the offeror will successfully perform the required effort.

Satisfactory Confidence	Based on the offeror's recent/relevant performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort
Neutral Confidence	No recent/relevant performance record is available, or the offeror's performance record is so sparse that no meaningful confidence assessment rating can be reasonably assigned. The offeror may not be evaluated favorably or unfavorably on the factor of past performance.
Limited Confidence	Based on the offeror's recent/relevant performance record, the Government has a low expectation that the offeror will successfully perform the required effort.
No Confidence	Based on the offeror's recent/relevant performance record, the Government has no expectation that the offeror will be able to successfully perform the required effort.

4. Factor III - Price:

Offerors are reminded that a finding of "Unacceptable" in either Factor I or "No Confidence" in Factor II will result in the entire proposal being determined ineligible for award and therefore will not be further evaluated under Factor III - Price.

Although, when combined, the non-price factors Factor I (Technical), and Factor II (Past Performance) are significantly more important than Factor III (Price), Factor III - Price's degree of importance will increase with the degree of equality of proposals in relation to Technical and Past Performance. The significance of the non-price factors will also decrease when the offeror's price is so significantly high as to diminish the value of the technical superiority to the Government.

Price/Cost Analysis will be performed to determine whether the proposed prices are fair and reasonable using one or more of the techniques listed in FAR 15.404-1. In order for an offeror to be eligible for award, the offeror shall propose on all CLINs. A price proposal that leaves a blank for any CLIN will not be considered for award.

Offerors must propose the minimum rates of the respective Wage Determinations (attached). If the proposed price is not in accordance with the attached documents, the price will be determined unrealistic, and the quote will be rejected.

Price will be evaluated by totaling the prices for all line items, including option periods, for which the Government has requested the offeror provide a price. Option prices will be evaluated at time of award. Evaluation of the options WILL NOT obligate the Government to exercise the options.

As part of the Cost/Price Factor evaluation, the Government will evaluate the Option to Extend Services under FAR 52.217-8 by including six (6) months (50 percent) of the Offerors evaluated price for Option Year 4. The Government may choose to exercise the extension of services at the end of Option Year 4 utilizing the rates for that period.

Offerors are also reminded that the 6-month option under clause 52.217-8 OPTION TO EXTEND SERVICES WILL NOT be incorporated at the time of award and shall be priced separately from the rest of the proposal and not included in the total proposed cost. The six-month option pricing shall not exceed 50% of the last option year.

5. Definitions

Best Value means the expected outcome of an acquisition that, in the Government's estimation, provides the greatest overall benefit in response to the requirement. See FAR 2.101.

Clarifications are limited exchanges between the Government and offerors that may occur when award without discussions is contemplated.

Communications are exchanges, between the Government and offerors, after receipt of proposals, leading to establishment of the competitive range.

Competitive Range is all the most highly rated proposals (based on the rating of each proposal against all evaluation criteria), unless the range is further reduced for purposes of efficiency.

Deficiency is a material failure of a proposal to meet a Government requirement or a combination of significant weaknesses in a proposal that increases the risk of unsuccessful contract performance to an unacceptable level.

Discussions are negotiations conducted in a competitive acquisition. Discussions take place after establishment of the competitive range.

Evaluation Notice (EN) is the PCO's written notification to the offeror for purposes of clarifications, communications, or in support of discussions.

Performance Confidence Assessment is an evaluation of the likelihood (or Government's confidence) that the offeror will successfully perform the solicitation's requirements; the evaluation is based upon past performance information.

Recency, as it pertains to past performance information, is a measure of the time that has elapsed since the past performance reference occurred. Recency is generally expressed as a time period during which past performance references are considered relevant.

Relevancy, as it pertains to past performance information, is a measure of the extent of similarity between the service/support effort, complexity, dollar value, contract type, and subcontract/teaming or other comparable attributes of past performance examples and the source solicitation requirements; and a measure of the likelihood that the past performance is an indicator of future performance.

Requirements Documents are all aspects of the RFP that convey the needs of the Government to offerors, including the SOO, SOW, PWS, technical requirement documents, and system requirement documents.

Requiring Office is the entity (for example, a program management office or other organizational entity) responsible for translating user requirements into the requirements documents within the RFP that communicate those requirements to offerors.

Risk, as it pertains to source selection, is the potential for unsuccessful contract performance. The consideration of risk assesses the degree to which an offeror's proposed approach to achieving the technical factor or subfactor may involve risk of disruption of schedule, increased cost or degradation of performance, the need for increased Government oversight, and the likelihood of unsuccessful contract performance. (For firm-fixed-price contracts, the reference to increased cost may be removed from the risk definition.)

Significant Strength is an aspect of an Offeror's proposal with appreciable merit or will exceed specified performance or capability requirements to the considerable advantage of the Government during contract performance.

Significant Weakness in the proposal is a flaw that appreciably increases the risk of unsuccessful contract performance.

Source Selection Advisory Council (SSAC) is a group of senior Government personnel who provide counsel during the source selection process and must prepare the comparative analysis of the SSEB's evaluation results, when directed by the SSA.

Source Selection Authority (SSA) is the official designated to make the source selection decision.

Source Selection Team (SST) is a team that is tailored to the unique acquisition, tasked with carrying out a source selection. Composition of the team generally consists of the SSA, PCO (if different from the SSA), SSAC, SSEB, Advisors, Cost or Price Experts, Legal Counsel, Small Business Specialists, and other subject-matter experts.

Source Selection Decision Document (SSDD) is the document that reflects the SSA's independent, integrated, comparative assessment and decision.

Source Selection Evaluation Board (SSEB) is a group of Government and, if needed, approved non-Government personnel, representing the various functional disciplines relevant to the acquisition.

Source Selection Plan (SSP) is a plan that describes how the source selection will be organized, how proposals will be evaluated and analyzed, and how source(s) will be selected.

Strength is an aspect of an offeror's proposal that has merit or exceeds specified performance or capability requirements in a way that will be advantageous to the Government during contract performance.

Weakness means a flaw in the proposal that increases the risk of unsuccessful contract performance.
