fifth regular business day after receipt and the Action Date entered in CAV must be dated to reflect the actual date of physical receipt. The Contractor must obtain final inspection and acceptance by the Government for all assets within the RTATs established in this contract.

Please note freight is handled by Navy CAV as stated in NAVSUPWSSFA24.

Throughput Constraint: Contractor must provide a throughput Constraint for each NSN(s). Total assets to be repaired monthly after initial delivery commences: ____/month (contractor is to fill in #). A throughput of "0" (zero) per month reflects no throughput constraint.

Induction Expiration Date: 365 days after contract award date. Any asset received after this date in days is not authorized for repair without bi-lateral agreement between the Contractor and NAVSUP WSS Contracting Officer.

H. IMPORTANT NOTE:**Reconciliation Price Reduction:**

Any asset(s) for which the contractor does not meet the required RTAT will incur a price reduction per unit/per month the contractor is late. However, any delay determined to be excusable (e.g. Government Delay) will not result in a price reduction. If the contractor does not meet the required RTAT due to inexcusable contractor delay, the Contracting Officer will implement the aforementioned price reduction via a "Reconciliation Modification" at the end of the contract performance. Price reductions made pursuant to this section shall not limit other remedies available to the Government for failure to meet required RTATs, including but not limited to the Government's right to terminate for default.

In reference to the above important note, the contractor provides the following price reduction amount per unit/per month the contractor does not meet the RTAT: \$_____, up to a maximum of: \$_____. (vendor is to fill in amount)

1. Your quote MUST include the following information for justification purposes:

- Repair unit price _____
- Total price _____
- Repair Turnaround Time (RTAT) _____ days
- New unit price _____

NOTE: If you are not quoting the Government's Requested Repair Turnaround Time (RTAT) or sooner, you must provide your company's capacity constraints below:

CONTACT INFORMATION**

When a DCMA office is shown on a Contract/Purchase Order, the Administrative Contracting Officer (ACO) is the primary point of contact and all inquiries shall initially be directed to that office for necessary action.

Inquiries and correspondence directed to the Post Award PCO should be addressed as follows:

Code: (<N711,10>) Weapon System LRC: (<AHF>)
Telephone: (<771-229-0396>)
E-Mail: (<JORDAN.D.BURT.CIV@US.NAVY.MIL>)

In the event that the listed PCO contact information is no longer valid and a follow-on PCO cannot be identified, contact itimp.wss.fct@navy.mil.

**WSSTERMBZ01
IMPORTANT NOTICE REGARDING INVENTORY TRANSACTION REPORTING**

Inventory transaction reporting requirements have changed for NAVSUP Weapon System Support (NAVSUPWSS) contracts. These requirements are detailed in Section F, and the contractor should read this section carefully to ensure compliance. Detailed information on Commercial Asset Visibility (CAV) Repairables Portal(RP) reporting requirements can be found in the CAV Statement of Work (SOW) located at:
<https://www.navsupsup.navy.mil/NAVSUP-Enterprise/NAVSUP-Weapon-Systems-Support/Provisions-Instructions-and-Contract/>

Questions can be addressed to usn.philadelphia.navsupsupssphil.mbx.cavsaar@us.navy.mil for NAVSUP WSS Philadelphia solicitations and contracts (document numbers beginning with N00383) and to usn.mechanicsburg.navsupsupssmech.mbx.mech-cav-saar@us.navy.mil for NAVSUP WSS Mechanicsburg solicitations and contracts (document numbers beginning with N00104).

DESCRIPTION/SPECIFICATIONS/WORK STATEMENT**

**CLIN: 0001
NIIN: 016946776
ITEM NAME: SERVER**

ACTIVITY USE ONLY: TDP VERSION NO.: 002

1. SCOPE

1.1 This contract/purchase order contains the requirements for repair and the contract quality requirements for the SERVER .

2. APPLICABLE DOCUMENTS

2.1 Applicable Documents - The document(s) listed below form a part of this contract/purchase order including modifications or exclusions.

2.1.1 "Document References" listed below must be obtained by the Contractor. Ordering information is included as an attachment to this contract/purchase order.

3. REQUIREMENTS

3.1 Cage Code/Reference Number Items - The SERVER repaired under this contract/purchase order shall meet the operational and functional requirements as represented by the Cage Code(s) and reference number(s) listed below. All repair work shall be performed in accordance with the contractors repair/overhaul standard practices, manuals and directives including but not limited to drawings, technical orders, manufacturing operations, tooling instructions, approved repair standards and any other contractor or government approved documents developed to provide technical repair procedures.

CAGE Ref. No.
<52088 TI20-S416-1>

3.2 Marking - This item shall be physically identified in accordance with <MIL-STD-130, REV N, 16 NOV 2012> .

3.3 Changes in Design, Material Servicing, or Part Number - Except for a Code 1 change, which shall be processed as provided in the code statement shown below, no substitution of items shall be made until the NAVICP-MECH Contracting Officer has notified and approval has been given by issuance of a written change order. When any change in design, material, servicing or part number is made to replace or substitute any item to be furnished on this contract/purchase order, the Contractor shall furnish, for the substituting/replacement item, a drawing and an explanation of the reason for the change, explaining the reason therefor. If finished detail drawings are not available, shop drawings in the form used by the manufacturer will be acceptable for Government evaluation. When notifying the Procurement Contracting Officer of the reasons for making substitutions, the type of change shall be indicated by code number in accordance with one of the following statements:

Code 1: PART NUMBER CHANGE ONLY - If the Manufacturer's Part Number indicated thereon has changed, but the parts are identical in all respects, supply the item and advise NAVICP-MECH immediately of the new part number.

Code 2: Assembly (or set or kit) not furnished - Used following detail parts.

Code 3: Part not furnished separately - Use assembly.

Code 4: Part redesigned - Old and new parts are completely interchangeable.

Code 5: Part redesigned - New part replaces old. Old part cannot replace new.

Code 6: Part redesigned - Parts not interchangeable.

5. PACKAGING

5.1 Preservation, Packaging, Packing and Marking - Preservation, Packaging, Packing and Marking shall be in accordance with the Contract/Purchase Order Schedule and as specified below.

MIL-STD 2073 PACKAGING APPLIES AS FOUND ELSEWHERE IN THE SCHEDULE

**252.211-7003
ITEM UNIQUE IDENTIFICATION AND VALUATION (JAN 2023)**

(a) Definitions. As used in this clause-

"Automatic identification device" means a device, such as a reader or interrogator, used to retrieve data encoded on machine-readable media.

"Concatenated unique item identifier" means-

(1) For items that are serialized within the enterprise identifier, the linking together of the unique identifier data elements in order of the issuing agency code, enterprise identifier, and unique serial number within the enterprise identifier; or

(2) For items that are serialized within the original part, lot, or batch number, the linking together of the unique identifier data elements in order of the issuing agency code; enterprise identifier; original part, lot, or batch number; and serial number within the original part, lot, or batch number.

"Data matrix" means a two-dimensional matrix symbology, which is made up of square or, in some cases, round modules arranged within a perimeter finder pattern and uses the Error Checking and Correction 200 (ECC200) specification found within International Standards Organization (ISO)/International Electrotechnical Commission (IEC) 16022.

"Data qualifier" means a specified character (or string of characters) that immediately precedes a data field that defines the general category or intended use of the data that follows.

**252.211-7003 (CONT)
ITEM UNIQUE IDENTIFICATION AND VALUATION (JAN 2023)**

"DoD recognized unique identification equivalent" means a unique identification method that is in commercial use and has been recognized by DoD. All DoD recognized unique identification equivalents are listed at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>

"DoD item unique identification" means a system of marking items delivered to DoD with unique item identifiers that have machine-readable data elements to distinguish an item from all other like and unlike items. For items that are serialized within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier and a unique serial number. For items that are serialized within the part, lot, or batch number within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier; the original part, lot or batch number; and the serial number.

"Enterprise" means the entity (e.g., a manufacturer or vendor) responsible for assigning unique item identifiers to items.

"Enterprise identifier" means a code that is uniquely assigned to an enterprise by an issuing agency.

"Government's unit acquisition cost" means-

- (1) For fixed-price type line, subline, or exhibit line items, the unit price identified in the contract at the time of delivery;
- (2) For cost-type or undefinitized line, subline, or exhibit line items, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery; and
- (3) For items produced under a time-and-materials contract, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery.

"Issuing agency" means an organization responsible for assigning a globally unique identifier to an enterprise, as indicated in the Register of Issuing Agency Codes for ISO/IEC 15459, located at http://www.aimglobal.org/?Reg_Authority15459.

"Issuing agency code" means a code that designates the registration (or controlling) authority for the enterprise identifier.

"Item" means a single hardware article or a single unit formed by a grouping of subassemblies, components, or constituent parts.

"Lot or batch number" means an identifying number assigned by the enterprise to a designated group of items, usually referred to as either a lot or a batch, all of which were manufactured under identical conditions.

"Machine-readable" means an automatic identification technology media, such as bar codes, contact memory buttons, radio frequency identification, or optical memory cards.

"Original part number" means a combination of numbers or letters assigned by the enterprise at item creation to a class of items with the same form, fit, function, and interface.

"Parent item" means the item assembly, intermediate component, or subassembly that has an embedded item with a unique item identifier or DoD recognized unique identification equivalent.

"Serial number within the enterprise identifier" means a combination of numbers, letters, or symbols assigned by the enterprise to an item that provides for the differentiation of that item from any other like and unlike item and is never used again within the enterprise.

"Serial number within the part, lot, or batch number" means a combination of numbers or letters assigned by the enterprise to an item that provides for the differentiation of that item from any other like item within a part, lot, or batch number assignment.

"Serialization within the enterprise identifier" means each item produced is assigned a serial number that is unique among all the tangible items produced by the enterprise and is never used again. The enterprise is responsible for ensuring unique serialization within the enterprise identifier.

252.211-7003 (CONT)
ITEM UNIQUE IDENTIFICATION AND VALUATION (JAN 2023)

"Serialization within the part, lot, or batch number" means each item of a particular part, lot, or batch number is assigned a unique serial number within that part, lot, or batch number assignment. The enterprise is responsible for ensuring unique serialization within the part, lot, or batch number within the enterprise identifier.

"Type designation" means a combination of letters and numerals assigned by the Government to a major end item, assembly or subassembly, as appropriate, to provide a convenient means of differentiating between items having the same basic name and to indicate modifications and changes thereto.

"Unique item identifier" means a set of data elements marked on items that is globally unique and unambiguous. The term includes a concatenated unique item identifier or a DoD recognized unique identification equivalent.

"Unique item identifier type" means a designator to indicate which method of uniquely identifying a part has been used. The current list of accepted unique item identifier types is maintained at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>

(b) The Contractor shall deliver all items under a contract line, subline, or exhibit line item.

(c) Unique item identifier.

(1) The Contractor shall provide a unique item identifier for the following:

(i) Delivered items for which the Government's unit acquisition cost is \$5,000 or more; except for the following line items:

Contract Line, Subline, or Exhibit Line Item Number	Item Description
< >	< >
< >	< >
< >	< >
< >	< >

(ii) Items for which the Government's unit acquisition cost is less than \$5,000 that are identified in the Schedule or the following table:

Contract Line, Subline, or Exhibit Line Item Number	Item Description
< >	< >
< >	< >
< >	< >
< >	< >

(If items are identified in the Schedule, insert "See Schedule" in this table.)

(iii) Subassemblies, components, and parts embedded within delivered items, items with warranty requirements, DoD serially managed reparables and DoD serially managed nonreparables as specified in Attachment Number < > .

(iv) Any item of special tooling or special test equipment as defined in FAR 2.101 that have been designated for preservation and storage for a Major Defense Acquisition Program as specified in Attachment Number < > .

(v) Any item not included in paragraphs (c)(1)(i), (ii), (iii), or (iv) of this clause for which the contractor creates and marks a unique item identifier for traceability.

(2) The unique item identifier assignment and its component data element combination shall not be duplicated on any other item marked or registered in the DoD Item Unique Identification Registry by the contractor.

(3) The unique item identifier component data elements shall be marked on an item using two dimensional data matrix symbology that complies with ISO/IEC International Standard 16022, Information technology - International symbology specification - Data matrix; ECC200 data matrix specification.

(4) Data syntax and semantics of unique item identifiers. The Contractor shall ensure that --

(i) The data elements (except issuing agency code) of the unique item identifier are encoded within the data matrix symbol that is marked on the item using one of the following three types of data qualifiers, as determined by the Contractor:

(A) Application Identifiers (AIs) (Format Indicator 05 of ISO/IEC International Standard 15434), in

252.211-7003 (CONT)**ITEM UNIQUE IDENTIFICATION AND VALUATION (JAN 2023)**

accordance with ISO/IEC International Standard 15418, Information Technology – EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(B) Data Identifiers (DIs) (Format Indicator 06 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology – EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(C) Text Element Identifiers (TEIs) (Format Indicator 12 of ISO/IEC International Standard 15434), in accordance with the Air Transport Association Common Support Data Dictionary; and

(ii) The encoded data elements of the unique item identifier conform to the transfer structure, syntax, and coding of messages and data formats specified for Format Indicators 05, 06, and 12 in ISO/IEC International Standard 15434, Information Technology – Transfer Syntax for High Capacity Automatic Data Capture Media.

(5) Unique item identifier.

(i) The Contractor shall–

(A) Determine whether to–

(1) Serialize within the enterprise identifier;

(2) Serialize within the part, lot, or batch number; or

(3) Use a DoD recognized unique identification equivalent; (e.g. Vehicle Identification Number);

and

(B) Place the data elements of the unique item identifier (enterprise identifier; serial number; DoD recognized unique identification equivalent; and for serialization within the part, lot, or batch number only:

original part, lot or batch number) on items requiring marking by paragraph (c)(1) of this clause, based on the criteria provided in MIL-STD-130, Identification Marking of U.S. Military Property, latest version;

(C) Label shipments, storage containers and packages that contain uniquely identified items in accordance with the requirements of MIL-STD-129, Military Marking for Shipment and Storage, latest version; and

(D) Verify that the marks on items and labels on shipments, storage containers, and packages are machine readable and conform to the applicable standards. The contractor shall use an automatic identification technology device for this verification that has been programmed to the requirements of Appendix A, MIL-STD-130, latest version.

(ii) The issuing agency code–

(A) Shall not be placed on the item; and

(B) Shall be derived from the data qualifier for the enterprise identifier.

(d) For each item that requires item unique identification under paragraph (c)(1)(i), (ii) or (iv) of this clause or when item unique identification is provided under paragraph (c)(1)(v), in addition to the information provided as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the Contractor shall report at the time of delivery, as part of the Material Inspection and Receiving Report, the following information:

(1) Unique item identifier.

(2) Unique item identifier type.

(3) Issuing agency code (if concatenated unique item identifier is used).

(4) Enterprise identifier (if concatenated unique item identifier is used).

(5) Original part number (if there is serialization within the original part number).

(6) Lot or batch number (if there is serialization within the lot or batch number).

(7) Current part number (optional and only if not the same as the original part number).

(8) Current part number effective date (optional and only if current part number is used).

(9) Serial number (if concatenated unique item identifier is used).

(10) Government's unit acquisition cost.

(11) Unit of measure.

(12) Type designation of the item as specified in the contract schedule, if any.

(13) Whether the item is an item of Special Tooling or Special Test Equipment.

(14) Whether the item is covered by a warranty.

(e) For embedded subassemblies, components, and parts that require DoD item unique identification under paragraph (c)(1)(iii) of this clause or when item unique identification is provided under paragraph (c)(1)(v), the Contractor shall report as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the following information:

(1) Unique item identifier of the parent item under paragraph (c)(1) of this clause that contains the embedded subassembly, component, or part.

(2) Unique item identifier of the embedded subassembly, component, or part.

(3) Unique item identifier type.**

(4) Issuing agency code (if concatenated unique item identifier is used).**

(5) Enterprise identifier (if concatenated unique item identifier is used).**

(6) Original part number (if there is serialization within the original part number).**

(7) Lot or batch number (if there is serialization within the lot or batch number).**

(8) Current part number (optional and only if not the same as the original part number).**

(9) Current part number effective date (optional and only if current part number is used).**

(10) Serial number (if concatenated unique item identifier is used).**

(11) Description.

** Once per item.

252.211-7003 (CONT)**ITEM UNIQUE IDENTIFICATION AND VALUATION (JAN 2023)**

(f) The Contractor shall submit the information required by paragraphs (d) and (e) of this clause as follows:

(1) End items shall be reported using the receiving report capability in Wide Area WorkFlow (WAWF) in accordance with the clause at 252.232-7003. If WAWF is not required by this contract, and the contractor is not using WAWF, follow the procedures at <http://dodprocurementtoolbox.com/site/uidregistry/>.

(2) Embedded items shall be reported by one of the following methods-

(i) Use of the embedded items capability in WAWF;

(ii) Direct data submission to the IUID Registry following the procedures and formats at <http://dodprocurementtoolbox.com/site/uidregistry/>; or

(iii) Via WAWF as a deliverable attachment for exhibit line item number < > , Unique Item Identifier Report for Embedded Items, Contract Data Requirements List, DD Form 1423.

(g) Subcontracts. If the Contractor acquires by subcontract any item(s) for which item unique identification is required in accordance with paragraph (c)(1) of this clause, the Contractor shall include this clause, including this paragraph (g), in the applicable subcontract(s), including subcontracts for commercial products or commercial services.

WSSTERMDZO3**PRESERVATION, PACKAGING, PACKING AND MARKING**

The contractor shall preserve, package, pack and mark all items as cited below. Where specifications or standards are cited herein the latest revision of that specification or standard shall apply.

1. PRESERVATION REQUIREMENTS

a. SYSTEM STOCK SHIPMENTS - The contractor shall preserve all items intended to enter the military distribution system for stock in accordance with the MIL-STD-2073-1, "Standard Practice for Military Packaging", Packaging Requirements Code specified in the Section B, Part I of the Schedule. When a Specialized Preservation Code/Method of Preservation (MOP) (Table J-Ia) is specified, and one or more of the following packaging fields (WM, CUD, CT, UC) value is a 00 (numeric), the Specialized Preservation/MOP procedure and materials takes precedence. Contractors should disregard the LP field and third digit of the PACK field and use the Unit Container Level (UCL) to identify the level of packing protection the unit container meets for packing requirements. When HM = D, the item is regulated in accordance with Title 49 Code of Federal Regulations (CFR); when HM = N the item is not regulated for transportation.

1) When a specified packaging material has an associated Qualified Products List (QPL), the contractor shall use only packaging materials produced by a manufacturer listed on the applicable QPL. Barrier materials that have QPLs are MIL-PRF-131, MIL-PRF-81705, MIL-PRF-22191, MIL-PRF-3420 and MIL-PRF-22019. Sources for QPL material can be obtained from the Qualified Products Database at <http://qpldocs.dla.mil/>.

b. IMMEDIATE USE/INSTALLATION AND PART NUMBER BUY SHIPMENTS - Government PCO or ACO approval is required to use the packaging standards outlined in this paragraph. Any national stock numbered (NSN) item required for immediate use (used or consumed within 7 days of receipt) or direct installation, or part numbered item (authority granted to ship without NSN) shall be preserved and packed in accordance with ASTM D3951-18 (2023), "Standard Practice for Commercial Packaging", for all shipments to a Continental United States (CONUS) government activity or contractor-owned facility. All material destined for overseas shipment (OCONUS) shall be preserved in accordance with MIL-STD-2073-1.

c. GOVERNMENT-OWNED MATERIAL - In the event that the contract expires, is terminated, or completed, and Government-owned material is to be returned to the supply system, the contractor shall preserve and package this material in accordance with the requirements of paragraph 1.a.

2. PROTECTION FROM DEGRADATION DUE TO ELECTROSTATIC (ES)/ELECTROMAGNETIC (EM) FORCES

a. When ASTM D3951-18 (2023) is authorized for packaging and the item is considered Electrostatic Discharge sensitive (ESDS), protection shall be in accordance with ANSI/ESD S20.20-2021, "For the Development of an ESD Control Program for - Protection of Electrical and Electronic Parts, Assemblies and Equipment (Excluding Electrically Initiated Explosive Devices)."

b. When MIL-STD-2073-1 is specified and the preservation method code (PMT) in the solicitation does not specify ESD/EM protection (PMT = GX) and the contractor's proposed item of supply is subject to degradation from ES/EM forces, contractors shall provide recommended packaging data with their proposals/quotes.

3. PACKING REQUIREMENTS - The contractor shall pack as follows:

Domestic Shipments (CONUS): Level B

Overseas Shipments (OCONUS) (including Navy ships at sea):

Via air, FPO, APO	Level B
Via freight forwarder	Level B
Via surface	Level A

WSSTERMDZ03 (CONT)
PRESERVATION, PACKAGING, PACKING AND MARKING

Exterior shipping containers for Packing Levels A and B are listed in MIL-STD-2073-1, Appendix C, Table C.II. Long-life reusable containers and wood containers are shipping containers which do not require overpacking for shipment.

4. MARKING REQUIREMENTS - All unit, intermediate and shipping containers shall be marked in accordance with MIL-STD-129. In addition, the following specific requirements apply:

a. ADDITIONAL MARKING FOR SPARES ONLY - Each MIL-STD-129 label shall also include the following:

- 1) Procurement Instrument Identifier (PIID) - the 13-digit contract order number,
- 2) Contract Line Item Number (CLIN) - the 4-digit individual line item number (e.g. 0001, 0002, etc.), and
- 3) SubCLIN - the 6-digit sub line item number (e.g. 0001AA, 0001AB, 0002AA, 0002AB, etc.).

b. DEPOT LEVEL REPAIRABLE (DLR) LABELS

1) Items identified with a Cognizance (COG) Code of either "7" or an even number preceding the NSN, excluding 6A, 6H and 6X COGs (e.g. 7RH 5826-014289999), are defined as Depot Level Repairable (DLR) items. DLR items require that a DLR label be placed on the outside of the unit, intermediate and shipping containers as close to the bar code label as possible.

EXCEPTION: When a DLR item requires use of both a reusable inner unit container and a reusable outer shipping and storage container (excluding wood and fiberboard), only the inner unit container shall be affixed with a DLR label. In these cases only, DLR labels shall NOT be placed on the outer reusable container.

2) Labels are available via the Naval Forms Online website: <https://forms.documentservices.dla.mil/order/>. The website will advise the procedures for ordering and establishing an account.

3) NAVSUP WSS authorizes contractors to create and print their own DLR labels. Labels shall follow the standard size and font options listed in below chart. Text shall be in all upper case letters of the same style font. The label used shall be sized proportionate to the size of the container. Labels shall be horizontally printed and consist of yellow "DLR" text font on a solid blue background. Labels shall meet requirements of MIL-STD-129 section 4.2.2. Labels shall be of a water-resistant grade of paper, film, or plastic, coated on one side with water-insoluble, permanent type adhesive. The adhesive shall adhere to metal, plastic, aluminum or fiberboard surfaces under high and low temperatures. Labels shall have a finish suitable for printing and writing on with ink without feathering or spreading, be capable of withstanding normal handling and storage conditions, and remain securely in position. Application specific performance criteria and durability requirements to ensure functionality in various climatic environments should be tailored, if required, using MIL-PRF-61002. MIL-PRF-61002 can be used as an acquisition tool when labels presently being used are not performing satisfactorily or when new conditions or applications require special label stock for those particular situations.

NSN	DESCRIPTION	QUANTITY PER UNIT PACKAGE	APPLICATION	FORM NUMBER
0108LF5055300	DLR Label 2in.x3in.	100	Unit Container	NAVSUP 1397-1
0108LF5055000	DLR Label 3in.x5in.	100	Intermediate Shipping Container	NAVSUP 1397

c. SPECIAL MATERIAL IDENTIFICATION CODE (SMIC) FOR NAVSUP WSS MARITIME REQUIREMENTS ONLY

1) Certain Program related items are identified by a two-position SMIC, which appears as a suffix to the NSN (e.g. 1H 4730 009001317 L1), and require special markings. Containers shall be marked or labeled with letters, maximum two inches high on two (2) sides and two (2) ends as follows:

SMIC	MARKINGS	COLOR	TYPE CONTAINER
L1	LEVEL 1	RED	Unit, intermediate and shipping (size permitting)
S1	SURFACE LEVEL 1	RED	Unit, intermediate and shipping (size permitting)
D4/D5/D7	DSS-SOC	RED	Unit, intermediate and shipping (size permitting)
C1*	LEVEL 1 SPECIAL CLEAN 02-N2	Green	Unit, intermediate and shipping

WSSTERMDZ03 (CONT)

CP/VG*	SPECIAL CLEAN 02-N2	GREEN	Unit, intermediate and shipping
D0/D6/D8*	DSS-SOC SPECIAL CLEAN 02-N2	Green	Unit, intermediate and shipping
VU	FBW SFCC VU	BLUE	Unit, intermediate and shipping (size permitting)
SW	FBW SFCC SW	BLUE	Unit, intermediate and shipping (size permitting)
Q3/Q5	Q3 or Q5	RED	Unit, intermediate and shipping

*denotes Oxygen Clean requirements in accordance with MIL-STD-1330 "Precision Cleaning and Testing of Shipboard Oxygen, Helium, Helium-Oxygen, Nitrogen, and Hydrogen Systems."

5. PALLETIZATION. Palletization of shipments shall be accomplished in accordance with MIL-STD-147 "DOD Standard Practice: Palletized Unit Loads." Failure to meet these palletization/packaging requirements and measures, without a written waiver from the PCO or ACO, may result in charges back to the contractor for repalletization and/or repackaging of items. Pallets shall conform to the requirements of American National Standards Institute, Material Handling-MH1-2016, Pallets, Slip Sheets, and Other Bases for Unit Loads. MH1-2016 may be obtained at the following website: <http://www.mhi.org>.

a. General Purpose Unit Loads - When shipping directly to a Navy afloat unit, pallets meeting MH1-2016, Part No. MH1/9-02SW4048 or MH1/9-10BW4048 for unit loads under 1,500 pounds and MH1/9-03SW4048 for unit loads over 1,500 pounds shall be used.

b. Hazardous Material Unit Loads - Unless otherwise specified in the contract or purchase order hazardous material containers, except cylinders and 55 gallon drums, shall be palletized utilizing MH1-2016 Part No. MH1/9-07SW4848 pallets.

c. Use of nonstandard commercial pallets is prohibited.

6. WOOD PACKAGING MATERIAL (WPM). All shipments destined to the DOD must be treated and marked in accordance with the International Standards for Phytosanitary Measures Guidelines for Regulating Wood Packaging Material in International Trade (ISPM 15).

a. For all WPM furnished under this contract the contractor shall ensure the American Lumber Standards Committee (ALSC) approved mark is applied to every shipment regardless of destination.

b. Failure to comply with the requirements of ISPM 15 may result in refusal of the shipment, destruction or corrective treatment of WPM at the point of receipt and the associated costs charged back to the contractor.

7. NAVY SHELF-LIFE PROGRAM. Navy shelf-life requirements are listed under the item description in a 3-digit alpha/numeric code. Position one (1) is the DOD shelf-life code, defining the type of shelf-life for an item (Type I, non -extendible or Type II, extendible), and the number of months an item can remain ready for issue in a Navy specified package. Positions two (2) and three (3) combined form the Navy-unique shelf-life action codes used by storage activities, and do not impose any requirements on the contractor. The contractor shall use the applicable shelf-life paragraphs and table in MIL-STD-129 to apply either Type I or Type II shelf-life markings to an item's unit, intermediate and shipping containers. Contractors will ensure that at least eighty-five percent (85%) of the Navy shelf-life requirement is remaining when received by the first government activity.

8. REUSABLE NSN CONTAINERS. An item that has an NSN assigned in the "Container NSN" field (e.g . 8145 012622982) requires shipment in a reusable shipping and storage container.

a. REUSABLE CONTAINERS FOR NAVSUP WSS, MARITIME REQUIREMENTS - Reusable NSN containers for maritime material (designated by a COG Code of "7E", "7G" and "7H") shall be provided as contractor-furnished material (CFM).

b. REUSABLE CONTAINERS FOR NAVSUP WSS, AVIATION REQUIREMENTS - Reusable NSN containers (excluding fiberboard and most wood) for aviation material (designated by a COG Code of "7R", "6K" or "OR") shall be provided as government-furnished material (GFM). Fast pack containers will not be provided as GFM. To obtain GFM reusable containers, the contractor must request via email usn.philadelphia.navsupwssphil.mbx.navsupcrf@us.navy.mil at least 90 days prior to the anticipated shipping date, 30 days prior for repair contracts. If the Navy's Container Management Area (CMA) informs the contractor that containers are unavailable, the following alternate packaging requirements apply. The unavailability of reusable containers shall not be an excusable delivery delay.

d. The stock-numbered, long-life, reusable containers identified herein as GFM are property of the U.S. Navy and only shall be used to fulfill orders from the Navy and U.S. Marine Corps; these containers shall not be used to fulfill orders from the U.S. Army, U.S. Air Force, any other agency of the U.S. Government or Foreign Military Sales (FMS) customer.

9. REUSABLE NSN CONTAINERS FOR FOREIGN MILITARY SALES (FMS), JOINT PROGRAM OFFICE (JPO) OR OTHER FOREIGN FORCES ACQUISITION

a. Reusable shipping and storage containers shall be provided as CONTRACTOR-FURNISHED MATERIAL (CFM), unless otherwise specified.

b. Contractors may tender offers including alternate, non-reusable, packaging methods and be considered responsive.

10. HAZARDOUS MATERIALS. This section applies when items to be delivered under this contract are considered hazardous materials as defined by 49 CFR, FED-STD-313, or by the Government's technical representative.

a. Packaging and marking for hazardous materials shall comply with applicable requirements for Performance Oriented Packaging (POP) contained in 49 CFR and the international modal regulations. All performance test requirements shall be supported by test certificates and reports attesting to the date and the results obtained from performance oriented packaging testing. The contractor shall be responsible for assuring that sources providing performance testing services are registered with the U.S. Department of Transportation (DOT). The contractor's signed certification that the packaged configuration meets the applicable modal regulation shall be incorporated on the Wide Area Workflow Receiving Report (WAWF RR), DD Form 250, Material Inspection and Receiving Report, or other related acceptance documents if a WAWF RR, DD Form 250 is not used. The Shipper's Declaration for Dangerous Goods (SDDG) must be included for all air shipments and uploaded to WAWF. All test certificates, reports and training records shall be available for inspection by authorized Government representatives for a period of three years.

b. When a contract/order for hazardous material requires shipment to a military aerial port or through a military container consolidation point including DODAACs SW3225, SW3123, SW3142, N45627, FB4427, FB9150, FB4497, FY8910,

WSSTERMDZ03 (CONT)
PRESERVATION, PACKAGING, PACKING AND MARKING

FY9125, FB4418, FY4462, FB4484, FY4494, those shipments shall comply with NAVSUP PUB 505/AFMAN 24-204, Preparing Hazardous Materials for Military Air Shipment.

11. SAFETY DATA SHEETS. As required by clauses FAR 52.223-3 "Hazardous Material Identification and Material Safety Data" and DFARS 252.223-7001 "Hazard Warning Labels" the contractor/offeror is required to list any hazardous material to be delivered under the resultant contract by the submission of Safety Data Sheets (SDSs) and Globally Harmonized System (GHS) compliant product label, when applicable, to the NAVSUP WSS or DLA Contracting Officer prior to award. An electronic copy in PDF format of the SDS and GHS product label must also be emailed to NAVSUP WSS Code N242 at NAVSUPWSSMECH.HAZMAT@US.NAVY.MIL. Please include the NSN, CAGE, Part Number, quantity of hazardous material, contract number, and point of contact for hazardous material questions in the body of the email.

12. REPACKAGING TO CORRECT PACKAGING DEFICIENCIES

a. Notwithstanding inspection and acceptance by the Government of items furnished under this contract, or any condition of this contract concerning the conclusiveness thereof, the contractor guarantees that the preservation, packaging, packing and marking (PPP&M), and the preparation of, and method of shipment of such items will conform to the requirements of this contract.

b. Items that do not conform to the PPP&M requirements of this contract may have a Supply Discrepancy Report (SDR, SF-364) written against the contractor at the time of receipt.

c. The Government may at the option of the PCO or ACO, correct PPP&M deficiencies, without prior contractor notification, and require an equitable adjustment in the contract price to cover labor and material when corrective actions are warranted, or return the non-conforming material to the contractor for repackaging at the contractor's expense.

SECTION E
INSPECTION AND ACCEPTANCE

CLIN: 0001
NIIN: 016946776
ITEM NAME: SERVER

ACTIVITY USE ONLY: TDP VERSION NO.: 002

4. QUALITY ASSURANCE

4.1 Responsibility for Inspection - Unless otherwise specified in the contract/purchase order, the Contractor is responsible for the performance of all inspection requirements as specified herein. Except as otherwise specified in the contract/purchase order, the Contractor may use his own or any other facilities suitable for the performance of the inspection requirements specified herein, unless disapproved by the Government. The Government reserves the right to perform any of the inspections set forth in the specification where such inspections are deemed necessary to assure supplies and services conform to prescribed requirements.

4.2 Responsibility for Compliance - All items must meet all requirements of this contract/purchase order. The inspection set forth in this specification shall become a part of the Contractor's overall inspection system or quality program. The absence of any inspection requirements shall not relieve the Contractor of the responsibility of assuring that all products or supplies submitted to the Government for acceptance comply with all requirements of the contract/purchase order. Sampling in quality conformance does not authorize submission of known defective material, either indicated or actual, nor does it commit the Government to acceptance of defective material.

4.3 Records - Records of all inspection work by the Contractor shall be kept complete and available to the Government during the performance of contract/purchase order and for a period of 365 calendar days after final delivery of supplies.

4.4 Inspection/Testing Repaired Items - The Contractor shall perform all inspection and testing requirements as specified in the original manufacturer's specifications and drawings.

NAVSUPWSSFA24
COMMERCIAL ASSET VISIBILITY REPAIRABLES PORTAL (CAV RP) REPORTING

Commercial Asset Visibility Repairables Portal (CAV RP) reporting is required under this purchase order/contract, and all proposed pricing must include any costs associated with this requirement. Detailed information on CAV RP reporting requirements can be found in the CAV Statement of Work (SOW) located at:
<https://www.navsup.navy.mil/NAVSUP-Enterprise/NAVSUP-Weapon-Systems-Support/Provisions-Instructions-and-Contract/>

Contractors participating in the Direct Ship program can find additional information in the CAV SOW.

CAV RP registration requires the contractor to purchase a commercial PKI certificate, complete web-based information assurance training (approximately 1 hour to complete) and submit a System Authorization Access Request (SAAR). Access to CAV RP is authenticated based on a valid PKI certificate registered in the NAVSUP Master Directory and an active CAV RP account. The contractor is required to access the account at least one time within every 30 days, regardless of whether there are transactions to report, in order to keep the account active. Questions regarding CAV RP registration/implementation can be addressed to:

usn.philadelphia.navsupwssphil.mbx.cavsaar@us.navy.mil for NAVSUP WSS Philadelphia solicitations and contracts (document numbers beginning with N00383)

usn.mechanicsburg.navsupwssmech.mbx.mech-cav-saar@us.navy.mil for NAVSUP WSS Mechanicsburg solicitations and contracts (document numbers beginning with N00104).

Contractors not already registered for, or reporting via, CAV RP are required to initiate registration no later than 10 days following receipt of this purchase order/contract by providing their point of contact information to the appropriate CAV RP email address above. All contractor actions for registration (PKI certificate, training, and SAAR) must be completed within 30 days of receipt of this order/contract for U.S. contractors and within 60 days for non-U.S. contractors. If government property is received or assets are ready for delivery to the Government prior to implementation of CAV RP, the contractor must send a notification to the appropriate email address above, and must also notify the NAVSUP WSS contracting officer identified on the purchase order/contract. The contractor should notify the contracting officer if a response from a CAV RP representative is not received within 3 working days. (08-23)

PART I - THE SCHEDULE
SECTION G
CONTRACT ADMINISTRATION DATA

252.232-7006
WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

(a) Definitions. As used in this clause--

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document Type" means the type of payment request or receiving report available for creation in Wide Area Workflow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, electronic Submission of Payment Requests and Receiving Reports.

(b) Electronic invoicing. The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) WAWF access. To access WAWF, the Contractor shall--

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) WAWF training. The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the Webb Based Training link on the WAWF home page at <https://wawf.eb.mil/>

(e) WAWF methods of document submission. Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) WAWF payment instructions. The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) Document type. The Contractor shall submit payment requests using the following document type(s):

- (i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.
- (ii) For fixed price line items--

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

(<COMBO>)(Contracting Officer: Insert applicable invoice and receiving report document type(s) for fixed price line items that require shipment of a deliverable.)

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

(<N/A>)(Contracting Officer: Insert either Invoice 2in1 or the applicable invoice and receiving report document type(s) for fixed price line items for services.)

252.232-7006 (CONT)
WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

- (iii) For customary progress payments based on costs incurred, submit a progress payment request.
- (iv) For performance based payments, submit a performance based payment request.
- (v) For commercial financing, submit a commercial financing request.

(2) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

(f) (Note: The Contractor may use a WAWF combo document type to create some combinations of invoice and receiving report in one step.)

(3) Document routing. The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table	
Field Name in WAWF	Data to be entered in WAWF
Pay Official DoDAAC	(<TBD>)
Issue By DoDAAC	(<N00104>)
Admin DoDAAC	(<TBD>)
Inspect By DoDAAC	(<TBD>)

Ship From Code	(<TBD>)
Mark For Code	(< >)
Service Approver (DoDAAC)	(< >)
Service Acceptor (DoDAAC)	(<TBD>)
Accept at Other DoDAAC	(< >)
LPO DoDAAC	(< >)
DCAA Auditor DoDAAC	(< >)
Other DoDAAC(s)	(< >)

(Contracting Officer: Insert applicable DoDAAC information. If multiple ship to/acceptance locations apply, insert See Schedule or Not applicable.)

(Contracting Officer: If the contract provides for progress payments or performance-based payments, insert the DoDAAC for the contract administration office assigned the functions under FAR 42.302(a)(13).)

(4) Payment request. The Contractor shall ensure a payment request includes documentation appropriate to the type of payment request in accordance with the payment clause, contract financing clause, or Federal Acquisition Regulation 52.216-7, Allowable Cost and Payment, as applicable.

(5) Receiving report. The Contractor shall ensure a receiving report meets the requirements of DFARS Appendix F.

(g) WAWF point of contact.

(1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity's WAWF point of contact.

(< >)(Contracting Officer: Insert applicable information or "Not applicable.")

(2) Contact the WAWF helpdesk at 866-618-5988, if assistance is needed.

WSSTERMGZ02
NOTE FOR CONTRACTOR/ADMINISTRATIVE CONTRACTING OFFICER

Telephone inquiries should be made only in cases of extreme urgency and must be confirmed in writing within 48 hours. If the inquiry involves technical questions (drawing, specification, etc.) inquiry should be submitted in accordance with the procurement specification.

(< >) NOTE FOR CONTRACTORS FURNISHING LEVEL I/SUBSAFE MATERIAL:

(01-18)

WSSTERMGZ05**NOTE TO POST CONTRACTUAL MATTERS - REPAIR**

For matters not delegated to the Administrative Contracting Officer (ACO), the Procuring Contracting Officer (PCO) Representative is listed on page 1, block 6.

This order covers induction for a one year period from the date of this order, unless otherwise directed by the PCO.

Within 30 days after the last day cited for induction, the contractor will provide notification to both the cognizant PCO Representative of how many units were inducted against each item.

Within 60 days of the last day cited for induction, the ACO shall issue a modification to the order reducing all excess quantities and funds, unless otherwise directed by the PCO.

For a complete list of all possible input and output Part Numbers and National Stock Numbers for items repaired under this order, see the continuation sheet for repair Purchase Orders or Attachment A for Long Term Contracts or Basic Ordering Agreements. (08-21)

**PART I - THE SCHEDULE
SECTION H
SPECIAL CONTRACT REQUIREMENTS**

WSSTERMHZ02**QUALITY ASSURANCE REPRESENTATIVE (QAR)**

The contractor shall provide to the Quality Assurance Representative (QAR) the Inventory Label which will be obtained by the QAR before signing for acceptance in WAWF DD250 Receiving Report. The QAR will validate the contract number, delivery order number, CLIN, shipping location, National Stock Numbers, Serial number and quantities, as applicable. The contractor shall provide the Inventory Label to the QAR as an attachment to the WAWF documentation. The Inventory Label is also required for assets determined BR or BER.

CONTRACT CLAUSES**

52.204-7

SYSTEM FOR AWARD MANAGEMENT (DEV 2026-00043)(FEB 2026)

52.245-1

GOVERNMENT PROPERTY (SEP 2021)

52.245-1 is Incorporated by Reference (IBR).

52.245-9

USE AND CHARGES (APR 2012)

252.245-7003

CONTRACTOR PROPERTY MANAGEMENT SYSTEM ADMINISTRATION (JAN 2025)

252.245-7005

MANAGEMENT AND REPORTING OF GOVERNMENT PROPERTY (JAN 2024)

252.245-7005 (CONT)

MANAGEMENT AND REPORTING OF GOVERNMENT PROPERTY (JAN 2024)

(a) Definitions. As used in this clause—

As is means that the Government makes no warranty with respect to the serviceability and/or suitability of the Government property for contract performance and that the Government will not pay for any repairs, replacement, and/or refurbishment of the property.

Commercial and Government Entity (CAGE) code means—

(1) An identifier assigned to entities located in the United States or its outlying areas by the Defense Logistics Agency (DLA) Commercial and Government Entity (CAGE) Branch to identify a commercial or government entity by unique location; or

(2) An identifier assigned by a member of the North Atlantic Treaty Organization (NATO) or by the NATO Support and Procurement Agency (NSPA) to entities located outside the United States and its outlying areas that the DLA Commercial and Government Entity (CAGE) Branch records and maintains in the CAGE master file. This type of code is known as a NATO CAGE (NCAGE) code.

Contractor-acquired property, contractor inventory, Government property, Government-furnished property, and loss of Government property have the meanings given in the Federal Acquisition Regulation (FAR) 52.245-1, Government Property, clause of this contract.

Demilitarization means the act of eliminating the functional capabilities and inherent military design features from DoD personal property. Methods and degree range from removal and destruction of critical features to total destruction by cutting, tearing, crushing, mangling, shredding, melting, burning, etc.

Export-controlled items has the meaning given in the Defense Federal Acquisition Regulation Supplement (DFARS) 252.225-7048, Export-Controlled Items, clause of this contract.

Ineligible transferee means an individual, an entity, or a country—

(1) Excluded from Federal programs by the General Services Administration as identified in the System for Award Management Exclusions located at <https://sam.gov>;

(2) Delinquent on obligations to the U.S. Government under surplus sales contracts;

(3) Designated by the Department of Defense as ineligible, debarred, or suspended from defense contracts; or

(4) Subject to denial, debarment, or other sanctions under export control laws and related laws and regulations, and orders administered by the Department of State, the Department of Commerce, the Department of Homeland Security, or the Department of the Treasury.

Item unique identification means a system of assigning, reporting, and marking DoD property with unique item identifiers that have machine-readable data elements to distinguish an item from all other like and unlike items.

National stock number means a 13-digit stock number used to identify items of supply. It consists of a four-digit Federal Supply Code and a nine-digit National Item Identification Number.

Reparable item means an item, typically in unserviceable condition, furnished to the contractor for maintenance, repair, modification, or overhaul.

Scrap means property that has no value except for its basic material content. For purposes of demilitarization, scrap is defined as recyclable waste and discarded materials derived from items that have been rendered useless beyond repair, rehabilitation, or restoration such that the item's original identity, utility, form, fit, and function have been destroyed. Items can be classified as scrap if processed by cutting, tearing, crushing, mangling, shredding, or melting. Intact or recognizable components and parts are not "scrap."

Serially-managed item means an item designated by DoD to be uniquely tracked, controlled, or managed in maintenance, repair, and/or supply systems by means of its serial number or unique item identifier.

Serviceable or usable property means property with potential for reutilization or sale as is or with minor repairs or alterations.

Supply condition code means a classification of materiel in terms of readiness for issue and use or to identify action underway to change the status of materiel.

Unique item identifier (UII) means a set of data elements marked on an item that is globally unique and unambiguous. The term includes a concatenated UII or a DoD recognized unique identification equivalent.

(b) Reporting Government property.

(1) The Contractor shall use the Government Furnished Property (GFP) module of the Procurement Integrated Enterprise Environment (PIEE) to—

(i) Report receipt of GFP;

(ii) Report the transfer of GFP to another DoD contract;

(iii) Report the shipment of GFP to the Government or to a contractor. The GFP module generates the electronic equivalent of the DD Form 1149, DD Form 1348-1, or other required shipping documents;

(iv) Report when serially-managed items of GFP are incorporated into a higher-level component, assembly, or end item;

(v) Report the loss of Government property in accordance with paragraph (f)(1)(vii) of the FAR 52.245-1 clause of this contract;

(vi) Complete the plant clearance inventory schedule in accordance with paragraph (j)(2) of the FAR 52.245-1 clause of this contract, unless disposition instructions are otherwise included in this contract. The GFP module generates the electronic equivalent of the Standard Form (SF) 1428, Inventory Disposal Schedule; and

(vii) Submit a request to buy back or to convert to GFP items of Contractor-acquired property.

(2) Information regarding the GFP module is available in the GFP Module Vendor Guide at <https://dodprocurementtoolbox.com/sitepages/gfp-resources>. Users may also refer for access to the GFP module and obtain training on the PIEE home page at <https://piee.eb.mil>.

(3) In complying with paragraphs (b)(1)(i) through (iv) of this clause, the Contractor shall report the updated status of the property to the GFP module within 7 business days of the date the change in status occurs, unless otherwise specified in the contract.

252.245-7005 (CONT)

MANAGEMENT AND REPORTING OF GOVERNMENT PROPERTY (JAN 2024)

(4) The Contractor shall use Wide Area WorkFlow in accordance with DFARS Appendix F, Material Inspection and Receiving Report, to report the shipment of reparable items after completion of repair, maintenance, modification, or overhaul.

(5) When Government property is in the possession of subcontractors, the Contractor shall ensure that reporting is accomplished using the data elements required in paragraph (c) of this clause.

(c) Records of Government property. To facilitate reporting of Government property to the GFP module, the Contractor's property records, in addition to the requirements of paragraph (f)(1)(iii) of the FAR 52.245-1 clause of this contract, shall enable recording of the following data elements:

- (1) National stock number (NSN). If an NSN is not available, use either the combination of the manufacturer's CAGE code and part number, or model number.
- (2) CAGE code on the accountable Government contract.
- (3) Received/sent (shipped) date.
- (4) Accountable Government contract number.
- (5) Serial number (for serially-managed items that do not have a UII); and
- (6) Supply condition code (only required for reporting of reparable items). For information on Federal supply condition codes, see DLM 4000.25, Defense Logistics Management Standards (DLMS), Volume 2, Supply Standards and Procedures, Appendix 2.5 at <https://www.dla.mil/HQ/InformationOperations/DLMS/eLibrary/manuals/v2/>.

(d) Marking, reporting, and UII registration of GFP requirements. The Contractor-

- (1) Shall assign the UII and mark the reparable items identified as serially managed in the GFP attachment to this contract with an item unique identification (IUID) data matrix, when the technical drawing for the item is accessible to the Contractor and includes IUID data matrix location and marking method;
- (2) Shall report the UII either before or during shipment of the repaired item;
- (3) Is not required to mark items that were previously marked with an IUID data matrix and registered in accordance with DFARS 252.211-7003, Item Unique Identification and Valuation; and
- (4) Shall assign a new UII, then mark and register the item, when the conditions of paragraph (d)(1) are met, if an item is found to be marked but not registered in the IUID Registry.

(e) Disposing of Government property.

- (1) The Contractor shall complete the plant clearance inventory schedule using the plant clearance capability of the GFP module of the PIEE to generate an electronic equivalent of the SF 1428, Inventory Disposal Schedule. The plant clearance inventory schedule requires the following:
 - (i) If known, the applicable Federal supply code (FSC) for all items, except items in scrap condition.
 - (ii) If known, the manufacturer name for all aircraft components under Federal supply group 16 or 17 and FSCs 2620, 2810, 2915, 2925, 2935, 2945, 2995, 4920, 5821, 5826, 5841, 6340, and 6615.
 - (iii) The manufacturer name, make, model number, model year, and serial number for all aircraft under FSCs 1510 and 1520.
- (2) If the schedules are acceptable, the plant clearance officer will confirm acceptance in the GFP module plant clearance capability, which will transmit a notification to the Contractor. The electronic acceptance is equivalent to the DD Form 1637, Notice of Acceptance of Inventory.

(f) Demilitarization, mutilation, and destruction. If demilitarization, mutilation, or destruction of contractor inventory is required, the Contractor shall demilitarize, mutilate, or destroy contractor inventory, in accordance with the terms and conditions of the contract and consistent with Defense Demilitarization Manual, DoD Manual (DoDM) 4160.28-M, edition in effect as of the date of this contract. If the property is available for purchase, the plant clearance officer may authorize the purchaser to demilitarize, mutilate, or destroy as a condition of sale provided the property is not inherently dangerous to public health and safety.

(g) Classified Contractor inventory. The Contractor shall dispose of classified contractor inventory in accordance with applicable security guides and regulations or as directed by the Contracting Officer.

(h) Inherently dangerous Contractor inventory. Contractor inventory that is dangerous to public health or safety shall not be disposed of unless rendered innocuous or until adequate safeguards are provided.

(i) Contractor inventory located in foreign countries. Consistent with contract terms and conditions, property disposition shall be in accordance with foreign and U.S. laws and regulations, including laws and regulations involving export controls, host nation requirements, final governing standards, and government-to-government agreements. The Contractor's responsibility to comply with all applicable laws and regulations regarding export-controlled items exists independent of, and is not established or limited by, the information provided by this clause.

(j) Disposal of scrap-

- (1) Contractor scrap procedures.

252.245-7005 (CONT)

MANAGEMENT AND REPORTING OF GOVERNMENT PROPERTY (JAN 2024)

(i) The Contractor shall include, within its property management procedure, a process for the accountability and management of Government-owned scrap. The process shall, at a minimum, provide for the effective and efficient disposition of scrap, including sales to scrap dealers, so as to minimize costs, maximize sales proceeds, and contain the necessary internal controls for mitigating the improper release of nonscrap property.

(ii) The Contractor may commingle Government and contractor-owned scrap and provide routine disposal of scrap, with plant clearance officer concurrence, when determined to be effective and efficient.

(2) Scrap warranty. The plant clearance officer may require the Contractor to secure from scrap buyers a DD Form 1639, Scrap Warranty.

(k) Sale of surplus Contractor inventory-

(1) Sales procedures.

(i) The Contractor shall conduct sales of contractor inventory (both useable property and scrap) in accordance with the requirements of this contract and plant clearance officer direction. The Contractor shall include in its invitation for bids the sales terms and conditions provided by the plant clearance officer.

(ii) The Contractor may conduct internetbased sales, to include use of a third party.

(iii) If the Contractor wishes to bid on the sale, the Contractor or its employees shall submit bids to the plant clearance officer prior to soliciting bids from other prospective bidders.

(iv) The Contractor shall solicit bids to obtain adequate competition. Negotiated sales are subject to obtaining such competition as is feasible under the circumstances of the negotiated sale.

(v) The Contractor shall solicit bids at least 15 calendar days before bid opening to allow adequate opportunity to inspect the property and prepare bids.

(vi) For large sales, the Contractor may use summary lists of items offered as bid sheets with detailed descriptions attached.

(vii) In addition to providing notice of the proposed sale to prospective bidders, the Contractor may, when the results are expected to justify the additional expense, display a notice of the proposed sale in appropriate public places, e.g., publish a sales notice on the internet, in appropriate trade journals or magazines, and in local newspapers.

(viii) The plant clearance officer or designated Government representative will witness the bid opening. The Contractor shall submit the bid abstract in electronic format to the plant clearance officer within 2 days of bid opening. If the Contractor is unable to submit the bid abstract electronically, the Contractor may submit 2 copies of the abstract manually within 2 days of bid opening. The plant clearance officer will not approve award to any bidder who is an ineligible transferee.

(2) Required terms and conditions for sales contracts. The Contractor shall include the following terms and conditions in sales contracts:

(i) For sales contracts or other documents transferring title:

"The Purchaser certifies that the property covered by this contract will be used in insert name of country . In the event of resale or export by the Purchaser of any of the property, the Purchaser agrees to obtain the appropriate U.S. and foreign export or reexport license approval."

(ii) For sales contracts that require demilitarization, mutilation, or destruction of property:

"The following items insert list provided by plant clearance officer require demilitarization, mutilation, or destruction by the Purchaser. Additional instructions are provided in accordance with Defense Demilitarization Manual, DoDM 4160.28-M, edition in effect as of the date of this sales contract. A Government representative will certify and verify demilitarization of items. Prepare demilitarization certificates in accordance with DoDM 4160.28, Volume 2, section 4.5, DEMIL Certificate (see figure 2, Example DEMIL Certificate)."

(iii) Removal and title transfer:

"Property requiring demilitarization shall not be removed, and title shall not pass to the Purchaser, until demilitarization has been accomplished and verified by a Government representative."

(iv) Assumption of cost incident to demilitarization:

"The Purchaser agrees to assume all costs incident to the demilitarization and to restore the working area to its present condition after removing the demilitarized property."

(v) Failure to demilitarize:

"If the Purchaser fails to demilitarize, mutilate, or destroy the property as specified in the sales contract, the Contractor may, upon giving 10 days written notice to the Purchaser-

(A) Repossess, demilitarize, and return the property to the Purchaser, in which case the Purchaser hereby agrees to pay to the Contractor, prior to the return of the property, all costs incurred by the Contractor in repossessing, demilitarizing, and returning the property;

(B) Repossess, demilitarize, and resell the property, and charge the defaulting Purchaser with all costs incurred by the Contractor. The Contractor shall deduct these costs from the purchase price and refund the balance of the purchase price, if any, to the Purchaser. In the event the costs exceed the purchase price, the defaulting Purchaser hereby agrees to pay these costs to the Contractor; or

(C) Repossess and resell the property under similar terms and conditions, and charge the defaulting Purchaser with all costs incurred by the Contractor. The Contractor shall deduct these costs from the original purchase price and refund the balance of the purchase price, if any, to the defaulting Purchaser. Should the excess costs to the Contractor exceed the purchase price, the defaulting Purchaser hereby agrees to pay these costs to the Contractor."

(1) Restrictions on purchase or retention of Contractor inventory. The Contractor may not knowingly sell the inventory to any person or that person's agent, employee, or household member if that person-

(1) Is a civilian employee of DoD or the U.S. Coast Guard;

(2) Is a member of the Armed Forces of the United States, including the U.S. Coast Guard; or

252.245-7005 (CONT)
MANAGEMENT AND REPORTING OF GOVERNMENT PROPERTY (JAN 2024)

(3) Has any functional or supervisory responsibilities for or within DoD's property disposal, disposition, or plant clearance programs or for the disposal of contractor inventory.

(m) Proceeds from sales of surplus property. Unless otherwise provided in the contract, the proceeds of any sale, purchase, or retention shall be-

- (1) Forwarded to the Contracting Officer;
- (2) Credited to the Government as part of the settlement agreement pursuant to the termination of the contract;
- (3) Credited to the price or cost of the contract; or
- (4) Applied as otherwise directed by the Contracting Officer.

252.204-7008
COMPLIANCE WITH SAFEGUARDING COVERED DEFENSE INFORMATION CONTROLS (OCT 2016)

a) Definitions. As used in this provision -

252.204-7008 (CONT)**COMPLIANCE WITH SAFEGUARDING COVERED DEFENSE INFORMATION CONTROLS (OCT 2016)**

"Controlled technical information," "covered contractor information system," "covered defense information," "cyber incident," "information system," and "technical information" are defined in clause 252.204-7012. Safeguarding Covered defense Information and Cyber Incident Reporting.

(b) The security requirements required by contract clause 252.204-7012, Covered Defense Information and Cyber Incident Reporting, shall be implemented for all covered defense information on all covered contractor information systems that support the performance of this contract.

(c) For covered contractor information systems that are not part of an information technology service or system operated on behalf of the Government (see 252.204-7012(b)(2) -

(1) By submission of this offer, the Offeror represents that it will implement the security requirements specified by National Institute of Standards and Technology (NIST) Special Publication (SP) 800-171, Protecting Controlled Unclassified Information in Nonfederal Information Systems and Organizations (see <http://dx.doi.org/10.6028/NIST.SP.800-171>), that are in effect at the time the solicitation is issued or as authorized by the contracting officer

(2)(i) If the Offeror proposes to vary from any of the security requirements specified by NIST SP 800-171 that are in effect at the time the solicitation is issued or as authorized by the Contracting Officer, the Offeror shall submit to the Contracting Officer, for consideration by the DoD Chief Information Officer (CIO), a written explanation of -

(A) Why a particular security requirement is not applicable; or

(B) How an alternative but equally effective, security measure is used to compensate for the inability to satisfy a particular requirement and achieve equivalent protection.

(ii) An authorized representative of the DoD CIO will adjudicate offeror requests to vary from NIST SP 800-171 requirements in writing prior to contract award. Any accepted variance from NIST SP 800-171 shall be incorporated into the resulting contract.

52.207-4**ECONOMIC PURCHASE QUANTITY-SUPPLIES (AUG 1987)**

(a) Offerors are invited to state an opinion on whether the quantity(ies) of supplies on which bids, proposals or quotes are requested in this solicitation is (are) economically dvantageous to the Government.

(b) Each offeror who believes that acquisitions in different quantities would be more dvantageous is invited to recommend an economic purchase quantity. If different quantities are recommended, a total and a unit price must be quoted for applicable items. An economic purchase quantity is that quantity at which a significant price break occurs. If there are significant price breaks at different quantity points, this information is desired as well.

(c) The information requested in this provision is being solicited to avoid acquisitions in disadvantageous quantities and to assist the Government in developing data base for future acquisitions of these items. However, the Government reserves the right to amend or cancel the solicitation and resolicit with respect to any individual item in the event quotations received and the Government's requirements indicate that different quantities should be acquired.

PART IV - REPRESENTATIONS AND INSTRUCTIONS
SECTION L
INSTRUCTIONS, CONDITIONS, AND NOTICES TO OFFERORS OR QUOTERS

52.211-14**NOTICE OF PRIORITY RATING FOR NATIONAL DEFENSE, EMERGENCY PERPARDENESS, AND ENR
GY PROGRAM USE (APRIL 2008)**

Any contract awarded as a result of this solicitation will be (< >) DX rated order, (< >) DO rated order certified for national defense, emergency preparedness, and energy program use under the Defense Priorities and Allocations System (DPAS)((15 CFR 700), and the Contractor will be required to follow all of the requirements of this regulation.

WSSTERMLZ17**EVALUATION AND REPAIR SERVICES (PURCHASE ORDERS)**

Evaluation to include inspection, disassembly and tests required to determine the extent of labor and material needed to restore the Government Furnished Property (GFP) described below to an operable condition. For the purposes of this acquisition, an operable condition is defined as capable of functioning and performing as a new unit without necessarily having the appearance of newness.

Repair Services to include labor and material required to repair and package the GFP cited herein. Property repaired hereunder shall be in accordance with drawing revision unless otherwise specified. If upon receipt of the order/contract such specifications are considered inappropriate, the contractor shall immediately recommend to the cognizant Contracting Officer that the repair work to be done in accordance with specifically identified specifications (including drawings) to which such articles were manufactured, and shall not commence the particular work concerned pending directions to be incorporated by modification. Additionally, whenever any specification of the order provides for the use of a specific article or its equivalent, the contractor may use any equivalent. Also, in those instances where specifications permit and if it is economically feasible to do so, component parts of the item(s) being repaired shall also be authorized to be repaired.

In addition to NSN and P/N markings, repaired units shall be marked with the purchase order number and date of repair in such a manner as to conform with the requirements of Military Standard Identification Marking of U.S. Military Property, MIL-STD-130 current edition (to the maximum extent possible).

The contractor shall determine, in conjunction with the ACO, if the GFP cannot be repaired. Disposition instructions for such property shall be requested from the Post-Award PCO identified in Section G of this award.

NOTE TO CONTRACTOR: UNDER NO CIRCUMSTANCES SHALL THE CONTRACTOR PROCEED WITH THE PERFORMANCE UNDER THIS ORDER/CONTRACT IF THE GOVERNMENT FURNISHED PROPERTY (GFP) RECEIVED (NSN & P/N) DOES NOT EXACTLY MATCH THAT CITED IN THIS ORDER. ALSO, IF THE GFP HAS NOT BEEN RECEIVED WITHIN FORTY-FIVE (45) DAYS FROM THE EFFECTIVE DATE OF THIS ORDER/CONTRACT, CONTACT THE POST-AWARD PCO IDENTIFIED IN SECTION G OF THIS AWARD.

Repair Price Available

If Block 21 on the DD1155 does not indicate "Ceiling Price" and the Unit Price(s) in Section B of the award (see continuation sheet) does not indicate (EST), the REPAIR PRICE(s) was AVAILABLE to the Government and the funds obligated by this order are the result of negotiation conducted by the PCO and contractor. The amount shown represents the FIRM PRICE to complete repair of the GFP listed in the order.

Repair Price Not Available

If Block 21 on the DD1155 indicates "Ceiling Price" and the Unit Price(s) in Section B of the award (on the continuation sheet) indicates (EST), the REPAIR PRICE was NOT AVAILABLE to the Government and the funds obligated by this order are provided to initiate evaluation and/or repair work which must be finalized and modification issued to the contractor before payment can be made. The contractor shall submit to the PCO a detailed pricing proposal, to include delivery (turn-around time) for repair of the unit(s) cited in the order. The repair proposal is due no later than 60 days from date of order or when costs incurred against the order are 50% of the contract price, whichever occurs first. (02-06)

CONSIGNMENT INSTRUCTIONS

NOTE: The activity codes listed below are used to identify the Activities which are to receive material. The activity code and the quantities to be shipped to each activity under this contract appear in the Schedule. DO NOT SHIP TO A WATER PORT OR AIR TERMINAL WITHOUT COMPLYING WITH THE CLEARANCE/MILSTAMP REQUIREMENTS OF CLAUSE FAR 52.247-52.

6. NOTES

6.1 Ordering Information for Document References - The Department of Defense Single Stock Point (DODSSP), Website <http://www.dsp.dla.mil/>, provides product information for the Department Of Defense Index Of Specifications and Standards (DODISS) (i.e. Military/Federal Specifications and Standards), Data Item Descriptions (DIDs), and other DODSSP Products. Most Specifications can be obtained directly from <http://quicksearch.dla.mil/>

A. Availability of Cancelled Documents - The DODSSP offers cancelled documents that are required by private industry in fulfillment of contractual obligations in paper format. Documents can be requested by phoning the Subscription Services Desk.

B. Commercial Specifications, Standards, and Descriptions - These specifications, standards and descriptions are not available from Government sources. They may be obtained from the publishers of the applicable societies.

C. Ordnance Standards (OS), Weapons Specifications (WS), and NAVORD OSTD 600 Pages - These type publications may be obtained by submitting a request to:

Commander, Indian Head Division, Naval Surface Warfare Center
Code 8410P, 101 Strauss Avenue
Indian Head, MD 20640-5035

D. On post-award actions, requests for "Official Use Only" and "NOFORN" (Not Releasable To Foreign Nationals) documents must identify the Government Contract Number, and must be submitted via the cognizant Defense Contract Management Command (DCMC) for certification of need for the document. On pre-award actions such requests must be submitted to the PCO for certification of need for the document.

E. NOFORN Military Specifications and Standards (including Amendments, Change Notices and Supplements, but NOT interim Changes) to be ordered from:

Contracting Officer
NAVSUP-WSS
Code 87321
5450 Carlisle Pike
P.O. Box 2020
Mechanicsburg, Pa. 17055-0788

F. Nuclear Reactor Publications Assigned NAVSEA Documents and Identification Numbers (i.e. NAVSEA Welding Standard, NAVSEA 250-1500-1) are to be ordered enue:

Commanding Officer
NAVSUP-WSS
Code 009
5450 Carlisle Pike
P.O. Box 2020
Mechanicsburg, Pa. 17055-0788

G. Technical Manuals Assigned NAVSEA Identification Numbers (i.e. NAVSEA Welding And Brazing Procedure, NAVSEA S9074-AQ-GIB-010/248) are to be ordered from:

Commanding Officer
NAVSUP-WSS
Code 1 Support Branch
700 Robbins Avenue
Philadelphia, Pa. 19111-5094

H. Interim Changes and Classified Specifications must be obtained by submitting a request on DD Form 1425 to NAVSUP-WSS.

6.2 In accordance with OPNAVINST 5510.1 all documents and drawings provided by the U.S. Navy to perspective Contractors must include a "Distribution Statement" to inform the contractor of the limits of distribution, and the safeguarding of the information contained on those documents and drawings.

There are 7 (seven) separate distribution statement codes used for non-classified documents and drawings. The definition for each is as follows:

- A... approved for public release; distribution is unlimited.
- B... distribution authorized to US Governments agencies only.

C... distribution authorized to US Government agencies and their contractors.

D... distribution authorized to DoD and DoD contractors only.

E... distribution authorized to DoD Components only.

F... further distribution only as directed by Commander, Naval Sea Systems Command, code 09T.

X... distribution is authorized to US Government agencies and private individuals or enterprises eligible to obtain export controlled technical data in accordance with OPNAVINST 5510.161.

6.3 Notice To Distributors/Offerors - Consideration for award of contract shall be given only to authorized distributors of the original manufacturer's item represented in this solicitation. If you desire to be considered as a potential source for award of this contract, proof of being an authorized distributor shall be provided on company letterhead signed by a responsible company official and sent with your offer to the Procurement Contracting Officer.
