When the services to be performed are of such a nature that the defect cannot be corrected by reperformance of the services, the FDIC shall have the right to (1) require Contractor immediately to take all necessary steps to ensure future performance of the services in conformity with the requirements of the contract; and (2) reduce the contract price to reflect the reduced value of the services performed. In the event Contractor fails promptly to reperform the services or redeliver the goods, or to take necessary steps to ensure future performance of the services or delivery of the goods in conformity with the requirements of the Award, the FDIC shall have the right to either (1) by contract or otherwise, have the services performed or the goods delivered in conformity with the contract requirements and charge to Contractor any cost occasioned to the FDIC that is directly related to the performance of such services or the delivery of such goods; or (2) terminate this Award for default as provided in 7.6.6-02, Termination for Default.
- (c) Contractor shall provide and maintain an inspection system acceptable to the FDIC covering the goods or services to be delivered or performed hereunder. Records of all inspection work by Contractor shall be kept complete and available to the FDIC during the term of this Award and for such longer period as may be specified elsewhere in this Award.

7.3.2-41 - FDIC Personnel - July 2008

(a) FDIC Oversight Manager. The Oversight Manager is the person designated in writing by the Contracting Officer to represent the FDIC for the purpose of monitoring technical performance and accepting goods or services. The Oversight Manager is not authorized to issue any instructions or directions which effect any substantive change in this contract, including, but not limited to, an increase or decrease in the price of this contract, or a change in the delivery date(s) or Period of Performance. Specific areas of delegated authority are more particularly defined in the Oversight Manager Appointment Memorandum. The Oversight Manager is Han Park. He can be reached at hapark@fdic.gov.

(b) FDIC Contracting Officer. The Contracting Officer is the person with FDIC-delegated authority to enter into, modify, administer, and terminate contracts and orders. The Contracting Officer is Harold Groves. He can be reached at hgroves@fdic.gov.

7.5.13-01 - Method of Payment - Electronic Fund Transfer (EFT) - March 2014

(a) Payment methods. Payments by the FDIC may be made by check or electronic funds transfer (EFT), or by a third party in lieu of payment directly from the FDIC, at the option of the FDIC. If the FDIC makes payment by EFT, the FDIC may, at its option, also forward the associated payment information by electronic transfer. Any third party payments will be made by the FDIC's commercial purchase card issuer. In the event Contractor certifies in writing to the payment office that Contractor does not have an account with a financial institution or an authorized payment agent, the FDIC would make payments by other than EFT.

(b) Contractor Payment Requests. If the FDIC elects for third party payments to be made, Contractor shall make payment requests through a charge to the FDIC purchase card with the third party, at the time and for the amount due in accordance with the terms of this contract. Contractor and the third party shall agree that payments due under this contract shall be made upon submittal of payment requests to the third party in accordance with the terms and conditions of an agreement between Contractor, the Contractor's financial agent (if any), and the third party and its agents (if any). No payment shall be due the Contractor until such agreement is made. Payments made or due by the third party are not subject to the Prompt Payment Act or any implementation thereof in this contract. Documentation of each charge against the FDIC's purchase card shall be provided to the Contracting Officer upon request.

Contractor is required, as a condition to any payment, to maintain current information in the System for Award Management (SAM) database. Any invoice submitted with incorrect EFT information shall be deemed not to be a

proper invoice as defined in the Prompt Payment Act clause herein.

7.5.13-12 - Schedule for Invoicing - July 2008

For Firm-Fixed-Price, Contractor must submit invoice upon completion of the service or delivery of the goods.

7.5.13-13 - Contents of Invoice - March 2014

Contractor's invoices must include the following items in order to be processed for payment:

- (a) Contractor name, address and phone number.
- (b) Invoice date. (Contractors must date invoices as close as possible to the date of electronic transmission to FDIC.)
- (c) Invoice number.
- (d) Contract Number (e.g., Contract Number, Task Order Number, Delivery Order Number, etc.)
- (e) Line Item Number(s), as identified in the contract, and the amount invoiced for each Line Item Number.
- (f) Allocation of all hours and expenses to Financial Institution Number (FIN) and Asset Name/Number, if applicable.
- (g) Description, quantity, unit of measure, unit price, extended price of goods delivered or services performed.
- (h) Total invoice amount.
- (i) Payment terms (discount for prompt payment terms).
- (j) Remittance address.
- (k) Billing Point of Contact (e.g., name (where practicable), title, phone number, and mailing address of person to notify if there are questions regarding the invoice).
- (l) Shipping information (e.g., shipment number, date of shipment, bill of lading number and weight of shipment. Shipping charges, if any, must be shown as a separate item on the invoice).
- (m) For time and material or labor hour awards, copies of time sheets in support of direct labor charges.
- (n) If travel expenses are reimbursable under the award, Contractor must submit travel documentation, receipts and other proof of expenses as required by the FDIC Contractor Travel Reimbursement Guidelines.
- (o) If subcontractor expenses are reimbursable under a labor-hour or time-and-material award, Contractor must:
 - (1) identify subcontractor expenses and costs separate from prime contractor expenses and costs on the invoice it submits to FDIC;
 - (2) submit with its invoice, as supporting documentation, a copy of its subcontractor's invoice when seeking reimbursement of subcontractor expenses.
- (p) Pass through costs - If expenses or costs are reimbursable under the terms of the award, a description of each shall be provided in the invoice along with the quantity, unit amount, and total amount. Also, if amounts are derived from application of any formula, calculation, percentage, etc., such application must be clearly evident in the supporting documentation provided with the invoice.
- (q) The following certification statement, signed by an authorized company representative:

"This is to certify that the services set forth herein [goods described herein] were performed [delivered] during the period stated.

Contractor's Authorized Representative Date"

- (r) Any other information or supporting documentation required by the award.

If an invoice does not contain the above required information; contains errors; or exceeds the total compensation ceiling limit for this award, the invoice will be returned to Contractor and processing of the invoice for payment will

be delayed until the deficiency is corrected.

In addition, the FDIC requires Contractors to maintain current information in the System for Award Management (SAM) database and complete the annual renewal process, in order to receive timely invoice payments. FDIC may reject any invoice received from Contractor where processing of the invoice cannot be completed because Contractor has failed to maintain its registration, including electronic funds transfer (EFT) information, in the SAM database.

7.5.13-14 - Electronic Invoice Preparation and Submission (CORHQ Business Unit) - November 2023

Contractor must follow the FDIC's electronic invoice preparation and submission instructions stated below:

- (a) Contractor must email electronic invoices to the FDIC's Division of Finance/Accounts Payable (DOF/AP) at the following address: DOFAPInvoice@fdic.gov
- (b) Contractor must only email their invoices to the above DOF/AP email address and not the Oversight Manager or Contracting Officer. The FDIC will not accept hand-delivered invoices or invoices sent to any other address (i.e., FDIC street address or any other email addresses).
- (c) Contractor must submit the electronic invoice as a single file document, in PDF or Excel (.xlsx) format. If the size of a single PDF/Excel file exceeds 30 MB, the invoice may either be submitted as two PDF/Excel files, with neither PDF/Excel file exceeding 30 MB, or it may be submitted as a zip file that does not exceed 30 MB. If two PDF/Excel files are used, each email must clearly identify that the invoice has been separated into two PDF/Excel files to accommodate the size limitation. If a zip file is used, the individual files inside the zip file must be kept to a minimum and each must have a descriptive file name, such as "Invoice cover page", "Timesheets", etc.)
- If submitting in Excel, the following applies:
- (1) The Excel file must be formatted in a manner acceptable to the Contracting Officer. The first tab or worksheet ("Sheet") in the Excel workbook must be the invoice itself, and subsequent tabs may be used for supporting information and calculations;
 - (2) The entire workbook (all tabs) must be formatted for printing in portrait format using letter-size pages, unless the Contracting Officer allows for landscape format and/or legal-size pages for one or more specified tabs;
 - (3) The entire workbook must allow for searching, sorting, filtering, and other data viewing options by FDIC personnel. All formulas in cells must be visible to FDIC personnel;
 - (4) Any unit price or hourly rate must be an exact amount as rounded and displayed in the contract schedule or pricing attachment, and all calculations using the unit price or hourly rate must use that exact displayed amount. The Contractor must not use a unit price or hourly rate on an invoice that differs from the amount displayed in the contract. For example, if a unit price or hourly rate is displayed as \$135.15 in the contract, all calculations in the workbook must be based on \$135.15 (with no decimals beyond the cent), and must not be based on a pre-rounded amount from elsewhere in the Contractor's systems; and
 - (5) Any cell containing a calculation or formula using dollar amounts must be rounded to two decimal places (no decimals beyond the cent). This rounding guideline must be applied to both intermediate and final calculations.
- (d) Contractor must not include more than one electronic invoice in the same email. (For example, if a Contractor

has four task orders, a separate email with a single invoice must be submitted for each of the four task orders.)

(e) Contractor must name the PDF/Excel file or zip file in the following format (with invoice date shown as year/month/date followed by a space and the invoice number):

Invoice date and invoice number (e.g., 2023-01-31 1067876)

(f) Contractor's email subject line must include the words, "Contractor Invoice", followed by a hyphen and the Contract Number (or Task Order Number, or Delivery Order Number, as applicable), as shown in the example below:

"Contractor Invoice – CORHQ-23-C-0000"

(g) Task Assignments: For contracts and task orders containing provisions for Task Assignments, a separate invoice must be submitted via a separate email for each Task Assignment.

(h) The counting of days for Prompt Payment begins on the date the invoice is received in the inbox of the DOF/AP email address, until 4PM. Invoices received after 4PM will be counted as being received the following FDIC workday.

7.1.3-02 - Post-Government Employment Certification (Post-Award) - May 2009

Any former Federal Deposit Insurance Corporation (FDIC) or Resolution Trust Corporation (RTC) employee who the contractor intends to use in performance of work under the contract or its subcontracts must complete and submit the post-government employment certification found at FDIC website <https://www.fdic.gov/buying/goods/acquisition/index.html>. The certification must be submitted to the Contracting Officer prior to the former employee commencing work under the contract. The FDIC Legal Division Ethics Unit will review the certification to determine compliance with the post-government employment restrictions. The former employee may be required to provide additional information as to their position and responsibilities while employed at FDIC or RTC and as a post-government employee working on the FDIC contract or subcontract.

7.3.2-78 - Commercial Supplier Agreement Terms and Conditions - May 2025

1. Definitions:

A. "Commercial item" means any of the following: [Note: For purposes of this document, the term "commercial item" is interchangeable with the terms "commercially available", "commercially available software", "commercial component(s)", "commercial product(s)", and "commercial off-the-shelf (COTS)".]

(1) Any item, other than real property, that is of a type customarily used by the general public or by nongovernmental entities for purposes other than governmental purposes and that has been sold, leased, licensed to the general public; or has been offered for sale, lease, or license to the general public.

(2) Any item that evolved from an item described in paragraph (1) through advances in technology or performance and that is not yet available in the commercial marketplace, but will be available in the commercial marketplace in time to satisfy the delivery requirements under a government solicitation.

(3) Any item that would satisfy a criterion expressed in paragraphs (1) and (2) of this definition, but for (i) modifications of a type customarily available in the commercial marketplace; or (ii) modifications of a type not customarily available in the commercial marketplace made to meet Federal government requirements.

(4) Any combination of items meeting the requirements of paragraphs (1), (2), (3), or (5) of this definition that are of a type customarily combined and sold in combination to the general public.

(5) Installation services, maintenance services, repair services, training services, and other services if such

services are procured for support of an item referred to in paragraph (1), (2), (3), or (4) of this definition, and if the source of such services--(i) offers such services to the general public and the Federal government contemporaneously and under similar terms and conditions; and (ii) offers to use the same work force for providing the Federal government with such services as the source uses for providing such services to the general public.

(6) Services of a type offered and sold competitively in substantial quantities in the commercial marketplace based on established catalog or market prices for specific tasks performed under standard commercial terms and conditions. This does not include services sold based on hourly rates without an established catalog or market price for specific service performed.

(7) Any item, combination of items, or service referred to in paragraphs (1) through (6), notwithstanding the fact that the item, combination of items, or service is transferred between or among separate divisions, subsidiaries, or affiliates of a contractor.

(8) Any item determined by the procuring agency to have been developed exclusively at private expense and sold in substantial quantities, on a competitive basis, to multiple state and local governments.

B. "Commercial supplier agreements" means terms and conditions customarily offered to the public by vendors of supplies or services that meet the definition of "commercial item" and intended to create a binding legal obligation on the end user, such as, but not exclusively, those used in information technology acquisitions, including acquisitions of commercial computer software and commercial technical data. Such agreements may be referred to as Terms of Service (TOS), End User License Agreement (EULA) or another similar legal instrument or agreement and may be presented as a part of a proposal or quotation responding to a solicitation for contract or order. The term applies, regardless of the format or style of the document, whether in paper or electronic form.

2. Applicability. The following terms and conditions apply to any commercial supplier agreement as defined in this clause. These terms take precedence and supersede any conflicting or contrary terms in a contractor, subcontractor or associated third party Commercial license agreement. When any supply or service acquired under this contract is subject to a commercial supplier agreement, the terms of this clause shall be deemed incorporated into the commercial supplier agreement. In addition, the Commercial Supplier Agreement is a part of a contract between the commercial supplier and the FDIC for the acquisition of the supply or service that necessitates a license or other similar legal instrument (including all contracts, task orders, and delivery orders). For accepted terms under the commercial supplier agreement, the ordering activity FDIC may be bound as end user, but a Government employee or person acting on behalf of the government in his or her personal capacity will not be bound. The commercial supplier or license agreement may be incorporated into an FDIC contract as modified by this clause. If a Commercial Supplier Agreement is not required for the goods and services performed by the contractor, all the terms listed below in this clause are not applicable to the contract.

3. Contract Formation. All terms intended to bind the FDIC must be included in static text form within the contract signed by the FDIC. Neither the FDIC nor any authorized end user shall be deemed to have agreed to any terms in the commercial supplier agreement or any terms of any associated third-party agreement by a click box or other comparable mechanism (e.g., "click-wrap" or "browse-wrap" agreements) and such purported execution does not bind the FDIC or an authorized end user and is null and void.

4. Authorization. By executing the Contract, Contractor represents that it is duly authorized to enter into the Contract, including any amendments to the commercial supplier agreement as incorporated into the contract.

5. Venue. Any language requiring dispute resolution in a specific forum or venue that is different from that prescribed by applicable Federal law is hereby deleted.

6. Limitations on Actions. Any language prescribing a different time period for bringing an action than that prescribed by applicable Federal law in relation to a dispute is hereby deleted.

7. Arbitration; equitable or injunctive relief. In the event of a claim or dispute arising under or relating to this agreement, binding arbitration shall not be used unless specifically authorized by a FDIC guidance, and equitable or injunctive relief, including award of attorney fees, costs or interest, may be awarded against FDIC only when explicitly provided by statute (e.g. Prompt Payment Act). Any terms in the commercial supplier agreement requiring that disputes be submitted to arbitration or that claims the supplier has the right to injunctive relief, attorney fees, costs or interest is null and void and shall not be enforceable against the Government.

8. Updating Terms. After award the contractor may unilaterally revise terms if they are not material. A material change is defined as: (A) Terms that significantly change Government's rights or obligations; and (B) Terms that increase Government prices; (C) Terms that decrease overall level of service; or (D) Terms that limit any other Government right addressed elsewhere in this contract. For revisions that will materially change the terms of the contract, the revised commercial supplier agreement must be incorporated into the contract using a bilateral modification. Any terms or conditions unilaterally revised subsequent to award that are inconsistent with any material term or provision of this contract shall not be enforceable against the Government, and the Government shall not be deemed to have consented to them.

9. Representation. Any clause of this agreement requiring the commercial supplier or licensor to defend or indemnify the end user is hereby amended to provide that the U.S. Department of Justice has the sole right to represent the United States in any such action, in accordance with 28 U.S.C. § 516 or FDIC under 12 U.S.C. § 1819, unless otherwise provided by Federal law.

10. Warranties and Disclaimers. FDIC will accept the contractor's commercial warranty, but does not accept a disclaimer of the implied warranty that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract. Additionally, FDIC does not accept a disclaimer of any warranties expressly provided for in the Contract.

11. Limitation of Liability. All limitations of liability accepted by FDIC shall only apply to claims based on contract and any limitations related to tort or other causes of action shall not apply and shall be null and void and unenforceable against the government. Notwithstanding anything to the contrary in the commercial supplier agreement, nothing in the contract or the commercial supplier agreement shall impair the U.S. Government's right to recover for fraud or crimes arising out of or related to this Government contract under any federal fraud statute, including but not necessarily limited to the False Claims Act, 31 U.S.C. §§ 3729-3733.

12. Audit. Any audit requested by the contractor will be at the contractor's or Licensor's expense without reimbursement by the FDIC. Further, such audit may only be conducted if the auditor satisfies the FDIC's security requirements for access to its facilities, systems and information.

13. Term and Termination. Neither the Contractor nor Licensor can unilaterally revoke, terminate or suspend an Agreement or any associated rights granted to the FDIC. In the event of a dispute, the requirements specified in

the Disputes paragraph of this document would apply.

14. Continued Performance. The supplier or licensor shall not unilaterally revoke, terminate or suspend any rights granted to the Government except as allowed by this contract. If the supplier or licensor believes the FDIC to be in breach of the agreement, it shall pursue its rights under the Disputes Clause of the contract or other applicable Federal statute while continuing performance.

15. Confidentiality. If the agreement includes a confidentiality clause, it shall be amended to state that the Government and Government employee's obligations with regard to confidentiality are governed by statute, such as, but not exclusively, the Trade Secrets Act, 18 U.S.C. § 1905 and the Freedom of Information Act, 5 U.S.C. § 552. To the extent that the confidentiality language conflicts or in any way purports to alter the Government or Government employee's obligation with regard to confidentiality, such language shall be null and void and will not be enforceable against the Government.

16. Indemnification. Any language requiring the FDIC to indemnify a contractor or related third-party licensor is null and void and is unenforceable against the Government.

17. Automatic Renewal. Except as otherwise expressly agreed to by the FDIC, any provision of an Agreement requiring automatic renewal of the Agreement is unenforceable against the FDIC.

18. Integration. Any integration clause shall be amended to recognize the associated Contract and these terms and conditions as part of an "entire agreement."

19. Disputes. If the supplier or licensor believes FDIC is in breach of the Agreements, it shall pursue its rights under the Disputes clause of the Contract and Federal laws and performance under the Contract shall continue pending resolution of the dispute.

20. Governing Law. This agreement shall be governed by Federal law. Any language purporting to subject the U.S. Government to the laws of a U.S. state, U.S. territory, district, or municipality, or a foreign nation, except where Federal law expressly provides for the application of such laws, is hereby deleted.

21. Assignment. Neither the Contract nor these Agreements, as amended, shall be assigned, nor may any rights or obligations be delegated, without FDIC's prior approval, except as permitted pursuant to Clause 7.6.5-05, Assignment of Claims.

22. Payment. The FDIC Contract governs the purchase and payment of fees. Payment for awards made by the FDIC in its corporate capacity are subject to the Prompt Payment Act. 31 USC §§ 3901-05.

23. Taxes. The FDIC is exempt from paying any City, County, State, and Federal taxes as provided by Tax Exempt Certificate No. 53-0185558.

24. Force Majeure. Failure to perform this contract according to its terms is excusable and not an event of default if the failure to perform is caused by events beyond the control of Contractor, and through no fault or negligence of Contractor.

7.4.2-02 - Off-site Processing and Storing of FDIC Information - August 2018

(a) Control and Protection of FDIC Information. The Contractor shall implement effective, administrative, technical, and physical safeguards to ensure that all FDIC information in its possession or under its control is adequately protected from loss, misuse, and unauthorized access or modification. The creation, collection, use, processing, storing, maintenance, dissemination, disclosure, and disposal of FDIC information shall comply with all applicable federal and state laws and FDIC directives, rules and regulations regarding protection of information. The Contractor shall not use any FDIC information except to the extent necessary to carry out its obligations under the contract. The Contractor shall not disclose FDIC information to any third party unless disclosure is authorized in the contract, the Contractor obtains the prior written consent of the Contracting Officer, or to the extent expressly required by applicable law, in which case the Contractor shall notify the Contracting Officer at least ten (10) business day before such disclosure, to allow the FDIC to object or concur. The Contractor, subcontractor, or any entity under the Contractor's control shall not access, disseminate, maintain, store, use or disclose FDIC information outside the United States, unless specifically directed by the contract or otherwise authorized by the Contracting Officer.

(b) Return, Destruction and Retention of FDIC Information. All FDIC information remains the property of the FDIC. Upon completion or termination of the contract, or at any time upon request of the Contracting Officer, Contractor shall promptly return to the Oversight Manager all FDIC information in its possession and/or securely dispose of it as required in the contract, Statement of Work, or as directed by the Oversight Manager. Information shall be returned securely in a format directed by the Oversight Manager. Retention of FDIC information by the Contractor beyond the conclusion of the contract is only permissible in accordance with clause 7.6.3-02, Contractor Return, Destruction and Retention of FDIC Information.

(c) Inspections/Assessments/Audits/Reviews/Examinations. To confirm Contractor's compliance with this contract, as well as any applicable laws, regulations and industry standards, Contractor shall grant FDIC information security and privacy staff, the FDIC Office of the Inspector General, the U.S. Government Accountability Office (GAO), or an FDIC-selected third party acting on the FDIC's behalf, permission to perform inspections, assessments, audits, reviews or examinations of all controls in Contractor's physical and/or technical environment in relation to all FDIC information being handled and/or services being provided to FDIC pursuant to this contract. The Contractor shall fully cooperate by providing access to knowledgeable personnel, physical premises, documentation, infrastructure and application software that collects, processes, transmits, or stores FDIC information pursuant to this contract. These inspections, assessments, audits, reviews, and examinations may be conducted either by phone, electronically or in-person. Nothing in this clause shall be viewed as limiting the FDIC or the federal government's audit and inspection rights delineated in other clauses of this contract or by statute.

(d) Security and Privacy Incident Handling. The Contractor shall monitor its facility, premises and information systems for security and privacy incidents and provide the capability to respond to and resolve them effectively and in a timely manner, including allowing for inspection, investigation, forensic analysis, and any other action necessary to ensure compliance with OMB M-17-12 and FDIC's Breach Response Plan, and to assist in responding to a breach. FDIC's Breach Response Plan is available at the FDIC website: <https://www.fdic.gov/buying/goods/acquisition/index.html>. The Contractor and subcontractors (at any tier) shall report a suspected or confirmed breach in any medium or form, as soon as possible and without unreasonable delay, consistent with FDIC's Breach Response Plan. All security and privacy incidents that involve FDIC information must be immediately reported to FDIC's Computer Security Incident Response Team (CSIRT)/Security Operations Center (SOC) at the telephone/email address provided in paragraph (e) below. The Contractor and

subcontractors (at any tier) shall cooperate and exchange information with agency officials in order to effectively report and manage a suspected or confirmed breach. The Contractor shall maintain capabilities to, at a minimum, determine what FDIC information was or could have been accessed and by whom, construct a timeline of user activity, determine methods and techniques used to access the information, and identify the initial attack vector.

(e) The Contractor shall appoint and provide points of contact (names, telephone numbers, e-mail addresses) for the officials who have overall accountability for incident response and protection of FDIC information and with whom the Contracting Officer, Oversight Manager, and other applicable FDIC staff may communicate throughout the duration of the contract about information security and privacy issues. These individuals or designees shall, at a minimum:

1. Be available to assist the FDIC as needed in resolving an incident;
2. Notify the FDIC of an incident immediately after the Contractor becomes aware of it; and
3. Notify FDIC's Computer Security Incident Response Team (CSIRT) via email at fdic-csirt@fdic.gov or telephone at 1-877-FDIC-999 (877-334-2999), as well as to the Oversight Manager (OM) of an incident.

The Contractor shall take all necessary steps to effectively contain identified incidents and coordinate and cooperate with the FDIC in investigating and remediating the incident.

The Contractor shall, at its own costs and at a minimum, provide individuals affected by a breach involving personally identifiable information (PII) under its control with notice of the breach and access to two (2) years of complimentary credit monitoring and identity protection services to protect such affected individuals against risks posed by the breach.

(f) Subcontracts. Contractor must ensure this clause is included in all first-tier subcontracts and lower-tier levels of subcontracts to which the conditions and requirements described in this clause would apply.

- (4) Hardware, peripherals, systems, devices, software, or services that include embedded or incidental information technology.

“Information Technology” means any equipment or interconnected system or subsystem of equipment, used in the automatic acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information by the FDIC, if the equipment is used by the FDIC directly or is used by a Contractor under a contract with the FDIC that requires the use-

- (a) of that equipment; or
- (b) of that equipment to a significant extent in the performance of a service or the furnishing of a product

Information technology includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a computer, software, firmware and similar procedures, services (including support services), and related resources; but does not include any equipment acquired by a federal Contractor incidental to a federal contract.

“IT security incident” means an occurrence that:

- (a) Actually or imminently jeopardizes, without lawful authority, the integrity, confidentiality, or availability of information or an information system;
- (b) Constitutes a violation or imminent threat of violation of law, security policies, security procedures, or acceptable use policies;
- (c) Results in lost, stolen, or inappropriately accessed FDIC information as defined in FDIC Directive 1360.09: Protecting Information, lost or stolen FDIC-owned devices (mobile phones, laptops, Personal Identity Verification (PIV) cards), and any other incident included in FDIC Directive 1360.12: Reporting Information Security Incidents, Cybersecurity and Privacy Awareness Training, and FDIC’s Breach Response Plan (available at the FDIC website: <https://www.fdic.gov/buying/goods/acquisition/index.html>); or
- (d) Results in a situation that severely impairs, manipulates, or shuts down the operation of a system or group of systems (e.g., Building Automation Systems, Heating, Ventilation, Air Conditioning (HVAC) systems, Physical Access Control Systems (PACS), Advanced Metering Systems, Lighting Control Systems).

“Prohibited article” means any prohibited product, system, or service that the Contractor offers or provides to the Government that conflicts with the supply chain terms or conditions of the contract (e.g., Federal Acquisition Security Council (FASC) exclusion order, FDIC CIO Order, counterfeit or suspect counterfeit items, or FDIC contract provision or clause), including, without limitation, provision 7.3.2-76 Covered Telecommunications Equipment or Services-Representation, provision 7.3.2-77 Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment, clause 7.1.2-01, Prohibition on Contracting for Hardware, Software, Products and Services Developed or Provided by Kaspersky Lab and Other Covered Entities, and clause 7.1.2-02, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

“Prohibited source” means any entity with which the FDIC may not enter into or renew a contract or from which the FDIC may not purchase products or services due to conflicts with the supply chain terms or conditions of the contract (e.g., FASC exclusion order, FDIC CIO Order, FDIC contract provision or clause).

“Supply chain event” means any information, situation or occurrence within the vendor’s supply chain that causes or has the potential to cause damage to FDIC personnel, assets, interests, reputation, operations, or facilities.

“Supply chain risk” means the risk that any person may sabotage, maliciously introduce unwanted functionality, extract data, or otherwise manipulate the design, integrity, manufacturing, production, distribution, installation, operation, maintenance, disposition, or retirement of covered articles so as to surveil, deny, disrupt, or otherwise manipulate the function, use, or operation of the covered articles or information stored or transmitted by or through covered articles.

“Supply chain risk information” includes, but is not limited to, information that describes or identifies:

- (2) The user environment where a covered article is used or installed;
- (3) The ability of a source to produce and deliver covered articles as expected;
- (4) Foreign control or ownership of, or influence over a source or covered article (e.g., personal or professional ties between a source and any foreign entity, legal regime of any foreign country in which a source is headquartered or conducts operations);
- (5) Implications to U.S. government mission(s) or assets, national security, homeland security, or critical functions associated with use of a source or covered article;

“Suspect counterfeit item” means an item for which credible evidence (including but not limited to, visual inspection or testing) provides reasonable doubt that the item is authentic.

(b) Reporting requirement.

(1) In the event the Contractor identifies or is otherwise alerted by the FDIC or any other source to a supply chain event involving hardware, software, services, or persons offered or provided to the FDIC during contract performance, the Contractor shall report it, in writing, to the Contracting Officer. For Basic Ordering Agreements (BOAs), Receivership BOAs (RBOAs) and Blanket Purchase Agreements (BPAs), the Contractor shall report to the Contracting Officer for the BOA/RBOA/BPA, and the Contracting Officer(s) for any affected order.

(2) The Contractor shall report the following information pursuant to paragraph (b)(1) of this clause:

(i) Within 1 business day from the date of such identification or notification: the contract number; the order number(s), if applicable; supplier name; brand; model number (Original Equipment Manufacturer (OEM) number, manufacturer part number, or wholesaler number), as applicable; item description; and any readily available information about mitigation actions already undertaken or recommended.

(ii) Within 10 business days of submitting the report pursuant to paragraph (b)(1) of this clause: any further available information about mitigation actions authorized by the Contracting Officer, undertaken or recommended. In addition, the Contractor shall describe the efforts it undertook to prevent the supply chain event, any reasons that led to the supply chain event, and any additional efforts that will be incorporated to prevent future supply chain events.

(3) At any time during performance, if any circumstance requires a change to any proposed good, service, or subcontractor or the occurrence of a supply chain event requires a change, then the Contractor must provide the following information to assist the FDIC in determining whether the Contractor, its personnel or the goods/software/services/subcontractor(s) pose an acceptable supply chain risk or not:

For each good/software/service, identify:

1. Part Number
2. Name of good/software/service
3. Model or Version Number
4. Model or Version Name
5. *Contractor's Status as Manufacturer or Supplier
6. Name and address(es) of Manufacturer
7. Name and address(es) of Subcontractors

*Provide status as one of the following required categories: Original Equipment Manufacturer (OEM), Aftermarket Manufacturer (AM), or Authorized Supplier based on the definitions below. Failure to provide status as one of these three categories may result in ineligibility for award.

“Original Equipment Manufacturer (OEM)” - An OEM is the organization which owns the design and/or engineers the goods and has the intellectual property rights. An OEM typically provides a warranty for the goods that includes not only replacement (or replacement cost) but also further assistance such as failure analysis, reviewing reliability data, and other support. The OEM typically has complete control over the entire production process.

“Aftermarket Manufacturer (AM)” - An AM has obtained the rights from the OEM to produce and sell replacement goods, usually due to the discontinuance of the product by the OEM while a demand still remains. The AM may have intellectual property rights as well; the relationship with the OEM is typified by a legal arrangement. Warranty support is equivalent to that of the OEM.

“Authorized Supplier” - OEMs and AMs usually sell goods through an authorized supply chain. An authorized supply chain can include authorized distributors or resellers, franchised distributors, sales representatives, etc. All of the suppliers obtain goods directly from the OEM or another authorized supplier, with a contractual agreement to do so. In an authorized supply chain the original/aftermarket manufacturer will honor the complete warranty.

(c) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts.

7.3.1-15 - Governing Law - July 2008

This contract is governed by Federal law and will be construed accordingly. To the extent State law may apply, in the case where there is no applicable Federal law, the State law that applies is the law of the State in which the FDIC office executing the contract is located (or the law of the District of Columbia for contracts executed by the FDIC office located in the District of Columbia).

7.3.2-33 - Independent Contractors - July 2008

The FDIC retains Contractor as an independent contractor for the sole purpose of performing the services or providing the goods described in this contract. If subcontracting is permitted, the use of the term "Contractor" herein refers to both the Contractor and all Subcontractors at all levels. Contractor must ensure that all Subcontractors adhere to all of the terms and conditions of this contract that have flow-down requirements.

7.3.2-37 - Audit of Records - July 2008

(a) Audit and Inspection Rights. The FDIC, through its Contracting Officer or his designated representative(s), has the right to audit and examine Contractor's records and inspect its facilities. The scope of these rights is described below.

(b) Examination of Costs. Contractor is required to maintain sufficiently detailed records of the costs it incurs in performing this contract. The FDIC has the right to audit and examine Contractor's books and records, and its accounting procedures and practices, regardless of their form (e.g., machine readable media) or type (e.g., databases, applications software, database management software). The FDIC has the right to inspect, at reasonable times, the facilities used by Contractor during performance of the contract.

(c) Reports. If Contractor is required to furnish cost, funding or performance reports, the FDIC has the right to audit and examine Contractor's books, records, other documents and supporting materials to evaluate (1) the data

underlying the reports and (2) the effectiveness of Contractor's policies and procedures to produce data compatible with the objectives of these reports.

(d) Comptroller General.

(1) The Comptroller General of the United States, or his authorized representative, shall have access to and the right to examine any of the contractor's directly pertinent records involving transactions related to this contract or a subcontract hereunder for a period of three (3) years following final payment under the contract.

(2) The period of access and examination is automatically extended for records relating to claims or litigation arising from the performance of this contract, or costs and expenses of this contract to which the Comptroller General has taken exception, and continues until all claims, litigation, appeals or exceptions are resolved.

(3) This paragraph may not be construed to require contractors or subcontractors to create or maintain any record that the contractor or subcontractor does not maintain in ordinary course of business or pursuant to a provision of law.

(e) Retention Requirement. Contractor must retain the materials described in paragraphs (b) and (c) above for three (3) years following final payment under this contract, or for any longer period required by statute or another clause in this contract. Contractor must make the materials available to the FDIC for audit, examination and reproduction, at reasonable times during the retention period. Contractor must also provide the FDIC with working space at its facilities to conduct the audit and examination. If this contract is terminated, completely or partially, Contractor must maintain the materials described in subparagraphs (b) and (c) above for three (3) years following any final settlement Contractor must maintain, and make available to the FDIC, records relating to appeals under the "Disputes" clause of this contract, or to claims or litigation arising under or from this contract, until the appeals, claims or litigation are resolved.

(f) Computer Data. Contractor may transfer computer data in machine readable form from one reliable computer medium to another. Contractor's computer data retention and transfer procedures must maintain the integrity, reliability and security of the original data. Contractor's choice of media affects neither Contractor's obligations nor the FDIC's rights under this clause.

(g) Subcontracts. Contractor is required to insert a clause containing all the terms of this clause, including this subparagraph (g) - altered as necessary to identify properly the contracting parties and the Contracting Officer under the FDIC prime contract - in all subcontracts under this contract that exceed \$100,000.

7.3.2-57 - Public Release of Contract Award and Advertising and Publicity Information - April 2013

(a) The Contractor, its affiliates, agents or subcontractors, and their respective employees shall not issue press releases or provide other information to the public regarding any FDIC contract award.

7.0.1-01 - Solicitation Provision Incorporated by Reference - July 2023

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. The full text of a solicitation provision is available in Module 7 of the document entitled Acquisition Procedures and Guidance Manual (APGM), which may be accessed electronically at the FDIC website: <https://www.fdic.gov/buying/goods/acquisition/index.html>.

7.1.2-03 - Pre-Award Supply Chain Risk Management (SCRM) Information - March 2024

(a) FDIC Supply Chain Risk Management (SCRM) personnel will conduct a SCRM Review prior to the Contracting Officer making award(s). To facilitate the SCRM Review, the offeror must provide the following information in a separate Volume:

For each good/software/service, identify:

Part Number

Name of good/software/service

Model or Version Number

Model or Version Name

***Offeror's Status as Manufacturer or Supplier**

Name and address(es) of Manufacturer

Name and address(es) of Subcontractors

* Provide status as one of the following required categories: Original Equipment Manufacturer (OEM), Aftermarket Manufacturer (AM), or Authorized Supplier based on the definitions below. Failure to provide status as one of these three categories may result in ineligibility for award.

Definitions:

"Original Equipment Manufacturer (OEM)" - An OEM is the organization which owns the design and/or engineers the goods and has the intellectual property rights. An OEM typically provides a warranty for the goods that includes not only replacement (or replacement cost) but also further assistance such as failure analysis, reviewing reliability data, and other support. The OEM typically has complete control over the entire production process, to include its supply chain.

"Aftermarket Manufacturer (AM)" - An AM has obtained the rights from the OEM to produce and sell replacement goods, usually due to the discontinuance of the product by the OEM while a demand remains. The AM may have intellectual property rights as well; the relationship with the OEM is typified by a legal arrangement. Warranty support is equivalent to that of the OEM.

"Authorized Supplier" - OEMs and AMs usually sell goods through an authorized supply chain. An authorized supply chain can include authorized distributors or resellers, franchised distributors, sales representatives, etc. All of the suppliers obtain goods directly from the OEM or another authorized supplier, with a contractual agreement to do so. In an authorized supply chain, the original/aftermarket manufacturer will honor the complete warranty.

(b) The offeror must include the information addressed in paragraph (a) in a separate volume of the quote/proposal, with a cover page that identifies the solicitation number, the offeror's name, and any other information the offeror believes may support its status as a manufacturer or supplier.

(c) The identification of unacceptable supply chain risk will result in ineligibility for award. As defined in clause 7.1.2-04, Reporting Requirements for Supply Chain Events Involving Hardware, Software, and Services, supply chain risk is the risk that any person may sabotage, maliciously introduce unwanted functionality, extract data, or otherwise manipulate the design, integrity, manufacturing, production, distribution, installation, operation, maintenance, disposition, or retirement of covered articles so as to surveil, deny, disrupt, or otherwise manipulate the function, use or operation of the covered articles or information stored or transmitted by or through covered articles.

(d) The FDIC may communicate with individual offeror(s) about their SCRM Volume and may request supplementation of offeror(s) SCRM Volume(s) at any time prior to award. Such communications and SCRM supplementation do not constitute discussions.
