Postaward Small Business Program Rerepresentation (Feb 2026) (Deviation 2026-O0038)

(a) Definitions. As used in this clause-

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern-

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause.

(2) Affiliates, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

(b) If the Contractor represented that it was a small business concern, a small disadvantaged business concern, or a joint venture that was any of the small business concerns identified in 19.000(a)(3) prior to award of this contract, the Contractor shall rerepresent its size and socioeconomic status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts-

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code(s) assigned to this contract. The small business size standard corresponding to this NAICS code(s) can be found at <https://www.sba.gov/document/support-table-size-standards>.

(d) The small business size standard for a Contractor providing an end item that it does not manufacture, process, or produce itself, for a contract other than a construction or service contract, is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition-

(1) Was set aside for small business and has a value above the simplified acquisition threshold;

(2) Used the HUBZone price evaluation preference regardless of dollar value, unless the Contractor waived the price evaluation preference; or

(3) Was an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(e) Except as provided in paragraph (g) of this clause, the Contractor shall make the representation(s) required by paragraph (b) of this clause by validating or updating all its representations in the Representations and Certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the Contractor's current status. The Contractor shall notify the contracting officer in writing within the timeframes specified in paragraph (b) of this clause, that the data have been validated or updated, and provide the date of the validation or update.

(f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.

(g) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

(c) During performance of the contract, the contractor shall be responsible for obtaining required identification for newly assigned personnel and for prompt return of credentials and vehicle passes for any employee who no longer requires access to the work site.

The exceptions to this restriction are Washington and Minnesota Enhanced Driver's Licenses (EDLs) which display a red, white and blue American flag on the front of the ID card. EDLs exceed REAL ID Act guidelines and are considered acceptable forms of identification. Standard issue driver's licenses from the above states, however, are not compliant.

(2) There is no change for base access to individuals who already possess military issued credentials; non-DoD personnel without base access credentials will be the largest demographic affected by REAL ID Act requirements. Identity proofing was done using approved identification credentials with a background check conducted through law enforcement authoritative databases. That will not change on October 10, 2018.

(3) What will change is which ID's for proof of identity will be accepted. The forms of ID on this list are for use solely at Tinker AFB and several ID's on this list may not grant you entry for other Federal Facilities or military bases. If you are travelling to other Federal Installations/buildings it is recommended you contact them before travelling to that location. Tinker AFB acceptable alternative forms of ID are the following:

- U.S. Passport

- U.S. Passport Card

- PIV-I cards
- Non-Real ID Act Driver's License supplemented with documentation listed:
- Social Security Card
- Birth Certificate
- Voter Registration Card
- State Issued Concealed Carry License
- State Issued Vehicle Registration

(4) All visitors are required to have the proper identification to access an Air Force installation. A REAL ID Act compliant credential will be required to establish individual identity. Those who do not have the accepted documentation for installation access will not be permitted to enter the base without an approved escort (contractors cannot escort other contractors).

(5) Delivery drivers will be required to receive an access pass and background check. It should only add a few minutes to the delivery time, provided the delivery driver meets the criteria for receiving an access pass. In order to conduct the background check, a REAL ID Act compliant credential will be required to establish individual identity. Those who do not have the accepted documentation for installation access will not be permitted to enter the base without an approved escort.

(6) There is no change for base access to individuals who already possess military issued credentials. Those incoming employees who do not currently have military issued credentials will need identity proofing using approved identification credentials with a background check conducted through law enforcement authoritative databases.

(Jun 2020)

Tax on Certain Foreign Procurements-Notice and Representation (Jun 2020)

(a) Definitions. As used in this provision-

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. (1) A citizen or resident of the United States;

(2) A domestic partnership;

Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. (f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the IRS as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. Evaluation Factors for Award

52.212-2 EVALUATION--COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government; price and other factors considered. The following factors shall be used to evaluate offers:

1. Basis for Contract Award:

The acquisition will be conducted and evaluated under the provisions of FAR Part 12, Commercial Items and FAR Part 13, Simplified Acquisition Procedures. In accordance with FAR 13.106-2(b)(1), the evaluation procedures established herein are within the Contracting Officer's broad discretion as applied under FAR Part 13. This acquisition will utilize Technically Acceptable and price as evaluation factors. Technical tradeoffs will not be made, and no additional credit will be given for exceeding acceptability. Award will be made to the acceptable vendor who is technically acceptable with the lowest total evaluated price and whose proposal conforms to the solicitation requirements. The solicitation requirements include all stated terms, conditions, representations, certifications, and all other information required by FAR 52.212-1 of this solicitation. The Government reserves the right to award without interchanges. However, the Government reserves the right to conduct interchanges if determined necessary by the Contracting Officer.

The responsible vendor(s) must be registered in the System for Award Management (SAM) database (available at: <https://www.sam.gov/portal/public/SAM/>) and submit a completed copy of the Offeror Representations and Certifications - Commercial Items with their response. Lack of registration in SAM will disqualify the vendor and declare them ineligible for award.

The Oklahoma City Air Logistics Center (AFSC/PZIMA) at Tinker Air Force Base Oklahoma intends to issue a commercial firm fixed price contract for this acquisition.

2. Number of Contracts to be Awarded:

The Government intends to select one vendor for contract award. However, the Government reserves the right to award no contract at all; depending on the quality of the proposals, prices submitted and the availability of funds, or other factors identified by the Contracting Officer.

3. Rejection of Unreasonable Offers:

The Government may reject any proposal that is evaluated to be unrealistic in terms of program commitments, including contract terms and conditions, or unrealistically high or low in cost/price when compared to Government estimates; such that the proposal is deemed to reflect an inherent lack of competence or failure to comprehend the complexity and risks of the program, item, or service.

4. Correction Potential of Proposals:

The Government will consider, throughout the evaluation, the "correction potential" of any proposal uncertainty. The judgment of such "correction potential" is within the sole discretion of the Government. If an aspect of a vendor's proposal not meeting the Government's requirements is not considered correctable, the vendor may be eliminated.

5. Evaluation Factors

Factor 1--Technical Proposal

Factor 2--Cost/Price

a. Evaluation Methodology:

The Government will evaluate all technical factors concurrently for the three (3) lowest priced proposals. Should one of those three (3) proposals not be found technically acceptable, the next one (1) lowest priced offeror will be reviewed for technical acceptance. Then, price will be evaluated and the lowest evaluated priced proposal will be selected, either initially or as a result of clarifications.

Award will be made to the lowest evaluated priced proposal meeting the acceptability standards for the non-cost factors.

b. Technical Factor:

Acceptable - The proposal meets specified minimum technical evaluation requirements necessary for acceptable contract performance.

Unacceptable - The proposal fails to meet specified minimum technical evaluation requirements necessary for contract performance. Proposals with an unacceptable rating are not awardable.

Technical acceptability will be based on an evaluation of proposals against the criteria stated below and other technical specifications in the Item Description. Offerors are required to present all the information as stated in the Instructions to Offerors, FAR 52.212-1. The minimum technical evaluation requirement is met when the Offeror's proposal thoroughly substantiates all the following essential criteria:

"CONTRACTOR MUST PROVIDE A WRITTEN STATEMENT TO EXPLAIN HOW THEY ARE MEETING THE TECHNICAL EVALUATION CRITERIA LISTED BELOW. A STATEMENT OF "I CONCUR" OR "CONCUR" WILL NOT BE ACCEPTED AND COULD DEEM YOUR PROPOSAL TECHNICALLY UNACCEPTABLE. THE WRITTEN STATEMENT IS ESSENTIAL FOR YOUR QUOTE TO BE RESPONSIVE AND BE REFERRED FOR TECHNICAL REVIEW."

c. Cost/Price Factor:

Cost/Price Evaluation: The vendor's cost/price proposal will be evaluated for award purposes by adding the total price for basic requirements (basic award).

Total Evaluated Price: Price analysis will be performed to determine the reasonableness of the vendor's price proposal. Reasonableness will be based on the total evaluated price. The total evaluated price will be calculated as the sum of the Contract Line Item Numbers (CLINs) unit/extended prices plus other associated factors such as: first article testing costs, transportation costs, price evaluation adjustments for Small Disadvantaged Business Concerns, and application of labor hours to labor hour rates, etc.

Unreasonably Low Costs or Prices: Unreasonably low proposed costs or prices, initially or subsequently, may be grounds for eliminating a proposal from competition either on the basis that the offeror does not understand the requirement or the offeror has made an unrealistic proposal.

Unbalanced Pricing: Vendors are cautioned against submitting an offer that contains unbalanced pricing. Unbalanced pricing may increase performance risk and could result in payment of unreasonably high prices. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly over or understated as indicated by the application of cost or price analysis techniques. The Government shall analyze offers to determine whether they are unbalanced with respect to separately priced line items or subline items. Offers that are determined to be unbalanced may be rejected if the contracting officer determines that the lack of balance poses an unacceptable risk to the Government.

6. Determination of Contractor Responsibility

To be eligible for award, a vendor must be determined responsible. A Determination of Contractor Responsibility will be conducted in accordance with FAR 9.1 (SAM and FAPIIS). A vendor who receives a determination of non-responsibility will not be eligible to receive the contract award.

7. Interchanges:

In accordance with FAR 1.102-2(c)(3) the Government shall exercise discretion, use sound business judgement, and comply with applicable laws and regulations during the course of this acquisition. It is the Government's intent to award without interchanges; therefore, it is imperative that vendors submit their best terms initially. However, if during the evaluation period; it is determined to be in the best interest of the Government to hold interchanges, the Government may conduct interchanges with one, some, or all vendors before issuing any purchase order.

Interchanges are information sharing between the Government and vendors after receipt of quotations which can be conducted to address any aspect of the quotation. Interchanges may be oral or written. Written interchanges take the form of Interchange Notices (IN)s. INs are used to accurately capture contemporaneous sharing of information. If interchanges are conducted, the Government may request final quotation revisions at the conclusion of interchanges.

8. SOLICITATION REQUIREMENTS, TERMS AND CONDITIONS

Vendors are required to meet all solicitation requirements, such as terms and conditions, representations and certifications, and technical requirements, in addition to those identified as evaluation factors or sub-factors, and all technical specifications of the item description, performance work statement or statement of work. Failure to meet a requirement may result in an offer being ineligible for award. Vendors must clearly identify any exception to the solicitation terms and conditions and provide complete accompanying rationale. In the case that a discrepancy exist between the Instruction to Offerors (ITO) and the evaluation factors for award, the evaluation criteria in 52.212-2 will take precedence.
