B.3 PERFORMANCE WORK STATEMENT – (PWS)

A. BACKGROUND

Ending homelessness among Veterans was established as a national priority by the Department of Veterans Affairs Secretary, in November 2009 at the National Summit on Ending Veterans Homelessness. In June 2010, the U.S. Interagency Council on Homelessness (USICH) released *Opening Doors: Federal Strategic Plan to Prevent and End Homelessness*, which is fully aligned with this goal. Eliminating Veteran Homelessness remains one of three Agency Priority Goals for the Veterans Affairs (VA) 2022-2028 Strategic Plan.

The Health Care for Homeless Veterans (HCHV) program is an essential and critical part of the Veterans Health Administration (VHA), providing a gateway to VA and community-based supportive services for eligible Veterans who are homeless. HCHV programs provide outreach services; care, treatment, and rehabilitative services, including case management services; and therapeutic transitional housing assistance under 38 U.S.C. 2032 in conjunction with Work Therapy under 38 U.S.C. 1718. The program uses Contracted Residential Services (CRS) in community locations to engage homeless Veterans who have been underserved. Many of these Veterans would benefit from Mental Health and/or Substance Use Disorder (SUD) treatment but will not avail themselves of these services without the encouragement of outreach workers.

B. PROGRAM DESCRIPTION

The HCHV Contracted Emergency Residential Services (CERS) Program exists to provide a means of removing homeless Veterans from the street or habitation unfit for humans and placing them in community-based, residential environments with sufficient supportive services to meet their basic needs and ultimately, facilitate the improvement of their overall health status and housing situation.

This program will be located in Sacramento, Placer, or Yolo County California (See PWS Addendum 1 Zip Codes) and will be for between 6 and 12 beds for men and women (starting with 8 beds). The program should be actively operating in the required county. Period of performance begins June 1st, 2026.

B.1. HCHV CERS Program characteristics:

- B.1.1.** Targets and prioritizes homeless Veterans who are eligible for VA health care, and are transitioning from chronic literal street homelessness, Veterans being discharged from institutions, and Veterans who recently became homeless and require safe and stable living arrangements while they seek permanent housing.
- B.1.2.** Seeks to reduce barriers to immediate placement with the goal of same-day admission to all CRS programs and ensure their internal admission process and procedures allow for timely and whenever possible, same-day placement of homeless Veteran into available beds.
- B.1.3.** Contractor shall accept referrals without requiring any length of sobriety or abstinence from alcohol or other drugs as a condition of admission, except those that are admitted into a hospital for withdrawal symptoms. Contractor will provide social model withdrawal management or other structured programming to meet the needs of Veterans experiencing withdrawal during the first few days of admission or after a relapse.

B.1.4. Provides safe, secure, and wheelchair accessible housing as well as supportive services.

B.1.5. Lengths of Stay typically range from 30 to 90 days with the option to extend based on clinical need.

B.1.6. Veterans are expected to meaningfully engage their case managers and available programming.

B.1.7. Emphasis is placed on achieving placement in permanent housing or longer term residential programs that offer path to increased housing stabilization at the time of program exit, and reducing negative exits due to rule violations or other avoidable circumstances.

B.2. House Rules and Expectations

B.2.1. Rules focus on staff and resident safety:

- No buying or selling of alcohol or drugs in the facility
- No use of illicit drugs in the facility
- No sexual activity between residents
- No violence or threats of violence
- Honor nightly curfew

B.2.2. When possible, infractions are to be used to engage residents, not simply as grounds for service termination. Negative discharges will be monitored as a measure of program quality.

B.2.3. Veterans are expected to engage programming and maintain communication with case managers at all times around matters relating to admission, stay, and treatment

B.3. Admission Practices

B.3.1. Staff will assist residents with admission forms and eligibility determination with VA

B.3.2. Facility works to reduce barriers to admission:

- Accepts referrals throughout day and night if possible
- Flexibility with admission processes

E. REFERRALS

- E.1.** The VA is capable in determining eligibility of Veterans prior to admission to contractor bed for services. The Contractor is expected to work with identified VA Liaison or other designees to confirm eligibility; it is understood that payment for Veterans admitted without an initial determination of eligibility may not be authorized if the Veteran is found to be ineligible.
- E.1.2.** A list of authorized VA ordering personnel, including primary identified VA Liaison, shall be made available to the contractor upon award of the contract. VA employees may be added or deleted from this list during the term of the contract at the discretion of VA. The contractor shall not deviate from the list of individuals authorized to approve admissions without an updated list.
- E.1.3.** Referral constitutes authorization of an initial service period of up to 90 days (unless otherwise specified).

F. ABSENCES AND CANCELLATION

F.1. The Contractor shall notify Veteran's Affairs Medical Center (VAMC) of any absences from the facility. Absences of the patient from the facility in excess of forty-eight (48) hours will not be reimbursable except those with the prior approval of the VAMC coordinator. Should a patient referred to a residential treatment facility absent himself/herself in an unauthorized manner, payment for services for that Veteran to the contract facility would be continued for a maximum period of two days provided there is an active outreach attempt on the part of the contractor facility staff to return the Veteran to the residential treatment program and a strong likelihood that the patient will return. Management of Negative Exits will be an element of quality assurance review of this program.

F.1.1. The VA will pay per diem up to a maximum of 48 consecutive hours for the unscheduled absence or 96 hours for scheduled absence of a Veteran under the following conditions:

- 1) **Scheduled Absences:** To receive payment, the absence must:
 - a) Be pre-planned, consistent with and support the Veteran's individual service plan, (e.g., family reunification, short term medical, substance use disorder, (SUD), or psychiatric treatment).
 - b) Have the reason be documented in the individual Veteran's case file, treatment record, or service plan.
 - c) Not result in the bed being filled by the provider
 - d) Not be for a break or vacation from treatment.
 - e) Not be used for extended educational or employment circumstances.
 - f) Not be used to create more than 4 consecutive days of absence.
- 2) **Unscheduled Absences:** To receive payment for an unscheduled absence:

- a) The provider must have evidence of active outreach to locate and reengage the Veteran and document the steps taken in the Veterans individual case file, treatment record, or service plan.
- b) The provider may not fill the bed.
- c) The Veteran must be discharged from the HCHV/CERS program if not located within 48 hours.

3) Ineligible Veteran: When a Veteran is admitted into an HCHV/CERS program and found to be ineligible for HCHV/CERS, VA will pay for a maximum of 4 days from the day of admission to allow the provider and HCHV/CERS liaison time to locate and arrange alternate placement.

F.2. The contractor may consider providing an authorized absence (or “pass”) for purposes that are expected to further the recovery goals of a Veteran (e.g., job-related absences, family visits, housing searches, medical, etc.). All requests for passes must be documented in writing in the Veterans individual case record. Authorized absences shall not exceed 48 hours in any given month for any single Veteran, unless otherwise approved by contractor *and* VA Liaison.

F.3. VA reserves the right to remove any or all Veterans from the facility at any time without additional cost, when it is determined to be in the best interest of the Veteran or VA.

G. CONDUCT

G.1. The contractor shall comply with the principles listed in 38 CFR 17.707(b) to provide housing and supportive services in a manner that is free from religious discrimination.

G.2. Local law enforcement and/or fire departments should be contacted for assistance and intervention as appropriate and indicated by any given circumstances.

G.3. The contractor shall also notify the VA Liaison, AOD, or COR immediately of any high risk situations involving veterans with suicidal and/or homicidal threats or ideation, episodes of physical or sexual violence, sexual activities, safety concerns, or activities involving illegal substances so that appropriate response may be coordinated.

G.4. In the event of a medical or psychiatric emergency, it is agreed that every effort will be made to facilitate Veteran access to local VA Medical Center for care. If a VA Medical Center is not available in the vicinity or is otherwise inconveniently located, the Contractor will advise the VA Liaison or AOD of the facility to which the Veteran has been admitted. The Contractor will also be expected to assist Veteran’s requiring non-urgent services with accessing appropriate care from a VA or community facility, as appropriate.

H. COMPLAINTS

The identified VA Liaison and the Contracting Officer’s Representative (COR) will monitor the services being provided in all HCHV CERS Facilities. The contractor is expected to cooperate with VA Staff and COR by providing information and answering questions in a timely manner when requested. Contractor shall refer complaints received directly from Veterans to the identified VA Liaison or COR within 48 hours of complaint. All complaints received by the VA Liaison or COR will be immediately forwarded to the contractor and shall be investigated promptly. After investigation and clarification of disposition, the contractor shall respond to the VA Liaison or COR within five (5) working days or less with proposed resolution or plan for

corrective action. The CO shall be notified in instances where the proposed course of action or response does not appear sufficient to resolve any given complaint.

I. TRAVEL

The contractor is expected to assist Veterans with arranging local transportation to scheduled meetings and appointments. The contractor is expected to help Veterans understand and learn how to utilize public transportation; this includes providing access to information and clarifying instructions necessary to effectively utilize public transit systems. If contractor and VA staff both determine that public transportation is not available, adequate, or appropriate for any Veteran, the contractor will be expected to assist the Veteran with identifying potential alternative modes of transport. It would be beneficial if the contractor can provide transportation to and from any VA facilities.

J. FACILITIES

J.1. General requirements: It is the responsibility of the Contractor to properly maintain its facilities and the VA shall have no responsibility for paying or reimbursing the Contractor for such expenses. The contract facility must:

A contract will not be awarded until noted deficiencies have been eliminated. Failure by the Contractor to take corrective action within the reasonable time provided will be reported to the VA Contracting Officer. If corrections are not made to the satisfaction of the VA, the Contracting Officer will be notified, and shall be the final arbiter on the necessary resulting consequences and action.

L. Coronavirus 2 (SARS-CoV-2) and other infectious diseases in HCHV CRS Programs

L.1. HCHV CRS programs shall have protocols for action to prevent and protect against COVID-19 and other infectious diseases. HCHV CRS programs shall coordinate with the VA to test Veterans with symptoms, to allow for early identification of disease and mitigate outbreaks in congregate settings. HCHV CRS programs must follow local guidelines and recommendations and shall work closely with local and state health departments. VHA strongly encourages all Veterans and staff to be vaccinated, stay up to date with vaccinations, including recommended boosters, and utilize other forms of prevention and protection.

L.2. HCHV CRS programs shall review the Centers for Disease Control and Prevention (CDC) list of Symptoms of COVID-19 and other infectious diseases and specifically guidance on when to seek emergency medical attention.

L.3. Sites are required to have processes in place to ensure available housing options for isolation and quarantine to mitigate any gaps in housing and related resources by utilizing the Options for Social Isolation Under the COVID-19 National Emergency: Guidance for HCHV CRS during the Protection of the Human Environment (PHE):

Isolation Option 1: CRS Provider has space at existing location

- Provider is proposing to use additional space within their current site (second floor unoccupied space or staff office that has now been turned into isolation area).
- The site has been inspected; HCHV Liaison should ensure the contract Contracting Officer's Representative (COR) and CO are aware and the liaison and provider should maintain local records.

Isolation Option 2: CRS Provider does not have space at existing location

- Provider proposes a new site that is not currently a site include in their contract, but that their agency has access to.
- HCHV Liaison and/or COR request that the CO completes an expeditious contract modification with the knowledge that the provider is willing to do so.
- HCHV Program Office guidance regarding modified inspection process may be used to facilitate rapid movement of Veterans with the agreement of the CO.
 - o Inspections may be conducted virtually, as applicable and acceptable to the CO, using video. The inspector and VAMC Director must still sign the inspection package.
 - o If the site was previously inspected and approved within the last 12 months for Grant Per Diem (GPD), this inspection will be accepted for temporary placement of Veterans in HCHV CRS, with approval of the CO.

Isolation Option 3: Use of another HCHV CRS facility

- CRS Provider does not have space, but another existing HCHV CRS Provider does and is willing to take the Veteran.
- The Veteran can be transferred to that location with discharge from the current HCHV CRS program and admission to the new HCHV CRS program.
- No inspection needed because site was already inspected as an existing HCHV CRS Provider.

Isolation Option 4: Use of local hotel/motel room

- Veterans may be placed in a hotel/motel room for COVID-19-related reasons, including facilitating isolation, quarantine, social distancing efforts, and/or controlling an outbreak. Time-limited use of hotels/motels may occur during the pandemic to facilitate rapid movement of Veterans into safe locations.
- The HCHV Liaison and/or the COR request that the Contracting Officer complete an expeditious review and required contract modification with the knowledge that the provider has a plan to utilize this quarantine/isolation option.
 - o In order to use hotel/motel space for this purpose, the provider must have a plan to check on the Veteran daily (remote contact allowed) for wellness checks and supportive services and to facilitate meals.
- Veterans in hotels/motels are required to be counted in the monthly census and providers may not exceed their authorized number of beds. Providers may bill at their authorized per diem rate for the bed days of care provided.

(b) *Inspection/Acceptance.* The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the Government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post acceptance rights—

(1) Within a reasonable time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(c) *Assignment.* The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). However, when a third party makes payment (e.g., use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

(d) *Changes.* Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(e) *Disputes.* This contract is subject to 41 U.S.C. chapter 71, Contract Disputes. Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal, or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause FAR 52.233-1, Disputes, which is incorporated in this contract by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(f) *Excusable delays.* The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence. Examples of occurrences include acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. (1) *Items accepted.* Payment shall be made for items accepted by the Government that have been delivered to the delivery destinations set forth in this contract.

(2) *Prompt payment.* The Government will make payment in accordance with the Prompt Payment Act ([31 U.S.C. 3903](#)) and prompt payment regulations at 5 CFR part 1315.

(3) *Discount.* In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date that appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(4) *Overpayments.* If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall—

(i) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the—

(B) Affected contract number and delivery order number, if applicable;

(C) Affected line item or subline item, if applicable;

(D) Contractor point of contact; and

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a termination for cause.

(B) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures for interest credits prescribed in FAR part 32 in effect on the date of this contract.

(j) *Risk of loss.* Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon—

(l) *Termination for the Government's convenience.* The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) *Termination for cause.* The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. The Government will send a cure notice to the Contractor, unless the reason for the termination is late delivery. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) *Title.* Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) *Warranty.* The Contractor warrants and implies that the items delivered under this contract are merchantable and fit for use for the particular purpose described in this contract.

(p) *Limitation of liability.* Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(q) *Compliance with laws unique to Government contracts.* The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 40 U.S.C. chapter 37, Contract Work Hours and Safety Standards; 41 U.S.C. chapter 87, Kickbacks; 49 U.S.C. 40118, Government-financed air transportation; and 41 U.S.C. chapter 21 relating to procurement integrity.

(End of Clause)

C.14 VAAR 852.204-71 INFORMATION AND INFORMATION SYSTEMS SECURITY (FEB 2023)

(a) *Definitions.* As used in this clause—*Business Associate* means an entity, including an individual (other than a member of the workforce of a covered entity), company, organization or another covered entity, as defined by the Health Insurance Portability and Accountability Act of 1996 (HIPAA) Privacy Rule, that performs or assists in the performance of a function or activity on behalf of the Veterans Health Administration (VHA) that involves the creating, receiving, maintaining, transmitting of, or having access to, protected health information (PHI). Security plan means a formal document that provides an overview of the security requirements for an information system or an information security program and describes the security controls in place or planned for meeting those requirements.

VA Information Security Rules of Behavior for Organizational Users (VA National Rules of Behavior) means a set of VA rules that describes the responsibilities and expected behavior of users of VA information or information systems.

VA sensitive information means all VA data, on any storage media or in any form or format, which requires protection due to the risk of harm that could result from inadvertent or deliberate disclosure, alteration, or destruction of the information and includes sensitive personal information. The term includes information where improper use or disclosure could adversely affect the ability of VA to accomplish its mission, proprietary information, records about individuals requiring protection under various confidentiality provisions such as the Privacy Act and the HIPAA Privacy Rule, and information that can be withheld under the Freedom of Information Act. Examples of VA sensitive information include the following:

individually-identifiable medical, benefits, and personnel information; financial, budgetary, research, quality assurance, confidential commercial, critical infrastructure, investigatory, and law enforcement information; information that is confidential and privileged in litigation such as information protected by the deliberative process privilege, attorney work-product privilege, and the attorney-client privilege; and other information which, if released, could result in violation of law or harm or unfairness to any individual or group, or could adversely affect the national interest or the conduct of Federal programs.

(b) *General.* Contractors, subcontractors, their employees, third-parties, and business associates with access to VA information, information systems, or information technology (IT) or providing and accessing IT-related goods and services, shall adhere to VA Directive 6500, VA Cybersecurity Program, and the directives and handbooks in the VA 6500 series related to VA information (including VA sensitive information and sensitive personal information and information systems security and privacy), as well as those set forth in the contract specifications, statement of work, or performance work statement. These include, but are not limited to, VA Handbook 6500.6, Contract Security; and VA Directive and Handbook 0710, *Personnel Security and Suitability Program*, which establishes VA's procedures, responsibilities, and processes for complying with current Federal law, Executive Orders, policies, regulations, standards and guidance for protecting VA information, information systems (see 802.101, Definitions) security and privacy, and adhering to personnel security requirements when accessing VA information or information systems.

(c) *Access to VA information and VA information systems.*

(1) Contractors are limited in their request for logical or physical access to VA information or VA information systems for their employees, subcontractors, third parties and business associates to the extent necessary to perform the services or provide the goods as specified in the contracts, agreements, task, delivery or purchase orders.

(2) All Contractors, subcontractors, third parties, and business associates working with VA information are subject to the same investigative requirements as those of VA appointees or employees who have access to the same types of information. The level and process of background security investigations for contractors to access VA information and VA information systems shall be in accordance with VA Directive and Handbook 0710, *Personnel Security and Suitability Program*.

(3) Contractors, subcontractors, third parties, and business associates who require access to national security programs must have a valid security clearance.

(4) HIPAA Business Associate Agreement requirement. Contractors shall enter into a Business Associate Agreement (BAA) with VHA, VA's Covered Entity, when contract requirements and access to protected health information is required and when requested by the Contracting Officer, or the Contracting Officer's Representative (COR) (see VAAR 824.103–70). Under the HIPAA Privacy and Security Rules, a Covered Entity (VHA) must have a satisfactory assurance that its PHI will be safeguarded from misuse. To do so, a Covered Entity enters into a BAA with a contractor (now the business associate), which obligates the business associate to only use the Covered Entity's PHI for the purposes for which it was engaged, provide the same protections and safeguards as is required from the Covered Entity, and agree to the same disclosure restrictions to PHI that is required of the Covered Entity in situations where a contractor—

(i) Creates, receives, maintains, or transmits VHA PHI or that will store, generate, access, exchange, process, or utilize such PHI in order to perform certain health care operations activities or functions on behalf of the Covered Entity; or

(ii) Provides one or more of the services specified in the Privacy Rule to or for the Covered Entity.

(A) *Contractors or entities required to execute BAAs for contracts and other agreements become VHA business associates.* BAAs are issued by VHA or may be issued by other VA programs in support of VHA. The HIPAA Privacy Rule requires VHA to execute compliant BAAs with persons or entities that create, receive, maintain, or transmit VHA PHI or that will store, generate, access, exchange, process, or utilize such PHI in order to perform certain activities, functions or services to, for, or on behalf of VHA. There may be other VA components or staff offices which also provide certain services and support to VHA and must receive PHI in order to do so. If these components award contracts or enter into other agreements, purchase/delivery orders, modifications and issue governmentwide purchase card transactions to help in the delivery of these services to VHA, they will also fall within the requirement to obtain a satisfactory assurance from these contractors by executing a BAA.

(B) *BAA requirement flow down to subcontractors.* A prime Contractor required to execute a BAA shall also obtain a satisfactory assurance, in the form of a BAA, that any of its subcontractors who will also create, receive, maintain, or transmit VHA PHI or that will store, generate, access, exchange, process, or utilize such PHI will comply with HIPAA requirements to the same degree as the Contractor. Contractors employing a subcontractor who creates, receives, maintains, or transmits VHA PHI or that will store, generate, access, exchange, process, or utilize such VHA PHI under a contract or agreement is required to execute a BAA with each of its subcontractors which also obligates the subcontractor (*i.e.*, also a business associate) to provide the same protections and safeguards and agree to the same disclosure restrictions to VHA's PHI that is required of the Covered Entity and the prime Contractor.

(d) *Contractor operations required to be in United States.* Custom software development and outsourced operations must be located in the U.S. to the maximum extent practicable. If such services are proposed to be performed outside the continental United States, and are not otherwise disallowed by other Federal law, regulations or policy, or other VA policy or other mandates as stated in the contract, specifications, statement of work or performance work statement (including applicable Business Associate Agreements), the Contractor/subcontractor

must state in its proposal where all non-U.S. services are provided. At a minimum, the Contractor/ subcontractor must include a detailed Information Technology Security Plan, for review and approval by the Contracting Officer, specifically to address mitigation of the resulting problems of communication, control, and data protection.

(e) *Contractor/subcontractor employee reassignment and termination notification.* Contractors and subcontractors shall provide written notification to the Contracting Officer and Contracting Officer's Representative (COR) immediately, and not later than four (4) hours, when an employee working on a VA information system or with access to VA information is reassigned or leaves the Contractor or subcontractor's employment on the cognizant VA contract. The Contracting Officer and COR must also be notified immediately by the Contractor or subcontractor prior to an unfriendly termination.

(f) *VA information custodial requirements.*

(1) *Release, publication, and use of data.* Information made available to a Contractor or subcontractor by VA for the performance or administration of a contract or information developed by the Contractor/subcontractor in performance or administration of a contract shall be used only for the stated contract purpose and shall not be used in any other way without VA's prior written approval. This clause expressly limits the Contractor's/ subcontractor's rights to use data as described in Rights in Data—General, FAR 52.227–14(d).

(2) *Media sanitization.* VA information shall not be co-mingled with any other data on the Contractors/subcontractor's information systems or media storage systems in order to ensure federal and VA requirements related to data protection, information segregation, classification requirements, and media sanitization can be met (see VA Directive 6500, VA Cybersecurity Program). VA reserves the right to conduct scheduled or unscheduled on-site inspections, assessments, or audits of Contractor and subcontractor IT resources, information systems and assets to ensure data security and privacy controls, separation of data and job duties, and destruction/media sanitization procedures are in compliance with Federal and VA requirements. The Contractor and subcontractor will provide all necessary access and support to VA and/or GAO staff during periodic control assessments or audits.

(3) *Data retention, destruction, and contractor self-certification.* The Contractor and its subcontractors are responsible for collecting and destroying any VA data provided, created, or stored under the terms of this contract, to a point where VA data or materials are no longer readable or reconstructable to any degree, in accordance with VA Directive 6371, Destruction of Temporary Paper Records, or subsequent issue. Prior to termination or completion of this contract, the Contractor/subcontractor must provide its plan for destruction of all VA data in its possession according to VA Handbook 6500, and VA Cybersecurity Program, including compliance with National Institute of Standards and Technology (NIST) 800–88, Guidelines for Media Sanitization, for the purposes of media sanitization on all IT equipment. The Contractor must certify in writing to the Contracting Officer within 30 days of termination of the contract that the data destruction requirements in this paragraph have been met.

(4) *Return of VA data and information.* When information, data, documentary material, records and/or equipment is no longer required, it shall be returned to the VA (as stipulated by the Contracting Officer or the COR) or the Contractor/subcontractor must hold it until otherwise directed. Items returned will be hand carried, securely mailed, emailed, or securely electronically

transmitted to the Contracting Officer or to the address as provided in the contract or by the assigned COR, and/or accompanying BAA. Depending on the method of return, Contractor/subcontractor must store, transport, or transmit VA sensitive information, when permitted by the contract using VA-approved encryption tools that are, at a minimum, validated under Federal Information Processing Standards (FIPS) 140–3 (or its successor). If mailed, Contractor/subcontractor must send via a trackable method (USPS, UPS, Federal Express, etc.) and immediately provide the Contracting Officer with the tracking information. No information, data, documentary material, records or equipment will be destroyed unless done in accordance with the terms of this contract and the VHA Records Control Schedule 10–1.

(5) *Use of VA data and information.* The Contractor/subcontractor must receive, gather, store, back up, maintain, use, disclose and dispose of VA information only in compliance with the terms of the contract and applicable Federal and VA information confidentiality and security laws, regulations and policies. If Federal or VA information confidentiality and security laws, regulations and policies become applicable to the VA information or information systems after execution of the contract, or if the National NIST issues or updates applicable FIPS or Special Publications (SP) after execution of this contract, the parties agree to negotiate in good faith to implement the information confidentiality and security laws, regulations and policies for this contract as a result of any updates, if required.

(6) *Copying VA data or information.* The Contractor/subcontractor shall not make copies of VA information except as authorized and necessary to perform the terms of the contract or to preserve electronic information stored on Contractor/ subcontractor electronic storage media for restoration in case any electronic equipment or data used by the Contractor/subcontractor needs to be restored to an operating state. If copies are made for restoration purposes, after the restoration is complete, the copies must be appropriately destroyed.

(7) *Violation of information custodial requirements.* If VA determines that the Contractor has violated any of VA's information confidentiality, privacy, or security provisions, it shall be sufficient grounds for VA to withhold payment to the Contractor or third-party or terminate the contract for default in accordance with FAR part 49 or terminate for cause in accordance with FAR 12.403.

(8) *Encryption.* The Contractor/ subcontractor must store, transport, or transmit VA sensitive information, when permitted by the contract, using cryptography, and VA-approved encryption tools that are, at a minimum, validated under FIPS 140–3 (or its successor).

(9) *Firewall and web services security controls.* The Contractor/subcontractor's firewall and web services security controls, if applicable, shall meet or exceed VA's minimum requirements. VA Configuration Guidelines are available upon request.

(10) *Disclosure of VA data and information.* Except for uses and disclosures of VA information authorized in a cognizant contract for performance of the contract, the Contractor/subcontractor may use and disclose VA information only in two other situations:

(i) subject to paragraph (f)(10) of this section, in response to a court order from a court of competent jurisdiction, or

(ii) with VA's prior written approval. The Contractor/ subcontractor must refer all requests for, demands for production of, or inquiries about, VA information and information systems to the Contracting Officer for response. If the Contractor/subcontractor is in receipt of a court order or other request or believes it has a legal requirement to disclose VA information, that Contractor/ subcontractor shall immediately refer such court order or other request to the Contracting Officer for response. If the Contractor or subcontractor discloses information on behalf of VHA, the Contractor and/or subcontractor must maintain an accounting of disclosures. Accounting of Disclosures documentation maintained by the Contractor/subcontractor will include the name of the individual to whom the information pertains, the date of each disclosure, the nature or description of the information disclosed, a brief statement of the purpose of each disclosure or, in lieu of such statement, a copy of a written request for a disclosure, and the name and address of the person or agency to whom the disclosure was made. The Contractor/ subcontractor will provide its Accounting of Disclosures upon request and within 15 calendar days to the assigned COR and Privacy Officer. Accounting of disclosures should be provided electronically via encrypted email to the COR and designated VA facility Privacy Officer as provided in the contract, BAA, or by the Contracting Officer. If providing the Accounting of Disclosures electronically cannot be done securely, the Contractor/subcontractor will provide copies via trackable methods (UPS, USPS, Federal Express, etc.) immediately, providing the designated COR and Privacy Officer with the tracking information.

(11) *Compliance with privacy statutes and applicable regulations.* The Contractor/ subcontractor shall not disclose VA information protected by any of VA's privacy statutes or applicable regulations including but not limited to: the Privacy Act of 1974, 38 U.S.C. 5701, confidential nature of claims, 38 U.S.C. 5705, confidentiality of medical quality assurance records and/or 38 U.S.C. 7332, confidentiality of certain health records pertaining to drug addiction, sickle cell anemia, alcoholism or alcohol abuse, or infection with human immunodeficiency virus or the HIPAA Privacy Rule. If the Contractor/subcontractor is in receipt of a court order or other requests for VA information or has questions if it can disclose information protected under the abovementioned confidentiality statutes because it is required by law, that Contractor/subcontractor shall immediately refer such court order or other request to the Contracting Officer for response.

(g) *Report of known or suspected security/ privacy incident.* The Contractor, subcontractor, third-party affiliate or business associate, and its employees shall notify VA immediately via the Contracting Officer and the COR or within one (1) hour of an incident which is an occurrence (including the discovery or disclosure of successful exploits of system vulnerability) that

(A) actually or imminently jeopardizes, without lawful authority, the integrity, confidentiality, or the availability of its data and operations, or of its information or information system(s); or

(B) constitutes a violation or imminent threat of violation of law, security policies, security procedures, or acceptable use policies. The initial notification may first be made verbally but must be followed up in writing within one (1) hour. See VA Data Breach Response Service at https://www.oprm.va.gov/dbrs/about_dbrs.aspx. Report all actual or suspected security/privacy incidents and report the information to the Contracting Officer and the COR as identified in the contract or as directed in the contract, within one hour of discovery or suspicion.

(1) Such issues shall be remediated as quickly as is practical, but in no event longer than [7] days. The Contractor shall notify the Contracting Officer in writing.

(2) When the security fixes involve installing third party patched (e.g., Microsoft OS patches or Adobe Acrobat), the Contractor will provide written notice to VA that the patch has been validated as not affecting the systems within 10 working days. When the Contractor is responsible for operations or maintenance of the systems, they shall apply the security fixes within [5].

(3) All other vulnerabilities shall be remediated in a timely manner based on risk, but within 60 days of discovery or disclosure. Contractors shall notify the Contracting Officer, and COR within 2 business days after remediation of the identified vulnerability. Exceptions to this paragraph (e.g., for the convenience of VA) must be requested by the Contractor through the COR and shall only be granted with approval of the Contracting Officer and the VA Assistant Secretary for Office of Information and Technology. These exceptions will be tracked by the Contractor in concert with the Government in accordance with VA Directive 6500.6 and related VA Handbooks.

(h) Security and privacy incident investigation.

(1) The term “privacy incident” means the unauthorized disclosure or use of VA information protected under a confidentiality statute or regulation.

(2) The term “security incident” means an occurrence that

(A) actually or imminently jeopardizes, without lawful authority, the integrity, confidentiality, or availability of information systems; or

(B) constitutes a violation or imminent threat of violation of law, security policies, security procedures, or acceptable policies. The Contractor/subcontractor shall immediately notify the Contracting Officer and COR for the contract of any known or suspected security or privacy incident, or any other unauthorized disclosure of sensitive information, including that contained in system(s) to which the Contractor/subcontractor has access.

(3) To the extent known by the Contractor/ subcontractor, the Contractor/subcontractor’s notice to VA shall identify the information involved, the circumstances surrounding the incident (including to whom, how, when, and where the VA information or assets were placed at risk or compromised), and any other information that the Contractor/subcontractor considers relevant.

(4) With respect to unsecured PHI, the Business Associate is deemed to have discovered a security incident as defined above when the Business Associate either knew, or by exercising reasonable diligence should have been known to an employee of the Business Associate. Upon discovery, the Business Associate must notify VHA of the security incident immediately within one hour of discovery or suspicion as agreed to in the BAA.

(5) In instances of theft or break-in or other criminal activity, the Contractor/subcontractor must concurrently report the incident to the appropriate law enforcement entity (or entities) of jurisdiction, including the VA OIG and the VA Office of Security and Law Enforcement. (i) *Data breach notification requirements.*

(1) This contract may require access to sensitive personal information. If so, the Contractor is liable to VA for liquidated damages in the event of a data breach involving any VA sensitive personal information the Contractor/Subcontractor processes or maintains under the contract as set forth in clause 852.211–76, Liquidated Damages—Reimbursement for Data Breach Costs.

(2) The Contractor/subcontractor shall provide notice to VA of a privacy or security incident as set forth in the Security and Privacy Incident Investigation section of this clause. The term 'data breach' means the loss, theft, or other unauthorized access, or any access other than that incidental to the scope of employment, to data containing sensitive personal information, in electronic or printed form, that results in the potential compromise of the confidentiality or integrity of the data. The Contractor shall fully cooperate with VA or third-party entity performing an independent risk analysis on behalf of VA. Failure to cooperate may be deemed a material breach and grounds for contract termination.

(3) The Contractor/subcontractor shall fully cooperate with VA or any Government agency conducting an analysis regarding any notice of a data breach or potential data breach or security incident which may require the Contractor to provide information to the Government or third-party performing a risk analysis for VA, and shall address all relevant information concerning the data breach, including the following:

(i) Nature of the event (loss, theft, unauthorized access).

(ii) Description of the event, including—

(A) Date of occurrence;

(B) Date of incident detection;

(C) Data elements involved, including any PII, such as full name, social security number, date of birth, home address, account number, disability code.

E.11 VAAR 852.273-73 EVALUATION - HEALTH-CARE RESOURCES (NOV 2021)

(a) This acquisition is being conducted in accordance with Federal Acquisition Regulation (FAR) Part 12 - Acquisition of Commercial Products and Commercial Services. The Government will award a contract resulting from this solicitation to the responsible vendor, whose quote, conforming to the solicitation, will be most advantageous to the Government, price and other factors considered. In accordance with FAR 12.203(c)(2), the quotes will undergo a comparative evaluation to determine which quoter provides the best value to the Government based on the information relative to the non-priced factors while also providing a competitive price. Moreover, the Government is not assigning weight to the factors or listing them in any particular order. As a Part 12 acquisition, the Government does not intend on engaging in discussions described in FAR Part 15. As a result, quotes must be complete and conform to the solicitation's requirements described in part in the Addendum to the Instructions to Offerors.

Prior to conducting the comparative evaluation of quotes, the Government will do a preliminary screening of the quotes to determine if they are complete and conforming to the solicitation. Any errors, omissions, or representations contrary to the terms of the solicitation will be deemed incomplete and/or nonconforming. Any quotes that are incomplete or non-conforming will be eliminated from further consideration as being ineligible for award without engaging in discussions. The Government will not provide a notice of exclusion to vendors whose quotes are incomplete or nonconforming since it is not required under FAR Part 12. The remaining quotes which are deemed to be complete and conforming will undergo comparative analysis. However, the Government reserves the right to change to FAR Part 15 Negotiated Procedures utilizing discussions at the sole discretion of the Contracting Officer when deemed in the best interest of the Government.

(b) The following factors shall be used to evaluate quotations:

- (1) Location/Facility Description
- (2) Recent and Relevant Experience
- (3) Staffing and Service Plan
- (4) Bug Infestation Prevention/Mitigation Plan
- (5) Quality Control Business Plan
- (6) Past Performance
- (7) Price

(c) Evaluation Approach. The Government will evaluate quotations using the comparative evaluation process outlined in FAR 12.203(c)(2), where quotations will be compared to one another to determine which provides the best benefit to the Government. The Government reserves the right to consider a quotation other than the lowest price that provides additional benefit(s). Quotations may exceed minimum requirements of the solicitation. The Government reserves the right to select a quotation that provides benefit to the Government that exceeds the minimum requirements of the solicitation but is not required to do so. Each response must meet

the minimum requirements of the solicitation. The Government is not requesting or accepting alternate quotations. The evaluation will consider the following:

(1) Location/Facility Description: This factor will be used to determine the accessibility to the facility. In accordance with PWS addendum 1, the facility shall be located in one of the zip codes provided. The facility shall provide ADA access and support homeless individuals with co-occurring disorders. Vendors shall provide the size of facility and number of beds per room. Vendors shall provide copies of all applicable licenses, permits, accreditation and certificates.

(2) Recent and Relevant Experience: The Government will consider the experience indicated to see how recent and relevant it is to the current requirement. Relevant is defined as similar in size and scope to this requirement. Experience providing temporary residential services for a 30-90 day stay or longer for homeless individuals, three meals a day, providing case management support for improving income, identifying long-term housing and providing Substance Use Disorder and/or Mental Health Treatment.

(3) Staffing and Service Plan: This factor will be used to assess a vendor's likelihood of performing successfully in accordance with the PWS. Vendors will provide/identify 24-hour staff, number of clinical and non-clinical staff per resident present during different times of the day. Resumes will be reviewed for relevant skills and experience of Key Personnel. This factor will be evaluated to determine the capability of the vendor and the quality of the overall HCHV program with regard to programs and services offered.

(4) Bug Infestation Prevention/Mitigation Plan: This factor will be used to determine if a vendor has an established plan to both prevent and mitigate bug infestation within the emergency housing facility.

(5) Quality Control Business Plan: Offeror must demonstrate a clear plan to meet the goals of the PWS. This factor will be used to assess the vendor's understanding of the PWS and likelihood to perform successfully.

(6) Past Performance: This factor will be used to assess an Offeror's likelihood of performing successfully on this contract. For this factor: The Government shall review available past performance data in the Federal Awardee Performance and Integrity Information System (FAPIS) found in the Contractor Performance Assessment Reporting System (CPARS) found at <https://www.cpars.gov/>. The System for Award management at www.sam.gov will be reviewed for correct, accurate, and correct registration. Vendors who do not have CPARS past performance will be provided with a neutral rating. Offerors shall identify three (3) current or recently completed (within the past three (3) years) contracts that are similar in scope and dollar value to the contract being offered herein, to include contract name, dates of performance, description of services provided, point of contact, telephone number and e-mail address. Contracts listed may include those entered into with the Federal Government, State, or local agencies, or commercial.

(7) Price: The Government will evaluate the price by adding the total of all line-item prices.

(d) Options. The evaluation shall consider the possibility that the option to extend services can be exercised at any time and can be exercised in increments of one to six months, but for no more than a total of six months during the life of the contract. The prices for any option exercised under FAR 52.217-8 may be at the same rates as those in effect under the contract at

the time the option is exercised. The evaluation may therefore assume that the addition of the price or prices of any possible extension or extensions under FAR 52.217-8 to the total price for the basic requirement and the total price for the priced options has the same effect on the total price of all proposals relative to each other, and should not affect the ranking of proposals based on price, unless, after reviewing the proposals, the Government determines that there is a basis for finding otherwise. This evaluation should not obligate the Government to exercise any option under FAR 52.217-8.

(End of Provision)

E.12 VAAR 852.273-74 AWARD WITHOUT EXCHANGES (NOV 2021)

Therefore, each initial proposal should contain the Offeror's best terms from a cost or price and technical standpoint. However, the Government reserves the right to conduct exchanges if later determined by the Contracting Officer to be necessary.
