NOTE 1: A signature block will appear here (replacing these notes) based on the "Dollar Value of this Acquisition" selected above. Since most digital signatures that include date/time-stamps are redacted before they are made publicly available, always insert the date in the "Date" cell when affixing a digital signature to this document.

Department of the Air Force: Justification for Other Than Full and Open Competition

I. Agency and Contracting Activity (RFO 6.104-1(a)(1)):

Agency: Air Force Life Cycle Management Center (AFLCMC)
Contracting Activity: ESAK

II. Nature and/or description of the action being approved (RFO 6.104-1(a)(2)):

This Justification and Approval (J&A) authorizes a sole source award to Compass Point, an Alaskan Native Corporation (ANC) and small disadvantaged business, for the FY26 E911 Sustainment effort. The proposed action is a new Firm-Fixed-Price (FFP) contract. This effort will ensure the continued operational sustainment and maintenance of the E911 system.

III. Description of supplies/services required to meet agency needs (RFO 6.104-1(a)(3)):

The contractor shall provide all necessary personnel, supervision, and services to ensure the continued sustainment of the E911 system. As detailed in the Performance Work Statement (PWS), this includes:

System and software maintenance and support.

Database management and updates.

24/7 technical support and incident response.

System monitoring and performance tuning.

Ensuring the system remains compliant with all relevant federal and local 911 regulations.
The total estimated value of this action is [REDACTED]

IV. Statutory Authority Permitting Other Than Full and Open Competition (RFO 6.104-1(a)(4)):

10 U.S.C. 3204(a)(5), Authorized or required by statute.

V. Rationale for Use of Authority (RFO 6.104-1(a)(5)):

10 U.S.C. 3204(a)(5), as implemented by FAR 6.302-5(b)(4), "Authorized or required by statute." The specific statute is Section 8(a) of the Small Business Act (15 U.S.C. 637(a)), which authorizes the Small Business Administration (SBA) to enter into contracts with Government agencies and to arrange for the performance of such contracts by awarding subcontracts to socially and economically disadvantaged small business concerns. The FAR allows for the direct award to an 8(a) contractor owned by an Alaskan Native Corporation (ANC).

The nature of the acquisition requires the use of the cited authority to award directly to an ANC-owned 8(a) participant. The market research conducted identified that Compass Point is an eligible ANC-owned firm capable of meeting the full requirements of the PWS. The Small Business Act provides for the award of contracts on a sole-source basis to 8(a) participants owned by an Indian tribe or an ANC. This action supports the Government's policy of promoting economic development for these entities as established by statute. In accordance with FAR 5.202(a)(4), this action is exempt from the notice of proposed contract action requirements as it is a contract awarded under the 8(a) Program.

VI. Integrated Market Analysis and Efforts to Solicit Competition (RFO 6.104-1(a)(6), (8), and (10)):

Market research was conducted to identify potential sources for the E911 sustainment requirement. As detailed in the FY26_E911_market_research_report_PM Signed.pdf, the research included a review of the SBA's Dynamic Small Business

Department of the Air Force: Justification for Other Than Full and Open Competition

Search database and inquiries to identify capable 8(a), HUBZone, SDVOSB, and WOSB firms. The research concluded that Compass Point, an ANC-owned 8(a) firm, possesses the capability and technical expertise to perform the required services successfully. This led to the decision to pursue a sole-source award under the authority of the SBA 8(a) program.

VII. Determination of Fair and Reasonable Cost (RFO 6.104-1(a)(7)):

The Contracting Officer is responsible for evaluating, determining, and documenting the anticipated contract cost/price is fair and reasonable in accordance with RFO Subpart 15.4, Contract Pricing.

VIII. Any Other Facts Supporting the Justification (RFO 6.104-1(a)(9)):

The use of the 8(a) program to award this requirement to Compass Point directly supports the Government's socioeconomic goals by providing contracting opportunities to small disadvantaged businesses, specifically those owned by Alaskan Native Corporations. This approach provides an efficient and streamlined acquisition process to ensure there is no lapse in this critical E911 service. No other sources expressed a written interest in the acquisition. The market research was geared towards identifying a capable 8(a) ANC firm for a direct award.

IX. Actions to Overcome Barriers to Competition (RFO 6.104-1(a)(11)):

For any subsequent acquisitions for these services, the agency will re-evaluate the marketplace to determine if conditions have changed to allow for full and open competition. The agency will continue to perform market research to identify new potential sources and assess whether to continue using the 8(a) program or to compete the requirement among other small business categories or on an unrestricted basis.
