

JUSTIFICATION FOR QUALIFICATION REQUIREMENTS

AMSC: (DFARS PGI 217.7506, DoD Spare Parts Breakout Program)

SECTION A: ITEM IDENTIFICATION

1. National Stock Number (NSN):
2. Part Number (P/N):
3. Noun:
4. Application (Weapon System):
5. Engineering Support Activity (ESA):

SECTION B:

1. JUSTIFICATION FOR ESTABLISHING A QUALIFICATION REQUIREMENT

2. REASON WHY QUALIFICATION REQUIREMENT MUST BE DEMONSTRATED PRIOR TO ANY AWARD

- a. Completion of the specified pre-contract award qualification requirements are necessary to assure the Government that the offeror can produce the item in compliance with applicable technical specifications/data within the schedule and economic constraints of the contract. There are significant technical and schedule risks which can only be minimized by a completion of the requirements prior to contract award.
- b. Qualification Requirement Cost Estimate: Estimated costs for testing and evaluation, which will be incurred by the potential offering party to become qualified:
- c. Qualification Time Completion Estimate: Estimated days this qualification effort, based on the complexity of the item and other manufacturing factors: (days)

MANUFACTURING QUALIFICATION REQUIREMENTS

1. National Stock Number (NSN):
2. Part Number (P/N):
3. Noun:
4. Application (Weapon System):
5. Engineering Support Activity (ESA):

Section A. Shipping

DD Form 1654, *Evaluation of Transportation Cost Factors*=

Section B. Dimensional/Electronic Verification

Chemical=

Metallurgical=

Dimensional=

Electronic=

Mechanical=

Non-Destructive Inspection (NDI)=

Documentation Review (Certifications, Test Report, Traceability, Quality, etc.)=

Section C. Nuclear Hardness

Shock, Vibration, and Electro-Magnetic Pulse (EMP)=

Section D. Form, Fit, Function

Same or similar work using AFMC Form 206, *Temp Work Request*=

Section E. Original Equipment Manufacturer (OEM) Qualification Testing

Laboratory Costs (directly dependent on type of testing, location, and duration)=

Flight/Data Reduction and Analysis=

Section F. Travel by Contractor to Test Site

Lodging=

Per Diem=

Rental Car(s)=

Incidentals=

Section G. SAR Package Development

A potential new source's development of a SAR package=

Cost incurred for the Government evaluation of SAR package=

Qualification Time Estimate

Time estimate for qualification (not to include Section G activities)=

(days)

1. National Stock Number (NSN):
2. Part Number (P/N):
3. Noun:
4. Application (Weapon System):
5. Engineering Support Activity (ESA):

2. SOURCE QUALIFICATION WAIVER REQUIREMENTS

Sources who meet any of the following source Qualification Waiver Criteria (QWC) may apply for a waiver of all or part of the qualification requirements. If the potential offerer intends to qualify using QWC, the SAR submission must include the required elements that are identified in AFMCI 23-113 Table A6.1. If a waiver is granted and the offerer is awarded a contract, the offerer may still be required to provide a post-contract award first article exhibit to verify production capability.
