52.252-2 Clauses Incorporated by Reference (Feb 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address (es): www.acquisition.gov

(End of clause)

52.252-6 Authorized Deviations in Clauses (Nov 2020)

As prescribed in [52.107\(f\)](#), insert the following clause in solicitations and contracts that include any FAR or supplemental clause with an authorized deviation. Whenever any FAR or supplemental clause is used with an authorized deviation, the contracting officer shall identify it by the same number, title, and date assigned to the clause when it is used without deviation, include regulation name for any supplemental clause, except that the contracting officer shall insert "(DEVIATION)" after the date of the clause.

Authorized Deviations in Clauses (Nov 2020)

- (a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.
- (b) The use in this solicitation or contract of any _____ *[insert regulation name]* (48 CFR _____) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

CLAUSES INCORPORATED BY FULL TEXT

Electronic Invoicing and Payment Requirements – Invoice Processing Platform (IPP) (Feb 2021)

Payment requests must be submitted electronically through the U. S. Department of the Treasury's Invoice Processing Platform System (IPP).

"Payment request" means any request for contract financing payment or invoice payment by the Contractor. To constitute a proper invoice, the payment request must comply with the requirements identified in the applicable Prompt Payment clause included in the contract, or the clause 52.212-4 Contract Terms and Conditions - Commercial Products and Commercial Services included in commercial item contracts. The IPP website address is: <https://www.ipp.gov>.

Under this contract, the following documents are required to be submitted as an attachment to the IPP invoice:

1. Copy of vendor invoice document in PDF format, which shows pricing breakdown for all items being invoiced for and must include the contract number, date(s) of service (if applicable), date of invoice, and the vendor's standard invoice letterhead.

The Contractor must use the IPP website to register access and use IPP for submitting requests for payment. The Contractor Government Business Point of Contact (as listed in SAM) will receive enrollment instructions via email from the Federal Reserve Bank of St. Louis (FRBSTL) within 3 - 5 business days of the contract award date. Contractor assistance with enrollment can be obtained by contacting the IPP Production Helpdesk via email IPPCustomerSupport@fiscal.treasury.gov or phone (866) 973-3131.

If the Contractor is unable to comply with the requirement to use IPP for submitting invoices for payment, the Contractor must submit a waiver request in writing to the Contracting Officer with its proposal or quotation.

(End of Clause)

Contract Type

The contract awarded is a firm-fixed price commercial contract/award.

COMPLIANCE WITH RECENT EXECUTIVE ORDERS 14148/14208

System updates may lag policy updates. The System for Award Management (SAM) may continue to require entities to complete representations based on provisions that are not included in agency solicitations, including 52.223-22, Public Disclosure of Greenhouse Gas Emissions and Reduction Goals—

Representation, and paragraph (t) of 52.212-3, Offeror Representations and Certifications—Commercial Products and Commercial Services. Agencies will not consider or use these representations. Entities are not required to, nor are they able to, update their entity registration to remove these representations in SAM.

NATIONAL PARK SERVICE
CONTRACTING OPERATIONS - CENTRAL
1849 C Street
NW Washington, DC 20240

Justification for Brand Name Products

Date: 4/15/2026

Project: GRCA AED Replacement

1. Identifications

- a. **Agency:** National Park Service
- b. **Contracting Office:** AZ Major Acquisition Buying Office

2. Description of the action being approved:

The National Park Service (NPS) shall be soliciting for an external defibrillator interoperable with Grand Canyon National Parks current cardiac monitor. The documents included with the solicitation call for specific brand name products that are peculiar to one manufacturer. This written justification provides approval for limiting competition to the listed brand name products as authorized by the Federal Acquisition Regulations (FAR).

3. Description of supplies and services:

Automated External Defibrillator (AED) replacement for Grand Canyon National Park. 65 Physio-Control CR2 AEDs purchased to include 60 CR+ AED trade-in.

4. Authority:

- a. 41 U.S.C. 253(c)(1): Only one responsible source and no other supplies or services will satisfy agency requirements.
- b. FAR Part 11.105: The Brand Name products are essential to the Government's requirements, and market research indicates other companies' similar products do not meet and cannot be modified to meet the agency's needs.
- c. FAR 6.302-1(c): The use of the name brand products are essential to the Government's requirements, thereby precluding consideration of a product manufactured by another company.

5. The description of the product's unique qualifications or the unique nature of the acquisition:

The LifePak CR 2 External Defibrillator allows interoperability with Grand Canyon Cardiac Monitors that are kept on all ambulances. Once an ambulance arrives on scene switching the patient from an AED to Cardiac monitor/defibrillator is quick and seamless with the LifePak CR 2. These are also the standard AEDs kept at 35 sites throughout the park and in 30 patrol vehicles.

6. Efforts to obtain competition:

- a. **Efforts to ensure offers are solicited from as many potential sources as is practicable:**
For acquisitions over \$25,000 the solicitation will be issued on the Government's Point of Entry and/or SAM.gov.
- b. **Presolicitation notice per FAR 5.2:**
For acquisitions over \$25,000 a presolicitation notice shall be posted on the Government's Point of Entry and/or SAM.gov unless the exception noted at FAR Part 5.202(a)(13) applies.

7. Determination that costs will be fair & reasonable:

There are multiple vendors for this brand and multiple quotes are expected. Prices will be proven fair and reasonable based on comparison with competitive quotes received. Also, these prices for these items are published online which can be used for price fair and reasonable determination. Lastly, there was another purchase for AED replacement in 2023 so historical pricing/cost can be used to determine price fair and reasonable.

8. Description of the market research conducted:

Three cardiac monitor manufactures were researched. Phillips and Zoll Medical products are not compatible with our current cardiac monitors. The remaining LifePak monitor by Physio-control is the requisitioned model. This brand name is compatible with our like-pak monitors, if a different model of AED's were purchased, we would have to replace \$25k machines already in use throughout the park.

9. Other facts supporting other than full & open competition:

a. Reason why documents suitable for full & open competition have not been developed:

Other devices that meet the needs of our service would require additional training for all EMS providers, protocol/procedure updates and additional accessories to be purchased.

b. Data, estimated costs or other rationale as to the extent or harm to the Government:

Pursuing other devices would incur a two fold increase in cost to the government with their required accessories over the life of the device.

10. Interested Sources:

There are multiple vendors that sell these products. During market research, the park reached out to 3 vendors who provided quotes and showed interest and capability to meet the requirement. The product is also available on GSA e-buy from one vendor, but they do not offer the trade in value on their schedule. The vendors who have shown interest and capability are; Cardio Partners, Inc, Caro Medical LLC, and Life Assist.

11. Actions to remove barriers to competition in the future for similar acquisitions:

In the future, market research will be done to determine if there have been changes in the market and or products that would allow other brands to be compatible with the current system.

12. Certifications:

Technical / Requirements Certification:

I certify that any supporting data is the responsibility of technical or requirements personnel (i.e. verifying the Government's minimum needs or schedule requirements or other rationale for other than full and open competition) and which form a basis for the justification have been certified as complete and accurate:
