Response Due Date	25 May 2026	08 Jun 2026

List of Contract Documents, Exhibits, or Attachments

The following attachments were added:

CAP r1

Addendum to 52.212-1, Instructions to Offerors - Commercial Products and Commercial Services

Miscellaneous text in this section has been modified to:

The Government intends to award up to seven single Indefinite-Delivery, Indefinite-Quantity (IDIQ) Contracts with Firm Fixed-Price (FFP) provisions as a result of this solicitation in accordance with FAR Part 12, FAR Part 15, and FAR Subpart 16.5. Award will be made to that offeror whose proposal represents the best value to the Government under the selection criteria set forth in this solicitation. The Government intends to evaluate proposals and award multiple contract(s) based on initial proposals. Therefore, the offeror's initial proposal should contain the offeror's best terms from a Technical, Past Performance, Small Business Participation Plan and Price standpoint. The Government reserves the right to award a FFP contract to other than the lowest priced offeror; award a FFP contract without discussions; or award a FFP contract after discussions, whichever is in the best interest of the Government.

The Government intends for a single contractor to perform the services in each service location (i.e. multiple contractors will not be performing in the same service location). The contractor chosen for each service location will be the responsible offeror whose proposal represents the best value after evaluation in accordance with the factors in the solicitation. The offeror's proposal shall be in the form prescribed by, and shall contain a response to each of the areas identified in Section L.

An offeror may be chosen for multiple service locations, if determined to be the best value for that particular location (i.e. each location is not required to have a different contractor from the others). In such cases, an offeror may receive multiple contracts for multiple service locations; or multiple service locations may be covered by a single contract awarded to a single vendor, if that vendor was chosen for those locations.

QUESTIONS: Offerors may submit questions regarding clarification of solicitation requirements to Jim Keegan and Samantha Ballance via email at james.p.keegan7.civ.@us.navy.mil and samantha.a.ballance.civ@us.navy.mil. It is requested that all questions be received by **05 May 2026** by **1000 Eastern Time**, as time may not permit responses to questions received after that date to be prepared and issued prior to receipt of proposals.

SUBMISSION OF PROPOSALS

- (1) Proposals shall be submitted electronically no later than the due date of the solicitation to Jim Keegan and Samantha Ballance via email at james.p.keegan7.civ.@us.navy.mil and samantha.a.ballance.civ@us.navy.mil. Offerors shall comply with the detailed instructions for the format and content of the proposals contained herein; proposals that do not comply may be considered unacceptable and may render the proposal ineligible for award. All electronic files and versions of offerors proposals shall be compatible with the current release of Adobe Acrobat and Microsoft Office Suite version 2016. The offeror shall be responsible for ensuring that their electronic proposals are virus free.
- (2) Proposals shall specify which service location(s) the offeror is bidding on (if bidding on multiple locations, then specify which ones):

Location
Norfolk
PNYA
Mechanicsburg
Philadelphia
Little Creek
Key West

Great Lakes

If bidding on multiple locations, the price proposal must provide complete pricing for each location.

(3) Volumes I & II - Technical Approach and Past Performance

These volumes shall address Technical Approach and Past Performance and include all information required for proposal evaluation. These volumes of the proposal shall exclude any pricing information. Proposals shall include the following legend on each page:

Source Selection Information
See FAR 2.101 and FAR 3.104

(4) Volume III - Small Business Participation Plan (all Offerors) and Volume V - Small Business Subcontracting Plan (other than small business offerors only)

These volumes shall address the Small Business Participation Approach and Small Business Subcontracting Plan (if applicable) include all information required for proposal evaluation. Each page of each copy shall be affixed with the following legend:

Source Selection Information
See FAR 2.101 and FAR 3.104

(5) Volume IV - Price Proposal

This volume shall include the completed solicitation documents and a complete and detailed price breakdown with all supporting information. If bidding on multiple service locations, this volume must contain complete pricing for each location. Each page of each copy shall be affixed with the following legend:

Source Selection Information
See FAR 2.101 and FAR 3.104

REQUIREMENTS FOR PROPOSAL CONTENT

The offer should contain the following items in addition to other information required by this solicitation. The cover page should indicate the following:

- Title of the proposal
- Volume Number (I, II, III, IV, or V)
- Proposal Category (Factor/Sub-factor)
- Request for Proposal Number
- Name and Address of Offeror, CAGE Code, EUI number, and applicable Tax I.D. Number (TIN)
- Point of Contact name, telephone number, and email address
- Proposal valid until performance start date
- Name the service location the offeror is proposing on (see table above)

Proposals shall be prepared in five (5) separate and distinct volumes:

- **Volume I - Factor I: Technical Approach**
- **Volume II - Factor II: Past Performance**
- **Volume III - Factor III: Small Business Participation Plan (all offerors)**
- **Volume IV - Factor IV: Price**
- **Volume V - Small Business Subcontracting Plan (other than small business offerors only)**

Table of Contents: The table of contents should provide sufficient detail as to allow the important elements to be easily located.

1. Requirements for Style: Each offeror shall submit a proposal that clearly and concisely describes and defines the contractor's response to the requirements contained in the RFP. Unnecessary elaboration or other presentations beyond that sufficient to present a complete and effective proposal are not desired and may be construed as an indication of the offeror's lack of understanding of cost consciousness. The proposal shall contain all the pertinent information in sufficient detail in the one area of the proposal where it contributes most critically to the discussion of the same information. When necessary, the offeror shall refer to the initial discussion and identify its location within the submitted proposal.

2. Proposal Page Limitations

Volumes I, II, & III Non-Price Proposal and Volume V Small Business Participation Plan (and, if applicable, Small Business Subcontracting Plan) - The following page limitations are established:

Title	Proposal Quantities	Page Limit*
Factor I: Technical	1 Electronic Submission	12 Pages 20 pages
Factor II: Past Performance	1 Electronic Submission	12 Pages
Factor III: Small Business Participation Plan	1 Electronic Submission	No limit
Small Business Subcontracting Plan	1 Electronic Submission	No limit

All submission and attachments shall be in Microsoft Office Suite. Submissions are page limited to the maximum number of pages as defined above. These page limitations are inclusive of the executive summary and any charts, diagrams, and/or other graphics. Graphics (including tables) in the proposal may use an alternative font with 8-point size type or larger. Each "page" is defined as one sheet, 8 1/2 "x 11", with at least one inch margins on all sides, using a font with a font size of 12 or greater (e.g., "Times New Roman" style with 12-point font), and shall be in portrait orientation. Lines shall, at a minimum, be selected as single-spaced in Microsoft Word with Microsoft Word Normal character spacing. Pages shall be consecutively numbered. Multiple pages, double pages, two-sided pages, or foldouts will count as an equivalent number of 8 1/2" x 11" pages. The offeror is permitted to submit no more than one page for each of the following, which will not be included in the page count: a cover sheet, list of tables, list of figures, compliance matrix, table of contents, tabs, and dividers.

Volume IV - Price Proposal - is not page limited.

Title	Proposal Quantities	Limit*	Software
Factor IV, Price	1 Electronic Submission	No limit	Microsoft Excel

The Price Proposal is not page limited; however, the Price Proposal is to be strictly limited to price information and completed solicitation documents as described in the General Section at the beginning of this text.

* Page limits represent the maximum pages the Government will evaluate and are not construed as de facto standards for the amount of material expected in the proposal.

Pages submitted in excess of the page limitations described within will not be evaluated.

Volume I, Factor I - Technical Approach

The offeror shall provide a technical approach which demonstrates an understanding of the requirement and details how the offeror intends to perform the required tasks and provide the specific services and requirements identified in PWS sections 3.0 and 4.0 and one or more of the following sections: 3.1.1, 3.2.1, 3.1.3, 3.1.4, 3.1.5, 3.1.6, 3.1.7.

Volume II, Factor II - Past Performance

To demonstrate its past performance, the offeror shall identify up to three (3) of its most relevant contracts performed within five (5) years of the solicitation issuance date. Those contracts must reflect at least one year of completed performance within the five years prior to the closing date of this solicitation. Offerors shall provide a detailed explanation demonstrating the relevance of the contracts to the requirements of the solicitation.

To demonstrate its past performance, the offeror shall identify up to three (3) of its most relevant contracts within the past (5) five years from the solicitation closing date. In addition, performance data will only be assessed for those references demonstrating at least one year of completed performance within the five (5) years prior to the closing date of this solicitation. Offerors shall provide a detailed explanation demonstrating the relevance of the contracts to the requirements of the solicitation. For purposes of this solicitation, a contract is defined as a single contract or a single task order placed under an ID/IQ contract, a Blanket Purchase Agreement (BPA), or a Federal Supply Schedule. If an offeror submits the IDIQ contract, FSS contract, or BPA itself as a reference, then the offeror must identify: a) the total number of orders actually awarded to the offeror during the ordering period in the past five (5) years from the solicitation closing date; and b) the total dollar amount of those orders. The total dollar amount shall be the sum of the orders actually awarded, not the contract maximum or ceiling. Orders is defined as either delivery orders (DOs), task orders (TOs), technical direction letters (TDLs), and/or technical area tasks (TATs) placed under an ID/IQ or BPA or Federal Supply Schedule contract. Orders must also meet the recency requirements stated above: each order must have been performed within five (5) years of the solicitation closing date. If an offeror submits an IDIQ contract, FSS contract, or BPA itself as a reference, the ordering period must be at least one (1) year in length and any ordering period prior to the five-years before the solicitation date will not be considered. If an IDIQ contract, FSS contract, or BPA itself is submitted as a reference, the offeror shall state the specific experience claimed from the orders (i.e. the offeror shall identify what work was actually completed on the orders and the relevance to this solicitation, as opposed to generically stating that orders were merely awarded). A Past Performance example that does not provide the level of detail required may not be evaluated.

If a proposed subcontractor's past performance is provided as part of the three (3) of its most relevant contracts or efforts, the percentage and type of work to be done by the subcontractor on the solicitation requirement must be stated. The offeror's submittal shall also detail clearly the aspects of the work in the solicitation that the subcontractor is proposed to perform. A Past Performance example which does not detail clearly the aspects of the work in the solicitation that the subcontractor is proposed to perform may not be evaluated.

If the prime offeror or intended subcontractor/partner submits a past performance example in which it served as a subcontractor, the prime/sub/partner shall detail clearly the work that it performed and the magnitude (dollar value) of that subcontracted work only. A Past Performance example that does not differentiate between the overall contract effort and the subcontractor effort may not be evaluated.

The past performance of subcontractors who will be performing major or critical aspects of the solicitation will be considered as highly as a prime contractor's past performance.

Failure of offerors to provide the required information and level of specificity may result in the contract reference not being evaluated.

With respect to joint ventures, the procuring activity will consider work done individually by each member of the joint venture as well as any work done by the joint venture itself previously. Joint venture references must meet the temporal requirements described in section L (within five years and must reflect at least one year of completed performance prior to the closing date of this solicitation). Additionally, if a joint venture member submits a past performance reference, the joint venture member shall detail clearly the work that it performed in that effort and the magnitude (dollar value) of that work. A reference that does not differentiate between the overall contract effort and the joint venture member's effort for that reference will may not be evaluated. The past performance of a joint venture member who will be performing major or critical aspects of the solicitation will be considered as highly as the joint venture's past performance.

The references will be evaluated in the **aggregate** in order to allow the offerors who may not have the entire scope and magnitude of the requirement under one individual contract to still be evaluated for quality if past performance with the full scope and magnitude of the requirement can be demonstrated within the allotted number of references as described above.

The offeror shall complete a "Past Performance Information Form" for each reference submitted. The form is an attachment to the solicitation.

In addition to the information requested above, offerors shall contact their past performance references and request that each reference complete the Past Performance Report Form attached to the solicitation and e-mail the completed survey form directly to James Keegan and Samantha Ballance via email to james.p.keegan7.civ@us.navy.mil and samantha.a.ballance.civ@us.navy.mil by the DUE DATE OF THIS SOLICITATION. The Government reserves the right to consider past performance report forms received after the due date of the solicitation and to contact references for verification or additional information.

Volume III, Factor III- Small Business Participation Plan

All offerors, both large and small businesses, are required to provide a Small Business Participation Plan responding to the elements below:

- The extent to which small business concerns are specifically identified;
- The extent of commitment to use small business concerns (for example, enforceable commitments will be weighted more heavily than non-enforceable ones);
- The complexity and variety of the work small firms are to perform;
 - o Past performance of the offeror in complying with requirements of the clauses at FAR 52.219-8, Utilization of Small Business Concerns, and FAR 52.219-9, Small Business Subcontracting Plan;
 - When subcontracting possibilities existed on the contracts submitted by the offeror in the Past Performance volume, address whether or not the offeror awarded subcontracts to small business concerns, veteran-owned small business concerns, service-

disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns, and women-owned small business concerns to the fullest extent consistent with efficient contract performance.

- If utilizing small businesses in current or prior contracts was not practicable, the offeror shall explain why.
- Provide any information substantiating the offeror's track record of utilizing small business on past contracts in detail. Include, at a minimum, two most recent Summary Subcontract Reports (SSR) from eSRS.

- The extent of participation of small business concerns in terms of the value of the total acquisition.

Small Business Subcontracting Plan (for other than small businesses only)

Each offeror that is not a small business shall provide a Small Business Subcontracting Plan that contains all elements required by FAR clause 52.219-9 Alt II (Deviation), and as supplemented by DFARS clause 252.219-7003, by **the closing date and time of this solicitation**. **The small business subcontracting plan is not an evaluation factor and will not be evaluated as part of the formal source selection process.** Offerors are permitted to submit a master subcontracting plan as long as it is created in accordance with FAR 19.701 and FAR 19.704(b). Small Business Subcontracting Plans are not required from offerors that qualify as small business concerns under NAICS code 517111 with a size standard of 1,500 employees.

It is the goal of this solicitation that prime contractors subcontract with small businesses to the maximum extent practicable. For other-than-small prime contractors, the Small Business Subcontracting Plan goals shall be expressed in terms of whole dollars and percentages based on total planned subcontracting dollars. Of the total planned subcontracting dollars, the Small Business Subcontracting Plan shall include goals for small businesses, small disadvantaged businesses, woman-owned small businesses, HUBZone small businesses, veteran-owned small businesses, and service-disabled veteran-owned small businesses. The Government will consider prior achievement of small business subcontracting plan goals as well as the proposed dollar values and percentages related to this solicitation.

Volume IV, Factor IV - Price

The Price Proposal shall include the completed solicitation documents. The price proposal shall include all elements of price, and such other price information considered appropriate to support the proposal. Vendors are required to complete the Price Spreadsheet Attachment, and any information such as commercial pricing listings or any information, which can be used in evaluating the submitted price quote. The pricing information shall be completed in accordance with the following:

- Completed CLINs completed by the offeror along with the completed Attachment XII "Pricing Spreadsheet". Using "Attachment XII "Pricing Spreadsheet" to the RFP offerors must submit fully burdened monthly rates and extended prices (i.e. fees, taxes) for each ordering period identified on the spreadsheet and for the 6-month option period pursuant to FAR 52.217-8. The Contractor's price shall be inclusive of all the Contractor's direct costs, indirect costs, and profit and shall include all costs associated with providing the items/services described in the Performance Work Statement and the solicitation. For the purpose of preparing a price proposal, the offeror shall assume that the period of performance consists of a 5-year ordering period, and FAR clause 52.217-8, Option to Extend Services up to six months, as established in the Schedule.
- The proposed rates shall be provided by the offeror in Attachment XII of the solicitation and will be incorporated into the resultant contract as the ceiling rates for each category. Failure to include a rate for all of the provided categories within Attachment XII may deem an offeror to be non-responsive.
- A completed and signed page 1 of the solicitation and a completed and signed page 1 of any amendments;
- Unless completed in SAM, RFP Section, "Representation, Certification and Other Statements of Offerors" completed by the offeror in accordance with FAR 52.204-8, FAR 52.204-24, FAR 52.204-26 and DFARS 252.204-7007 Alt. A.
- All price and price supporting information shall be contained in the price submittal. No price or pricing information shall be included in any other volume including cover letters. Offerors are responsible for submitting sufficient information to enable the Government to fully evaluate their price proposal.
- The offeror shall not deviate from the government provided pricing spreadsheet identified in Attachment XII "Pricing Spreadsheet" of the Solicitation.
- Offerors submitting partial pricing information shall be ineligible for award. The monthly rate prevails if a discrepancy exists between the monthly rate and the extended price. The Contractor's price shall be inclusive of all the Contractor's direct costs, indirect costs, and profit and shall include all costs associated with providing the services described in the Performance Work Statement and the solicitation.

- Note on Task Order Pricing: The prices or labor rates that are in effect on the date any task order is issued by the Government shall apply for the full period of performance of the task order. If the task order also includes option periods, the rates that are in effect on the date the option period is exercisable shall apply for the full period of performance of the option period.
- The Government reserves the right to issue task orders utilizing more or less items included in the spreadsheet. The total of all Orders issued within the established ordering period will not exceed the ceiling amount set per contract location contained within the solicitation.
- Each firm-fixed-price task order will ultimately be awarded at a negotiated amount, to be divided equally into monthly amounts (monthly unit of issue) for accomplishment of the Task Order PWS, using the rates established in Attachment XII "Pricing Spreadsheet" as the basis to determine the negotiated Task Order price.

The total proposed price shall represent the offeror's firm-fixed-price for performance of all of the solicitation's requirements. For the purpose of preparing a price proposal, the offeror shall assume that the ordering period shall be from February 1, 2027 to January 31, 2032, or if the FAR clause 52.217-8 option is exercised, July 31, 2032.

A firm-fixed-price is not subject to any adjustment on the basis of the contractor's cost experience in performing the contract. The Government shall not be responsible for compensating the Contractor for any costs tied to solicitation requirements but not factored into the proposed prices, either by the Contractor's intention or by mistake.
