

SOLICITATION PROVISIONS

ADDENDUM TO FAR 52.212-1 INSTRUCTIONS TO OFFERORS - COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES

The US Department of Homeland Security (DHS), Office of Procurement Operations, Countering Weapons of Mass Destruction Homeland Security Acquisition Division (CWMDHSAD), on behalf of the Federal Protective Service (FPS) is issuing this competitive request for quotes (RFQ) for the purpose of awarding a contract to provide the services described herein. DHS/FPS (the Government) will conduct this acquisition using the procedures of Parts 12, 13, and 15 of the Federal Acquisition Regulations.

(a) Quotation Evaluation Information

Non-price factors, when combined, are more important than price. However, the Government contemplates the possibility that it may identify an offer(s) of such a high technical quality that it would not be in the Government's interest to pay an additional price premium for any additional technical (non- price) advantage. As a result, offerors are advised that the Government may not evaluate the technical proposals of all offerors under this RFQ. The government will first review the total evaluated price of all quotations received. The non-price factors of those offerors whose pricing is determined by the Contracting Officer to be most competitive may be reviewed prior to, or instead of, other quotations received. Based on the initial review of these quotations, the government may not evaluate the quotations of other offerors, whose total evaluated pricing was higher than that of one already evaluated and already assigned the highest possible technical adjectival rating. This would occur when the Contracting Officer determines that one or more of the technical proposals already reviewed is of such a level of quality that it would not be in the interest of the government to incur cost beyond the price of the technical proposals already reviewed.

(b) Quotation Submission Requirements

Submission of Electronic Quotations: Offerors are requested to submit quotations in response to this RFQ via e-mail per the instructions below. Quotations received at the Government e-mail addresses after the date and time indicated in block 8 of the SF 1449 shall be deemed "late" and will be considered only in accordance with the provisions set forth under FAR 52.212-1, Instructions to Offerors – Commercial Items, paragraph (f).

Offerors shall submit their quotations via email. Offerors shall submit their quotations to following email address(s): Mark.Namoco@hq.dhs.gov and Marcus.Datcher@hq.dhs.gov.

- (1) Offerors shall submit their signed quotations as "PDF" documents except when specified otherwise.
- (2) Each electronic file shall be clearly named in accordance with the solicitation provisions. The offeror's electronic quotation shall be submitted according to the requirements set forth below:

- (i) The entire quotation shall be submitted in PDF format.
 - (ii) Adobe Acrobat shall be used to create the “PDF” files.
 - (iii) In order to facilitate secure transmission, it is recommended that emailed files are compressed (zipped) into one, ZIP file using WinZip.
 - (iv) The WinZip password shall be submitted under a separate email by the closing date and time of this solicitation.
 - (v) All submissions shall include **70RWMD25QP0000021** in the subject line of the email.
- (3) Quotations submitted electronically will be considered late unless the offeror completes the entire transmission of the quotation before the closing date and time for receipt of quotations under this solicitation. Late quotations may not be eligible for award.
- (4) Contractors are informed that it is the Government’s desire to make award on initial quotations when deemed possible by the Contracting Officer; however, the Government reserves the right to communicate and/or negotiate with offerors if later determined necessary. If the Contracting Officer determines that the number of quotations that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated quotes.
- (5) Quotations shall specify the offer expiration date. Offerors shall hold their offers valid for 120 days after the solicitation closing date, unless requested to further extend it by the Contracting Officer.

NOTE: Terms of this RFQ and specifications within the Statement of Work shall remain unchanged unless the Statement of Work is amended in writing by the Contracting Officer.

Quotation transmission must be completed by 09/11/2025 at 10:00 AM (EST).

NOTE: Quotations shall be comprised of two (2) electronic submissions via email.

Failure to meet any of the instructions for submission of Offeror quotations may result in the rejection of the Offeror’s quotation.

(1) Part I – Compliance with Technical Specifications (non-price factor) - The Government will initially review quotations to determine whether the equipment proposed by the vendor meets the specifications in the Statement of Work. Vendors shall submit:

- (i) Itemized list of quoted equipment with brand, model, and quantities for each equipment, **with no pricing information.**
- (ii) Cut sheets with narrative descriptions and technical specifications for each piece of equipment being quoted. All cut sheets **shall be consolidated into one (1) file** and in the order they appear on the Offeror provided furnished equipment list. The Offeror shall NOT send individual cut sheets. If the cut sheets are compressed via WinZip, they shall all still be one (1) file.

Technical Specifications will be evaluated for adherence to the stated requirements in the attached Statement of Work. If the Government determines that the specifications do not adhere to the Statement of Work, the quotation will be found to be non-conforming and will not receive further consideration for award. Vendors who fail to submit the cut sheets and narrative descriptions may not receive further consideration for award.

Upon a determination that a quotation is technically conforming, the vendor's quotation will be evaluated for past performance.

(2) Part II - Past Performance (non-price factor) – The Offeror shall demonstrate relevant past performance by submitting a list of references for projects performed within the last three (3) years. Relevant past performance information includes, performance under projects (currently being performed or performed within the past three (3) years although those projects of short duration or recently awarded may be considered as slightly less relevant and/or presenting a higher performance risk given the shorter period of performance) that are of a similar or directly related scope, magnitude and complexity to that described in the solicitation and as defined below. Note that the Government reserves the right to evaluate submitted projects individually or in the aggregate in order to determine relevance and will do so consistently across all evaluated offers. The Government will also consider the quality of the Offeror's relevant past performance.

Information provided in response to this factor will assist the Government in determining the degree of risk associated with award of this project to the Offeror in question based upon that Offeror's past and present performance on other relevant projects. In addition, the Contracting Officer may use past performance information as one of the components in making a determination of responsibility.

The offeror shall provide up to a maximum of two (2) "Attachment D – Past Performance Project Form(s)" for projects performed for Government agencies and/or commercial customers within the last three (3) years. For each project submitted, up to a maximum of two (2), the Offeror shall fill out one (1) "Attachment

D - Past Performance Project Form” and submit those Past Performance Project Forms to the Government along with the Offeror’s submission. Vendors shall submit:

- (i) **Up to a maximum of two (2) Past Performance Project Forms with their submitted quotation.**

In accordance with the Past Performance Project Form(s) that are provided by the offeror, the Offeror is responsible for sending “Attachment E – Past Performance Questionnaire” to each end-customer listed on the Offeror provided “Attachment D – Past Performance Project Form”. Vendors shall have the end-customers for which services were rendered for submission.

- (ii) **Past Performance Questionnaires that shall be sent directly to the Contract Specialist at Mark.Namoco@hq.dhs.gov and the Contracting Officer Marcus.Datcher@hq.dhs.gov in accordance with the Vendor submitted Past Performance Project Forms.**

The Government **will not** accept any “Attachment E - Past Performance Questionnaire(s)” sent directly from the Offeror. Instructions are provided for the end-customer on how to send the completed Questionnaires to the Government. If the Government does not receive any “Attachment E - Past Performance Questionnaire(s)” from the end-customer(s) listed on the “Attachment D - Past Performance Project Form(s),” then the Government reserves the right to directly contact the end-customer to facilitate submission of completed “Past Performance Questionnaires.” If the requested past performance information is not submitted to the Government, the Government reserves the right to obtain past performance through all available sources.

Past Performance will be evaluated for:

Period of Performance: When the contract was completed or if it is in progress. Completed projects will be considered more relevant than work in progress.

Scope: The type of services provided and what was installed. Video Security Surveillance (VSS), Network Video Recorder (NVR) Server, workstations, switches, new Internet protocol (IP) cameras, and monitors will be considered more relevant. Intrusion Detection Systems (IDS).

Magnitude: Total contract value.

Complexity: Not limited to, but including licensing, types of responsibilities, similarity to technical specifications of the current Government requirement, systems integration, offeror qualifications, and any issues that arose from the installation work and ability of the offeror to successfully rectify those issues. Complexity of projects completed for Government agencies will be considered more relevant than projects for commercial customers.

Overall Rehire-ability: Whether the end customer for which the services were provided would work with again, rehire, or recommend other customers to work with the Offeror.

The Evaluator will consider individual projects that meet or exceed the scope and magnitude and complexity to have a higher degree of relevancy than those that meet only the scope or magnitude or complexity, or are combined to meet or exceed the magnitude.

Information provided in response to past performance will assist the Government in determining the degree of risk associated with award of this project to the Offeror in question based upon that Offeror's past and present performance on other relevant projects.

FAR 52.212-2 EVALUATION – COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021) (Tailored)

- (a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. In addition to price, the following non-price factors shall be used to evaluate offers and are listed in descending order of importance.

Compliance with Technical Specifications

Relevant Past Performance

The non-price factors, when combined, are more important than price.

In considering the relevance of an offeror's past performance, the Government reserves the right to evaluate submitted projects individually or in the aggregate in order to determine relevance and will do so consistently across all evaluated offers. The Government reserves the right to obtain information for use in the evaluation of past performance from any and all sources including sources outside of the Government. Offerors lacking relevant past performance history will not be evaluated favorably or unfavorably on past performance. However, the proposal of an offeror with no relevant past performance history, while not rated favorably or unfavorably for past performance, may not represent the most advantageous proposal to the Government. The Government will consider the quality of an offeror's past performance. This consideration is separate and distinct from the Contracting Officer's responsibility determination. The assessment of the offeror's relevant past performance will be used as a means of evaluating the relative capability of the offeror and other competitors to successfully meet the requirements of the RFQ. In determining the rating for the Past Performance evaluation factor, the Government will give greater weight to the contracts or efforts which are determined to have greater relevance to the RFQ. An offeror whose past performance demonstrates either a low expectation or no expectation that the offeror will be able to successfully perform the required effort may not present the best value to the Government.

The Government reserves the right to award the contract to other than the lowest priced offeror.

- (b) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the

Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

BASIS FOR SELECTION The Government will select the responsible offeror whose submissions, in conforming to this RFQ, provides the overall best value to meet the Government's requirements, price and non-price factors considered. (h) *Certification Regarding Responsibility Matters (Executive Order 12689).*

(Applies only if the contract value is expected to exceed the simplified acquisition threshold.)
The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at [9.104-5\(a\)\(2\)](#) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) ***The tax liability is finally determined.*** The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) ***The taxpayer is delinquent in making payment.*** A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) ***Examples.***

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies—

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and
