Continuation of block 14. DESCRIPTION OF AMENDMENT/MODIFICATION

The purpose of this amendment is to:

- 1) Add Range Pricing,
- 2) Increase Estimated Quantity from one (1) each to two (2) each, and
- 3) Extend due date

FROM - 5/12/25
TO - 6/23/25

All other terms and conditions remain unchanged.

**PART I - THE SCHEDULE
SECTION B
SUPPLIES OR SERVICES AND PRICES/COSTS**

On Time Delivery Improvement

In accordance with the 448th Supply Chain Management Wing (448th SCMW), Air Force Sustainment Center Contracting Directorate (AFSC/OK) and Defense Logistics Agency (DLA) Aviation Contracting On-Time Delivery (OTD) Improvement Initiative. DLA Contracting has established the following OTD requirements with the intent to improve OTD. As detailed in section B of the Solicitation, the government has developed a Required Delivery Schedule (RDS), which is reflective of the customer need date as well as projected Production Lead Time (PLT). The government RDS considered such factors as historical data and active contracts. In developing your response, the government requests your company review the RDS provided and propose an achievable delivery schedule based on your internal PLT review. With input from suppliers, the Contracting Officer may negotiate an updated RDS representative of all factors stated above along with any new information that may become available.

QUANTITY RANGE PRICING

The Government intends to purchase a total of two (2) each. These requirements are for FMS customers which are typically more volatile and could impact the quantity on the potential award (higher or lower quantities). Therefore, the Government is requesting range pricing for the following ranges. Please provide range pricing below.

1 to 2 EA	\$
3 to 4 EA	\$
5 to 10 EA	\$
11 to 15 EA	\$
16+	\$

The Item No.'s (starting on page 4) list best estimated quantities. These Item No.'s will be unpriced as all pricing should be completed in the table above.

In the event of competition, the Government will be awarding based on the total quantities needed at the time of award. The Government will evaluate competitive proposals based on the needed quantity price range.
