D. GENERAL REQUIREMENTS

1. **PRICES AND TERMS:** The Fayetteville NC VA Coastal Health Care System will provide estimated annual service requirements for the equipment listed above in addition to any

equipment provided as replacement for covered equipment or new purchases under this agreement.

- 1.1. This will be a sole source, firm-fixed price contract with one base year and four, one-year options. If the vendor fails to perform in a manner satisfactory to the CO, this agreement may be canceled with thirty (30) days written notice to the Vendor by the CO. The Vendor shall also reserve the right to terminate this contract with 30 days notification to the CO. At a minimum, this agreement shall be reviewed annually prior to option year execution. The FNCVAHCS intends to establish the base year of the agreement for the period of 7 May 2026 through 6 May 2027. The four options will commence 7 May 2027 and end 6 May 2031. The Government anticipates utilizing a single award requirement type contract using the equipment listed to provide the vendor a basis of calculating future pricing.
- 1.2. The vendor shall cooperate with the Government to automatically extend and modify this contract to incorporate any and all new instruments acquired by the Fayetteville NC facilities during the contracting period.
2. **TELEPHONE SUPPORT:** In the event of failure or malfunction of covered equipment, the Government will notify the Vendor immediately for troubleshooting and technical support. The Vendor shall provide technical telephone support services 7 days a week, 24 hours a day, at no additional charge to the Government. Technical support must return all downtime calls within one hour, and if an on-site service or equipment replacement is required, the contractor's field service representative should provide an on-site service response within 24 hours after being contacted. Furthermore, the vendor should intend to restore the Government's equipment to a fully operational status.
3. **ON-SITE SERVICE:** Service must include all necessary repairs to keep the equipment in good operating condition and be in accordance with the manufacturer or regulatory agency's recommendations and requirements. All work must be performed in compliance with the guidelines established by Federal, State and local ordinances, as well as the FDA, and with all terms, conditions, provisions, schedules and specifications provided herein.
 - 3.1. Repairs shall be performed during normal FNCVAHCS hours, 0800-1700, Monday-Sunday, including Federal Holidays, unless otherwise specified. Contractor may work outside normal business hours without additional charge to the Government by arrangement of the Contracting Officer Representative (COR). Any overtime charges must be approved by the COR or designee prior to the initiation of overtime work.
 - 3.2. The Vendor's technical service representative shall respond by telephone within one hour of the original service call. If on-site service is required, the vendor's Field Service Engineer (FSE) shall arrive on-site for repairs within twenty-four (24) hours of the original service call. Equipment must be returned to full operation within forty-eight (48) business hours of the original call.
 - 3.3. The Vendor shall provide and install all replacement parts required to keep equipment performing within the manufacturer's specifications at no additional charge. All parts must meet or exceed factory specifications to maintain

compatibility with systems presently in place and with future performance/reliability upgrades. All parts removed and replaced by the vendor become the property of the vendor upon approval of the Government's Contracting Officer or designated Representative.

- 3.4. The Vendor shall guarantee a 98% uptime using the total number of hours that the system is used in a 13-week quarter. If the Government's equipment is unable to perform testing, it will be considered down and put out of use temporarily (not including PM or any other scheduled downtime event), until the vendor can restore the system or provide an alternative solution.
- 3.5. The Vendor shall provide the Government with a designated point of contact and make arrangements to enable their representative to receive such notifications. The Vendor must also provide all parts and labor needed to repair any malfunction and restore the instrument to operational status. Parts and consumables covered under this service contract shall include replacing any malfunctioning or inoperable parts. If applicable, any travel, per diem or other expenses associated with the repair will be borne by the vendor. Otherwise, all services will be performed at no charge to the Government during this period.
- 3.6. The Vendor must furnish a malfunction incident report to the Government's representative upon completion of each maintenance call. The report must include, as a minimum, the following information: (a) date and time of notification, (b) date and time of arrival, (c) serial number type and model number(s) of equipment, (d) time spent for repair, (e) description of malfunction and (f) proof of repair. Parts (e) and (f) shall be written verification of the quality control results for a sample run.
- 3.7. At the conclusion of each repair visit, the Vendor will provide an electronic service report to the Government's representative within 48 hours. This report must indicate the date of service, the model, serial number, location of the equipment serviced, the name of the service representative, the hours worked, the services performed, and the parts replaced.

4. WARRANTY REPLACEMENT:

- 4.1. In the event that the vendor is unable to meet a 98% uptime due to excessive or prolonged equipment failure at no fault of the Government, the Vendor shall replace defective equipment, to include instrument software and licenses at no additional cost to the Government under this agreement.
- 4.2. When defective equipment replacement is indicated, the Vendor shall make every effort to provide replacement within 7 calendar days from when the defective determination is made, and replacement is indicated. The Government shall return defective equipment in the manner determined by the Vendor and at no additional cost to the Government.
- 4.3. Any covered equipment replaced under this service and warranty agreement shall be covered under the same terms and conditions of this agreement.

5. OTHER TERMS AND CONDITIONS:

- 5.1 Unless otherwise agreed upon by both parties, Terms and Conditions of this will be determined by the vendor's current Federal Supply Schedule (FSS) contract if applicable with the General Services Administration or VA National Contract Center. All pricing shall be based on and shall not exceed the vendor's most current FSS contract pricing for services offered.
- 5.2 To ensure that appropriate security controls are in place, Contractors must follow the procedures set forth in "VA Information and Information System Security/Privacy Requirements for IT Contracts" located at the following Web site:
<http://www.iprm.oit.va.gov>.

Also, the Contractor shall ensure any effort or expenditure associated with a FASC-prohibited unmanned aircraft system is consistent with a corresponding exemption, exception, or waiver determination expressly stated in the contract.

(3) *Exemptions, exceptions, and waivers.* The prohibitions in paragraph (c) of this clause do not apply where the agency has determined an exemption, exception, or waiver applies, and the contract indicates that such a determination has been made. (ii) This prohibition applies to using covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract. This does not prohibit the contractor from using—

(A) A service that connects to the facilities of a third party, such as backhaul, roaming, or interconnection arrangements; or

(B) Telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(ii) Except as authorized by OFAC, most transactions involving Cuba, Iran, and Sudan are prohibited, as are most imports from Burma or North Korea, into the United States or its outlying areas.

(A) For lists of entities and individuals subject to economic sanctions, see OFAC's List of Specially Designated Nationals and Blocked Persons at <https://home.treasury.gov/policy-issues/financial-sanctions/specially-designated-nationals-and-blocked-persons-list-sdn-human-readable-lists>.

(ii) Unless an exception applies according to paragraph (d)(4)(iii) or the Government grants a waiver, contractor shall not export certain sensitive technology to Iran, as determined by the President, and has an active exclusion in SAM (22 U.S.C. 8515).

(iii) The prohibition in paragraphs (d)(4)(i) and (d)(4)(ii) do not apply if the acquisition is subject to trade agreements and the offeror certifies that all the offered products are designated country end products or designated country construction material (see part 25).

(iv) Unless an exception applies or the Government grants a waiver, contractors are prohibited from knowingly engaging in any significant transaction (i.e., over \$15,000) with Iran's Revolutionary Guard Corps or any of its officials, agents, or affiliates, the property and interests in property of which are blocked according to the International Emergency Economic Powers Act (section 6(b)(1)(B) of Iran Sanctions Act (50 U.S.C. 1701 note)).

(e) *Governmentwide exclusion and removal orders.*

(1) Unless the Government has issued an applicable waiver, contractors shall not provide or use as part of the performance of the contract any covered article, or any products or services produced or provided by a source, if the covered article or the source is prohibited by an applicable FASCSA order as follows:

(f) *Reasonable inquiry.* The contractor shall conduct a reasonable inquiry to determine if there are any prohibited products or services. The inquiry will look at any information in the entity's possession but does not need to include an internal or third-party audit.

(g) *Removal of prohibited products and services.* For Federal Supply Schedules, Governmentwide acquisition contracts, multi-agency contracts or any other procurement instrument intended for use by multiple agencies, upon notification from the Contracting Officer, during the performance of the contract, the Contractor shall promptly make any necessary changes or modifications to remove any product or service produced or provided by a source that this clause prohibits.

(h) *General report.*

(1) If the Contractor identifies or is notified by any source, (including a subcontractor at any tier), that any product or service provided or used (or to be provided or used) during contract performance does not comply with any prohibition in this clause, then the Contractor shall report the following information, or as much information is known, in writing to the contracting office as identified in paragraph (h)(2) within 72 hours:

(i) Contract number and order number, if applicable;

(ii) The specific prohibition the product or service is not complying with;

(3) If the report provided does not contain any of the information required by paragraph (h)(1) of this clause, and the contractor later discovers new information that is required by paragraph (h)(1) of this clause, then the contractor shall submit a subsequent report within 72 hours of discovering the new information.

(4) The contractor shall also report the information in paragraph (h)(1) if the contractor wishes to ask for a waiver of the requirements of a new FASCSA order being applied through modification.

(2) If the Contractor identifies a new FASCSA order(s) that could impact their supply chain, then the Contractor shall conduct a reasonable inquiry to identify whether a covered article or product or service produced or provided by a source subject to the FASCSA order(s) was provided to the Government or used during contract performance. The inquiry will look at any information in the entity's possession but does not need to include an internal or third-party audit.

(3) The Contractor shall submit a report to the contracting office identified in paragraph (h)(2) of this clause if the Contractor identifies, including through any notification by a subcontractor at any tier, that a covered article or product or service produced or provided by a source was provided to the Government or used during contract performance and is subject to a FASCSA order(s). For indefinite delivery contracts, the Contractor shall report to both the contracting office for the indefinite delivery contract and the contracting office for any affected order. SECTION D - CONTRACT DOCUMENTS, EXHIBITS, OR ATTACHMENTS

SECTION E - SOLICITATION PROVISIONS

E.1 52.212-1 INSTRUCTIONS TO OFFERORS—COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (SEP 2023)

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code(s) and small business size standard(s) for this acquisition appear elsewhere in the solicitation. However, the small business size standard for a concern that submits an offer, other than on a construction or service acquisition, but proposes to furnish an end item that it did not itself manufacture, process, or produce is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition—

- (1) Is set aside for small business and has a value above the simplified acquisition threshold;
- (2) Uses the HUBZone price evaluation preference regardless of dollar value, unless the offeror waives the price evaluation preference; or
- (3) Is an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(b) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show—

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at Federal Acquisition Regulation (FAR) 52.212-3 (see FAR 52.212-3(b) for those representations and certifications that the offeror shall complete electronically);
- (9) Acknowledgment of Solicitation Amendments;

(10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and

(11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions, including alternative line items (provided that the alternative line items are consistent with FAR subpart 4.10), or alternative commercial products or commercial services for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards*. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) Availability of requirements documents cited in the solicitation.

(1)(i) The GSA Index of Federal Specifications, Standards and Commercial Item Descriptions, FPMR Part 101-29, and copies of specifications, standards, and product descriptions can be downloaded from the ASSIST website at <https://assist.dla.mil>.

(ii) If the General Services Administration, Department of Agriculture, or Department of Veterans Affairs issued this solicitation, a copy of specifications, standards, and commercial item descriptions cited in this solicitation may be obtained from the address in paragraph (i)(1)(i) of this provision.

(2) Most unclassified Defense specifications and standards may be downloaded from the ASSIST website at <https://assist.dla.mil>.

(3) Defense documents not available from the ASSIST website may be requested from the Defense Standardization Program Office by-

(i) Using the ASSIST feedback module (<https://assist.dla.mil/feedback>); or

(ii) Contacting the Defense Standardization Program Office by telephone at 571-767-6688 or email at assisthelp@dlamail.

(4) Nongovernment (voluntary) standards must be obtained from the organization responsible for their preparation, publication, or maintenance.

(j) *Unique entity identifier.* (Applies to all offers that exceed the micro-purchase threshold, and offers at or below the micro-purchase threshold if the solicitation requires the Contractor to be registered in the System for Award Management (SAM).) The Offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "Unique Entity Identifier" followed by the unique entity identifier that identifies the Offeror's name and address. The Offeror also shall enter its Electronic Funds Transfer (EFT) indicator, if applicable. The EFT indicator is a four-character suffix to the unique entity identifier. The suffix is assigned at the discretion of the Offeror to establish additional SAM records for identifying alternative EFT accounts (see FAR subpart 32.11) for the same entity. If the Offeror does not have a unique entity identifier, it should contact the entity designated at www.sam.gov for unique entity identifier establishment directly to obtain one. The Offeror should indicate that it is an offeror for a Government contract when contacting the entity designated at www.sam.gov for establishing the unique entity identifier.

(k) [Reserved]

(l) *Debriefing.* If a post-award debriefing is given to requesting offerors, the Government shall disclose the following information, if applicable:

(1) The agency's evaluation of the significant weak or deficient factors in the debriefed offeror's offer.

(2) The overall evaluated cost or price and technical rating of the successful and the debriefed offeror and past performance information on the debriefed offeror.

(3) The overall ranking of all offerors, when any ranking was developed by the agency during source selection.

(4) A summary of the rationale for award;

(5) For acquisitions of commercial products, the make and model of the product to be delivered by the successful offeror.

(6) Reasonable responses to relevant questions posed by the debriefed offeror as to whether source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities were followed by the agency.
