**AGAR Clauses**

452.203-71 Anti-Discrimination and Diversity, Equity, and Inclusion (DEI) Compliance (Dec 2025)

(a) By entering into this contract, the Contractor certifies that:

- (1) It is compliant with all applicable Federal anti-discrimination laws and the Equal Protection principles of the U.S. Constitution, and it will remain compliant for the duration of the contract.
- (2) Neither it nor any subcontractor or teaming partner operates or funds any program, policy, or initiative that promotes DEI in a manner that violates any applicable Federal anti-discrimination laws, including but not limited to Title VI and VII of the Civil Rights Act of 1964, or the Equal Protection principles of the U.S. Constitution, and the Contractor and any subcontractor or teaming partner will not do so for the duration of the contract.

(b) If the Contractor participates in, facilitates, or funds programs that implicate Title VI of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, as amended, including but not limited to grants to or for schools, colleges, universities, 4-H programs, non-governmental organization (NGO) programs, sports programs, and education-related grants to prisons or other detention facilities, the Contractor certifies that it will remain compliant with those laws, including the requirements set forth in Executive Order 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, and Executive Order 14173, Ending Illegal Discrimination and Restoring Merit-Based Opportunity.

(c) The Contractor affirms that the above requirements are conditions of payment that go to the essence of the contract and are therefore material terms of the contract. Payments under the contract are predicated on compliance with the above requirements, and therefore the Contractor is not eligible for funding under the contract or to retain any funding under the contract absent compliance with the above requirements.

(d) This certification reflects a change in the Government's position regarding the materiality of the foregoing requirements and therefore any prior payment of similar claims does not reflect the materiality of the foregoing requirements to this contract.

(e) Submission of a knowing false statement relating to Contractor's compliance with the above requirements and/or eligibility for the contract may subject the Contractor to liability under the False Claims Act, 31 U.S.C. § 3729, and/or criminal liability, including under 18 U.S.C. §§ 287 and 1001.

(f) The Contractor must include the provisions of this clause in all subcontract solicitations.

(g) Failure on the part of the Contractor or its subcontractors to comply with the terms of this clause may be grounds for the Contracting Officer to terminate this contract for default.

AGAR 452.203-72 Unenforceable Supplier Terms

(a) Definitions.

*Supplier terms* mean provisions customarily drafted by vendors of supplies or services and intended to create a binding legal obligation on the end user. The term applies:

1. Regardless of the format or style of the document. For example, supplier terms may appear in standard terms of sale or lease, Terms of Service (TOS), End User License Agreement (EULA), or another similar legal instrument or agreement, and may be presented as part of a proposal or quotation responding to a solicitation for a contract or order or otherwise become effective after the contract date.
2. Regardless of the media or delivery mechanism used. For example, supplier terms may be presented as one or more paper documents or may appear on a computer or other electronic device screen during a purchase, software installation, other product delivery, registration for a service, or another transaction.

(b) Applicability. When any supply or service acquired under this contract is subject to supplier terms, the supplier terms are deemed part of the contract only to the extent they are consistent with this clause. Supplier terms that conflict with any part of this clause, the contract, or Federal law are void and will not be considered incorporated into a contract, even if they are physically present in a contract documentation or systems. In the event of any inconsistency between supplier terms and this contract, this clause and the terms of the Government contract shall govern and supersede any supplier terms in all cases.

(c) Authorization Required. Notwithstanding any other provision, no supplier terms shall be binding on the Government unless the term is expressly authorized on the USDA Supplier Terms Authorization Form signed by the Contracting Officer, and the completed Authorization Form has been incorporated into the contract.

(d) Unenforceable Terms. Any supplier terms that impose obligations or restrictions inconsistent with applicable Federal law are unenforceable against the Government and deemed stricken from the agreement. This includes, but is not limited to, any clause that:

1. Requires the Government to pay future fees, penalties, interest, legal costs, early termination fees, cancellation fees, minimum purchase commitments, true up payments, seat count minimums, usage minimums, continued use charges, or any other financial obligation not expressly authorized by the contract.
2. Requires the Government to indemnify the contractor or any other entity.
3. Restricts the Government's ability to obtain similar supplies or services from another source.

4. Imposes any penalty, financial or otherwise, based on the Government's decision not to exercise an option.
5. Subjects the United States Government to the laws of any U.S. state, territory, district, municipality, or foreign nation, except where Federal law expressly permits such application.
6. Requires dispute resolution in a forum or venue other than one prescribed by applicable Federal law.
7. Establishes a period of limitations for bringing an action that differs from that provided by applicable Federal law.
8. Grants the contractor rights to use, mine, access, aggregate, analyze, or otherwise exploit Government data, usage data, or metadata.
9. Deems the Government to have accepted initial or revised terms based on silence, continued performance, or failure to object.
10. Grants the supplier the right to audit Government facilities, systems, records, or use of the product or service, except as expressly authorized by the contract and applicable Federal law.
11. Requires the Government to accept supplier security requirements, network access requirements, monitoring, penetration testing, or other technical or security measures.
12. Permits the supplier to suspend, degrade, or terminate access to products or services based on alleged nonpayment, alleged breach, automated security triggers.
13. Limits the Government's right to use, install, access, test, evaluate, or transfer the licensed product or service in any manner consistent with the contract and Federal law.
14. Requires the Government to store, process, maintain, or transmit data in a particular geographic location, or permits the supplier to transfer Government data outside the United States, except as expressly authorized by applicable Federal law.
15. Authorizes the supplier to use the Government's name, seal, trademark, logo, or any reference to the Government as an end user or customer for marketing, publicity, promotional activities, press releases, or similar purposes.
16. Incorporates by reference, or requires the Government to accept, terms or conditions imposed by any third party, subcontractor, or upstream service provider, unless such terms are expressly incorporated into the contract by bilateral modification.
17. Limits, conditions, or negates the contractor's performance obligations, service levels, or remedies through a supplier-provided service level agreement (SLA).

**Rural Development Loan Audit**  
**12C0BZ26Q0002**

18. Uses Government data, usage data, metadata, prompts, content, or interactions to train, fine-tune, improve, or derive any artificial intelligence, machine learning, or automated decision-making model.

19. Subjects the Government to automated decision-making, automated risk scoring, automated content moderation, or any algorithmic process that may affect access, performance, or rights under the contract.

20. Utilizes artificial intelligence or algorithmic tools that produce decisions, recommendations, or outputs affecting contract performance without providing transparency, explainability, auditability, and bias-mitigation consistent with applicable Federal law and policy.

21. Profiles, tracks, or analyzes Government user behavior, preferences, communications, or interactions for personalization, marketing, or algorithmic optimization purposes.

(e) Non-binding Actions. Neither the Government nor any Government authorized end user is deemed to have consented to any term, condition, or clause by virtue of its inclusion in the supplier agreement or through the use of clickwrap, browsewrap, “I agree” mechanisms, or similar means. Execution of such mechanisms does not bind the Government or its authorized end users to any unenforceable terms.

(f) End user. The supplier agreement shall bind the ordering activity as the end user to the extent it does not conflict with the terms of this clause, but it shall not bind or impose personal liability on any Government employee or any person acting on behalf of the Government in their personal capacity.

(g) Law and disputes. The supplier agreement is governed by Federal law.

(h) Statutory exception. This clause does not apply to indemnification or any other payment by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(i) Continued performance. The supplier or licensor shall not unilaterally revoke, terminate, or suspend any rights granted to the Government except as allowed by the contract. If the supplier or licensor believes the ordering activity to be in breach of the supplier agreement, it shall pursue its rights under the Contract Disputes Act or other applicable Federal statute while proceeding diligently with performance, pending final resolution of any dispute in accordance with the Disputes Clause at FAR 52.212-4(d) or FAR 52.233-1, as applicable.

(j) Arbitration. Binding arbitration shall not be used unless specifically authorized by agency guidance.

(k) Equitable or injunctive relief. Equitable or injunctive relief, including the award of attorney fees, costs, or interest, may be awarded against the United States Government only when explicitly provided by statute (e.g., the Prompt Payment Act or the Equal Access to Justice Act).

(l) Revisions to supplier agreements. Any revisions to the supplier agreement must be incorporated into the contract using a bilateral modification. Unilateral revisions are not binding on the Government.

(m) No automatic renewals. If any license or service tied to periodic payment is provided under the supplier agreement (e.g., annual software maintenance or annual lease term), such license or service shall not renew automatically upon expiration of its current term without prior express written consent from an authorized Government representative.

(n) Indemnification. Any clause of the supplier agreement requiring the supplier or licensor to defend or indemnify the end user is amended to provide that the U.S. Department of Justice has the sole right to represent the United States in any such action, in accordance with 28 U.S.C. 516.

(o) Taxes or surcharges. Any taxes or surcharges which the supplier or licensor seeks to pass along to the Government as end user will be governed by the terms of the associated Government contract or order and must be submitted to the Contracting Officer for a determination of applicability prior to invoicing unless specifically agreed otherwise.

(p) Non-assignment. The supplier agreement may not be assigned, nor may any rights or obligations thereunder be delegated, without the Government's prior approval, except as expressly permitted by FAR 52.212-4(b) or FAR 52.232-23, as applicable.

(q) Confidential information. If the supplier agreement includes a confidentiality clause, such clause is amended to state that neither the agreement nor the contract price list, as applicable, shall be deemed "confidential information." Issues regarding release of "unit pricing" will be resolved consistent with the Freedom of Information Act. Notwithstanding anything in the supplier agreement to the contrary, the Government may retain any confidential information as required by law, regulation, or its internal document retention procedures for legal, regulatory, or compliance purposes; provided, however, that all such retained confidential information will continue to be subject to the confidentiality obligations of the supplier agreement.

(r) Conflict with Federal law. If any other language, provision, or clause of the supplier agreement conflicts or is inconsistent with Federal law or the terms and conditions of this contract, such language, provisions, or clauses will be considered null and void and will not be binding on the United States Government.

Officer will immediately proceed with contract closeout upon completion of the period of performance, receipt and acceptance of supplies or services, and final payment.

(b) For commercial contracts not exceeding the simplified acquisition procedure threshold under FAR 12.001(c), if more than \$1,000 in unliquidated funds remain at closeout, the Contracting Officer will issue a bilateral deobligation modification. Only the modification requires the contractor's signature, though a Release of Claims may be requested. If the required documents are not returned within 60 days, the Contracting Officer will issue a unilateral modification and proceed with closeout once performance is complete, acceptance is confirmed, and final payment is made.

(c) For all other non-commercial or non-cost-reimbursement contracts, if more than \$1,000 in unliquidated funds remain at closeout, the Contracting Officer will issue a bilateral deobligation modification and a Release of Claims, both requiring contractor signature. If these documents are not returned within 120 days, the Contracting Officer will issue a unilateral modification and proceed with closeout upon completion of performance, acceptance, and final payment.

(End of Clause)

452.204-71 Personal Identity Verification and Workforce Integrity of Contractor Employees (Apr 2026)

(a) Compliance with PIV Requirements. The contractor must comply with the personal identity verification (PIV) policies and procedures established by the United States Department of Agriculture (USDA) Directives 4620-002 series, Homeland Security Presidential Directive 12, and any implementing guidance issued by the Contracting Officer. The contractor must appoint a representative responsible for PIV compliance and must maintain a current list of employees eligible for a USDA LincPass or otherwise authorized to perform work under this contract.

(b) PIV Sponsor Availability. The PIV Sponsor for this contract is the designated Government point of contact identified in the contract, typically the COR unless otherwise specified. The Government will notify the contractor of any changes. The contractor remains responsible for meeting all PIV obligations regardless of changes in sponsor availability.

(c) Contractor Workforce Integrity and Accountability. The contractor is fully responsible for ensuring that all individuals performing under this contract are properly vetted, eligible for access, authorized to perform the work, and accurately represented. At a minimum, the contractor must implement lawful and effective internal controls to:

- (1) Verify the identity, work authorization, and qualifications of all personnel assigned;
- (2) Ensure only the individuals presented to USDA for PIV enrollment or identity verification perform work;
- (3) Detect and address indicators of identity fraud, unauthorized substitution, or other workforce integrity risks; and

- (4) Ensure continuous oversight of personnel, including remote workers, in accordance with any reporting requirements specified in the Contract.

(d) **Mandatory Removal and Replacement.** If the Government determines that a contractor employee fails to meet eligibility, security, integrity, or performance requirements, the Contracting Officer may direct the contractor to remove the individual from performance. The contractor must:

- (1) Remove the employee immediately upon notice;
- (2) Provide a qualified replacement at no additional cost to the Government; and
- (3) Ensure continuity of operations so as not to impact mission requirements.
- (4) Failure to promptly remove or replace employees when directed may result in remedies including withholding payment, termination, or other actions authorized under this contract.

(e) **Impact on Contractor Performance.** Contractor compliance with this clause, including timely removal and replacement of personnel, adherence to PIV requirements, and maintenance of workforce integrity, is a material requirement of this contract. Incidents of identity discrepancies, failure to maintain an eligible workforce, submission of personnel who do not match verified identities, unauthorized substitutions, or failure to comply with Government direction may result in termination and will be documented in the contractor's performance assessment and reflected in the Contractor Performance Assessment Reporting System (CPARS).

(f) **Subcontractor Applicability.** The contractor must include this clause in all subcontracts requiring routine unaccompanied physical access to a Federally controlled facility and/or routine unaccompanied access to a Federally controlled information system. The contractor is accountable for ensuring subcontractor compliance.

(g) **No Government Direction of Hiring Practices.** Nothing in this clause authorizes the Government to direct the contractor's internal hiring processes or require the disclosure of personal information beyond what is authorized by law, regulation, or contract terms. The contractor remains solely responsible for determining lawful methods to meet the requirements of this clause.

risk. For electronic or automated services provided by USDA to the contractor, the services are provided on an “as is” and “as available” basis. For electronic or automated services provided by the contractor that interact with the USDA electronic systems, the USDA is not responsible for any costs incurred by the contractor related to the development, test, or support of the services. The Contractor shall be responsible for all fees associated with EDI. The Contractor is responsible for the confidentiality and security of its systems, interfaces, interconnections, and any documents that the customer receives from The Government pursuant to the contract.

(c) The Government reserves the right to restrict, refuse, or cancel any participation in EDI services.  
(End of clause)

### **Solicitation Information**

#### **Award Type**

It is anticipated that a firm-fixed price contract consisting of one (1) eight (8) month base period and two (2) eight (8) month option periods shall be awarded as a result of this synopsis/solicitation.

The Government intends to make one award from this solicitation. Therefore, to be considered responsive, contractors must submit pricing for all items.

#### **Evaluation and Basis for Award**

The provision at Federal Acquisition Regulation (FAR) 52.212-2 Evaluation of Commercial Items is not applicable to this solicitation. In lieu of this provision, quotes will be evaluated in accordance with FAR 12.203 based on the criteria listed below. Award will be made to the offeror representing the best value to the Government.

#### **Price:**

The offeror shall provide pricing in Attachment 2 – Price Workbook by completing all yellow-highlighted cells. Any quantity price discounts and discounts for prompt payment should be included in this section. Total price evaluation will be for the base period, all option periods and in accordance with FAR 52.217-8, up to a six-month extension period. Failure to propose pricing for the base period and all option periods on individual line items may result in a quotation being excluded from further consideration. The offeror’s quotation will be evaluated in accordance with FAR 12.204, to determine if it is fair and reasonable.

For purposes of evaluation, the potential need to exercise the option under FAR 52.217-8 to extend a period of performance for a maximum period of six (6) months beyond any period of performance will be considered the same for all offerors. The Government will consider that if the extension of service clause (FAR 52.217-8) is exercised, it will be on the exact same rates and terms, other than length of performance, as the period of performance being extended. For purposes of evaluation only, the Government will use the rates specified in the last option period and add the cost of six months to the prices proposed for the base period and all option periods to determine total evaluated price of the contract. The Government will determine whether the price, including the options available under FAR 52.217-8, is fair and reasonable.

**12C0BZ26Q0002**

**Technical Acceptability:**

Technical Acceptability will be evaluated to receive an overall rating of "acceptable" or "unacceptable." This will be based on the offeror's ability to provide a sound and compliant approach that meets all requirements and shows a thorough understanding of them. It is the contractor's responsibility to ensure their quotation clearly demonstrates their capability to meet these requirements. All offerors must provide the following minimum information and documentation with their quotations to be considered responsive and have their offers evaluated:

- ~~Detailed explanation of the offeror's ability to perform the required services.~~ The offeror must address how they will accomplish all of the requirements of the PWS. ~~A simple statement of capabilities will not suffice. The offeror must demonstrate its ability to develop complete, regulatory-based review guides, incorporate risk-rating methodologies, and utilize standardized reporting formats.~~
- Demonstrate its capability to produce lender to produce lender-level and program-level reports, implement a structured continuous-improvement process for updating the guides, and identify risks, trends, and corrective actions relevant to guaranteed loan programs.
- The Contractor should propose a Project Plan that clearly defines the approach for achieving all contract objectives and organizing the work throughout the period of performance, and meets the PWS.
- Detailed explanation of any requirement listed in the PWS that cannot be successfully accomplished by the offeror. Offerors are advised that the USDA intends to award without ~~communications discussions~~ so any exceptions may cause the quotation to be found technically unacceptable.
- Provide resumes for proposed key personnel. The key personnel resume shall, at a minimum, demonstrate that the individual meets the ~~educational and~~ experience qualifications ~~specified in~~ needed to perform the requirements of the PWS. ~~The resumes must include a description of relevant experience, chronological work history that includes dates of employment, job title, employer, and description of duties performed for each position on the resume. The offeror must provide a signed letter of commitment signed by the proposed personnel. The letter of commitment state that the information contained in the resume, submitted as part of the quote, is true and correct; and the individual will unconditionally accept employment in the key position identified in the quote beginning on the effective date of the contact. The letters of commitment are excluded from the page count.~~

**Past Performance:**

The Government will consider up to five Past Performance Questionnaires (PPQs) (Exhibit B). The offeror shall ensure the PPQ is provided with the appropriate points of contact in support of the offeror's past performance. Offerors must not complete and submit the PPQ directly to the Contracting Officer. Any PPQs submitted by the offeror will not be considered as part of the evaluation. The Government may utilize any references provided by the Contractor, along with information available from past contracts/orders with the USDA and any information found using sources such as Federal Government sources or the Contractor Performance Assessment Reporting System (CPARS) to determine if the Contractor has acceptable or neutral Past Performance. Past Performance will be evaluated using the following rating system:

## Rural Development Loan Audit

12C0BZ26Q0002

- Acceptable: The contractor shows a demonstrated ability to meet contract requirements in prior or current contracts, including quality of work, timeliness, cost control, business relations, and adherence to contract terms.
- Neutral: Offeror does not have a past performance record.
- Unacceptable: The contractor has a documented history of failing to meet contract requirements, including poor quality, missed deadlines, cost overruns, lack of responsiveness, or unethical behavior.

### **Evaluation Method**

The Government will evaluate quotations based on the lowest price technically acceptable criteria. Only the lowest priced offer will be evaluated for Technical Acceptability. Should the lowest priced offer not receive an acceptable technical or past performance rating, the process will continue in order of lowest priced offer until the lowest price, technically acceptable offer with acceptable or neutral past performance is identified.

### NOTICE FOR FILING AGENCY PROTESTS

#### United States Department of Agriculture (USDA) Ombudsman Program

The USDA is committed to issuing solicitations and awarding contracts in a fair and prompt manner. The Ombudsman Program for Agency Protests (OPAP) was established to address protest issues within the agency, providing an alternative to costly and time-consuming litigation. Operating independently, OPAP offers relief comparable to that granted by the Government Accountability Office (GAO). Interested parties are encouraged to resolve concerns through USDA's internal Alternative Dispute Resolution (ADR) process before pursuing external forums such as the GAO. Concerns may be addressed informally or through a formal agency protest filed with either the Contracting Officer or the Ombudsman.

#### Informal Forum with the Ombudsman

1. **Initial Point of Contact:** Interested parties who believe a specific USDA procurement is unfair or otherwise defective should first direct their concerns to the applicable Contracting Officer.
2. **Escalation:** If the Contracting Officer is unable to address their concerns, interested parties are encouraged to contact the USDA Ombudsman for Agency Protests. Under this informal process, the agency is not required to suspend contract award performance. Utilization of the informal forum does not suspend any time requirement for filing a formal protest with the agency or other forums.
3. **Required Information:** To ensure a timely response, interested parties should provide the following information to the Ombudsman: solicitation/contract number, contracting office, Contracting Officer, and solicitation closing date (if applicable).

#### Formal Agency Protest with the Ombudsman

1. **Effort to Resolve:** Prior to submitting a formal agency protest, protesters must first use their best efforts to resolve their concerns with the Contracting Officer through open and frank discussions.
2. **Independent Review:** If the protester's concerns remain unresolved, an Independent Review is available by the Ombudsman. The protester may file a formal agency protest with either the Contracting Officer or, alternatively, with the Ombudsman under the OPAP program. Contract awards or performance will be suspended during the protest period unless justified in writing for urgent and compelling reasons or determined in writing to be in the best interest of the Government.
3. **Resolution Timeline:** The agency's goal is to resolve protests within 35 calendar days from the date of filing.
4. **Required Information:** Protests shall include the information set forth in FAR 33.104(a)(3). Failure to submit the required information may result in a delay or dismissal of the protest.
5. **Timeliness:** Protests must be filed within the timeframes specified in FAR 33.104.
6. **Submission:** Formal protests under the OPAP program should be submitted electronically to [SPE.inquiry@usda.gov](mailto:SPE.inquiry@usda.gov) and the Contracting Officer.

**Election of Forum.** By initiating a protest with the USDA, the protester agrees not to pursue the same matter with the Government Accountability Office (GAO) or any other external forum while the agency protest is pending. If a protest is filed externally, the agency protest will be dismissed.
