The following factors shall be used to evaluate quote:

TECHNICAL: To be considered a technically acceptable solution for a parts procurement, the quoted parts shall meet the solicitation requirements including required parts, delivery dates, and terms and conditions stated in the solicitation. To be considered a technically acceptable solution for a service, the quoted service shall meet the solicitation requirements including terms and conditions stated in the solicitation. The quote shall state that all aspects of the technical requirement, including required delivery date and part numbers, can be met.

PRICE: The Government will evaluate quoted pricing for reasonableness.
