

DEPARTMENT OF THE NAVY

DLA Maritime

5450 Carlisle Pike | PO Box 2020 | Mechanicsburg, PA 17055-0788

Justification for Other Than Full & Open Competition

1. Contracting Activity

Contracting Activity	DLA Maritime - Mechanicsburg	Type	A1				
Folder #	25150-0030	PD #	See Attachment A				
Item Manager	[REDACTED]	Work Function	Planner	Phone	[REDACTED]	Code	[REDACTED]
Technician	[REDACTED]	Work Function	Reprocurement Technician	Phone	[REDACTED]	Code	[REDACTED]
Buyer	[REDACTED]	Work Function	Contract Specialist	Phone	[REDACTED]	Code	[REDACTED]

2. Description of the Action Being Approved

Description Negotiation and award of a contract through other than full and open competition.

3. Description of Supplies/Services

This J&A covers the acquisition of the following

☒ Spares ☐ Repair/Overhaul ☐ Modification ☐ Management ☐ Piece Parts ☐ Data Report

Nomenclature	See Attachment A	Quantity	See Attachment A		
NSN	See Attachment A	Cage Code			
P/N	See Attachment A	Unit Price	See Attachment A		
Option	N	Option %		Days	
Estimated Value	[REDACTED]				
Ship To					

Period of Performance: Expected Final Delivery Date

07/22/2028

4. Statutory Authority Permitting Other Than Full & Open Competition

This J&A is based upon the authority of 10 USC 3204(A) (1), only one or a limited number of responsible sources will satisfy agency requirements, as implemented by FAR 6.302-1

5. Rationale Justifying Use of Cited Authority

A/RMC 3

Acquire, for the second or subsequent time, directly from the actual manufacturer.

A/RMSC R

The Government does not own the data or the rights to the data needed to purchase / contract repair of this part from additional sources. It has been determined to be uneconomical to buy the data or rights to the data. It is uneconomical to reverse engineer the part. This code is used when the Government did not initially purchase the data and/or rights. If only one source has the rights or data to manufacture/repair this item, A/RMCs 3, 4, or 5 are valid. If two or more sources have the rights or data to manufacture/repair this item, A/RMCs 1 or 2 are valid.

This acquisition will be solicited to

VACCO INDUSTRIES (CAGE 99517) The acquisition of the item listed above will be solicited to VACCO INDUSTRIES (CAGE 99517) because they are currently the only source with the technical data required to manufacture, test and certify this item prior to unit delivery. Since the NAVY does not possess sufficient rights to data such as drawings, specifications, and/or test equipment/procedures, a full and open competitive solicitation cannot be supported. NAVSUP-WSS must procure the item from VACCO INDUSTRIES (CAGE 99517). There are no substitutes for this material.

6. Description of Efforts Made To Solicit Offers From as Many Offerors as Practicable

A Request for Information / Sources Sought Notice was entered on the government-wide point of entry on

A Request for Information / Sources Sought Notice was entered on the government-wide point of entry on

11/04/2025

and as a result

No responses received.

The proposed contract action was synopsisized on the government-wide point of entry on

12/09/2025

and as a result

No responses received.

Market research was conducted in accordance with far part 10. The results of the market research conducted (or the reason(s) market research was not conducted) are as follows

A technical review, which consisted of searching several Government databases including ITIMP, FLIS, MBPS/WINDCHILL and ERP, has been completed on this item. Search criteria included Part Number, Design Control Activity, Cage Code, NSN, Nomendature, AMC/AMSC, AAC, Criticality Coding, recorded approved sources of supply, historical sources of supply and past contracts. Based on this market research, the technician has determined that the only known approved manufacturing source is VACCO INDUSTRIES, CAGE 99517. A review of the data bases listed in the market research did not reveal nor identify any known distributors or substitutes. All market research sites were checked which include UNICOR, AbilityOne, GSA, SAM, and WebFLIS, along with a general internet search. A review of the mandatory sources of supply was conducted in accordance with FAR 8.002 and DFARS 208.002. None of the mandatory sources of supply are capable of providing this requirement. One of the FSC is on the list of FSCs requiring UNICOR be considered as a source of supply, so UNICOR (CAGE 1XFF6) will be included on the Solicitation. AbilityOne and GSA are not valid sources for this requirement. Requirement is 3R, acquire directly from the manufacturer, Vacco Industries (CAGE 99517) which is a large business. Previous procurements were solicited through the MAAC, but due to the substantial increase in pricing, this requirement will go directly to Vacco Industries. See Market Research DD2579 NIIN details for procurement history.

7. Determination of Fair And Reasonable Cost

The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable. In instances when certified cost and pricing data are required, an analysis of cost information will be performed which will consider field pricing reports,

commerciality, procurement history and other available cost and pricing information in determining price reasonableness. When certified cost and pricing data is obtained it will be used to ensure reasonableness, completeness and realism of proposed costs as required.

8. Actions to Remove Barriers to Future Competition

To promote competition, NAVSUP WSS (WSS) will continue to encourage vendors with the expertise to manufacture/repair the subject item to submit a complete technical data package (TDP) for review and source approval by the appropriate engineering source approval authority per the WSS guidelines. Vendors that qualify through the in-service engineering agent (ISEA) certification process will be added as additional sources. Also, future requirements will be advertised in the Contract Opportunities section of <https://sam.gov/>. If another potential manufacturing source emerges, WSS will assess whether competition for future requirements is feasible. This item has been reviewed under the WSS limited screen process and determined that the item cannot be broken out. No additional actions to remove barriers to competition are required under this process.

Previous J&A selected="selected" No Previous J&A - See reasoning below

9. Any Other Facts Supporting Other Than Full & Open Competition
