

## **N62470-25-R-8002**

### **Amendment 0003**

Amendment 0003 is issued to provide responses to pre-proposal inquiries.

---

#### **Inquiries & Responses:**

16) **Question:** The contract reads as “unrestricted”, can you elaborate on whether or not prime contractors would be allowed to submit for this who are not US based firms? If we were to pursue this contract as a prime contractor and a US based firm, would it be allowed to utilize international subcontractors (Canadian, European)?

**Response:** Prepare your SF-330 package in accordance with the synopsis.

17) **Question:** Is this project going to be design build or design bid build?

**Response:** This procurement will result in one Indefinite Delivery/Indefinite Quantity (IDIQ) contract for multi-discipline Architect-Engineer (AE) services related to utility engineering, utility infrastructure management, utility operation and maintenance, and utility management services worldwide.

18) **Question:** What type of engineers are needed for the project?

**Response:** Prepare your SF-330 package in accordance with the synopsis.

19) **Question:** What is the approximate size of the facility that we will be working with?

**Response:** Prepare your SF-330 package in accordance with the synopsis.

20) **Question:** Does the project consist of architects and engineers services only or construction also?

**Response:** This procurement will result in one Indefinite Delivery/Indefinite Quantity (IDIQ) contract for multi-discipline Architect-Engineer (AE) services.

21) **Question:** Should we engage an outside consultant to help us prepare the paperwork for submission?

**Response:** Prepare your SF-330 package in accordance with the synopsis.

22) **Question:** What is the anticipated mix of task order types (e.g., firm-fixed-price, T&M)?

**Response:** Firm-fixed price task orders will be negotiated for this contract.

22) **Question:** Will each awardee receive a guaranteed minimum value under the IDIQ?

**Response:** This procurement will result in one Indefinite Delivery/Indefinite Quantity (IDIQ) contract for multi-discipline Architect-Engineer (AE) services. The guaranteed minimum for the contract term (including option years) is \$10,000.00.

23) **Question:** Can you provide an estimated number and size range of task orders expected annually?

**Response:** There will be no dollar limit per task order and no dollar limit per year.
