Drawings - Specifications

In addition to the drawing(s) and/or specifications listed below, other documents which are part of this procurement and which apply to Preservation/Packaging/Packing and Inspection and Acceptance are contained elsewhere.

Drawings and Specifications in accordance with Technical Data Package/Technical Data Package Listing 13074673 , with revisions in effect as of 28 May 2025 , are applicable to this procurement with the following exceptions:

Vendors to access this information with the technical data posted on Contract Opportunities

***** End of Narrative *****

CS6334

Technical Data Package Information (Contract Opportunities in SAM.gov) Version

The following "X"d item applies to this solicitation:

[] 1. There is no Technical Data Package (TDP) included with this solicitation.

[] 2. This solicitation contains one or more web-located TDPs. If multiple Contract Line-Item Numbers (CLINS) are listed below, each one will have its own URL just under the CLIN listing. The URL will take you to that CLIN's Web-located TDP. To access the TDP, you will have to copy or type the link's URL to your web browser address bar at the top of the screen.

Note: To copy a link from a .pdf file, click on the "Text Select Tool," then highlight the URL, copy and paste it into your browser, and hit the Enter key.

CLIN: N/A

TDP Link (URL): N/A

[X] 3. The TDP for this solicitation resides within sam.gov under the Contract Opportunities search function https://sam.gov, and is associated with this solicitation number and can be accessed via this URL:
https://sam.gov/workspace/contract/opp/44391c415cf4495d9b4b484012b1126f/view

a. Log on to the SAM.gov website.

- b. Select Contract Opportunities in the search bar and search by solicitation number.
- (1) TDPs that have an Export Control Warning Notice are subject to the Arms Export Control Act (Title 22, U.S.C., Sec 2751, et.seq.) or the Export Administration Act of 1979, as amended, Title 50, U.S.C, App. 2401 et. seq..
- (2) Further dissemination must be in accordance with provisions of DoD Directive 5230.25. This also applies to distribution of the TDP to all SUBCONTRACTORS at every level.
- (3) To obtain these TDPs, vendors and Contractors must have a current DD 2345, Militarily Critical Technical Data Agreement on file with Defense Logistics Information Service (DLIS).If you are currently certified, your MPIN will be verified and you may proceed to the next step.To obtain certification, login to the Joint Certification Program (JCP) https://www.dla.mil/Logistics-Operations/Services/JCP/. Click on documents and follow instructions provided. Processing time is estimated at six (6) to ten (10) weeks after receipt. Contract Opportunities will allow you to access export controlled TDPs once certification is confirmed.
- (4) Upon completion of the purposes for which Government Technical Data has been provided, the Contractor is required to destroy all documents, including all reproductions, duplications, or copies thereof as may have been further distributed by

CONTINUATION SHEET	Reference No. of Document Being Continued	Page 7 of 11
	PIIN/SIIN	
	SPRDL1-26-R-0007 MOD/AMD 0001	

Name of Offeror or Contractor:

the Contractor. Destruction of this technical data shall be accomplished by: shredding, pulping, burning, or melting any physical copies of the TDP and/or deletion or removal of downloaded TDP files from computer drives and electronic devices, and any copies of those files.

c. If technical data is otherwise restricted, click the document title to request access. A window will pop-up, select "Request Access" to controlled documents and enter the Reason for Access. This will generate an email to the Contract Opportunities system administrator at DLA Warren with all the information needed for them to grant you access. Contract Opportunities will subsequently automatically generate an email stating when you have permission to view or download TDP items. Allow 2 3 working days to complete this Contract Opportunities-TDP access/approval process through sam.gov.

d. Only one individual in your company can request access to the Technical Data Package (TDP) for a solicitation. That individual must be registered as the Data Custodian, as identified in the JCP, and be granted approval to view the Technical Data Package (TDP) for a solicitation. The Data Custodian MUST be registered for a sam.gov account through https://login.gov. Any individual(s) no longer with the company should be deleted. Questions related to registration in https://login.gov should be directed to https://login.gov/help/. Questions related to accounts in sam.gov should be directed to https://sam.gov/content/help. Vendors are responsible for placing correct information in login.gov and sam.gov accounts.

e. It is strongly suggested that you submit an access request and provide the Contract Specialist with the completed "Use and Non-Disclosure Agreement" at the same time if the solicitation requires both to gain access to view the TDP.

[] 4. The Government requires a "Use and Non-Disclosure Agreement" (NDA) to be signed by the Data Custodian of your firm, as identified in the JCP, before access is granted to the technical data. The appropriate Agreement is titled N/A, and is:

[] available by emailing the Contract Specialist listed on page 1 of this solicitation.

[] available as an attachment to this solicitation.

Follow the instructions on the Agreement and email it to the Contract Specialist at N/A. The Contract Specialist will notify the Contract Opportunities administrator upon receiving the NDA. The Administrator will grant approval to view/download the TDP. An email stating approval has been granted will be sent to the vendor. It can take up to 24 hours after approval before you are able to view the TDP. If you have any questions/problems viewing the TDP contact the Contract Specialist.

CS7002

Drawing Limitations

(a) The drawings supplied with this contract are not shop or process drawings. They are engineering design drawings. They are adequate to permit manufacture, and:

- (1) depict the completed (item(s), and
- (2) serve as the basis for inspection of the completed item(s).

(b) These drawings DON'T cover intermediate drawings/specifications or steps in the manufacturing process. As a result, even if you meet all the dimensions and tolerances specified in the engineering design drawing for each individual part, a cumulative unacceptable fit for the contract item could result.

(c) The Contractor is responsible for producing the shop or process drawings needed to cover intermediate steps in the manufacturing process.

(d) The Contractor is responsible for obtaining all specifications and drawings necessary to manufacture the items being solicited in accordance with the TDP including all incorporated specifications and drawings. Delivery delays are not excusable where the Contractor asserts that it did not have a specification or drawing and has failed to request, in writing, the specification from either the Procuring Contracting Officer or Contract Specialist prior to the solicitation closing date.

(e) If you fail to produce an end item with a cumulative fit that conforms to Government drawings, specifications or other supplemental manufacturing documentation, you'll be responsible for correcting this condition at no additional cost to the Government and no delivery schedule extension.

***** End of Narrative *****

CS7004

Configuration Control Engineering Changes

(a) The Contractor may submit Engineering Change Proposal(s) (ECPs) and Request for Variance(s) (RFVs) for the requirements in the Government provided Technical Data Package (TDP). If a Value Engineering Change Proposal(s) (VECPs) clause is included on this contract, VECPs shall be submitted in the same manner as ECPs.

(1) ECPs - The Contractor may request a permanent change to the requirements specified in the TDP or any other baseline documentation by submitting an ECP. ECPs shall be submitted to include all Notice of Revisions (NORs) necessary to completely define the requested change. Each ECP shall be accompanied with at least one NOR per affected document. The Contractor shall not present any production items for acceptance that incorporate any change to the TDP or other baseline documentation until notified by the Government the ECP has been approved and incorporated in the contract.

(i) Page 1 of DD Form 1692 (or equivalent) shall be submitted for all ECPs. Pages 2-7 of DD Form 1692 shall be submitted when required to properly explain all the potential logistics and technical impacts of the proposed change. DD Form 1695 NOR or DD Form 1695-1 Tabulated NOR (or equivalents) shall be submitted to completely describe the desired change on each affected document.

(ii) All ECPs submitted by the Contractor will be routine priority unless otherwise justified. If the Contractor considers the ECP to be emergency or urgent, they shall include justification within 48 hours of submittal of the ECP.

CONTINUATION SHEET	Reference No. of Document Being Continued SPRDL1-26-R-0007 PIIN/SIIN	Page 9 of 11 MOD/AMD 0001
---------------------------	--	--

Name of Offeror or Contractor:

(2) RFVs - The Contractor may request to temporarily depart from a requirement specified in the TDP or any other baseline documentation, by submitting an RFV. RFVs may be submitted either pre-production (formerly known as Request for Deviation (RFD)) or post-production and prior to acceptance by the Government (formerly known as Request for Waiver (RFW)). DD Form 1694 (or equivalent) shall be submitted for all RFVs. The Contractor shall not present any production items for acceptance with any nonconformance to the requirements in the TDP or other baseline documentation until notified by the Government the RFV has been approved and incorporated in the contract.

(b) Submission of requested changes - The submission of an ECP or RFV by the Contractor does not affect the required delivery dates specified within the contract, shall not constitute excusable delay in the performance of this Contract by the Contractor or in any way relieve the Contractor from compliance with the contract delivery schedule. If a delivery date change is needed, it must be negotiated with the Procuring Contracting Officer and documented via modification to the contract. The submission of an ECP and/or RFV by the Contractor shall not preclude the Government from exercising its rights under any clause of the Contract.

(c) Specifications - Permanent proposed changes to specifications which are part of the TDP or baseline documentation shall be requested with an ECP and NOR (i.e. Specification Change Notices (SCNs) are not required).

(d) Forms If any of the above listed forms are not included with the solicitation or contract, the Contractor may locate forms on the DOD Forms Website https://www.esd.whs.mil/Directives/forms/dd1500_1999/ or contact the Contract Specialist listed on page 1 of the solicitation or contract for copies of the forms.

***** End of Narrative *****

CS7016

Acquisition of Manufacturer's Part Number: Components

One or more of the drawings for part of the contract item set forth in the Schedule and in the Technical Data Package specify manufacturer's part numbers. Since complete Government technical data for such part or parts are not available, it is understood that the Contractor, by accepting this contract, agrees to furnish only the listed manufacturer's part number(s) for those components of the contract item, except as provided in the narrative entitled NOTICE REGARDING REQUIRED MANUFACTURER'S PART NUMBER. It is further understood and agreed that references to manufacturer's part numbers herein shall be deemed to include all changes or revisions thereto which the approved manufacturer has made effective as of the first date of delivery of any of the items under this contract; provided, that no change or revision that affects the interchangeability (ability to be interchanged with previous parts and to match with all mating parts when assembled) of the listed manufacturer's part shall be incorporated into the contract item without the prior written approval of the Procuring Contracting Officer.

***** End of Narrative *****

CS7151

Use of Class 1 Ozone Depleting Substances (CIODS)

(a) Definitions.

(1) Class I and Class II Ozone-Depleting Substances (CIODS) refers to the class of substances identified in Section 602(a) of the Clean Air Act, (42 U.S.C. 7671a(a)), complete list provided at: <https://www.epa.gov/clean-air-act-overview/clean-air-act-title-vi-stratospheric-ozone-protection>

(2) Directly requires the use of CIODS means that the Government's specification or technical data package, at any tier, explicitly requires the use of any Class I Ozone-Depleting Substance (CIODS) in performance of the contract.

(3) Indirectly requires the use of CIODS means that the Government's specification or technical data package, while not explicitly requiring the use of any CIODS, does require a feature that you can meet or produce only by the use of CIODS.

(b) No CIODS shall be used in meeting the requirements of this contract. If the use of CIODS is required in the performance of this contract, please notify the Procuring Contracting Officer immediately in writing.

No Class II Ozone Depleting Substances shall be required in the performance of this contract without Government approval. If the use of Class II ODS is required in the performance of this contract, please notify the Procuring Contracting Officer immediately in writing.

CONTINUATION SHEET	Reference No. of Document Being Continued SPRDL1-26-R-0007 PIIN/SIIN MOD/AMD 0001	Page 10 of 11
Name of Offeror or Contractor:		

Approved Suppliers for Circuit Card Assemblies and Printed Circuit Boards within Federal Supply Class (FSC) 5998 Electrical and Electronic Assemblies, Boards, Cards, and Associated Hardware (MAR 2023)

(1) Application: (a) Applies to procurements for circuit card assemblies and printed circuit boards within FSC 5998 regardless of the dollar value.

(2) Definitions: As used in this procurement narrative:

(a) Circuit card assembly means any flat board with electronic components placed on it.

(b) Printed circuit Board means any partially manufactured or complete bare printed circuit board or fully or partially assembled printed circuit board.

(3) Restrictions:

(a) Circuit card assemblies and printed circuit boards within this FSC are restricted to the sources of supply listed below.

(b) The Government cannot procure a circuit card assembly or printed circuit board that is manufactured, assembled, or delivered from a Covered Nation (see Covered Nation definition in DLAD 2.101) under this solicitation or any resulting contract.

(4) Sources of Supply:

(a) The approved source (e.g., Original Component Manufacturer (OCM)/Original Equipment Manufacturer (OEM)) for the item specified in the solicitation and contract; or

(b) The approved source on the Qualified Products List (QPL)/Qualified Manufacturers List (QML)(If applicable); or

(c) The authorized distributors of the OCM/OEM or QPL/QML for the item specified in the solicitation and contract (If applicable) that can provide supply chain traceability documentation of the item.

(d) Distributors with a written authorized distribution agreement from the approved source of supply (i.e., OCM/OEM) of the item specified in the solicitation or contract that can provide supply chain traceability documentation of the item in accordance with narrative C.23 Contractor Retention of Supply Chain Traceability Documentation.

Examples of acceptable supply chain documentation can be found at [HYPERLINK](https://www.dla.mil/LandandMaritime/Business/Selling/Counterfeit-Detection-Avoidance-Program/)
 "https://www.dla.mil/LandandMaritime/Business/Selling/Counterfeit-Detection-Avoidance-Program/"https://www.dla.mil/LandandMaritime/Business/Selling/Counterfeit-Detection-Avoidance- Program/.

(5) Requirements:

(a) The awardee must also meet the following requirements:

(i) Provide post award traceability documentation. If the contracting officer is unable to obtain traceability accounting for 100% of the material, the contracting officer reserves the right to reject the material based on the above prohibition.

(ii) Obtain written contracting officer approval prior to shipment. r

***** End of Narrative *****

CS8001

Contractor Retention of Supply Chain Traceability Documentation

1) By submitting a quotation or offer, the Contractor, is confirming it currently has, or will obtain before delivery, and shall retain supply chain traceability documentation, as described in paragraph (2) below, demonstrating the item conforms to the technical requirements, and for part numbered items, is from an approved manufacturer.

2) Supply Chain Traceability Documentation

Supply chain traceability documentation shall include: basic item description, part number; drawing or specification; national stock number, manufacturing source, manufacturing source's Commercial and Government Entity (CAGE) code, and clear identification of the name and location of all supply chain intermediaries between the manufacturer to the contractor to Government acceptance. The

CONTINUATION SHEET	Reference No. of Document Being Continued SPRDL1-26-R-0007 PIIN/SIIN MOD/AMD 0001	Page 11 of 11
--------------------	---	---------------

Name of Offeror or Contractor:

documentation should also include, if available, the manufacturer's batch identification for the item(s), such as date codes, lot codes, or serial numbers.

Supply chain traceability documentation shall also include, if available, the manufacturer's batch identification for the item(s), such as date codes, lot codes, or serial numbers. For part numbered items, contractors can find examples of acceptable supply chain traceability documentation at the Counterfeit Detection and Avoidance Program (CDAP) website [HYPERLINK "http://www.dla.mil/LandandMaritime/Business/Selling/Counterfeit-Detection-Avoidance-Program/"http://www.dla.mil/LandandMaritime/Business/Selling/Counterfeit-Detection-Avoidance-Program/](http://www.dla.mil/LandandMaritime/Business/Selling/Counterfeit-Detection-Avoidance-Program/).

In addition, the contractor will obtain, retain, and provide to the contracting officer written documentation of all inspections and tests necessary to substantiate that the supplies furnished under this contract conform to contract requirements, including any applicable technical requirements for specified manufacturers' parts. Such records shall include, without limitation, test reports, test data, material certification, and manufacturing process sheets, in addition to any other information identified in the technical specifications applicable to the item.

3) The contractor shall make supply chain traceability documentation available to the contracting officer within three business days upon the contracting officer's request. The contracting officer determines the acceptability and sufficiency of documentation. The contractor shall retain supply chain traceability documentation for ten years after final payment under this contract for audit and other valid government purposes. If the contractor fails to retain or provide the documentation, or the contracting officer finds the documentation to be unacceptable, the contracting officer may take corrective action, including, but not limited to, cancellation of undelivered orders or rejection of delivered supplies.
