TECHNICAL QUALIFICATION FOR REQUIREMENT

➤ FACTOR A: TECHNICAL QUALIFICATIONS

1. **State Certification:** The appraiser must hold a valid license as a Certified General Appraiser by the State of New Mexico demonstrated by a copy of the State Licensing Certificate or have the ability to obtain a temporary practice permit for the State of New Mexico. If the appraiser is licensed in another state and applying for a license in the subject jurisdiction, he/she must provide a copy of his/her current state license. (A temporary license must also be provided by the contracted appraiser and included in the addenda of the appraisal report.)

2. Technical Acceptability

- a. Experience for Assignment: Both geographical competency and technical competency will be considered. The contractor shall provide a standard Appraiser's Statement of Qualifications and a signed letter that describes and attests to the following:
 - a. Identify years of experience appraising agricultural or comparable tracts of improved properties and unimproved land within similar areas of New Mexico and Indian Reservations as well as recent appraisal experience working for or contracting with the federal government.
 - b. Provide a list of at least three (3) vacant land appraisal assignments for similar lands in Western New Mexico and/or the Navajo Reservation, completed within the past ten years. The list should include location, acreage, improved or unimproved, date of report or date of value and zoning.
 - c. Provide years of appraisal experience as a Certified General Appraiser.
 - d. A designation from a recognized professional appraisal organization will be considered but is not required.
 - e. If you have not previously contracted with AVSO within the past 5 years, please provide one reference (name, position, origination, contact information) who can verify your experience.
- b. Qualifications of Associate Appraisers: Any associates expected to contribute to the appraisal must be identified in the proposal and a statement of qualifications and copy of license or permit must be provided for each individual. Those qualifications will be considered in the evaluation of proposals, with emphasis on professional designations and license, years of appraisal experience, and extent of education applicable to the appraisal assignment. An expanded description of these qualifications for any key associate is recommended and may be included in the proposal. **Subcontracting of this assignment is not permissible.**

➤ FACTOR B: PAST PERFORMANCE

- a. Submit a list of at least five (5) of the most recent USPAP-compliant appraisal reports completed. Include property type, size of property, date of value, location, and the client

contact information for reference purposes. If none have been completed, please state such.

- b. Submit one sample of comparable sale write up sheet for vacant land comparable sale and one sample of comparable sale write up sheet for an improved comparable sale.

➤ **FACTOR C: DELIVERY**

The submission of the appraisal report is due within the contracted timeframe. Target is 60 days from contract award date, but alternative dates will be considered. Note that preference may be applied to quotes that meet or exceed the requested delivery date.

➤ **FACTOR D: PRICE**

- a. The appraiser must provide a firm-fixed price quote that includes both of the referenced cases with any and all discounts applied for all the work to complete the assignment described in the Statement of Work (SOW).
- b. Price quotes will be evaluated for completeness and reasonableness.

EVALUATION OF QUOTATIONS

FAR 52.212-2 Evaluation-Commercial Products and Commercial Services (Nov 2021)

a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. Award of this Purchase Order will be made **on a Best Value/Trade Off basis**.

- **The following factors shall be used to evaluate offers:**
 - A. Technical Qualifications,**
 - B. Past Performance,**
 - C. Delivery,**
 - D. Price.**

Technical Qualifications, Past Performance and Delivery when combined, are more important than cost or price.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

Further past performance determinations in federal contracting shall be made through a review of relevant information listed within the System of Award Management (SAM) and the Contractor Performance Assessment Reporting System (CPARS).

All offerors are required to have an active Unique Entity Identifier (UEI) and be registered in www.SAM.gov prior to submission of quotation. **Note, the UEI replaced the DUNS number on April 4, 2022.

FAR 52.222-55 Minimum Wages for Contractor Workers Under Executive Order 14026.**DEVIATION (Oct 2023)**

(a) Definitions. As used in this clause—

United States means the 50 states, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, Johnston Island, Wake Island, and the outer Continental Shelf as defined in the Outer Continental Shelf Lands Act (43 U.S.C. 1331, et seq.).

Worker –

(1)

(i) Means any person engaged in performing work on, or in connection with, a contract covered by Executive Order 14026, and—

(A) Whose wages under such contract are governed by the Fair Labor Standards Act (29 U.S.C. chapter 8), the Service Contract Labor Standards statute (41 U.S.C. chapter 67), or the Wage Rate Requirements (Construction) statute (40 U.S.C. chapter 31, subchapter IV);

(B) Other than individuals employed in a bona fide executive, administrative, or professional capacity, as those terms are defined in 29 CFR part 541; and

(C) Regardless of the contractual relationship alleged to exist between the individual and the employer.

(ii) Includes workers performing on, or in connection with, the contract whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(c).

(iii) Also includes any person working on, or in connection with, the contract and individually registered in a bona fide apprenticeship or training program registered with the Department of Labor's Employment and Training Administration, Office of Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of Apprenticeship.

(2)

(i) A worker performs on a contract if the worker directly performs the specific services called for by the contract; and

(ii) A worker performs in connection with a contract if the worker's work activities are necessary to the performance of a contract but are not the specific services called for by the contract.

(b) Executive Order Minimum wage rate.

(1) The Contractor shall pay to workers, while performing in the United States, and performing on, or in connection with, this contract, a minimum hourly wage rate of \$15.00 per hour beginning January 30, 2022.

(2) The Contractor shall adjust the minimum wage paid, if necessary, beginning January 1, 2023, and annually thereafter, to meet the applicable annual E.O. minimum wage. The Administrator of the Department of Labor's Wage and Hour Division (the Administrator) will publish annual determinations in the Federal Register no later than 90 days before the effective date of the new E.O. minimum wage rate. The Administrator will also publish the applicable E.O. minimum wage on <https://www.sam.gov> (or any successor website), and a general notice on all wage determinations issued under the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, that will provide information on the E.O. minimum wage and how to obtain annual updates. The applicable published E.O. minimum wage is incorporated by reference into this contract.

(3)

(i) The Contractor may request a price adjustment only after the effective date of the new annual E.O. minimum wage determination. Prices will be adjusted only for increased labor costs (including subcontractor labor costs) as a result of an increase in the annual E.O. minimum wage, and for associated labor costs (including those for subcontractors). Associated labor costs shall include increases or decreases that result from changes in social security and unemployment taxes and workers' compensation insurance, but will not otherwise include any amount for general and administrative costs, overhead, or profit.

(ii) Subcontractors may be entitled to adjustments due to the new minimum wage, pursuant to paragraph (b)(2). Contractors shall consider any subcontractor requests for such price adjustment.

(iii) The Contracting Officer will not adjust the contract price under this clause for any costs other than those identified in paragraph (b)(3)(i) of this clause, and will not provide duplicate price adjustments with any price adjustment under clauses implementing the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute.

(4) The Contractor warrants that the prices in this contract do not include allowance for any contingency to cover increased costs for which adjustment is provided under this clause.

(5) A pay period under this clause may not be longer than semi-monthly, but may be shorter to comply with any applicable law or other requirement under this contract establishing a shorter pay period. Workers shall be paid no later than one pay period following the end of the regular pay period in which such wages were earned or accrued.

(6) The Contractor shall pay, unconditionally to each worker, all wages due free and clear without subsequent rebate or kickback. The Contractor may make deductions that reduce a worker's wages below the E.O. minimum wage rate only if done in accordance with 29 CFR 23.230, Deductions.

(7) The Contractor shall not discharge any part of its minimum wage obligation under this clause by furnishing fringe benefits or, with respect to workers whose wages are governed by the Service Contract Labor Standards statute, the cash equivalent thereof.

(8) Nothing in this clause shall excuse the Contractor from compliance with any applicable Federal or State prevailing wage law or any applicable law or municipal ordinance or any applicable contract establishing a minimum wage higher than the E.O. 14026 minimum wage. However, wage increases under such other laws or municipal ordinances are not subject to price adjustment under this subpart.

(9) The Contractor shall pay the E.O. minimum wage rate whenever it is higher than any applicable collective bargaining agreement(s) wage rate.

(10) The Contractor shall follow the policies and procedures in 29 CFR 23.240(b) and 23.280 for treatment of workers engaged in an occupation in which they customarily and regularly receive more than \$30 a month in tips.

(c)

(1) This clause applies to workers as defined in paragraph (a). As provided in that definition–

(i) Workers are covered regardless of the contractual relationship alleged to exist between the contractor or subcontractor and the worker;

(ii) Workers with disabilities whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(c) are covered; and

(iii) Workers who are registered in a bona fide apprenticeship program or training program registered with the Department of Labor's Employment and Training Administration, Office of Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of Apprenticeship, are covered.

(2) This clause does not apply to—

(i) Contracts or subcontracts to which the States of Texas, Louisiana, or Mississippi, including their agencies, are a party;

(ii) Fair Labor Standards Act (FLSA)-covered individuals performing in connection with contracts covered by the E.O., i.e. those individuals who perform duties necessary to the performance of the contract, but who are not directly engaged in performing the specific work called for by the contract, and who spend less than 20 percent of their hours worked in a particular workweek performing in connection with such contracts;

(iii) Individuals exempted from the minimum wage requirements of the FLSA under 29 U.S.C. 213(a) and 214(a) and (b), unless otherwise covered by the Service Contract Labor Standards statute, or the Wage Rate Requirements (Construction) statute. These individuals include but are not limited to—

(A) Learners, apprentices, or messengers whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(a) ;

(B) Students whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(b) ; and

(C) Those employed in a bona fide executive, administrative, or professional capacity (29 U.S.C. 213(a)(1) and 29 CFR part 541).

(d) Notice. The Contractor shall notify all workers performing work on, or in connection with, this contract of the applicable E.O. minimum wage rate under this clause. With respect to workers covered by the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, the Contractor may meet this requirement by posting, in a prominent and accessible place at the worksite, the applicable wage determination under those statutes. With respect to workers whose wages are governed by the FLSA, the Contractor shall post notice, utilizing the poster provided by the Administrator, which can be obtained at www.dol.gov/agencies/whd/government-contracts, in a prominent and accessible place at the worksite. Contractors that customarily post notices to workers electronically may post the notice electronically provided the electronic posting is displayed prominently on any Web site that is maintained by the contractor, whether external or internal, and customarily used for notices to workers about terms and conditions of employment.

(e) Payroll Records.

(1) The Contractor shall make and maintain records, for three years after completion of the work, containing the following information for each worker:

(i) Name, address, and social security number;

(ii) The worker's occupation(s) or classification(s);

(iii) The rate or rates of wages paid;

(iv) The number of daily and weekly hours worked by each worker;

(v) Any deductions made; and

(vi) Total wages paid.

(2) The Contractor shall make records pursuant to paragraph (e)(1) of this clause available for inspection and transcription by authorized representatives of the Administrator. The Contractor shall also make such records available upon request of the Contracting Officer.

(3) The Contractor shall make a copy of the contract available, as applicable, for inspection or transcription by authorized representatives of the Administrator.

(4) Failure to comply with this paragraph (e) shall be a violation of 29 CFR 23.260 and this contract. Upon direction of the Administrator or upon the Contracting Officer's own action, payment shall be withheld until such time as the noncompliance is corrected.

(5) Nothing in this clause limits or otherwise modifies the Contractor's payroll and recordkeeping obligations, if any, under the Service Contract Labor Standards statute, the Wage Rate Requirements (Construction) statute, the Fair Labor Standards Act, or any other applicable law.

(f) Access. The Contractor shall permit authorized representatives of the Administrator to conduct investigations, including interviewing workers at the worksite during normal working hours.

(g) Withholding. The Contracting Officer, upon his or her own action or upon written request of the Administrator, will withhold funds or cause funds to be withheld, from the Contractor under this or any other Federal contract with the same Contractor, sufficient to pay workers the full amount of wages required by this clause.

(h) Disputes. Department of Labor has set forth in 29 CFR 23.510, Disputes concerning contractor compliance, the procedures for resolving disputes concerning a contractor's compliance with Department of Labor regulations at 29 CFR part 23. Such disputes shall be resolved in accordance with those procedures and not the Disputes clause of this contract. These disputes include disputes between the Contractor (or any of its subcontractors) and the contracting agency, the Department of Labor, or the workers or their representatives.

(i) Antiretaliation. The Contractor shall not discharge or in any other manner discriminate against any worker because such worker has filed any complaint or instituted or caused to be instituted any proceeding under or related to compliance with the E.O. or this clause, or has testified or is about to testify in any such proceeding.

(j) Subcontractor compliance. The Contractor is responsible for subcontractor compliance with the requirements of this clause and may be held liable for unpaid wages due subcontractor workers.

(k) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (k) in all subcontracts, regardless of dollar value, that are subject to the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, and are to be performed in whole or in part in the United States.

(End of clause)

FAR 52.252-6 Authorized Deviations in Clauses (Nov 2020)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(b) The use in this solicitation or contract of any Department of the Interior Acquisition Regulation (48 CFR Chapter 14) clause with an authorized deviation is indicated by the addition of "(Deviation)" after the name of the regulation.

(End of clause)

Revolutionary FAR Overhaul 52.222-90 Addressing DEI Discrimination by Federal Contractors (Deviation Date: Apr 2026)

(a) *Definitions.* As used in this clause—

Program participation means membership or participation in, or access or admission to: training, mentoring, or leadership development programs; educational opportunities; clubs; associations; or similar opportunities that are sponsored or established by the contractor or subcontractor.

Racially discriminatory diversity, equity, and inclusion (DEI) activities means disparate treatment based on race or ethnicity in the recruitment, employment (e.g., hiring, promotions), contracting (e.g., vendor agreements), program participation, or allocation or deployment of an entity's resources.

(b) In connection with the performance of work under this contract, the Contractor agrees as follows:

- (1) The Contractor will not engage in any racially discriminatory DEI activities;
- (2) The Contractor will furnish all information and reports, including providing access to books, records, and accounts, as required by the Contracting Officer, for purposes of ascertaining compliance with this clause;
- (3) In the event of the Contractor's or a subcontractor's noncompliance with this clause, this contract may be canceled, terminated, or suspended in whole or in part, and the Contractor or subcontractor may be declared ineligible for further Government contracts;
- (4) The Contractor will report any subcontractor's known or reasonably knowable conduct that may violate this clause to the Contracting Officer and take any appropriate remedial actions directed by the Contracting Officer; and
- (5) The Contractor will inform the Contracting Officer if a subcontractor sues the Contractor and the suit puts at issue, in any way, the validity of this clause.
- (6) The Contractor recognizes that compliance with the requirements of this clause are material to the Government's payment decisions for purposes of 31 U.S.C. 3729(b)(4).
- (c) The Contractor must include the substance of this clause, including this paragraph (c), in subcontracts at any tier, including those for commercial products and commercial services, except those where the place of delivery or performance is outside the United States.

(End of clause)

Disclosure of Information: Information made available to the Contractor by the Government for the performance or administration of this effort shall be used only for those purposes and shall not be used in any other way without the written agreement of the Contracting Officer.

The Contractor agrees to assume responsibility for protecting the confidentiality of Government records, which are not public information. Each Contractor or employee of the Contractor to whom information may be made available or disclosed shall be notified in writing by the Contractor that such information may be disclosed only for a purpose and to the extent authorized herein.

Release of Information: No news release (including photographs and films, public announcements, denial, or confirmation of same) on any part of the subject matter of this effort or any phase of any program hereunder shall be made without the prior written approval of the Contracting Officer.

The Contractor is prohibited from releasing to any source, other than the sponsoring activity, any interim, draft, and final reports or information pertaining to services performed under this contract until report approval or official review has been obtained. Furthermore, the Contractor shall insure that the cover of all interim, draft, and final reports contains the following statement: "The view, opinions, or findings contained in this report are those of the author(s) and should not be construed as an official Government position, policy, or decision, unless so designated by other documentation."

There shall be no dissemination or publication, except within and between the Contractor and any subcontractors, of information developed under this contract or contained in the reports to be furnished pursuant to this effort without prior written approval from the Contracting Officer. Information made available to the Contractor by the Government for the performance or administration of this effort shall be used only for those purposes and shall not be used in any other way without the written agreement of the Contracting Officer.

The Contractor agrees to assume responsibility for protecting the confidentiality of Government records, which are not public information. Each Contractor or employee of the Contractor to whom information may be made available or disclosed shall be notified in writing by the Contractor that such information

may be disclosed only for a purpose and to the extent authorized herein.

(a) The contractor agrees, in the performance of this contract, to keep the information furnished by the Government or acquired/developed by the contractor in performance of the contract and designated by the Contracting Officer or Contracting Officer's Representative, in the strictest confidence. The contractor also agrees not to publish or otherwise divulge such information, in whole or in part, in any manner or form, nor to authorize or permit others to do so, taking such reasonable measures as are necessary to restrict access to such information while in the contractor's possession, to those employees needing such information to perform the work described herein, i.e., on a "need to know" basis. The contractor agrees to immediately notify the Contracting Officer in writing in the event that the contractor determines or has reason to suspect a breach of this requirement has occurred.

(b) The contractor agrees that it will not disclose any information described in subsection (a) to any person unless prior written approval is obtained from the Contracting Officer. The contractor agrees to insert the substance of this clause in any consultant agreement or subcontract hereunder.

DOI-AAAP-0028 Electronic Invoicing and Payment Requirements – Invoice Processing Platform (IPP) (February 2021)

Payment requests must be submitted electronically through the U. S. Department of the Treasury's Invoice Processing Platform System (IPP).

"Payment request" means any request for contract financing payment or invoice payment by the Contractor. To constitute a proper invoice, the payment request must comply with the requirements identified in the applicable Prompt Payment clause included in the contract, or the clause 52.212-4 Contract Terms and Conditions – Commercial Items included in commercial item contracts. The IPP website address is: <https://www.ipp.gov>.

Under this contract, the following documents are required to be submitted as an attachment to the IPP invoice:

- Invoice Contents: Invoices will be paid upon approval and acceptance by the Government COR. Invoices must include, as a minimum, the following information:
 - Contractor name
 - Contractor address
 - Purchase Order No.
 - Invoice date and number
 - Billing Period for the services performed
 - FFP Deliverable (if FFP)
 - ODC Total with corresponding breakout (if applicable)
 - Additional supporting documentation MAY BE REQUESTED at the discretion of the COR.

The Contractor must use the IPP website to register, access and use IPP for submitting requests for payment. The Contractor Government Business Point of Contact (as listed in SAM) will receive enrollment instructions via email from the Federal Reserve Bank of St. Louis (FRBSTL) within 3 – 5 business days of the contract award date. Contractor assistance with enrollment can be obtained by contacting the IPP Production Helpdesk via email IPPCustomerSupport@fiscal.treasury.gov or phone (866) 973-3131.

If the Contractor is unable to comply with the requirement to use IPP for submitting invoices for payment, the Contractor must submit a waiver request in writing to the Contracting Officer with its proposal or quotation.

DIAR 1452.215-71 Use and Disclosure of Proposal Information—Department of the Interior (APR 1984)

(a) Definitions. For the purposes of this provision and the Freedom of Information Act (5 U.S.C. 552), the following terms shall have the meaning set forth below:

(1) “Trade Secret” means an unpatented, secret, commercially valuable plan, appliance, formula, or process, which is used for making, preparing, compounding, treating or processing articles or materials which are trade commodities.

(2) “Confidential commercial or financial information” means any business information (other than trade secrets) which is exempt from the mandatory disclosure requirement of the Freedom of Information Act, 5 U.S.C. 552. Exemptions from mandatory disclosure which may be applicable to business information contained in proposals include exemption (4), which covers “commercial and financial information obtained from a person and privileged or confidential,” and exemption (9), which covers “geological and geophysical information, including maps, concerning wells.”

(b) If the offeror, or its subcontractor(s), believes that the proposal contains trade secrets or confidential commercial or financial information exempt from disclosure under the Freedom of Information Act, (5 U.S.C. 552), the cover page of each copy of the proposal shall be marked with the following legend:

“The information specifically identified on pages _____ of this proposal constitutes trade secrets or confidential commercial and financial information which the offeror believes to be exempt from disclosure under the Freedom of Information Act. The offeror requests that this information not be disclosed to the public, except as may be required by law. The offeror also requests that this information not be used in whole or part by the government for any purpose other than to evaluate the proposal, except that if a contract is awarded to the offeror as a result of or in connection with the submission of the proposal, the Government shall have the right to use the information to the extent provided in the contract.”

(c) The offeror shall also specifically identify trade secret information and confidential commercial and financial information on the pages of the proposal on which it appears and shall mark each such page with the following legend:

“This page contains trade secrets or confidential commercial and financial information which the offeror believes to be exempt from disclosure under the Freedom of Information Act and which is subject to the legend contained on the cover page of this proposal.”

(d) Information in a proposal identified by an offeror as trade secret information or confidential commercial and financial information shall be used by the Government only for the purpose of evaluating the proposal, except that (i) if a contract is awarded to the offeror as a result of or in connection with submission of the proposal, the Government shall have the right to use the information as provided in the contract, and (ii) if the same information is obtained from another source without restriction it may be used without restriction.

(e) If a request under the Freedom of Information Act seeks access to information in a proposal identified as trade secret information or confidential commercial and financial information, full consideration will be given to the offeror's view that the information constitutes trade secrets or confidential commercial or financial information. The offeror will also be promptly notified of the request and given an opportunity to provide additional evidence and argument in support of its position, unless administratively unfeasible to do so. If it is determined that information claimed by the offeror to be trade secret information or confidential commercial or financial information is not exempt from disclosure under the Freedom of Information Act, the offeror will be notified of this determination prior to disclosure of the information.

(f) The Government assumes no liability for the disclosure or use of information contained in a proposal if not marked in accordance with paragraphs (b) and (c) of this provision. If a request under the Freedom of Information Act is made for information in a proposal not marked in accordance with

paragraphs (b) and (c) of this provision, the offeror concerned shall be promptly notified of the request and given an opportunity to provide its position to the Government. However, failure of an offeror to mark information contained in a proposal as trade secret information or confidential commercial or financial information will be treated by the Government as evidence that the information is not exempt from disclosure under the Freedom of Information Act, absent a showing that the failure to mark was due to unusual or extenuating circumstances, such as a showing that the offeror had intended to mark, but that markings were omitted from the offeror's proposal due to clerical error.

END OF SOLICITATION

UNITED STATES DEPARTMENT OF THE INTERIOR
OFFICE OF THE SECRETARY
Appraisal and Valuation Services Office (AVSO)

STATEMENT OF WORK

SECTION 1: CASE PROPERTIES

Case Name:	AQD_NAV_2026_01. This SOW is applicable to 28 Individual Tracts of Land that are identified in Tract Listing Table attached to this SOW.
AVIS Case Number:	This SOW is applicable to 28 Individual Tracts of Land that are identified in attachments to this SOW.
Client Reference Number:	See attached list
Case Type:	Potential Sale
Agency or Tribe:	The Navajo Nation
Requested Service:	Market value appraisal

SECTION 2: SUBJECT OF THE APPRAISAL

Property Description:	The subject of the appraisal is the Allotted land identified in the attached list and supporting documents in the addendum. No structural improvements are to be appraised under this assignment.
Legal Description:	Please refer to the individual Title Status Reports for the legal description for each appraisal.
Ownership:	The subject properties are held in trust for one or more Native American landowners. Because the appraisal assumes a single trust-held ownership by the United States, the names and fractional interests of individual beneficial owners are not relevant to the appraisal problem.
Latitude / Longitude	Location maps for the subject properties are included in the addendum.
Property Rights Appraised:	Fee Simple Estate or Fee Simple-Surface Only Estate (See Tract Listing)
Outstanding Property Rights and/or Reservations:	Any recorded or unrecorded documents, conditions, agreements, easements and/or encumbrances discovered must be identified and discussed in the appraisal report in relation to their impact on value. However, Life Estates and Fee Ownership Interests listed as encumbrances in the title status report do not require additional discussion or analysis as they are undivided interests. Unsevered mineral rights must be considered unless specifically excluded in the appraisal request.

Real Property Improvements:	No structural improvements are to be appraised under this assignment. If improvements are present on inspection they should be noted and described in the report but not valued.
Personal Property:	Personal property must be disregarded for purposes of the appraisal.
SECTION 3: APPRAISAL PROBLEM IDENTIFICATION	
Client:	U.S. Department of Interior, Appraisal and Valuations Services Office (AVSO)
Intended Users:	AVSO and BIA, on behalf of the United States of America.
Intended Use:	The appraisal report will be used by the BIA to fulfill their trust responsibilities regarding a sale transaction related to the subject property as directed in federal regulations.
Type of Value:	Market Value
Definition of Market Value:	“The most probable price, as of a specified date, in cash, or in terms equivalent to cash, or in precisely revealed terms, for which the specified property rights should sell after reasonable exposure in a competitive market under all conditions requisite to a fair sale, with the buyer and seller each acting prudently, knowledgeably, and for self-interest, and assuming that neither is under undue duress.” [The Dictionary of Real Estate Appraisal, Seventh Edition, Appraisal Institute 2022]
Effective Date:	The effective date must be no later than 30 calendar days prior to the submission of the completed appraisal report, unless the AVSO review appraiser approves in advance other conditions in writing.
SECTION 4: ASSIGNMENT CONDITIONS	
Confidentiality:	The appraisal report and all information furnished by the BIA or AVSO to the Appraiser are to be considered confidential.
Appraiser Qualifications:	This appraisal assignment requires a State Certified General Appraiser in good standing in the state in which the subject property is located. The Appraiser needs to be licensed in the State prior to accepting the assignment. The engaged appraiser must sign the report.
Applicable Standards / Law Regulation and Policy:	The standards applicable to this appraisal assignment include: • Uniform Standards of Professional Appraisal Practice (USPAP), current edition. • The appraisal shall be an Appraisal Report, as identified by USPAP SR 2-2(a). The appraisal must conform to the following laws, regulations, and policies: • Federal Regulations 25 CFR, Part 150.2
Extraordinary Assumptions:	None. If the appraiser determines that extraordinary assumptions are necessary, the appraiser must contact the AVSO review appraiser for prior written approval.

Hypothetical Conditions:	The following hypothetical conditions should be employed: 1.) It is a hypothetical condition that the subject tract could be sold and purchased on the open market without any restrictions associated with trust, restricted, or fractionated ownership. 2.) It is a hypothetical condition, for the purpose of analysis, the subject parcel has similar land use restrictions (zoning) and property tax load associated with surrounding private property as well as the comparable sales data used in the analysis. If applicable, the following hypothetical condition may be employed: 3.) For the purpose of the analysis, the subject parcel is assumed vacant and unimproved. Include the USPAP-required statements related to Hypothetical Conditions and Extraordinary Assumptions and their impact on assignment conclusions.
Jurisdictional Exceptions:	None. If the appraiser determines that a jurisdictional exception is necessary, the appraiser must contact the AVSO review appraiser for prior written approval.
Pre-Work Meeting:	The contract appraiser will be required to attend a pre-work meeting. The pre-work meeting will be conducted prior to the inspection of the property. The purpose of the meeting will be to discuss this Statement of Work and the expectations of AVSO. The meeting will be held via teleconference. The AVSO review appraiser will coordinate the date and time with the appraiser.
Property Inspection	The engaged appraiser will physically inspect the subject property unless such inspection is waived, in writing, by (AVSO). Extent of inspection should be sufficient to adequately identify those characteristics which influence the estimate of Market Value for the property rights appraised. Access to the property shall be coordinated with (AVSO).
Market Value Analysis:	The extent of market analysis should be sufficient to accurately characterize the market for such properties and to appropriately determine highest and best use. A thorough and detailed determination of highest and best use, supported with adequate market analysis, is required for this assignment. Relevant transactional data should be researched, confirmed, and analyzed. Adequate confirmation of market data is critical to credible assignment results; appraisals relying entirely on market data confirmed solely by public data are unlikely to be approved. Legal and physical access for the subject and sales data should be confirmed. Care should be exercised to select sales with similar highest and best use, competing in the same or similar markets as the subject and which are relevant to the effective date of value. Transactional data with different property rights (e.g.: unsevered mineral rights) must be analyzed and adjusted appropriately with adequate narrative support. Comparable data should be selected from property with similar land characteristics.
Appraisal Methodology:	The Sales Comparison Approach is expected in this assignment. Development of additional approaches should be determined after analyzing the quantity and quality of market data available as well as what is typically required for valuation assignments of that type. Applicable approaches are required if they are necessary

	for credible results. A detailed discussion of the reasoning to omit typical approaches must be included in the narrative.

SECTION 5: APPRAISAL REQUIREMENTS AND INSTRUCTIONS

1. The appraisal report must meet or exceed those requirements set forth in USPAP SR 2-2(a). See USPAP AO-28 for clarification. Additionally, the appraisal must include the following:
2. Cover Page must prominently identify the USPAP Reporting Option (Appraisal Report), as well as the Client, Property Identification, Appraisal Request Number, Effective and Report Dates.
3. Subject and comparable property descriptions should contain enough information to allow the intended users of the appraisal to adequately visualize the relevant characteristics (e.g.: legal description, land uses, type and quality of access, improvements, utilities, fencing and water supply for grazing, vegetative cover, soil types, topography, etc.). Transactional data must be confirmed, the extent which must be included in the narrative.
4. The report must contain at a minimum an aerial photograph with the estimated property boundary for the subject and each of the comparable sales, and a photograph from the property inspection, unless waived by AVSO. Additional maps, surveys and plats should be included if relevant to the appraisal problem. A sale comparable location map is required. Significant differences between aerial photographs and characteristics identified during the inspection should be discussed. Any relevant, unusual property features should be photographed from ground level and discussed in the report.
5. Sales Comparison Approach: The analysis must include a summary of the relevant market data in grid or tabular form with discussion of differences in relevant characteristics. The characteristics presented in this analysis should be relevant to the highest and best use and consistent with the market analysis developed elsewhere in the narrative. For land with agricultural highest and best use, a discussion of soil productivity for cultivated land and range quality and condition for hay or grazing land would be required.
6. Comparable sales data should be transacted in similar areas and in market conditions relevant to the effective date. Prior sales of transactional data occurring within the past 3 years must be analyzed and discussed in the narrative. Comparable data writeups must be detailed enough for AVSO to identify the property and to confirm both the transactional details and each of the characteristics identified as material to the market analysis.
7. The preferred method of adjusting comparable data includes adequately supported, quantitative adjustments (% , \$/acre, etc.). Qualitative adjustments (similar, inferior, or superior) are acceptable when there is insufficient data to support more specific adjustments. However, all comparative adjustments must be narratively supported by clear, appropriate, and credible analysis based on documented market research. The level of detail should be commensurate with the complexity of the property type and the transaction, but at a minimum, the analysis must include a discussion of relevant characteristics and how the unit price from each of the comparables relates to the subject. The discussion should identify those elements of comparison that are the most compelling to market pricing. The data and analyses must be narratively reconciled into a point estimate of value. The reconciliation should be consistent with both the market analysis and comparative analyses and include narrative support for any weighting of comparable data.
8. The AVSO Statement of Work, pages 1 & 2 of the Contract Award, and any documents provided with the request must be attached as an addendum to the appraisal report. Reference to these documents should be provided in the body of the report.
9. Unsigned and draft reports will not be accepted.

10. If the appraiser discovers material facts which differ from those provided by AVSO or encounters circumstances which prevent the appraiser from developing an unbiased appraisal, the appraiser must contact the AVSO review appraiser for instructions.
11. Any communications between AVSO (Client) and the contract appraiser that pertain to the appraisal review (i.e., review questions, comments, concerns, etc.) are confidential. Disclosure of these communications requires the written approval of the Client.
12. This appraisal assignment will be an engagement between the appraiser and AVSO, the appraiser's client. The appraiser must address any questions regarding appraisal instructions and/or technical requirements for the appraisal to the AVSO review appraiser.

SECTION 6: PERFORMANCE / DELIVERABLE REQUIREMENTS

Appraisal Delivery:	Each of the 28, completed appraisal reports shall be formatted to 8.5" x 11" page size and delivered in electronic unlocked (.pdf) format, unless otherwise instructed in writing by (AVSO). If the appraisal engagement includes multiple tract appraisals, individual appraisals must be completed for each identified tract.
Appraisal Report Due:	Submission of the appraisal report is due within the contracted timeframe. Target is 60 days from contract award date, but alternative dates will be considered. Note that preference may be applied to the quotes that meet or exceed the requested delivery date.
Review & Comments Provided:	Each report will be reviewed in its entirety for compliance with USPAP, Appraisal Request and this SOW. Deficiencies will require correction. Appraiser agrees to promptly correct (within 10 days), all errors, omissions, and deficiencies and agrees to revise, expand upon or clarify report contents, by providing additional data or analysis as required by the reviewer, including, if requested, the appraiser's work file. Target date is less than 30 calendar days after receiving initial appraisal report.
Invoice Submission and Payment	60 Days after the Contract Appraiser has been notified the appraisal review is complete.
Closeout	60 days after final payment.

Please Note: The final invoice/request for payment is not to be submitted until the AVSO Review Appraiser notifies the contract appraiser that the appraisal review is complete.

Title Status

Tract 723 20293 is held by the United States of America in trust for the land owner(s) with trust interests and/or by the land owner(s) with restricted interests and/or fee simple interests, as listed in Appendix "B" attached to and incorporated in this Title Status Report.

The title to Tract 723 20293 is current, complete, correct, and without defect. Ownership is in unity and interests are owned in the following title status: trust, fee.

The tract ownership is encumbered by the title documents which have been approved by a properly delegated Federal official and are required to be recorded by law, regulation, or Bureau policy as listed on Appendix "C" attached to and incorporated in this Title Status Report.

See Appendix D for all other documents that are required to be recorded by law, regulation or Bureau policy.

No Tract Notes or Coded Remarks for this tract.

This report does not cover encroachments nor any other rights that might be disclosed by a physical inspection of the premises, nor questions of location or boundary that an accurate survey may disclose. This Report also does not cover encumbrances, including but not limited to irrigation charges, unpaid claims, not filed or recorded in this Land Titles and Records Office. This report does not state the current ownership of the interests owned in fee simple but states the ownership at the time the interest ceased to be held in trust or restricted ownership status.

Title Status

Tract 723 19384 is held by the United States of America in trust for the land owner(s) with trust interests and/or by the land owner(s) with restricted interests and/or fee simple interests, as listed in Appendix "B" attached to and incorporated in this Title Status Report.

The title to Tract 723 19384 is current, complete, correct, and without defect. Ownership is in unity and interests are owned in the following title status: trust.

The tract ownership is encumbered by the title documents which have been approved by a properly delegated Federal official and are required to be recorded by law, regulation, or Bureau policy as listed on Appendix "C" attached to and incorporated in this Title Status Report.

See Appendix D for all other documents that are required to be recorded by law, regulation or Bureau policy.

See Appendix E for Tract Notes and/or Coded Remarks.

This report does not cover encroachments nor any other rights that might be disclosed by a physical inspection of the premises, nor questions of location or boundary that an accurate survey may disclose. This Report also does not cover encumbrances, including but not limited to irrigation charges, unpaid claims, not filed or recorded in this Land Titles and Records Office. This report does not state the current ownership of the interests owned in fee simple but states the ownership at the time the interest ceased to be held in trust or restricted ownership status.

This Title Status Report is a true and correct report of the status of title to the real estate described herein according to the official land records recorded and maintained in this office.

Tract 791 1525 is held by the United States of America in trust for the land owner(s) with trust interests and/or by the land owner(s) with restricted interests and/or fee simple interests, as listed in Appendix "B" attached to and incorporated in this Title Status Report.

The title to Tract 791 1525 is current, complete, correct, and without defect. Ownership is in unity and interests are owned in the following title status: trust.

The tract ownership is encumbered by the title documents which have been approved by a properly delegated Federal official and are required to be recorded by law, regulation, or Bureau policy as listed on Appendix "C" attached to and incorporated in this Title Status Report.

See Appendix D for all other documents that are required to be recorded by law, regulation or Bureau policy.

See Appendix E for Tract Notes and/or Coded Remarks.

This report does not cover encroachments nor any other rights that might be disclosed by a physical inspection of the premises, nor questions of location or boundary that an accurate survey may disclose. This Report also does not cover encumbrances, including but not limited to irrigation charges, unpaid claims, not filed or recorded in this Land Titles and Records Office. This report does not state the current ownership of the interests owned in fee simple but states the ownership at the time the interest ceased to be held in trust or restricted ownership status.

This Title Status Report is a true and correct report of the status of title to the real estate described herein according to the official land records recorded and maintained in this office.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors, applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is the victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Note: Executive Order 13658 generally applies to contracts subject to the Service Contract Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least \$13.30 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2025. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$5.55 per hour, up to 40 hours per week, or \$222.00 per week or \$962.00 per month

HEALTH & WELFARE EO 13706: \$5.09 per hour, up to 40 hours per week, or \$203.60 per week, or \$882.27 per month*

*This rate is to be used only when compensating employees for performance on an SCA-

covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor, 3 weeks after 10 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (See 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: This wage determination does not apply to any individual employed in a bona fide executive, administrative, or professional capacity, as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least \$27.63 per hour (or at least \$684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17), this wage determination may not include wage rates for all occupations within those job families. In such instances, a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, and are not determinative of whether an employee is an exempt computer professional. To be exempt, computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**** HAZARDOUS PAY DIFFERENTIAL ****

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder.

All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS ****

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

**** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) ****

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable

relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors, applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is the victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Note: Executive Order 13658 generally applies to contracts subject to the Service Contract Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least \$13.30 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2025. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$5.55 per hour, up to 40 hours per week, or \$222.00 per week or \$962.00 per month

HEALTH & WELFARE EO 13706: \$5.09 per hour, up to 40 hours per week, or \$203.60 per week, or \$882.27 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor, 3 weeks after 10 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (See 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: This wage determination does not apply to any individual employed in a bona fide executive, administrative, or professional capacity, as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least \$27.63 per hour (or at least \$684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17), this wage determination may not include wage rates for all occupations within those job families. In such instances, a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, and are not determinative of whether an employee is an exempt computer professional. To be exempt, computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered

overtime work).

**** HAZARDOUS PAY DIFFERENTIAL ****

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder.

All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS ****

The duties of employees under job titles listed are those described in the ""Service Contract Act Directory of Occupations"", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

**** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) ****

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage

determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."
