The Quoter shall not complete the representation in this provision if the Quoter has represented that it “does not provide covered telecommunications equipment or services as a part of its quoted products or services to the Government in the performance of any contract, subcontract, or other contractual instrument” in the provision at 52.204-26, Covered Telecommunications Equipment or Services--Representation, or in paragraph (v) of the provision at 52.212-3, Quoter Representations and Certifications--Commercial Items.

(a) Definitions. As used in this provision--

Covered telecommunications equipment or services, critical technology, and substantial or essential component have the meanings provided in clause 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

(b) Prohibition. Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. Contractors are not prohibited from providing--

(1) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(2) Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(c) Procedures. The Quoter shall review the list of excluded parties in the System for Award Management (SAM) (<https://www.sam.gov>) for entities excluded from receiving federal awards for “covered telecommunications equipment or services”.

(d) Representation. The Quoter represents that it [] will, [] will not provide covered telecommunications equipment or services to the Government in the performance of any contract, subcontract or other contractual instrument resulting from this solicitation.

ADDENDUM to FAR 52.212-1 Instructions to Quoters

Addendum to FAR 52.212-1(b), Submission of quotes. This paragraph is tailored as follows:

Provision at 52.212-1, Instructions to Quoters—Commercial, applies to this acquisition. Note below that an addenda to the provision 52.212-1(b) has been incorporated to solicitation N00244-26-Q-S033.

Introduction and Purpose: This section specifies the format that Quoter shall use in this RFQ. The intent is not to restrict the quoters in the manner in which they will perform their work but rather to ensure a certain degree of uniformity in the format of the responses for evaluation purposes.

The Government anticipates award of single Firm Fixed Price (FFP) contract resulting from this solicitation. All responses to solicitation N00244-26-Q-S031 identify the Quoter's agreement with all terms, conditions, and provisions included in this solicitation. Offers that fail to furnish required representations or information or reject the terms and conditions of the solicitation will be excluded from consideration.

Quotes shall be submitted to Delvin Moore at delvin.l.moore.civ@us.navy.mil no **later than 08:00 AM (PST) San Diego, California Time on 14 May 2026**. Quoters shall submit their quotes via email only.

Each attachment shall contain the following items in addition to the other information required by this solicitation:

Quote: The quote shall indicate the following:

- Title of the Quote
- RFQ Number
- Name and address of Quoter, Cage Code, and UEI
- Quote validity period for 30 days from solicitation closing
- **FACTOR I** - The technical approach.
- **FACTOR II**- Price

Quoters are advised to submit Quotes that are complete and clear in all respects without a need for additional explanation or information. Quoters are cautioned against general, vague, or insubstantial statements that prevent or render difficult the concise evaluation of the quote. The quote must be sufficient and complete to demonstrate how the Quoter proposes to comply with the contract

requirements. Brochure Manship is not desired; clarity and completeness are essential. Quoters are cautioned against restating SOW requirements in their quote, particularly with regard to technical requirements and must state how all RFQ and SOW requirements will be met. Statement such as “the Quoter understands” and “the Quoter shall/can comply,” along with responses that paraphrase the RFQ, are inadequate. The use of phrases such as “standard practices” (with a specific Government reference or industry reference) does not indicate that a Quoter understands the requirements and will result in a unacceptable evaluation.

52.212-2 EVALUATION--COMMERCIAL ITEMS (NOV 2021)

- (a) The Government will make a single award to the responsible Quoter using a low price technically acceptable (LPTA) source selection. The Government intends to award on initial quotes but reserves the right to conduct discussions. The following factors shall be used to evaluate quotes:

Factor I – Technical (Do Not Include Pricing Info)

Factor II - Price

- (b) Options. (if applicable) The Government will evaluate quotes for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that a quote is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).
- (c) A written notice of award or acceptance of a quote, mailed or otherwise furnished to the successful quoter within the time for acceptance specified in the quote, shall result in a binding contract without further action by either party. Before the quote's specified expiration time, the Government may accept a quote (or part of a quote), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

*****ADDENDUM to FAR 52.212-2 EVALUATION--COMMERCIAL ITEMS (NOV 2021)**

If three (3) or fewer quotes are received, the Government will evaluate all quotes for technical acceptability. If more than three (3) quotes are received, the Government will then evaluate the three (3) lowest priced quotes for Technical Acceptability. However, the Government reserves the right to evaluate additional quotes for technical acceptability. When the agency determines that none of the initial three (3) lowest priced quotes are qualified as acceptable, the Government may evaluate additional quotes for technical acceptability. If additional quotes are evaluated, they will be evaluated in the order of increasing total evaluated price. The agency will reject and not consider for award any quote found technically unacceptable and ineligible for award under the terms of this RFQ.

Best Value will be based on a Lowest Price Technically Acceptable (LPTA) approach. For this solicitation, best value means a single purchase order shall be made to the responsible contractor whose quote is technically acceptable and quotes the lowest total evaluated price. The following two (2) factors shall be used to evaluate quote(s):

TECHNICAL APPROACH will be assessed by evaluating the vendor’s Technical Approach Submission.

Technical Approach

The Quoter's Technical Approach, which represents the minimum technically acceptable criteria, is listed below:

- 1. A quote that addresses ALL of the elements of the SOW and meets the EXACT specifications regarding the valves. The specifications must be listed in your technical submission, otherwise, the quote will be deemed unacceptable.**

NOTE: If the contractor fails to address in their quote submission any of the above, they will be deemed unacceptable and will not be further considered for award

The term "technical," as used herein, refers to non-cost factors other than past performance. The purpose of the Technical Approach factor is to assess whether the Quoter's quote will satisfy the Government's requirements. The Technical Evaluation Team shall evaluate the Quoter's submission against these requirements to determine whether the quote is acceptable or unacceptable, using the ratings and descriptions outlined in Table M-1.

TABLE M-1	TECHNICAL RATING
Overall Rating	Description
Acceptable	Quote clearly meets the minimum requirements of the RFQ.
Unacceptable	Quote does not clearly meet the minimum requirements of the RFQ.

PRICE

Quoter shall provide sufficiently detailed information to ensure a fair and reasonable determination of the proposed quote. Price will be evaluated in accordance with FAR 15.404-1(b).

The Quoter shall provide a single summary quote that supports the total amount of the deliverables listed in the Salient Characteristics. Pricing shall be firm-fixed pricing.

(End of provision)

(1) [☐] Are, [☐] are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) [☐] Have, [☐] have not, within a three-year period preceding this quote, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of quotes; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(3) [☐] Are, [☐] are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) [☐] Have, [☐] have not, within a three-year period preceding this quote, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined*. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. (B) *The taxpayer is delinquent in making payment*. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals Contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).
