4.5. The government will notify the contractor as expediently as possible if any delays to the renovation of 854 occur which may affect the requirement timeline.

5.0. GOVERNMENT-FURNISHED PROPERTY AND SERVICES. Government shall provide and maintain, without cost, the facility space. The government shall provide access to the facility prior to the delivery date of assets if requested for the purpose of allowing the contractor to become familiar with the space and layout of the building. However, such access shall not interfere with any contractor work currently going on in the facility.

5.1. UTILITIES. Government will provide all power in all facilities for the delivery and upload of all appliances and furnishings.

6.0. STORAGE. The contractor shall provide adequate storage for all furnishing items when maintaining the items prior to delivery to the Government. The furnishings shall be stored in a closed, climate-controlled facility in a manner consistent with all local, state, and federal guidelines. All furnishing items will be retained in this storage facility in original packaging until such a period that delivery to the requirements owner is made.

7.0. SECURITY REQUIREMENTS. The Contractor shall obtain from the Government an AF Form 75, Personal Identification Card, for each employee working at Little Rock AFB, and AF Form 533, Vehicle Registration Certificate, for personal vehicles requiring access to Little Rock AFB. These passes and certificates are at no cost to the Contractor.

7.1. CONTRACTOR EMPLOYEES. The Contractor shall not dispatch any illegal immigrants or otherwise unauthorized personnel that will be unable to access the installation for the purposes of delivering and uploading the furnishings and appliances listed.

8.0. SAFETY INFORMATION. The Contractor is solely responsible for compliance with OSHA standards for the protection of their employees. The Air Force is not responsible for ensuring that Contractors comply with “personal” safety requirements that do not present the potential to damage government resources.

9.0 REGULATIONS. The Contractor shall comply with all Federal, State and local environmental pollution standards and regulations. All furnishings and appliances shall be installed in accordance with all safety and security measures.
