Section 2 - Contract Clauses

2852.212-4 Contract Terms and Conditions, Commercial Items (FAR Deviation) (NOV 2020)

When a commercial item is contemplated (using FAR part 12 procedures or otherwise) and the contract will include FAR 52.212-4, the following replaces subparagraph (g)(2); paragraph (h); subparagraph (i)(2); paragraph (s); and paragraph (u), Unauthorized Obligations, of the basic FAR clause, and adds paragraph (w), as follows:

(g)(2) Invoices will be handled in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) prompt payment act regulations at 5 CFR part 1315, as modified by subparagraph (i)(2), *Prompt payment*, of this clause.

(h) *Patent indemnity*. Contractor shall indemnify and hold harmless the Government and its respective affiliates, officers, directors, employees, agents, successors and assigns (collectively, "Indemnities") from and against any and all liability and losses incurred by the Indemnities that are (i) included in any settlement and/or (ii) awarded by a court of competent jurisdiction arising from or in connection with any third party claim of infringement made against Indemnities asserting that any product or service supplied under this contract constitutes infringement of any patent, copyright, trademark, service mark, trade name or other proprietary or intellectual right. This indemnity shall not apply unless Contractor shall have been informed within a reasonable time by the Government of the claim or action alleging such infringement and shall have been given such opportunity as is afforded by applicable laws, rules, or regulations to participate in its defense. This indemnity also shall not apply to any claim unreasonably settled by the Government which obligates Contractor to make any admission or pay any amount without written consent signed by an authorized officer of Contractor, unless required by final decree of a court of competent jurisdiction.

(i)(2) *Prompt payment*. The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and prompt payment regulations (5 CFR part 1315), with the following modification regarding the due date: For the sole purpose of computing an interest penalty due the Contractor, the Government agrees to inspect and determine the acceptability of any supply delivered or service performed specified in the invoice within thirty (30) days of receipt of a proper invoice from the Contractor, after which time, if no affirmative action has been taken by the Government to accept such supply or service, the supply or service will be deemed accepted and payment due thirty (30) days from the date of deemed acceptance. If the Government makes the determination that the item delivered or service performed is deficient or otherwise unacceptable, or the invoice is otherwise determined not to be a proper invoice, the terms and conditions of this paragraph regarding prompt payment will apply to the date the Contractor corrects the deficiency in the item delivered or service performed or submits a proper invoice. If actual acceptance occurs within the constructive acceptance period, the Government will base the determination of an interest penalty on the actual date of acceptance. The constructive acceptance requirement does not, however, compel Government officials to accept supplies or services, perform contract administration functions, or make payment prior to fulfilling their responsibilities.

(s) *Order of precedence*. Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order:

- (1) The schedule of supplies/services.
- (2) The Assignments, Payments, Invoice, Other Compliances, and Compliance with Laws Unique to Government Contracts provisions of the basic FAR clause at 52.212-4, and the Unauthorized Obligations and Contractor's Commercial Supplier Agreements—Unenforceable Clauses provisions of JAR 2852.212-4.
- (3) FAR 52.212-5.
- (4) Other paragraphs of the basic FAR clause at 52.212-4, with the exception of paragraph (o), Warranty, and those paragraphs identified in this deviation of 52.212-4.
- (5) Addenda to this solicitation, contract, or order, including contractor's Commercial supplier agreements incorporated into the contract.
- (6) Solicitation provisions if this is a solicitation.
- (7) Paragraph (o), Warranty, of the basic FAR clause at 52.212-4.
- (8) The Standard Form 1449.
- (9) Other documents, exhibits, and attachments.
- (10) The specification.

(u) *Unauthorized obligations*.

- (1) Except as stated in paragraph (u)(2) of this clause, when any supply or service acquired under this contract or order is subject to any Commercial supplier agreement that includes any language, provision, or clause requiring the Government

to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (see 31 U.S.C. 1341), the following shall govern:

- (i) Any such language, provision, or clause is unenforceable against the Government.
- (ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the commercial supplier agreement. If the commercial supplier agreement is invoked through an "I agree" click box or other similar mechanism (e.g., "click-wrap" or "browse-wrap" agreements), execution does not bind the Government or any Government authorized end user to such clause.
- (iii) Any such language, provision, or clause is deemed to be stricken from the commercial supplier agreement and have no effect.

(2) Paragraph (u)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(w) *Commercial supplier agreements—unenforceable clauses.* When any supply or service acquired under this contract or order is subject to a contractor's commercial supplier agreement, the following shall be deemed incorporated into such agreement and modifies and replaces any similar language, provision, or clause in such agreement. As used herein, "this agreement" means any contractor commercial supplier agreement:

(1) Notwithstanding any other provision of this agreement, when the end user is an agency or instrumentality of the U.S. Government, the following shall apply:

(i) *Applicability.* This agreement is a part of a contract between commercial supplier and the U.S. Government for the acquisition of the supply or service that necessitates a license or other similar legal instrument (including all contracts, task orders, and delivery orders under FAR part 12).

(ii) *End user.* This agreement shall bind the Government as end user but shall not operate to bind the Government employee or person acting on behalf of the Government in his or her personal capacity.

(iii) *Law and disputes.* This agreement is governed by Federal law.

(A) Any language, provision, or clause purporting to subject the U.S. Government to the laws of any U.S. state, territory, district, or municipality, or the laws of a foreign nation, except where Federal law expressly provides for the application of such laws, is hereby deleted and shall have no effect.

(B) Any language, provision, or clause requiring dispute resolution in a specific forum or venue that is different from that prescribed by applicable Federal law is hereby deleted and shall have no effect.

(C) Any language, provision, or clause prescribing a different time period for bringing an action than that prescribed by applicable Federal law in relation to a dispute is hereby deleted and shall have no effect.

(iv) *Continued performance.* Notwithstanding any other provision in this agreement, if the Contractor believes the Government to be in breach of this contract, order, or agreement, it shall pursue its rights under the Contract Disputes Act or other applicable Federal statute while continuing performance as set forth in subparagraph (d), Disputes, of FAR 52.212-4.

(v) *Arbitration; equitable or injunctive relief.* In the event of a claim or dispute arising under or relating to the contract, order, or this agreement, (A) binding arbitration shall not be used unless otherwise specifically authorized by agency guidance, and (B) equitable or injunctive relief, including the award of attorney fees, costs or interest, may be awarded against the Government only when explicitly provided by statute.

(vi) *Updating terms.*

(A) After award, the contractor may unilaterally revise terms if they are not material. Material terms are defined as:

- (1) Terms that change Government rights or obligations;
- (2) Terms that increase Government prices;
- (3) Terms that decrease the overall level of service; or
- (4) Terms that limit any other Government right addressed elsewhere in this contract.

(B) For revisions that materially change the terms of the contract, the revised commercial supplier agreement must be incorporated into the contract using a bilateral modification.

(C) Any agreement terms or conditions unilaterally revised subsequent to award that are inconsistent with any material term or provisions of this contract shall not be enforceable against the Government, and the Government shall not be deemed to have consented to them.

(vii) *Order of precedence.* Any Order of Precedence clause in any commercial supplier agreement is not enforceable against the Government. The applicable Order of Precedence for this contract, order, or agreement is FAR 52.212-4(s), as revised by JAR 2812.302 and 2852.212-4(s).

(viii) *No automatic renewals.* If any license or service tied to period payment is provided under this agreement (e.g., annual software maintenance or annual lease term), such license or service shall not renew automatically upon expiration of its current term without prior express consent by a properly warranted contracting officer, and any provision or term of any license or service purporting to provide for automatic renewal is unenforceable against the Government.

(ix) *Indemnification by the Government or end-user.* Any language, provision, or clause of this commercial supplier agreement requiring the Government or End-user to indemnify the commercial supplier or licensor is not enforceable against the Government.

(x) *Indemnification by the commercial supplier or licensor.* Any clause of this agreement requiring or permitting the commercial supplier or licensor to defend the Government as a condition of indemnifying the Government for any claim of infringement is hereby amended to provide that the U.S. Department of Justice has the sole right to represent the United States in any such action, in accordance with 28 U.S.C. 516.

(xi) *Audits.* Any language, provision, or clause of this commercial supplier agreement permitting Contractor to audit the end user's compliance with this agreement is not enforceable against the Government. To the extent any language, provision or clause of this agreement permits Contractor to audit the Government's compliance under this contract, order, or agreement, such language, provision, or clause of this agreement is hereby stricken and replaced as follows:

"(A) If Contractor reasonably believes that the Government has violated the terms of this agreement with regard to the restrictions on authorized use and/or the number of authorized users, upon written request from Contractor, including an explanation of the basis for the request, DOJ will provide a redacted version of the Government's most recent Security Assessment and Authorization package (SAA) to Contractor on a confidential basis, so that Contractor may reasonably verify the Government's compliance with its obligations under this agreement. Contractor understands and agrees that the Government will remove or redact any information from the SAA that it reasonably believes may compromise (a) the security of the Government's information technology environment; (b) the confidentiality of any third-party proprietary or confidential information; (c) any confidential, sensitive law enforcement information; and (d) any other information that the Government believes may compromise a past, current, or prospective investigation, prosecution, or litigation. Notwithstanding the preceding, and subject to the Government's policies and procedures for such review, including but not limited to complying with all Government security requirements prior to being granted access to the Government's facilities, including the execution of appropriate confidentiality and/or non-disclosure agreements, the Government will arrange, upon Contractor's written request, for Contractor to view an un-redacted version of the SAA on Government premises. Contractor understands that Contractor will be provided a copy of the un-redacted SAA on Government premises only and that no un-redacted copy of the SAA, or any medium containing information relating to it, will be permitted to be removed from Government premises.

(B) The Contractor also understands and agrees that the Contractor shall make a request under this paragraph no more than on an annual basis and only during the period of the contract, and that any activities performed by Contractor under this clause will be performed at Contractor's expense, without reimbursement by the Government.

(C) Discrepancies found with regard to the restrictions on authorized use and/or the number of authorized users may result in a charge by Contractor to the Government. Any resulting invoice must comply with the proper invoicing and payment requirements specified in the contract. This charge, if disputed by the Government, will be resolved through the Disputes clause at 52.212-4(d); no payment obligation shall arise on the part of the Government until the conclusion of the dispute process."

(xii) *Taxes or surcharges.* Any taxes or surcharges which the Contractor seeks to pass along to the Government as end user will be governed by the terms of the underlying Government contract and, in any event, must be submitted to the Contracting Officer for a determination of applicability prior to invoicing unless specifically agreed to otherwise in the Government contract.

(xiii) *Non-assignment.* This agreement may not be assigned, nor may any rights or obligations thereunder be delegated, without the Government's prior approval, except as expressly permitted under FAR 52.212-4 (b), Assignment.

(xiv) *Confidential information.*

(A) During the term of this contract or order, either party may identify information as "confidential information," and there shall be no disclosure, dissemination, or publication of any such information except to the extent required for the performance of this contract or order and otherwise provided in this clause or by statute or regulation. Specifically, the parties agree that the party receiving confidential information may only disclose such information to its employees and contractors on a "need-to-know" basis to carry out the obligations of this contract or order, and that subcontractors performing under this Agreement are subject to the same stipulations provided in this provision. The parties also agree that this provision shall survive the termination of this contract or order, and any confidential information obtained or received which comes within these restrictions shall remain confidential, provided that the obligation to treat information as confidential shall not apply to information which is or becomes publicly available through no improper action of the receiving party; is or comes to be in the receiving party's possession independent of its relationship with the disclosing party; is developed by or becomes known to the receiving party without use of any confidential information of the disclosing party; or is obtained rightfully from a third party not bound by an obligation of confidentiality. Additionally, nothing in this contract or order shall restrict disclosure by the receiving party pursuant to any applicable law, including but not limited to the Freedom of Information Act, 5 U.S.C. 552, *et seq.*, or an order of any court of competent jurisdiction, provided that in either such case the receiving party gives prompt notice to the disclosing party to allow the disclosing party to interpose an objection to such disclosure, take action to assure confidential handling of the confidential information, or take such other action as it deems appropriate to protect its confidential information.

(B) The Government considers and hereby identifies as confidential any and all information related to any inquiries and/or searches performed by the Government or by contractor at the Government's direction under this contract or order, including the subject of any such inquiry or search and any and all search terms, regardless of whether provided in writing or orally to Contractor, and Contractor agrees that it may only disclose such information to its employees and contractors

on a "need-to-know" basis to carry out the obligations of this contract or order and that it will not share, reveal, divulge, disclose, disseminate, or publicize any such information to any third party except as provided in this provision without the prior written approval of the Contracting Officer. Contractor also understands and agrees that any subcontractors performing under this contract or order are subject to the same stipulations and that Contractor may be held responsible for any violations of confidentiality by a subcontractor.

(C) These provisions are consistent with and do not supersede, conflict with, or otherwise alter an employee's obligations, rights, or liabilities created by existing statute or Executive order relating to (1) classified information, (2) communications to Congress, (3) the reporting to an Inspector General of a violation of any law, rule, or regulation, or mismanagement, a gross waste of funds, an abuse of authority, or a substantial and specific danger to public health or safety, or (4) any other whistleblower protection. The definitions, requirements, obligations, rights, sanctions, and liabilities created by Executive orders and statutory provisions relating to whistleblower protection are incorporated into this contract and are controlling.

(D) The Government may share the terms, conditions and prices set forth in this Order with, and provide a copy of the Order to, other Executive branch agencies of the U.S. Government, provided that the Government shall ensure that other Executive branch agencies to which it provides such information will be required to treat all such information consistent with terms and conditions set forth in this Order.

(E) Notwithstanding anything in this agreement, the Government may retain any confidential information as required by law, regulation, or its internal document retention procedures for legal, regulatory, or compliance purposes; provided, however, that all such retained confidential information will continue to be subject to the confidentiality obligations of this Order.

(xv) *Authorized users.* Authorized users may include full and part-time employees of the Government, including those working at or from remote locations, and contractors and contractor employees working within the scope of their contract with the Government, including those at or from remote locations.

(xvi) *Authorized use.* Authorized users are authorized to use the product or service acquired under this contract in performing business on behalf of the Government. Any information obtained or acquired by the Government under this contract may be used by the Government in the performance of Government business.

(2) If any language, provision, or clause of this agreement conflicts or is inconsistent with the preceding paragraph (w)(1), the language, provisions, or clause of paragraph (w)(1) shall prevail to the extent of such inconsistency.

52.212-4 Contract Terms and Conditions-Commercial Products and Commercial Services
(Nov 2023)

(a) *Inspection/Acceptance.* The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the Government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post-acceptance rights--

(1) Within a reasonable time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) *Assignment.* The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). However, when a third party makes payment (e.g., use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

(c) *Changes.* Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(d) *Disputes.* This contract is subject to 41 U.S.C. chapter 71, Contract Disputes. Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause at Federal Acquisition Regulation (FAR) 52.233-1, Disputes, which is incorporated herein by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) *Definitions.* The clause at FAR 52.202-1, Definitions, is incorporated herein by reference.

(C) Affected line item or subline item, if applicable; and

(ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(vii) The interest charge made under this clause may be reduced under the procedures prescribed in FAR 32.608-2 in effect on the date of this contract.

(j) *Risk of loss.* Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon:

(l) *Termination for the Government's convenience.* The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) *Termination for cause.* The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) *Title.* Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) *Warranty.* The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(p) *Limitation of liability.* Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an "I agree" click box or other comparable mechanism (e.g., "click-wrap" or "browse-wrap" agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(2) Paragraph (u)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(End of clause)

52.204-13 System for Award Management Maintenance (Oct 2018)

(a) *Definitions.* As used in this clause--

"Electronic Funds Transfer (EFT) indicator" means a four-character suffix to the unique entity identifier. The suffix is assigned at the discretion of the commercial, nonprofit, or Government entity to establish additional System for Award Management (SAM) records for identifying alternative EFT accounts (see subpart 32.11) for the same entity.

"Registered in the System for Award Management (SAM)" means that--

(1) The Contractor has entered all mandatory information, including the unique entity identifier and the EFT indicator (if applicable), the Commercial and Government Entity (CAGE) code, as well as data required by the Federal Funding Accountability and Transparency Act of 2006 (see subpart 4.14), into the SAM;

(2) The Contractor has completed the Core, Assertions, Representations and Certifications, and Points of Contact sections of the registration in SAM;

(3) The Government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS). The Contractor will be required to provide consent for TIN validation to the Government as a part of the SAM registration process; and

(4) The Government has marked the record "Active".

"System for Award Management (SAM)" means the primary Government repository for prospective Federal awardee and Federal awardee information and the centralized Government system for certain contracting, grants, and other assistance-related processes. It includes--

(1) Data collected from prospective Federal awardees required for the conduct of business with the Government;

(2) Prospective contractor-submitted annual representations and certifications in accordance with FAR subpart 4.12; and

(3) Identification of those parties excluded from receiving Federal contracts, certain subcontracts, and certain types of Federal financial and non-financial assistance and benefits.

"Unique entity identifier" means a number or other identifier used to identify a specific commercial, nonprofit, or Government entity. See www.sam.gov for the designated entity for establishing unique entity identifiers.

(b) If the solicitation for this contract contained the provision 52.204-7 with its Alternate I, and the Contractor was unable to register prior to award, the Contractor shall be registered in SAM within 30 days after award or before three days prior to submission of the first invoice, whichever occurs first.

(c) The Contractor shall maintain registration in SAM during contract performance and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement. The Contractor is responsible for the currency, accuracy and completeness of the data within SAM, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in SAM after the initial registration, the Contractor is required to review and update on an annual basis, from the date of initial registration or subsequent updates, its information in SAM to ensure it is current, accurate and complete. Updating information in SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(d) (1) (i) If a Contractor has legally changed its business name or "doing business as" name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to--

(A) Change the name in SAM;

(B) Comply with the requirements of subpart 42.12 of the FAR; and

(C) Agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor shall provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (d)(1)(i) of this clause, or fails to perform the agreement at paragraph (d)(1)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(2) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in SAM record to reflect an assignee for the purpose of assignment of claims (see FAR subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the SAM. Information provided to the Contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the EFT clause of this contract.

(3) The Contractor shall ensure that the unique entity identifier is maintained with the entity designated at www.sam.gov for establishment of the unique entity identifier throughout the life of the contract. The Contractor shall communicate any change to the unique entity identifier to the Contracting Officer within 30 days after the change, so an appropriate modification can be issued to update the data on the contract. A change in the unique entity identifier does not necessarily require a novation be accomplished.

(e) Contractors may obtain additional information on registration and annual confirmation requirements at <https://www.sam.gov>.

(End of clause)

52.204-18 Commercial and Government Entity Code Maintenance (Aug 2020)

(a) *Definition.* As used in this clause--

"Commercial and Government Entity (CAGE) code" means--

(1) An identifier assigned to entities located in the United States or its outlying areas by the Defense Logistics Agency (DLA) Commercial and Government Entity (CAGE) Branch to identify a commercial or government entity by unique location; or

(2) An identifier assigned by a member of the North Atlantic Treaty Organization (NATO) or by the NATO Support and Procurement Agency (NSPA) to entities located outside the United States and its outlying areas that the DLA Commercial and Government Entity (CAGE) Branch records and maintains in the CAGE master file. This type of code is known as a NATO CAGE (NCAGE) code.

(b) Contractors shall ensure that the CAGE code is maintained throughout the life of the contract for each location of contract, including subcontract, performance. For contractors registered in the System for Award Management (SAM), the DLA Commercial and Government Entity (CAGE) Branch shall only modify data received from SAM in the CAGE master file if the contractor initiates those changes via update of its SAM registration. Contractors undergoing a novation or change-of-name agreement shall notify the contracting officer in accordance with subpart 42.12. The contractor shall communicate any change to the CAGE code to the contracting officer within 30 days after the change, so that a modification can be issued to update the CAGE code on the contract.

(c) Contractors located in the United States or its outlying areas that are not registered in SAM shall submit written change requests to the DLA Commercial and Government Entity (CAGE) Branch. Requests for changes shall be provided at <https://cage.dla.mil>. Change requests to the CAGE master file are accepted from the entity identified by the code.

(d) Contractors located outside the United States and its outlying areas that are not registered in SAM shall contact the appropriate National Codification Bureau (points of contact available at <http://www.nato.int/structur/AC/135/main/links/contacts.htm>) or NSPA at <https://eportal.nspa.nato.int/AC135Public/scage/CageList.aspx> to request CAGE changes.

(e) Additional guidance for maintaining CAGE codes is available at <https://cage.dla.mil>.

(f) If the contract includes Federal Acquisition Regulation clause 52.204-2, Security Requirements, the contractor shall ensure that subcontractors maintain their CAGE code(s) throughout the life of the contract.

(c) *Subcontracts.* The Contractor shall include the substance of this clause, including this paragraph (c), in subcontracts under this contract (including subcontracts for the acquisition of commercial products or commercial services, other than commercially available off-the-shelf items), in which the subcontractor may have Federal contract information residing in or transiting through its information system.

DOJ-02 Contractor Privacy Requirements (JAN 2022)

A. Limiting Access to Privacy Act and Other Sensitive Information

(1) *Privacy Act Information*

In accordance with FAR 52.224-1 Privacy Act Notification (APR 1984) and FAR 52.224-2 Privacy Act (APR 1984), if this contract requires Contractor personnel to have access to information protected by the Privacy Act of 1974, the contractor is advised that the relevant DOJ system of records notices (SORNs) applicable to this Privacy Act information may be found at <https://www.justice.gov/opcl/doj-systems-records>. [1] Applicable SORNs published by other agencies may be accessed through those agencies' websites or by searching the Federal Digital System (FDsys) available at <http://www.gpo.gov/fdsys/>. SORNs may be updated at any time.

(2) *Prohibition on Performing Work Outside a Government Facility/Network/Equipment*

Except where use of Contractor networks, IT, other equipment, or Workplace as a Service (WaaS) is specifically authorized within this contract, the Contractor shall perform all tasks on authorized Government networks, using Government-furnished IT and other equipment and/or WaaS and Government information shall remain within the confines of authorized Government networks at all times. Any handling of Government information on Contractor networks or IT must be approved by the Senior Component Official for Privacy of the component entering into this contract. Except where remote work is specifically authorized within this contract, the Contractor shall perform all

tasks described in this document at authorized Government facilities; the Contractor is prohibited from performing these tasks at or removing Government-furnished information to any other facility; and Government information shall remain within the confines of authorized Government facilities at all times. Contractors may only access classified materials on government furnished equipment in authorized government owned facilities regardless of remote work authorizations.

(3) Prior Approval Required to Hire Subcontractors

The Contractor is required to obtain the Contracting Officer's approval prior to engaging in any contractual relationship (Subcontractor) in support of this contract requiring the disclosure of information, documentary material and/or records generated under or relating to this contract. The Contractor (and any Subcontractor) is required to abide by Government and Agency guidance for protecting sensitive and proprietary information.

(4) Separation Checklist for Contractor Employees

The Contractor shall complete and submit an appropriate separation checklist to the Contracting Officer before any employee or Subcontractor employee terminates working on the contract. The Contractor must submit the separation checklist on or before the last day of employment or work on the contract. The separation checklist must verify: (1) return of any Government-furnished equipment; (2) return or proper disposition of personally identifiable information (PII)[2], in paper or electronic form, in the custody of the employee or Subcontractor employee including the sanitization of data on any computer systems or media as appropriate; and (3) termination of any technological access to the Contractor's facilities or systems that would permit the terminated employee's access to PII or other sensitive information.

In the event of adverse job actions resulting in the dismissal of a Contractor or Subcontractor employee before the separation checklist can be completed, the Prime Contractor must notify the Contracting Officer within 24 hours and confirm receipt of the notification. In the case the Contractor is unable to notify the Contracting Officer, then the Contractor should notify the Contract Officer's Representative (COR).

Contractors must complete the separation checklist with the Contracting Officer or COR by returning all Government-furnished property including, but not limited to, computer equipment, media, credentials and passports, smart cards, mobile devices, Personal Identity Verification (PIV) cards, calling cards, and keys and terminating access to all user accounts and systems. Unless the Contracting Officer requests otherwise, the relevant Program Manager or other Key Personnel designated by the Contracting Officer or COR may facilitate the return of equipment.

B. Privacy Training, Safeguarding, and Remediation

(1) Required Security and Privacy Training for Contractors

The Contractor must ensure that all employees take appropriate privacy training, including Subcontractors who have access to PII as well as the creation, use, dissemination and/or destruction of PII at the outset of the employee's work on the contract and every year thereafter. Training must include procedures on how to properly handle PII, including heightened security requirements for the transporting or transmission of sensitive PII, and reporting requirements for a suspected breach or loss of PII. These courses, along with more information about DOJ security and training requirements for Contractors, are available at <https://www.justice.gov/jmd/learndoj>. The Federal Information Security Modernization Act of 2014 (FISMA) requires all individuals accessing DOJ information to complete training on records management, cybersecurity awareness, and information system privacy awareness. Contractor employees are required to sign the "Privacy Rules of Behavior," acknowledging and agreeing to abide by privacy law, policy, and certain privacy safeguards, prior to accessing DOJ information. These Rules of Behavior are made available to all new users of DOJ's computer network and to trainees at the conclusion of DOJ-OPCL-CS-0005.

The Contractor should maintain copies of certificates as a record of compliance and must submit an email notification annually to the COR verifying that all employees working under this contract have completed the required privacy and cybersecurity training.

(2) Safeguarding PII Requirements

Contractor employees must comply with DOJ Order 0904 and other guidance published to the publicly-available Office of Privacy and Civil Liberties (OPCL) Resources page^[3] relating to the safeguarding of PII, including the use of additional controls to safeguard sensitive PII (e.g., the encryption of sensitive PII). This requirement flows down from the Prime Contractor to all Subcontractors and lower tiered subcontracts.

(3) Non-Disclosure Agreement Requirement

Prior to commencing work, all Contractor personnel that may have access to PII or other sensitive information shall be required to sign a Non-Disclosure Agreement (NDA) and the DOJ IT Rules of Behavior. The Non-Disclosure Agreement:

- (a) prohibits the Contractor from retaining or divulging any PII or other sensitive information, or derivatives therefrom, furnished by the Government or to which they may otherwise come in contact as a result of their performance of work under the contract/task order that is otherwise not publicly available, whether or not such information has been reduced to writing; and
- (b) requires the Contractor to report any loss of control, compromise, unauthorized disclosure, or unauthorized acquisition of PII or other sensitive information to the component-level or headquarters Security Operations Center within one (1) hour of discovery.

The Contractor should maintain signed copies of the NDA for all employees as a record of compliance. The Contractor should also provide copies of each employee's signed NDA to the Contracting Officer before the employee may commence work under the contract/task order.

(4) Prohibition on Use of PII in Vendor Billing and Administrative Records

The Contractor's invoicing, billing, and other financial or administrative records or databases is not authorized to regularly store or include any sensitive PII or other confidential government information that is created, obtained, or provided during the performance of the contract without the written permission of the Senior Component Official for Privacy (SCOP). It is acceptable to list the names, titles and contact information for the Contracting Officer, COR, or other personnel associated with the administration of the contract in the invoices as needed.

(5) Reporting Actual or Suspected Data Breach

Contractors must report any actual or suspected breach of PII within one hour of discovery.^[4] A "breach" is an incident or occurrence that involves the loss of control, compromise, unauthorized disclosure, unauthorized acquisition, or any similar occurrence where: (1) a person other than an authorized user accesses or potentially accesses PII or (2) an authorized user accesses or potentially accesses PII for an other than authorized purpose. The report of a breach must be made to DOJ. The Contractor must cooperate with DOJ's inquiry into the incident and efforts to minimize risks to DOJ or individuals, including remediating any harm to potential victims.

(a) The Contractor must develop and maintain an internal process by which its employees and Subcontractors are trained to identify and report the breach, consistent with DOJ Instruction 0900.00.01^[5], Reporting and Response Procedures for a Breach of Personally Identifiable Information.

(b) The Contractor must report any such breach by its employees or Subcontractors to the DOJ Security Operations Center (dojcert@usdoj.gov, 202-357-7000); Component-level Security Operations Center and Component-level Management Team, where appropriate; the COR; and the Contracting Officer within one (1) hour of the initial discovery.

(c) The Contractor must provide a written report to the DOJ Security Operations Center (dojcert@usdoj.gov, 202-357-7000) within 24 hours of discovery of the breach by its employees or Subcontractors. The report must contain the following information:

- (i) Narrative or detailed description of the events surrounding the suspected loss or compromise of information.^[6] Date, time, and location of the incident.
- (ii) Amount, type, and sensitivity of information that may have been lost or compromised, accessed without authorization, etc.
- (iii) Contractor's assessment of the likelihood that the information was compromised or lost and the reasons behind the assessment.^[7]

- (iv) Names and classification of person(s) involved, including victim, Contractor employee/Subcontractor and any witnesses.

- (vii) Recommendations to prevent similar situations in the future, including whether the security plan needs to be modified in any way and whether additional training may be required.

(d) The Contractor shall provide full access and cooperation for all activities determined by the Government to be required to ensure an effective incident response, including providing all requested images, log files, and event information to facilitate rapid resolution of sensitive information incidents.

(e) At the Government's discretion, Contractor employees or Subcontractor employees may be identified as no longer eligible to access PII or to work on that contract based on their actions related to the loss or compromise of PII.

(6) *Victim Remediation*

At DOJ's request, the Contractor is responsible for notifying victims and providing victim remediation services in the event of a breach of PII held by the Contractor, its agents, or its Subcontractors, under this contract. Victim remediation services shall include at least 18 months of credit monitoring and, for serious or large incidents as determined by the Government, call center help desk services for the individuals whose PII was lost or compromised. When DOJ requests notification, the Department Chief Privacy and Civil Liberties Officer and SCOP will direct the Contractor on the method and content of such notification to be sent to individuals whose PII was breached. By performing this work, the Contractor agrees to full cooperation in the event of a breach. The Contractor should be self-insured to the extent necessary to handle any reasonably foreseeable breach, with another source of income, to fully cover the costs of breach response, including but not limited to victim remediation.

C. Government Records Training, Ownership, and Management

(1) *Records Management Training and Compliance*

(a) The Contractor must ensure that all employees and Subcontractors that have access to PII as well as to those involved in the creation, use, dissemination and/or destruction of PII take the *DOJ Records and Information Training for New Employees (RIM)* training course or another training approved by the Contracting Officer or COR. This training will be provided at the outset of the Subcontractor's/employee's work on the contract and every year thereafter. The Contractor shall maintain copies of certificates as a record of compliance and must submit an email notification annually to the COR verifying that all employees working under this contract have completed the required records management training.

(b) The Contractor agrees to comply with Federal and Agency records management policies, including those policies associated with the safeguarding of records containing PII and those covered by the Privacy Act of 1974. These policies include the preservation of all records created or received regardless of format, mode of transmission, or state of completion.

(2) *Records Creation, Ownership, and Disposition*

(a) The Contractor shall not create or maintain any records not specifically tied to or authorized by the contract using Government IT equipment and/or Government records or that contain Government Agency information. The Contractor shall certify, in writing, the appropriate disposition or return of all Government information at the conclusion of the contract or at a time otherwise specified in the contract. In accordance with 36 CFR 1222.32, the Contractor shall maintain and manage all Federal records created in the course of performing the contract in accordance with Federal law. Records may not be removed from the legal custody of DOJ or destroyed except in accordance with the provisions of the agency records schedules.

(b) Except as stated in the Performance Work Statement and, where applicable, the Contractor's Commercial License Agreement, the Government Agency owns the rights to all electronic information (electronic data, electronic information systems or electronic databases and all supporting documentation and associated metadata created as part of this contract. All deliverables (including all data and records) under the contract are the property

of the U.S. Government and may be considered federal records, for which the Agency shall have unlimited rights to use, dispose of, or disclose such data contained therein. The Contractor must deliver sufficient technical documentation with all data deliverables to permit the agency to use the data.

(c) The Contractor shall not retain, use, sell, disseminate, or dispose of any government data/records or deliverables without the express written permission of the Contracting Officer or Contracting Officer's Representative. The Agency and its contractors are responsible for preventing the alienation or unauthorized destruction of records, including all forms of mutilation. Willful and unlawful destruction, damage or alienation of Federal records is subject to the fines and penalties imposed by 18 U.S.C. § 2701. Records may not be removed from the legal custody of the Agency or destroyed without regard to the provisions of the Agency records schedules.

D. Data Privacy and Oversight

(1) Restrictions on Testing or Training Using Real Data Containing PII

The use of real data containing PII from any source for testing or training purposes is generally prohibited. The Contractor shall use synthetic or de-identified real data for testing or training whenever feasible.

(2) Requirements for Contractor IT Systems Hosting Government Data

The Contractor is required to obtain an Authority To Operate (ATO) for any IT environment owned or controlled by the Contractor or any Subcontractor on which Government data shall reside for the purposes of IT system development, design, data migration, testing, training, maintenance, use, or disposal.

(3) Requirement to Support Privacy Compliance

(a) If this contract requires the development, maintenance or administration of information technology[9], the Contractor shall support the completion of the Initial Privacy Assessment (IPA) document, if requested by Department personnel. An IPA is the first step in a process to identify potential privacy issues and mitigate privacy risks. The IPA asks basic questions to help components assess whether additional privacy protections may be needed in designing or implementing a project[10] to mitigate privacy risks, and whether compliance work may be needed. Upon review of the IPA, the OPCL determines whether a Privacy Impact Assessment (PIA) document and/or SORN, or modifications thereto, are required. The Contractor shall provide adequate support to complete the applicable risk assessment and PIA document in a timely manner, and shall ensure that project management plans and schedules include the IPA, PIA, and SORN (to the extent required) as milestones. Additional information on the privacy compliance process at DOJ, including IPAs, PIAs, and SORNs, is located on the DOJ OPCL website (<https://dojnet.doj.gov/privacy/>), including DOJ Order 0601, Privacy and Civil Liberties. The Privacy Impact Assessment Guidance and Template outline the requirements and format for the PIA.

(b) If the contract involves an IT system build or substantial development or changes to an IT system that may require privacy risk assessment and documentation, the Contractor shall provide adequate support to DOJ to ensure DOJ can complete any required assessment, and IPA, PIA, SORN, or other supporting documentation to support privacy compliance. The Contractor shall work with personnel from the program office, OPCL, the Office of the Chief Information Officer (OCIO), and the Office of Records Management and Policy to ensure that the privacy assessments and documentation are kept on schedule, that the answers to questions in the documents are thorough and complete, and that questions asked by the OPCL and other offices are answered in a timely fashion. The Contractor must ensure the completion of required PIAs and documentation of privacy controls consistent with federal law and standards, e.g. NIST 800-53, Rev. 5; and compliance with the Privacy Act of 1974, E-Government Act of 2002, Federal Information Security Modernization Act of 2014, and key OMB guidelines, e.g., OMB Circular A-130.

[1] "[T]he term 'record' means any item, collection, or grouping of information about an individual that is maintained by an agency, including, but not limited to, his education, financial transactions, medical history, and criminal or employment history and that contains his name, or the identifying number, symbol, or other identifying particular assigned to the individual, such as a finger or voice print or a photograph." 5 U.S.C. § 552a(a)(4). "[T]he term 'system of records' means a group of any records under the control of any agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual." 5 U.S.C. § 552a(a)(5).

[2] As stated in FAR 52.224-3 and Office of Management and Budget (OMB) Circular A-130, Managing Federal Information as a Strategic Resource (2016), "personally identifiable information" means information that can be used to

distinguish or trace an individual's identity, either alone or when combined with other information that is linked or linkable to a specific individual." Regarding "sensitive PII," "[t]he sensitivity level of the PII will depend on the context, including the purpose for which the PII is created, collected, used, processed, stored, maintained, disseminated, disclosed, or disposed. For example, the sensitivity level of a list of individuals' names may depend on the source of the information, the other information associated with the list, the intended use of the information, the ways in which the information will be processed and shared, and the ability to access the information." OMB Circular A-130, at App. II-2.

[3] The DOJ OPCL Resources page is available at <https://www.justice.gov/opcl/resources>.

[4] As stated in DOJ Instruction 0900, "Contractors must notify the Contracting Officer, the Contracting Officer's Representative, and JSOC (or component-level SOC) within 1 hour of discovering any incidents, including breaches, consistent with this Instruction, guidance issued by the CPCLO, NIST standards and guidelines, and the US-CERT notification guidelines."

[5] <https://www.justice.gov/file/4336/download>

[6] As stated in DOJ Instruction 0900, the description should include the type of information that constitutes PII; purpose for which PII is collected, maintained, and used; extent to which PII identifies a peculiarly vulnerable population; the determination of whether the information was properly encrypted or rendered partially or completely inaccessible by other means; format of PII (e.g., whether PII was structured or unstructured); length of time PII was exposed; any evidence confirming that PII is being misused or that it was never accessed.

[7] As stated in DOJ Instruction 0900, the report should include the nature of the cyber threat (e.g., Advanced Persistent Threat, Zero Day Threat, data exfiltration) for cyber incidents.

[8] As stated in DOJ Instruction 0900, the report should include analysis on whether the data is accessible, usable, and intentionally targeted.

[9] As defined in 40 U.S.C. § 11101, the term "information technology" means any equipment or interconnected system or subsystem of equipment, used in the automatic acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information by the executive agency, if the equipment is used by the executive agency directly or is used by a contractor under a contract with the executive agency that requires the use (i) of that equipment or (ii) of that equipment to a significant extent in the performance of a service or the furnishing of a product; includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a computer, software, firmware and similar procedures, services (including support services), and related resources; but does not include any equipment acquired by a federal contractor incidental to a federal contract.

[10] In this instance, the term "project" is used to scope the activities (e.g., creating, collecting, using, processing, storing, maintaining, disseminating, disclosing, or disposing of information) covered by an IPA. A project is intended to be technology-neutral, and may include an information system, a digital service, an information technology, a combination thereof, or some other activity that may create potential privacy issues or privacy risks that would benefit from an IPA. The scope of a project covered by an IPA is discretionary, but components should work with their SCOP and OPCL.

This contract clause applies to all contractors and subcontractors, including cloud service providers ("CSPs"), and personnel of the contractors and subcontractors (hereinafter collectively, "Contractor") that may access, collect, store, process, maintain, use, share, retrieve, disseminate, transmit, or dispose of DOJ Information. The security requirements set forth herein are in addition to those required by the Federal Acquisition Regulation ("FAR"), and any other applicable laws, mandates, contract clauses, DOJ policies, directives or guidance documents and Executive Orders pertaining to the development and operation of Information Systems and/or the protection of Government Information. This clause does not alter or diminish any existing rights, obligations, or liability under any other civil and/or criminal law, rule, regulation, or mandate.

II. General Definitions

The following general definitions apply to this clause. Specific definitions also apply as set forth in other paragraphs.

A. **Authorization to Operate ("ATO")**, as defined in National Institute of Standards and Technology ("NIST") Special Publication ("SP") 800-37 Revision 2, is the official management decision given by a senior Federal official or officials to authorize operation of an information system and to explicitly accept the risk to agency

operations (including mission, functions, image, or reputation), agency assets, individuals, other organizations, and the Nation based on the implementation of an agreed-upon set of security and privacy controls.

B. Cloud Computing, as defined in DOJ Order 0904 Cybersecurity Program, is a model for enabling ubiquitous, convenient, on-demand network access to a shared pool of configurable computing resources (e.g., networks, servers, storage, applications, and services) that can be rapidly provisioned and released with minimal management effort or service provider interaction. This cloud model is composed of five essential characteristics, three service models, and four deployment models in accordance with NIST SP 800-145.

DOJ, at its discretion, may suspend the Contractor's access to any DOJ Information, or terminate the contract, when DOJ suspects that the Contractor has failed to comply with any security requirement, or in the event of an Information System Security Incident or Security Breach (see definitions above), where the Department

determines that either event gives cause for such action. The suspension of access to DOJ Information may last until such time as DOJ, in its sole discretion, determines that the situation giving rise to such action has been corrected or no longer exists. Any termination action taken because of the Contractor's suspected failure to comply with any security requirement will be conducted in accordance with the applicable termination clause governing the awarded contract. The Contractor understands that any suspension or termination in accordance with this provision shall be at no cost to DOJ, and that upon request by the CO, the Contractor must immediately return all DOJ Information to DOJ, as well as any media upon which DOJ Information resides, at the Contractor's expense. The Contractor must comply with FAR 52.227-14 (Rights in Data), FAR 52.245-1 (Government Property), DOJ 2400.3A Chapter 1 (component property procedures), and FAR 4.804-5(a)(6) (Procedures for closing out contract files).

2. In cases where the CSP or its offering is not FedRAMP authorized, the COR approves utilization of the Cloud System after the CSP has worked with the authorizing official, the DOJ OCIO, and the FedRAMP Program Management Office to determine that the CSP is likely to seek and receive Agency/ FedRAMP authorization within 1 year, or DOJ has authorized use as a Private Cloud or Contractor Owned, Contractor Operated system.

B. The Contractor must ensure that the CSP allows DOJ to access and retrieve any DOJ Information processed, stored, or transmitted in a Cloud system under this Contract within a reasonable time of any such request, but in no event less than 48 hours from the request. To ensure that the DOJ can fully and appropriately search and retrieve DOJ Information from the Cloud system, access shall include any schemas, meta-data, and other associated data artifacts.

C. The Contractor must ensure that the CSP provides access and information to support and enable DOJ's cloud security posture management, to include the current inventory of security management configuration data for services and information to confirm the Contractor has been monitoring accounts for compliance with security requirements. The DOJ Justice Security Operations Center (JSOC) must be able to access logs and events to investigate potential security breaches and perform security posture assessments associated with the Security Audit Identity Credential Access Management (ICAM) policies.

D. The Contractor must ensure that the CSP provides evidence of annual recertification of privileged user access management.

E. A Supply Chain Risk Management (SCRM) review is mandatory for specified acquisitions in accordance with established process in EO 14028 and NIST SP 800-161, *Cybersecurity Supply Chain Risk Management Practices for Systems and Organizations*, or superseding document. B. Potential Security Incident.

1. If the Contractor suspects that DOJ information has been potentially disclosed or impacted, the Contractor shall promptly investigate to determine if a Security Incident has occurred. If the Contractor has not determined within 24 hours (i.e., 24 hours from detection of potential security incident and/or security breach) whether the Potential Security Incident was in fact a Security Incident, then it must immediately report the Potential Security Incident to the DOJ CO and the COR.

If the time by which to report the Potential Security Incident occurs outside of regular business hours and/or neither the DOJ CO nor the COR can be reached, the Contractor must call or e-mail the JSOC Team at 1-202-357-7000 or JSOC@USDOJ.GOV and contact the DOJ CO and COR as soon as practicable. Any provisions of the Covered Contract regarding the citizenship or location of individuals working on the Covered Contract apply equally to individuals involved in responding to any potential Security Incidents. The Contractor may request assistance from the JSOC for advice, incident response, or FBI coordination. The Contractor must provide weekly updates to CO, COR and JSOC during the course of a Security Incident investigation.

C. Any report submitted in accordance with paragraphs (B) and (C), above, shall identify:

Except as otherwise required by Federal, State and local laws, executive orders, rules and regulations, all determinations regarding whether and when to notify other individuals and/or federal agencies potentially affected by a Security Incident will be made by DOJ senior officials, the DOJ Core Management Team, or the COR at DOJ's discretion.

E. The Contractor must provide to DOJ full access to any facility and/or Covered Information System affected or potentially affected by any potential or confirmed Security Incident, including access by the DOJ OIG and federal law enforcement organizations, and undertake any and all response actions DOJ determines are required to ensure the protection of DOJ Information, including providing all requested images, log files, and event information to facilitate rapid resolution of any Security Incident.

F. DOJ, at its sole discretion, may obtain, and the Contractor will permit, the assistance of other federal agencies and/or third-party contractors or firms to aid in response activities related to any potential or confirmed Security Incident. Additionally, DOJ, at its sole discretion, may require the Contractor to retain, at the Contractor's expense, a 3PAO acceptable to DOJ, with expertise in incident response, compromise assessment, and federal security control requirements, to conduct a thorough vulnerability and security assessment of all affected Covered Information Systems.

G. Response activities related to any Security Incident undertaken by DOJ, including activities undertaken by the Contractor, other federal agencies, and any third-party contractors or firms at the request or direction of DOJ, may include inspections, investigations, forensic reviews, data analyses and processing, and final determinations of responsibility for the Security Incident and/or liability for any additional response activities. The Contractor shall be responsible for all costs and related resource allocations required for all such response activities related to any Security Incident, including the cost of any penetration testing.

VII. Pass-Through of Security Requirements to Subcontractors and CSPs

A. The requirements set forth in the preceding paragraphs of this clause apply to all subcontractors and CSPs who perform work in connection with the contract, including any CSP providing services for any other CSP under the contract, and the Contractor shall flow down this clause to all subcontractors and CSPs performing under this contract. Any breach by any subcontractor or CSP of any of the provisions set forth in this clause will be attributed to the Contractor.

Section 4 - Solicitation Provisions

52.212-1 Instructions to Offerors-Commercial Products and Commercial Services (Sep 2023)

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code(s) and small business size standard(s) for this acquisition appear elsewhere in the solicitation. However, the small business size standard for a concern that submits an offer, other than on a construction or service acquisition, but proposes to furnish an end item that it did not itself manufacture, process, or produce is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition--

(1) Is set aside for small business and has a value above the simplified acquisition threshold;

(2) Uses the HUBZone price evaluation preference regardless of dollar value, unless the offeror waives the price evaluation preference; or

(3) Is an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(b) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show--

(1) The solicitation number;

(2) The time specified in the solicitation for receipt of offers;

(3) The name, address, and telephone number of the offeror;

(4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;

(5) Terms of any express warranty;

(6) Price and any discount terms;

(7) "Remit to" address, if different than mailing address;

(8) A completed copy of the representations and certifications at Federal Acquisition Regulation (FAR) 52.212-3 (see FAR 52.212-3(b) for those representations and certifications that the offeror shall complete electronically);

(9) Acknowledgment of Solicitation Amendments;

(10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and

(11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions, including alternative line items (provided that the alternative line items are consistent with FAR subpart 4.10), or alternative commercial products or commercial services for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) *Late submissions, modifications, revisions, and withdrawals of offers.*

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and--

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids).* The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards.* The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) *Availability of requirements documents cited in the solicitation.*

(1)(i) The GSA Index of Federal Specifications, Standards and Commercial Item Descriptions, FPMR Part 101-29, and copies of Federal specifications, standards, and product descriptions can be downloaded from the ASSIST website at <https://assist.dla.mil>.

(ii) If the General Services Administration, Department of Agriculture, or Department of Veterans Affairs issued this solicitation, a copy of specifications, standards, and commercial item descriptions cited in this solicitation may be obtained from the address in paragraph (i)(1)(i) of this provision.

(2) Most unclassified Defense specifications and standards may be downloaded from the ASSIST website at <https://assist.dla.mil>.

(3) Defense documents not available from the ASSIST website may be requested from the Defense Standardization Program Office by--

(i) Using the ASSIST feedback module (<https://assist.dla.mil/feedback>); or

(ii) Contacting the Defense Standardization Program Office by telephone at 571-767-6688 or email at assisthelp@dlamail.

(4) Nongovernment (voluntary) standards must be obtained from the organization responsible for their preparation, publication, or maintenance.

(j) *Unique entity identifier.* (Applies to all offers that exceed the micro-purchase threshold, and offers at or below the micro-purchase threshold if the solicitation requires the Contractor to be registered in the System for Award Management (SAM).) The Offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "Unique Entity Identifier" followed by the unique entity identifier that identifies the Offeror's name and address. The Offeror also shall enter its Electronic Funds Transfer (EFT) indicator, if applicable. The EFT indicator is a four-character suffix to the unique entity identifier. The suffix is assigned at the discretion of the Offeror to establish additional SAM records for identifying alternative EFT accounts (see FAR subpart 32.11) for the same entity. If the Offeror does not have a unique entity identifier, it should contact the entity designated at www.sam.gov for unique entity identifier establishment directly to obtain one. The Offeror should indicate that it is an offeror for a Government contract when contacting the entity designated at www.sam.gov for establishing the unique entity identifier.

(k) [Reserved].

(l) Debriefing. If a post-award debriefing is given to requesting offerors, the Government shall disclose the following information, if applicable:

(1) The agency's evaluation of the significant weak or deficient factors in the debriefed offeror's offer.

(2) The overall evaluated cost or price and technical rating of the successful and the debriefed offeror and past performance information on the debriefed offeror.

(3) The overall ranking of all offerors, when any ranking was developed by the agency during source selection.

(4) A summary of the rationale for award;

(5) For acquisitions of commercial products, the make and model of the product to be delivered by the successful offeror.

(6) Reasonable responses to relevant questions posed by the debriefed offeror as to whether source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities were followed by the agency.

Price Past Performance

[Contracting Officer shall insert the significant evaluation factors, such as (i) technical capability of the item offered to meet the Government requirement; (ii) price; (iii) past performance (see FAR 15.304); and include them in the relative order of importance of the evaluation factors, such as in descending order of importance.]

(b) *Options.* The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).
