

JUSTIFICATION AND APPROVAL ([FAR 6.3](#), [FAR 13.501\(a\)](#))
Elevator Maintenance and Related Services
Ann Arbor Federal Building
200 East Liberty Street
Ann Arbor, MI 48104-2121

1. Contracting Agency and Activity

The General Service Administration, Public Buildings Service, Acquisition Facility Management Contracting Division East plans to contract by means other than full and open competition.

☐ Brand Name Justification ☒ Sole Source Justification (SSJ)

If SSJ, Annotate the following: Vendor Name: KONE, Inc UEI: RR4DVMQCVAS5

2. Nature of Action Being Approved & Description of Supplies or Services

This non-competitive modification proposes a six-month extension, from July 1, 2026, to December 31, 2026, for the current elevator maintenance services contract, utilizing FAR clause 52.217-8. The extension is necessary to maintain service continuity at GSA facilities during the gap between the expiration of the current contract and the anticipated award of a follow-on contract. A competitive procurement for the follow-on contract is in progress. Note that pricing for this extension was not requested or evaluated at the time of the base contract award.

3. Estimated Dollar Value: The government estimate is \$8,310.48

4. An identification of the statutory authority permitting other than full and open competition (FAR 6.303-2(b)(4))

41 U.S.C. 3304(a)(2) the executive agency's need for the property or services is of such an unusual and compelling urgency that the Government would be seriously injured unless the executive agency is permitted to limit the number of sources from which it solicits bids or proposals

Federal Acquisition Regulation (FAR) Subpart 6.302-2 entitled, Unusual and compelling urgency.

5. A statement demonstrating the unique qualifications of the proposed contractor or the nature of the action requiring the use of the authority (FAR 6.303-2(b)(5))

KONE, Inc. is qualified to continue providing these essential elevator maintenance services to GSA. Their current, satisfactory performance history is a strong indicator of their capability and reliability. Furthermore, KONE, Inc. possesses specific and intimate knowledge of the facility and the intricate requirements of the necessary services, which has been crucial to the seamless operation of the facility to date.

6. A description of efforts made to ensure that offers are solicited from as many potential sources as is practicable, including whether a notice was or will be publicized as required by FAR 5.2 and, if not, which exception under FAR 5.202 applies (FAR 6.303-2(b)(6))

Due to the urgency of this situation and the need to avoid a lapse in service to the building tenants, this situation does not permit the solicitation of additional offers.

KONE, Inc., the current elevator maintenance and related services contractor at the Ann Arbor Federal Building was contacted to determine if they were interested in continuing to provide services.

KONE, Inc., did express interest in continuing to provide services for an additional 6-month period, also they already have cleared personnel that would meet GSA's requirements in this short time frame. Once this was confirmed, it was determined that sole source procurement with KONE, Inc. would be made to ensure no lapse in services.

In accordance with FAR 6.305, this Justification for Other than Full and Open Competition will be posted

within 14 days after the execution of the modification.

7. **Determination by the contracting officer that the anticipated cost to the government will be fair and reasonable (FAR 6.303-2(b)(7))**

The fair and reasonable nature of the anticipated price will be determined by the Contracting Officer through a comparison of the proposed price against both the current price and the Government Cost Estimate. Before awarding the modification, the contractor's price information will be obtained, and a documented price analysis will be conducted to confirm the cost to the Government for the proposed acquisition is fair and reasonable.

8. **A description of the market research conducted (see FAR Part 10) and the results or a statement of the reason market research was not conducted (FAR 6.303-2(b)(8))**

Due to the time constraints for this procurement, no market research was conducted due to unusual and compelling circumstances.

The government has determined that no other contractors are available to begin services by the current end date of performance. No other contractor possesses personnel with specific building knowledge or security credentials required to continue performance with this shortened period for execution.

9. **Any other facts supporting the use of other than full and open competition (FAR 6.303-2(b)(9))**

None other than those listed above.

10. **A listing of any sources that expressed a written interest in the acquisition (FAR 6.303-2(b)(10))**

No additional sources were contacted.

11. **A statement of any actions the agency may take to remove or overcome any barriers to competition, if subsequent acquisitions are anticipated (FAR 6.303-2(b)(11))**

The Government will continue to conduct thorough market research to gauge the marketplace capabilities for future requirements. The Government will seek competition of future acquisitions for these services.

12. **Research to support the facts presented for the justification above**

None other than those listed above.

13. **CERTIFICATIONS (See FAR Part 6.304 for approval thresholds and FAR Part 6.305 for availability of the justification)**

Contracting Officer: I certify that the data supporting the recommended use of other than full and open competition is accurate and complete to the best of my knowledge and belief.
