

**Performance Work Statement
Preventative Maintenance Service Contract
For Three (3) Doosan Order Pickers**

- 1.0 INTRODUCTION: Preventative Maintenance for three (3) Order Pickers located at NASNI, bldg. 661 - see "Equipment List" for equipment covered by this Performance Work Statement.
- 2.0 BACKGROUND: FLCSD NASNI site provides aviation parts to squadrons stationed and NASNI and while deployed. The three (3) Order Pickers have been in bldg. 661 since September 2025.
- 3.0 OBJECTIVE: To provide the three (3) Order Pickers with preventative maintenance to the unit, batteries, and the battery charger, minimizing work stoppages and identifying electrical and mechanical issues prior to failure.
- 4.0 SCOPE: There are three (3) Order Pickers in bldg. 661; all Order Pickers will be staged in Bay 2 (bldg. 661) when not in use. Normally, the Order Pickers are used daily to remove or stow heavy items in the narrow aisles of the warehouse. Not having the Order Pickers operational creates safety issues and excessive time to remove or stow items.
- 5.0 PERFORMANCE REQUIREMENTS: Full operation of all functions of the Order Pickers.
 - 5.1 Contractor shall perform preventative maintenance of the three (3) Order Pickers based upon the following schedule:
 - A. Bi-monthly - Six (6) times per year (every other month) perform preventative maintenance on the three (3) Order Pickers engine/power system, steering, and lift systems.
 - B. Monthly - Twelve (12) times per year (monthly), perform preventative maintenance on the batteries and electrical systems.
 - C. Yearly - One (1) time per year perform preventative maintenance on the battery charger.
 - 5.2 All equipment shall function in a smooth, efficient, and quiet manner according to original manufacturer specifications.

5.3 Immediately notify the command point of contact regarding repair issues that are discovered during preventative maintenance visits. This contract does not cover equipment repair. At no point will contractor repair the Order Pickers without a separate purchase order and prior approval.

6.0 SPECIAL REQUIREMENTS

6.1 Contractor must be able to access NASNI without escort.

7.0 QUALITY ASSURANCE SURVAILANCE PLAN: Quality Assurance Surveillance Plan is not required due to the value of the contract.

QUALITY ASSURANCE SURVEILLANCE PLAN

8.0 EQUIPMENT LIST:
