(e) *Access for verification of payment entitlement.* To verify the Contractor's entitlement to progress payments under this contract, the Contractor shall provide the Government, upon request and during normal business hours, access to the following:

 - (ii) Subcontractor and supplier invoices, payment records, and lien waivers;

 - (iii) Access to any fabrication facilities where contract-related work is being performed.
3. Access to electronic invoicing or project management systems used to track progress and payments, if such systems are used in contract performance.

(f) *Dates for payment.* A progress payment under this clause is a contract progress payment under the Prompt Payment clause of this contract, and except as provided in paragraph (g) of this clause, approved requests shall be paid within 30 days of submittal of a proper request for payment.

(g) *Liquidation of progress payments.* Progress payments shall be liquidated by deducting from the payment of each item the total unliquidated amount of progress payments made for that separately priced unit of that line item. The liquidation amounts for each line item shall be clearly delineated in each request for progress payment submitted by the Contractor.

(h) *Security for progress payments.* In the event the Contractor fails to provide adequate security as required in this contract, no progress payment shall be made under this contract. Upon receipt of adequate security, progress payments shall be made, including all previous payments to which the Contractor is entitled, in accordance with the terms of the contract. If at any time the Contracting Officer determines that the security provided by the Contractor is insufficient, the Contractor shall promptly provide such additional security as the Contracting Officer determines necessary. In the event the Contractor fails to provide such additional security, the Contracting Officer may collect or liquidate such security that has been provided, and suspend further payments to the Contractor; the

Contractor shall repay to the Government the amount of unliquidated progress payments as the Contracting Officer at his sole discretion deems repayable.

(i) *Special terms regarding termination for cause.* If this contract is terminated for cause, the Contractor shall, on demand, repay to the Government the amount of unliquidated progress payments. The Government shall be liable for no payment except as provided by the Termination for Cause paragraph of the clause at Federal Acquisition Regulation 52.212-4, Contract Terms and Conditions—Commercial Products and Commercial Services.

(j) *Reservation of rights.*

1. No payment, vesting of title under this clause, or other action taken by the Government under this clause shall-
 - (i) Excuse the Contractor from performance of obligations under this contract; or
 - (ii) Constitute a waiver of any of the rights or remedies of the parties under the contract.
2. The Government's rights and remedies under this clause-
 - (i) Shall not be exclusive, but rather shall be in addition to any other rights and remedies provided by law or this contract; and
 - (ii) Shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor shall such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other right, power, or privilege of the Government.

(k) *Refund of unearned amounts.* If the Contractor, after making a certified request for progress payments, discovers that a portion or all of such request constitutes a payment for performance by the Contractor that fails to conform to the specifications, terms, and conditions of this contract (hereinafter referred to as the "unearned amount"), the Contractor shall-

1. Notify the Contracting Officer of such performance deficiency; and
2. Be obligated to pay the Government an amount (computed by the Contracting Officer in the manner provided in paragraph (j) of this clause) equal to interest on the unearned amount from the 8th day after the date of receipt of the unearned amount until-
 - (i) The date the Contractor notifies the Contracting Officer that the performance deficiency has been corrected; or
 - (ii) The date the Contractor reduces the amount of any subsequent certified request for progress payments by an amount equal to the unearned amount.

(l) *Retainage.* If the Contracting Officer finds that satisfactory progress was achieved during any period for which a progress payment is to be made, the Contracting Officer shall authorize payment to be made in full. However, if satisfactory progress has not been made, the Contracting Officer may retain a maximum of 10 percent of the amount of the payment until satisfactory progress is achieved. When the work is substantially complete, the Contracting Officer may retain from previously withheld funds and future progress payments that amount the Contracting Officer considers adequate for protection of the Government and shall release to the Contractor all the remaining withheld funds. Also, on completion and acceptance of each separate building, public work, or other division of the contract, for which the price is stated separately in the contract, payment shall be made for the completed work without retention of a percentage.

RFQ# 1232SA26Q0459

(m) *Title, liability, and reservation of rights.* All material and work covered by progress payments made shall, at the time of payment, become the sole property of the Government, but this shall not be construed as-

1. Relieving the Contractor from the sole responsibility for all material and work upon which payments have been made or the restoration of any damaged work; or
2. Waiving the right of the Government to require the fulfillment of all the terms of the contract.
3. The Government's rights and remedies under this clause-
 - (i) Shall not be exclusive, but rather shall be in addition to any other rights and remedies provided by law or this contract; and
 - (ii) Shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor shall such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other right, power, or privilege of the Government.

(n) *Reimbursement for bond premiums.* In making these progress payments, the Government shall, upon request, reimburse the Contractor for the amount of premiums paid for performance and payment bonds (including coinsurance and reinsurance agreements, when applicable) after the Contractor has furnished evidence of full payment to the surety. The retainage provisions in paragraph (l) of this clause shall not apply to that portion of progress payments attributable to bond premiums.

(o) *Final payment.* The Government shall pay the amount due the Contractor under this contract after-

1. Completion and acceptance of all work;
2. Presentation of a properly executed voucher; and
3. Presentation of release of all claims against the Government arising by virtue of this contract, other than claims, in stated amounts, that the Contractor has specifically excepted from the operation of the release. A release may also be required of the assignee if the Contractor's claim to amounts payable under this contract has been assigned under the Assignment of Claims Act of 1940 ([31 U.S.C.3727](#) and [41 U.S.C. 6305](#)).

(p) *Limitation because of undefinitized work.* Notwithstanding any provision of this contract, progress payments shall not exceed 80 percent on work accomplished on undefinitized contract actions. A "contract action" is any action resulting in a contract, as defined in FAR subpart 2.1, including contract modifications for additional supplies or services, but not including contract modifications that are within the scope and under the terms of the contract, such as contract modifications issued pursuant to the Changes clause, or funding and other administrative changes.

Evaluation and Basis for Award

The provision at Federal Acquisition Regulation (FAR) 52.212-2 Evaluation of Commercial Items is not applicable to this solicitation. In lieu of this provision, quotes will be evaluated in accordance with FAR 12.203 based on the criteria listed below. Award will be made to the quoter representing the best value to the Government.

Evaluation Method

The Government will evaluate quotations based on the lowest price technically acceptable criteria. Only the lowest priced quote will be evaluated for Technical Acceptability. Should the lowest priced quote not receive an acceptable technical rating, the process will continue in order of lowest priced quote until the lowest price, technically acceptable quote is identified.

Technical Acceptability:

Technical Acceptability will be evaluated to receive an overall rating of "acceptable" or "unacceptable." This will be based on the quoter's ability to provide a sound and compliant approach that meets all requirements and shows a thorough understanding of them. It is the quoter's responsibility to ensure their quotation clearly demonstrates their capability to meet these requirements. All quoters must provide the above-referenced minimum information and documentation with their quotations to be considered responsive and have their quotes evaluated. The Government will evaluate the quoter's ability to meet all the requirements identified in the SOW.

Abate & Install New Floor 734, 735a, 735b, & 736 (Athens, GA)
RFQ# 1232SA26Q0459

Technical Experience – The Government will evaluate the extent of recent, relevant experience of the quoter (including subcontractors) regarding their role on this project. Federal Government project experience will not be rated inherently more important than non-Federal Government project experience. The Government will evaluate the experience submitted to see that it demonstrates capability to execute projects that are similar in size, scope, and complexity to this requirement. Specialized experience will be rated to the extent the quoter can clearly and fully demonstrate that it has a thorough understanding of the requirements and can successfully meet the requirements.

Past Performance – Past Performance evaluation considers each offeror's demonstrated recent and relevant record in performing similar project work. Past performance is a measure of the degree to which an offeror satisfied its customers in the past, complied with contract schedule, and adherence to the contract specifications. Past performance is also a measure of the risk of performance associated with the offeror. The Government will assess the offeror's record of past performance on similar contracts as an indicator of success under this requirement.

For an quoter to be eligible for award, it must have either a "acceptable" or neutral past performance. Offers with negative past performance information from any source may not be considered for award. Lack of relevant and recent past performance information shall be rated as a "Neutral." When performance is evaluated, the outcome is either Acceptable or Unacceptable. Unacceptable performance will disqualify a quoter from award. Acceptable or neutrally rated past performance will be rated as Acceptable. The Government may utilize any references provided by the Contractor, along with information available from past contracts/orders with the USDA and any information found using sources such as Federal Government sources, Past Performance Information Retrieval System (PPIRS)/Contractor Performance Assessment Reporting System (CPARS) to determine if the Contractor has acceptable or neutral Past Performance. The Government reserves the right to limit or expand the number of references it decides to contact and to contact references other than those provided by the offeror.

Price:

The quoter shall provide pricing as requested in the schedule of items. Any quantity price discounts and discounts for prompt payment should be included in this section. The quotation will be evaluated in accordance with FAR 12.204, to determine if it is fair and reasonable.

NOTICE FOR FILING AGENCY PROTESTS
United States Department of Agriculture (USDA) Ombudsman Program

The USDA is committed to issuing solicitations and awarding contracts in a fair and prompt manner. The Ombudsman Program for Agency Protests (OPAP) was established to address protest issues within the agency, providing an alternative to costly and time-consuming litigation. Operating independently, OPAP offers relief comparable to that granted by the Government Accountability Office (GAO). Interested parties are encouraged to resolve concerns through USDA's internal Alternative Dispute Resolution (ADR) process before pursuing external forums such as the GAO. Concerns may be addressed informally or through a formal agency protest filed with either the Contracting Officer or the Ombudsman.

Informal Forum with the Ombudsman

1. **Initial Point of Contact:** Interested parties who believe a specific USDA procurement is unfair or otherwise defective should first direct their concerns to the applicable Contracting Officer.
2. **Escalation:** If the Contracting Officer is unable to address their concerns, interested parties are encouraged to contact the USDA Ombudsman for Agency Protests. Under this informal process, the agency is not required to suspend contract award performance. Utilization of the informal forum does not suspend any time requirement for filing a formal protest with the agency or other forums.
3. **Required Information:** To ensure a timely response, interested parties should provide the following information to the Ombudsman: solicitation/contract number, contracting office, Contracting Officer, and solicitation closing date (if applicable).

Formal Agency Protest with the Ombudsman

1. **Effort to Resolve:** Prior to submitting a formal agency protest, protesters must first use their best efforts to resolve their concerns with the Contracting Officer through open and frank discussions.
2. **Independent Review:** If the protester's concerns remain unresolved, an Independent Review is available by the Ombudsman. The protester may file a formal agency protest with either the Contracting Officer or, alternatively, with the Ombudsman under the OPAP program. Contract awards or performance will be suspended during the protest period unless justified in writing for urgent and compelling reasons or determined in writing to be in the best interest of the Government.
3. **Resolution Timeline:** The agency's goal is to resolve protests within 35 calendar days from the date of filing.

Abate & Install New Floor 734, 735a, 735b, & 736 (Athens, GA)
RFQ# 1232SA26Q0459

4. **Required Information:** Protests shall include the information set forth in FAR 33.104(a)(3). Failure to submit the required information may result in a delay or dismissal of the protest.
5. **Timeliness:** Protests must be filed within the timeframes specified in FAR 33.104.
6. **Submission:** Formal protests under the OPAP program should be submitted electronically to SPE.inquiry@usda.gov and the Contracting Officer.

Election of Forum. By initiating a protest with the USDA, the protester agrees not to pursue the same matter with the Government Accountability Office (GAO) or any other external forum while the agency protest is pending. If a protest is filed externally, the agency protest will be dismissed.
