

STATEMENT OF WORK
FOR
SERE UTV and Snowmachine Maintenance & Repair
REV 01

April 2026

Statement of Work (SOW)
For
SERE UTV and Snowmachine Maintenance & Repair

Eielson AFB, AK

REV 01

1. BACKGROUND: The Department of the Air Force Arctic Survival School, operated by Det 1, 66th TRS, is responsible for training over 750 students annually in arctic survival. The UTV and snowmachine fleet is essential for conducting this training safely and effectively in a harsh arctic environment. This contract provides the specialized, recurring maintenance required to ensure the fleet remains in a high state of operational readiness, mitigating risks to personnel and the training mission.

2. SCOPE OF WORK: The Contractor shall provide all personnel, equipment, tools, materials, supervision, and other items and non-personal services necessary to perform recurring service and maintenance inspections on UTVs and snowmachines assigned to Detachment 1 of the 66th Training Squadron (TRS), located at Eielson AFB, AK. All work shall be accomplished in compliance with the manufacturer's best practices and all applicable local, state, and federal regulations. The Contractor shall perform routine preventative maintenance inspections and services on a fleet of eight (8) UTVs and ten (10) snowmachines. The Contractor must also check for and address any outstanding manufacturer recalls. The Government (Det 1, 66th TRS) is responsible for delivering vehicles to and picking them up from the Contractor's service facility, which must be located within a 50-mile radius of Eielson AFB.

3. OBJECTIVES: To ensure the UTV and snowmachine fleet is maintained in a high state of operational readiness and safety for use in demanding arctic conditions, supporting the DAF Arctic Survival School's training mission.

4. REQUIREMENTS:

UTV Maintenance (Appendix 1):

For the fleet of eight (8) UTVs, the Contractor shall perform recurring maintenance and inspections. At a minimum, this shall consist of:

- a. Replace engine oil and filter
- b. Clean or replace engine air filter as necessary
- c. Inspect gear case and gear case oil
- d. Inspect belts and clean clutches
- e. Inspect brake system
- f. Check wheel bearings (repack or replace as necessary)
- g. Inspect suspension and drive train
- h. Inspect axle boots
- i. Check tire pressure
- j. Check coolant and brake fluid levels
- k. Lubricate machine

Snowmachine Maintenance (Appendix 2):

For the fleet of ten (10) snowmachines, the Contractor shall perform recurring maintenance and inspections. At a minimum, this shall consist of:

- a. Replace engine oil and filter (for 4-stroke engine models)
- b. Perform engine compression test
- c. Inspect air intake screen, clean or replace as needed
- d. Inspect clutch alignment and drive belt
- e. Check driven clutch and drive belt tension, adjust as necessary
- f. Inspect engine mount bolts
- g. Re-torque head bolts and engine torque link
- h. Inspect recoil handle and rope
- i. Inspect spark plugs (replace as necessary)
- j. Inspect exhaust system and retaining springs
- k. Inspect cooling system for leaks

- l. Inspect brake system and hoses for leaks and proper routing
- m. Check idle RPM and adjust as necessary
- n. Inspect fuel filter (replace as necessary)
- o. Inspect lights and switches for proper operation
- p. Inspect suspension mounting bolts
- q. Inspect and lubricate jackshaft bearing
- r. Inspect skis, carbide runners, and track slides for wear
- s. Inspect and adjust track tension and alignment
- t. Inspect bogie wheels and slides for wear.

Unscheduled Repairs:

The Contractor shall notify the Government POC if a vehicle requires any parts or repairs beyond the scope of preventative maintenance. No repair work shall be undertaken without the express approval of the Government POC. Repairs costing less than \$2,500 may be approved by the Government POC, provided funds are available on the "Unscheduled Repairs & Parts" CLIN. Repairs costing more than \$2,500 must be approved by the Contracting Officer. Parts reimbursement will be on a cost + no more than 10% markup.

Notification:

The contractor is responsible for notifying the government POC when a vehicle is ready for pickup.

5. GOVERNMENT FURNISHED EQUIPMENT AND SERVICES: The government shall furnish the UTVs and snowmachines for service. No other property or services will be furnished.

6. PLACE OF PERFORMANCE: The work to be performed under this contract will be performed at the Contractor's facility, which must be located within a 50-mile radius of Eielson AFB.

7. PERIOD OF PERFORMANCE: The period of performance shall be from 1 October 2026 to 30 September 2031, structured as one (1) Base Year of 12 months and four (4) 12-month option years.

8. APPENDICES:

Appendix 1: UTV Workload Data

Year	Make	Model	S/N (VIN)	Mileage/Hours
2016	Polaris	RZR 570	4XAVHA577GB324546	845 / 98 hr
2016	Polaris	RZR 570	4XAVHA576GB324473	1088 / 126 hr
