

PERFORMANCE WORK STATEMENT (PWS)

Recruitment Office Janitorial Services for Texas locations:

Beeville

6 March 2026

PART 1 GENERAL

1. General: This is a non-personal service(s) contract to provide janitorial services to one (1) recruitment offices located in Beeville, Texas. The personnel rendering these service(s) are not subject, either by the contract's terms or by the manner of its administration, to the supervision and control usually prevailing in relationships between the Government and its employees.

1.1 Description of Services/Introduction: This is a contract to provide Janitorial Services to one (1) Texas recruitment offices location: Beeville.

1.2 Scope: Contractor shall provide all personnel, equipment, supplies, facilities, transportation, tools, materials, supervision, and other items and services necessary to perform janitorial services as defined in this Performance Work Statement (PWS). The Contractor shall perform to the standards in this contract.

1.3 Objectives: Janitorial cleaning services shall be provided on a two day per week schedule unless it conflicts with standard services provided by the Lessor to other tenants, or as circumstances may warrant for more cleaning days. The Janitorial Service Checklist (see encloser A) shall be posted in each Service space and common areas. The checklist shall be completed by the janitorial Contractor and signed at the completion of each week's cleaning. The Military Service Representative(s) (MSR) will also sign signifying that the specified work has been completed in a satisfactory manner. This checklist shall be used by the Contractor.

1.4 Quality Control Plan (QCP): The Contractor shall establish a complete Quality Control Program (QCP) for the performance requirements of this contract and shall provide a written copy of same to the Real Estate POC's no later than 30 calendar days after contract award. The Contractor will maintain the QCP throughout the contract performance; at any time upon verbal or written request, shall provide a copy to the Real Estate POC's for review. The QCP shall include, as a minimum, the following:

1.4.1 An inspection system covering all work tasks stated in the contract to include supplies. Said inspection system shall include a Janitorial Service Checklist (enclosed) for cleaning personnel to fill out each time a space is cleaned and posted in an inconspicuous place where it will be accessible to recruiters on site (such as on the back of the janitorial closet door). It shall specify areas to be cleaned and inspected on a 'per cleaning' basis and satisfaction of compliance by recruiters on site.

1.4.2 The Contractor shall maintain adequate records of all inspections made on cleaning personnel to indicate, at a minimum, the nature (when, where, what) and number of inspections they made; the name of the inspector; the number, location, type of deficiencies found, and the corrective action taken for deficiencies.

1.4.3 A method of identifying deficiencies in the quality of services performed before the level of performance becomes unacceptable. The Contractor shall use process control procedures and quality data analysis techniques.

1.4.4 Corrective action procedures for deficiencies and measures to prevent recurrence. The corrective actions will address the deficiency and an action to prevent future deficiencies. Additional inspection(s) are not considered a corrective action. The QCP shall be evaluated for adequacy and changed or updated by the Contractor as a part of all corrective actions by the Contractor.

1.5 Quality Assurance: The Government will evaluate the Contractor's performance under this contract in accordance with the Quality Assurance Surveillance Plan (QASP). This plan is primarily focused on what the Government must do to ensure that the Contractor has performed in accordance with the performance standards. It defines how the performance standards will be applied, the frequency of surveillance, and the acceptable quality levels (performance thresholds).

1.6 Recognized Holidays: The following provides information on recognized holidays for the purpose of the PWS. If submittal of any documentation (e.g. deliverables, submittals, etc.) deadlines fall on a holiday, the closest workday prior to the holiday will apply as the deadline for submittal.

1.7 U.S. Holidays: Work shall not be performed on U.S. federally recognized holidays occurring during the normal workweek unless otherwise directed by the Contracting Officer. When a U.S. holiday occurs on a Saturday or a Sunday, the holiday is observed on the preceding Friday or following Monday, respectively.

New Year's Day January 1st
Presidents Day 3rd Monday in February
Juneteenth June 19th
Labor Day 1st Monday in September
Veteran's Day November 11th
Christmas Day December 25th

M. L. King Memorial Day 3rd Monday in Jan
Memorial Day last Monday in May
Independence Day July 4th
Columbus Day 2nd Monday in October
Thanksgiving Day 4th Thursday in November

1.8 Operating Hours: The Government facility office hours, facility operating hours, and the Contractor support hour requirements often coincide, however, they may differ. Please refer to the following.

1.9 Government Facility Office Hours: The Government facility office hours are 8:00 a.m. to 4:00 p.m. Monday through Friday except U.S. Holidays identified in paragraph 1.5.3.1 above or when the Government facility is closed due to local or national emergencies, administrative closings, or similar Government directed facility closings. Contractor can also schedule an

appointment in advance, with each recruiting service. The Contractor shall notify the designated Military Service Representative(s) (MSR) of any deviation to the previously agreed upon appointment and schedule an alternate appointment for cleaning. No keys to Government leased facilities are to be provided to Contractors under any circumstances.

The MSR shall unlock doors for the Contractor and shall be physically present and visible in the facility during all cleaning at the scheduled appointment time. The MSR shall be present in the facility a minimum of 15 minutes prior to the scheduled appointment time and wait a maximum of 30 minutes beyond appointment time for the Contractor to arrive for cleaning, after which time the Contractor shall be deemed to have not met the appointment. It should be noted that in multi-service stations, if the Contractor is actively working in another Service's area, the MSR should not leave or mark this as a no-show and should make arrangements with the Contractor on site to complete cleaning as soon as practicable. A no-show by the Contractor shall be reported immediately via the military chain of command to the Real Estate POC and must be recorded on the janitorial checklist. If the MSR is a no-show (fails to be available to open the facility a maximum of 30 minutes beyond appointment time) the contractor will not make up that day's cleaning and shall report to clean on the next scheduled appointment time with no penalty assessment. The contractor shall immediately report a no-show by MSR(s) to the Real Estate POC. No cleaning shall be accomplished on Federal Holidays. If a Federal Holiday occurs on one of the regularly scheduled cleaning days, the Contractor shall perform the cleaning on the next business day. The Contractor shall ensure that cleaning services occur at least twice per week.

If an office is going to be vacated for a period of four (4) weeks or more for reasons such as recruiter assignment rotation, the appropriate military service representative must notify the USACE district representatives.

Appointments shall be made for all periodic carpet cleaning at a time that will allow for ample time for damp carpets to dry without undue traffic from normal business activities. It is recommended that the carpet cleaning be accomplished late in the day on Friday to allow drying time. The Contractor will not be responsible for moving furniture or any items left on the floor. Prior to scheduled cleaning, the Services should remove all items from the floor, except heavy furniture items, to maximize the effectiveness of carpet cleaning. A MSR must be physically present during carpet cleaning.

1.10 Place of Performance: The work to be performed under this contract will be performed

404 FM 351 East, Suite 408, Beeville, Texas 78102

1.11 Security Requirements: The following information is provided on security related matters.

1.11.1 Identification of Contractors or Personnel at Government Facilities: All Contractors, subcontractors, or personnel working at or in any Federally Controlled facility shall be identified by a Photo ID issued by the Department of Homeland Security, Police Agency or

other approved Government/County agency which shows the individual's photograph, home address, telephone number and status as a citizen of the United States. In addition, the Contractor shall be required to provide an identification card which includes the name of the company, a clear legible employee photograph at least 1 by 1 ¼ inches, the employee's name, signature, date of birth, hair and eye color, height and weight, and the signature, date and phone number of the company representative issuing the card. Said identification shall be worn in a conspicuous place and be made available for inspection upon request by the MSR, or Real Estate POC. If feasible, the required identification cards can be combined into one.

1.11.2 Background Checks: All contractors, subcontractors, or personnel working at or in any Federally controlled facility shall have a background check investigation and an identification card. The cost of criminal history checks will be the responsibility of the contractor for all contract employees and subcontract employees. Requests for criminal history checks shall be accomplished prior to work being accomplished.

1.11.2.1 Local Background Checks. Most, if not all police agencies can provide an individual a document, commonly called a "Letter of Good Conduct," that indicates whether they have a criminal record in a particular jurisdiction. An individual could go to the Police department in the town/county where they reside and simply request the document.

1.11.2.2 Other Background Checks. There are many private companies that conduct pre-employment criminal background checks for employers. This type of check requires the full name of the applicant and address. In some locations a signed release is also required from the applicant.

1.11.2.3 Non-US Citizen. The Department of Homeland Security has a pilot program that employers can join, at no fee, that allows them to conduct a social security verification check and immigration check on an alien employee. This program is currently available to employers in several States to include New York. For more information, please contact the Department of Homeland Security Systematic Alien Verification for Entitlements Program at 1-888-464-4210.

1.11.3 Operations Security (OPSEC) Requirements: Contractor personnel shall adhere to facility security policies and restrictions. The Contractor shall immediately report suspicious activities to security personnel.

1.12 Real Estate POC: The Real Estate PoC is authorized to perform the following functions: assure that the Contractor performs the technical requirements of the contract, perform inspections necessary in connection with contract performance, maintain written and oral communications with the Contractor concerning technical aspects of the contract, issue written interpretations of technical requirements, including Government drawings, designs, specifications, monitor Contractor's performance and notifies both the Contracting Officer and Contractor of any deficiencies, and coordinate site entry of Contractor personnel.

Beeville: Jeff Veselka, jeffery.d.veselka@usace.army.mil, (817) 886-6596

1.13 Key Personnel: The Contractor shall provide a Contract Manager who shall be responsible for the performance of the work. The name of this person and an alternate who shall act for the Contractor when the manager is absent shall be designated in writing to the Contracting Officer. The Contract Manager or alternate shall have full authority to act for the Contractor on all contract matters relating to daily operation of this contract.

1.14 Safety: The Contractor shall comply with all applicable safety requirements set forth in EM 385-1-1, entitled "Safety and Health Requirements Manual", and any revisions to said manual, which will be available at the pre-work meeting.

1.14.1 Personal Protection: The Contractor shall use Personal Protection Equipment (i.e. masks and gloves) and maintain social distancing guidelines based on current health situations and CDC guidance.

1.15 Environmental Compliance: The following provides information on Environmental Compliance.

1.15.1 The Contractor shall meet the recycled content requirements set forth by the Environmental Protection Agency (EPA) and shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired:

- (1) Competitively within a timeframe providing for compliance with the contract performance schedule.
- (2) Meeting contract performance requirements; or
- (3) At a reasonable price.

Information about this requirement is available at EPA's Comprehensive Procurement Guidelines web site, <https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program>. The list of EPA- designated items is available at <https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program#products>. Items may include, but are not limited to, the following products used on-site in execution of this contract: toilet paper (bathroom tissue), paper towels, and trash bags. All deliverables shall be printed double-sided on paper that contains post-consumer fiber.

1.15.2 The Contractor shall meet the BioPreferred Program requirements set forth by the USDA at <https://www.biopreferred.gov/BioPreferred/faces/Welcome.xhtml>. The list of USDA-designated product categories may be found at <https://www.biopreferred.gov/BioPreferred/faces/catalog/Catalog.xhtml#>. Items may include, but are not limited to, the following products used on-site in execution of this contract: floor care, sanitary tissue, cleaning supplies and trash bags.

1.15.3 As required by the Resource Conservation and Recovery Act of 1976 (42 U.S.C. 6962(c)(3)(A)(i)), the offeror certifies, by signing this offer, that the percentage of recovered materials content for EPA- designated items to be delivered or used in the performance of the contract will be at least the amount required by the applicable contract specifications or other contractual requirements.

1.15.4 References: FAR Provision 52.223-1 – Biobased Product Certification, FAR Clause 52.223-2 – Affirmative Procurement of Biobased Products Under Service and Construction Contracts, FAR Provision 52.223-4 – Recovered Material Certification, FAR Clause 52.223-9 – Estimate of Percentage of Recovered Material Content for EPA-Designated Items, and FAR Clause 52.223-17 – Affirmative Procurement of EPA-Designated Items in Service and Construction Contracts.

1.16 Required Training: The following provides information on training requirements.

1.16.1 General Security Requirements and Guidance: The security requirement described below apply to all contract personnel supporting the performance requirements of this contract. The Contractor is responsible for compliance with these security requirements. Questions regarding security matters shall be addressed to the Real Estate POC. Contract personnel are critical to the overall security and safety of the US Army Corps of Engineers (USACE) installations, facilities and activities, and security awareness training contributes to those efforts. The Department of Defense (DoD) and Army security training requirements specified below are performance requirements; all applicable contract personnel shall complete initial training within 30 days of contract award, or the date new contract personnel begin performance on the contract. Within five business days from the completion of training, the Contractor shall provide written documentation to the Real Estate POC. The documentation shall include the names of contract personnel trained and which training they completed; the Contractor shall maintain training records as part of their contract files and be prepared to provide copies of training certificates to the Real Estate POC. Additionally, all contract personnel shall comply with Force Protection Condition (FPCON) measures, Random Antiterrorism Measures, and Health Protection Condition (HPCON) measures. The Contractor is responsible for meeting performance requirements during elevated FPCON and/or HPCON levels in accordance with applicable RA plans and procedures – this includes identifying mission essential and non-mission essential personnel. In addition to the changes otherwise authorized by the changes clause of this contract, should the FPCON or HPCON levels at any individual facility or installation change, the Government may implement security changes that affect contract personnel. The Contractor shall ensure all contract personnel are aware of their security responsibilities, including any site-specific requirements identified in local policies or procedures.

1.16.2 Anti-Terrorism (AT) Level I Training: All contract personnel requiring routine access to Army installations, facilities, and controlled access areas, or requiring network access shall complete initial and annual refresher AT Level I awareness training. Online AT Level I awareness training is available at <https://jko.jten.mil/> (website subject to change).

1.16.3 Physical security and access control requirements: All contract personnel requiring physical access to a federal installation or facility shall comply with the access control procedures of that location. Contract personnel shall comply with all personal identity verification requirements specified in facility policies and procedures.

1.16.4 Escorting in classified and/or sensitive areas: In accordance with RA policies and procedures, all contract personnel who do not possess the appropriate security clearance or access privileges will be escorted in areas where they may be exposed to classified information or operations, sensitive information or activities, or other restricted areas.

1.16.5 Pre-screen candidates using E-Verify Program: Contractors shall comply with the requirements set forth in FAR clause 52.222-54 Employment Eligibility Verification and FAR Subpart 22.18 in using the E-Verify Program at <https://www.e-verify.gov> (website subject to change) to meet the contract employment eligibility requirements. Contractors are encouraged to cooperate with Federal and State agencies responsible for enforcing labor requirements to include eligibility for employment under United States immigration laws in accordance with FAR 22.102-1(i). An initial list of verified/eligible candidates shall be provided to the Real Estate POC no later than three business days after the initial contract award. When contracts are with individuals, the individuals will be required to complete a Form I-9, Employment eligibility Verification, and submit it to the Contracting Officer to become part of the official contract file.

PART 2 DEFINITIONS & ACRONYMS

2. Definitions and Acronyms

2.1 Definitions: Although not inclusive of every term used within this PWS, the following provides a list of definitions used throughout this PWS and commonly used in the acquisition field.

Contracting Officer – means a person with the authority to enter into, administer, and/or terminate contracts and make related determinations and findings on behalf of the Government. Note: The only individual who can legally bind the Government.

Contractor – means a supplier or vendor awarded a contract to provide specific supplies or service to the Government. The term used in this contract refers to the prime.

Contractor-acquired Property - means property acquired, fabricated, or otherwise provided by the Contractor for performing a contract and to which the Government has title.

Day – means, unless otherwise specified, a calendar day.

Defective Service – means a service output that does not meet the standard of performance associated with the Performance Work Statement.

Deliverable – means anything that can be physically delivered but may include non-manufactured things such as meeting minutes or reports.

Government-furnished Property – As reflected in FAR 52.245-1, Government-furnished Property “means property in the possession of, or directly acquired by, the Government and subsequently furnished to the Contractor for performance of a contract. Government-furnished property includes, but is not limited to, spares and property furnished for repair, maintenance, overhaul, or modification. Government-furnished property also includes contractor-acquired property if the contractor-acquired property is a deliverable under a cost contract when accepted by the Government for continued use under the contract

Government Property - means all property owned or leased by the Government. Government property includes both Government-furnished and Contractor-acquired property. Government property includes material, equipment, special tooling, special test equipment, and real property. Government property does not include intellectual property and software.

Property Administrator - means an authorized representative of the Contracting Officer appointed in accordance with agency procedures, responsible for administering the contract requirements and obligations relating to Government property in the possession of a Contractor.

High Level Objective (HLO) – means a key overarching result-based objective for a project necessary to achieve the project’s vision. HLOs are similar to Level 2 in a Work Breakdown Structure. Each HLO may contain several statements to flesh out the areas necessary to meet the objective.

Physical Security – means that part of security concerned with physical measures designed to safeguard personnel; to prevent unauthorized access to equipment, installations, material, and documents; and to safeguard against espionage, sabotage, damage, and theft.

Quality Assurance – (or Government contract quality assurance) means the various functions, including, inspection, performed by the Government to determine whether a Contractor has fulfilled the contract obligations pertaining to quality and quantity.

Quality Assurance Surveillance Plan (QASP) – means the key Government-developed surveillance process document and is applied to Performance-Based Service Contracting (PBSC). The QASP is used for managing Contractor performance assessment by ensuring that systematic quality assurance methods validate that Contractor quality control efforts are timely, effective, and are delivering the results specified in the contract or task order. The QASP directly corresponds to the performance objectives and standards (i.e., quality, quantity, timeliness) specified in the Performance Work Statement (PWS). It provides specific details on how the Government will survey, observe, test, sample, evaluate, and document Contractor performance results to determine if the Contractor has met the required standards for each objective in the PWS. The QASP, with very few if any exceptions, is an internal to Government document.

Quality Control – means all necessary measures taken by the Contractor to assure that the quality of an end product or service shall meet contract requirements.

Statement – means the specific results-based activities required to satisfy HLOs. A statement contains a result, the context of the statement, and the required action(s). Statements focus on “what” is to be accomplished; however, they are not prescriptive in describing “how” the outcome is to be achieved. Each HLO may have several statements to flesh out the areas necessary to meet the objective. Statements are similar to Level 3 in a Work Breakdown Structure.

Subcontractor – means one that enters into a contract with a prime Contractor. The Government does not have privity of contract with the subcontractor.

Work Day - The number of hours per day the Contractor provides services in accordance with the contract.

Work Week - Monday through Friday, unless otherwise specified.

2.2 Contract Specific Definitions:

Where “**as shown**”, “**as indicated**”, “**as detailed**”, or words of similar import are used, it shall be understood that reference is made to this specification and the drawings, if any, accompanying this specification unless stated otherwise.

Where "as directed," "as required," "as permitted," "approval," "acceptance," or words of similar import are used, it shall be understood that direction, requirement, permission, approval, or acceptance of the Real Estate POC is intended unless stated otherwise.

Contractor. The term "Contractor", as used herein, refers to both the prime Contractor and any subcontractors or personnel. The prime Contractor shall ensure that his/her subcontractors comply with the provisions of this contract.

Military Service Representative (MSR). The MSR is any person, military or government civilian, who is assigned to a leased property recruiting office. The MSR represents the military service of the office being serviced and monitors the work being performed.

Clean. "Clean" shall be defined as free of dirt, dust, spots, streaks, stains, smudges, litter, debris and other residue.

Disinfect. Cleaning in order to destroy any harmful microorganisms by application of an approved environmentally friendly chemical agent to destroy microorganisms.

Facility. An establishment, structure, or assembly of units of equipment designated for a specific function.

Frequency of Service.

Annual (A). Services performed once during each 12-month period of the contract, specifically during the month of April.

Semi-Annual (SA). Services performed twice during each 12-month period of the contract, specifically during the months of March and September.

Quarterly (Q). Services performed 4 times during each 12-month period of the contract, specifically during the months of March, June, September and December.

Monthly (M). Services performed 12 times during each 12-month period of the contract, specifically during the first week of the month.

Two times Weekly (2X - Week). Services performed 2 times per week, specifically the days of Tuesday and Thursday.

Quality Assurance Evaluator (QAE). The Government employee designated to evaluate the quality of services produced.

Regular Working Hours for Cleaning. The Government's regular (normal) working hours for cleaning are from 8:00 a.m. to 4:00 p.m. Monday through Friday, except (a) Federal Holidays and (b) other days specifically designated by the Real Estate POC. Later times and days may be permitted for carpet cleaning. No keys to Government leased facilities are to be provided to Contractors under any circumstances.

Re-lamping. A procedure by which the Contractor periodically inspects each designated space included in this contract in order to systematically replace burned out and/or blinking tubes (fluorescent or LED), ballasts and starters, and compact lamps (fluorescent or LED) as may be required for proper operation of lights and exit signs. The tubes and compact lamps (fluorescent or LED) replaced shall be of the same type, wattage and voltage as those removed and shall be a uniform color temperature (cool white) as the other lights in the office. Re-lamping shall also include any specialty lighting, such as track lighting or accent lighting. Contractor MUST ensure that LED tubes and lamps used are compatible with the existing ballast hardware.

Space. A space is an area to receive janitorial services, which may or may not be considered a room by common definition. Examples of spaces are definable sections of halls, restrooms, work areas, common areas, test room areas, storage areas, lobbies, offices, and entranceways.

Waste Containers. Waste containers are defined as trash receptacles, wastebaskets, trashcans, wastepaper baskets, or any container holding trash, paper or refuse of any type.

PART 3
GOVERNMENT PROPERTY (GP) AND SERVICES

3. Government Property and Services

3.1 Facilities: The Government will not provide office space and operational facilities to the Contractor. The Contractor shall secure and maintain the necessary office space and other facilities required for the performance of this contract at his/her own expense.

3.2 Utilities: The Government will furnish the following utility services, if applicable, at existing outlets for use in those facilities leased by the Government and as may be required for the work to be performed under the contract: electricity, steam heat, natural gas, fresh water, sewage service, and refuse collection (from existing collection points). Information concerning the location of existing outlets may be obtained from the Real Estate POC or MSR on site. The Contractor shall provide and maintain, at his/her expense, the necessary service lines from existing Government outlets to the site of work.

3.3 Equipment: The Government will not provide tools or equipment to the Contractor.

PART 4
CONTRACTOR FURNISHED ITEMS AND SERVICES

4. Contractor Furnished Property and Services

4.1 General: The Contractor shall provide all equipment, tools, materials, supplies, services, and transportation to perform the requirements of this contract. Contractor will provide office space and operational facilities as needed.

4.2 Equipment: All equipment shall be of commercial quality and shall be in operable condition and meet local requirements. This equipment must operate on the existing electrical current available in Government buildings. It shall be the responsibility of the Contractor to prevent the operation of electrical equipment, or combinations of equipment, which require power exceeding the capacity of the circuits available in Government buildings.

4.3 Vehicles: As required to meet contract requirements

4.4 Wet Floor Caution Signs: The Contractor shall display caution signs when cleaning floors in an area in which people other than contracting personnel are or will be present before the floors are dry.

PART 5

SPECIFIC TASKS

5.1 Basic Services: The Contractor shall provide services for on a two day per week schedule unless it conflicts with standard services provided by the Lessor to other tenants, or as circumstances may warrant for more cleaning days. All janitorial cleaning shall be performed between the hours of 8:00 a.m. and 4:00 p.m., Monday through Friday, or by appointment scheduled in advance, with each recruiting service. The Contractor shall notify the designated Military Service Representative(s) (MSR) of any deviation to the previously agreed upon appointment and schedule an alternate appointment for cleaning. **No keys to Government leased facilities are to be provided to Contractors under any circumstances**

5.2 Performance Evaluation Meetings: The Contractor shall meet with the Real Estate POC as often as determined necessary. A mutual effort will be made to resolve any and all problems identified.

5.3 Certification of Services: Once a month (the first working day) the Contractor shall post in each building or working area, at a location predetermined by the Real Estate POC, an inspection form. The form shall show the building number and building area, all services performed during the month (daily, weekly, monthly, or quarterly) and space for the Contractor to initial to indicate that service was performed that day. Additionally, space shall be provided for the Contractor's supervisor to make periodic general comments concerning services performed and a space for each MSR on site and the Contractor's supervisor to sign acceptance of the job performed that month. Sample Janitorial Services Checklist enclosed. These forms shall be retained by the Contractor and a copy provided to the Real Estate POC. The forms shall be received by the Real Estate POC within 5 working days from the end of the month for which services are being provided.

5.4 Management: The Contractor shall manage the total work effort associated with the janitorial services required herein to assure fully adequate and timely completion of these services. Included in this function will be a full range of management duties including, but not limited to, planning, scheduling, and quality control. The Contractor shall provide an adequate staff of personnel with the necessary management expertise to assure the performance of the work in accordance with sound and efficient management practices. The Contractor shall maintain an adequate workforce to complete work in accordance with the time and quality standards specified herein.

5.4.1 Work Control. The Contractor shall implement all necessary work control procedures to ensure timely accomplishment of work requirements, as well as to permit tracking of work in progress. The Contractor shall plan and schedule work to ensure material, labor, supplies and equipment are available to complete work requirements within the specified time limits and in conformance with the quality standards established herein. Verbal scheduling and reports on the status of service call shall be provided when requested by the Real Estate POC.

5.4.2 Work Schedule. The Contractor's initial work schedule shall indicate the hours of the day that weekly services will be performed and when less than weekly services will be performed. The schedule shall list the type of work to be performed, the areas to be worked, and the estimated time to complete the work in each area. When scheduled services performed weekly or less frequently falls on a holiday, the next scheduled cleaning dates shall be specified. The initial work schedule shall be submitted to the Real Estate POC and MSR on site for approval within 15 days after contract award. Once approved, all work shall be performed in strict compliance with the work schedule to facilitate the Government's inspection of the work. Changes to the work schedule shall be submitted for the Real Estate POC and MSR on site, approval at least three working days prior to performance. In preparing the work schedule, the Contractor shall comply with all general requirements.

5.4.3 Except as may otherwise be specified, all work shall be performed during the Government's regular working hours, as specified in Section 8, "DEFINITIONS". In those cases, and only upon notification by the Contracting Officer, where work needs to be performed after normal working hours (e.g. professional carpet cleaning to allow minimal foot traffic and drying times), the Contractor shall be responsible to provide an adequate staff to assure fully adequate and timely completion of these services.

5.4.4 Interference with Government Business. In cases where interference may be essentially unavoidable, the Contractor shall be responsible to make every effort to minimize the impact of the interference, inconvenience, customer discomfort, etc.

5.4.5 Protection of Government Property. During execution of the work, the Contractor shall take special care to protect Government property including furniture, walls, baseboards, and other surfaces from materials not intended. Accidental splashes shall be removed immediately. The Contractor shall return areas damaged as a result of work under this contract to their original condition, to include painting, refinishing, or replacement, if necessary.

5.4.6 Contractor shall ensure that all employees and/or subcontractors have adequate knowledge of commercial cleaning chemicals, equipment and techniques necessary to perform work. The Real Estate POC may require the Contractor to discontinue using any employee or subcontractor determined by the Real Estate POC, to be unsatisfactory.

5.5 JANITORIAL SERVICES REQUIREMENTS: The Contractor shall provide basic janitorial services described herein.

5.6 Basic Services. Basic services shall be performed at the locations and frequencies shown in the PWS and the Schedule of Services and shall consist of the services listed for the specified spaces. Furniture or other equipment (including waste containers) moved while performing basic services shall be returned to their original position. Performance requirements for these services include the following:

5.6.1 Floor Maintenance. Floor maintenance includes the techniques of sweeping, dust mopping, damp mopping, wet mopping, dry buffing and spray buffing as required to achieve the below stated results. The Contractor shall provide floor maintenance for the entire floor

surface, concrete/quarry tile, terrazzo, wood, and resilient flooring, including corners and abutments, so that after cleaning, they are free of visible dirt, litter, dust and debris. The Contractor shall move chairs, trash receptacles and easily moved items in order to provide floor maintenance underneath and return them to their original position.

5.6.1.1 Vacuuming. The Contractor shall vacuum all floor areas, carpeting and rugs, so that after vacuuming, they are free of all visible dirt, litter, dust and soil. The Contractor shall remove all spots as soon as noticed. Carpeted areas and rugs shall be vacuumed using a commercial grade vacuum cleaner. Upholstered furniture shall be free of dust, dirt, lint, other stains and discoloration and shall be kept free of all visible lint, litter, soil and embedded grit.

5.6.1.2 Sweep and Mop Floor. After sweeping and mopping, the entire surface shall be free from litter, dust, and foreign debris, including grout. Grout on wall and floor tiles shall be free of dirt, scum, mildew, residue, etc. Floors shall have a uniform appearance without streaks, swirls, marks, detergent residue, or any evidence of soil, stain, film, or standing water. Easily moveable items shall be tilted or moved aside to sweep and damp mop underneath.

5.6.3 Trash Removal. All trash receptacles including all administrative, office, restroom, and those receptacles used for feminine hygiene waste, shall be emptied and returned to their initial location with Contractor provided 100% recycled liners. Any obviously soiled or torn trash receptacle liners in such receptacles shall be replaced. Boxes, cans, and paper placed near a trash receptacle that is marked "TRASH" shall be removed. All debris or liquids remaining in a trash receptacle due to a leaky trash bag shall be removed prior to new liner replacement. Trash shall be disposed of in a secured bag. Any trash bags that are full and sitting next to the trash containers shall also be removed by the Contractor. The Contractor shall pick up any trash that may fall onto the facility or grounds during the removal of such trash collection. All refuse collected shall be disposed of in the nearest trash dumpster outside the building. Unless otherwise indicated, trash shall be emptied from all wastebaskets.

5.6.4 Drinking Fountains. Clean and disinfect all porcelain and polished metal surfaces, including the cabinet, percolator orifices and drains. After cleaning, the entire drinking fountain shall be free from streaks, stains, spots, smudges, scale and other obvious soil.

5.6.5 Spot Cleaning Windows. The Contractor shall spot clean the entrance door (s) glass and all interior glass in order to remove fingerprints, smudges or other debris. Windows should look consistently clean (i.e. should not have a clean spot with the rest of the glass remaining dirty).

5.6.6 Restroom Services. Restroom services shall consist of the following twice per week. The Contractor shall maintain each facility to the standards established in this contract. This may require Contractor services at more frequent intervals, such as supplying latrines to ensure adequate supplies are available.

5.6.6.1 Clean and Disinfect. Completely damp clean and disinfect all surfaces of mop sinks, wash bowls, toilet bowls and seats, urinals, lavatories, dispensers, plumbing fixtures, partitions, door, walls, polished exposed piping, mirrors, and other such surfaces, using

environmentally friendly germicidal detergent. If a facility has showers, ensure that the showers and shower mats are appropriately damp cleaned and disinfected. Disinfect all surfaces of partitions, stalls, stall doors, entry doors (including handles, kick plates, ventilation grates, metal guards, etc.), and wall areas adjacent to wall mounted lavatories, urinals, and toilets. After cleaning, receptacles will be left free of deposits, dirt, smudges and streaks, soap film, dust, soils, graffiti, scum, and odors. All bright metal finishes such as faucets; pipes, fittings and hardware shall be kept in a bright and clean condition.

5.6.6.2 Trash Removal. Refer to paragraph 5.6.3.

5.6.6.3 Servicing/Re-supplying Restrooms. Servicing restrooms shall include inspecting, replenishing and cleaning supply dispensers. Contractor shall ensure restrooms are stocked so that supplies {Strongly recommended to use 100% recycled toilet tissue, and environmentally friendly soap (hand, liquid or foam)} and soap deodorants for the urinals and toilet bowls do not run out and that dispensers are in working order. Each restroom shall be stocked during each cleaning, or more frequently if needed. Supplies shall be stored in designated areas or off-site at Contractor's facility. No overstocking shall be allowed. If supplies run out prior to the next service date, the Contractor shall replenish on the next scheduled cleaning appointment time. Factory rejected paper products shall not be used.

5.7 Periodic Cleaning.

5.7.1 Clean/Shampoo Carpets. A professional carpet cleaning Contractor shall accomplish all cleaning/shampoo by "steam cleaning or hot water" deep dirt extraction methods twice per year, specifically in the months of April and October. Apply a heavy duty spot remover in heavily soiled areas. Apply required amount of cleaning solution with the extractor machine, extract, and allow carpet to dry before use and use drying fans as needed for drying. After shampooing, the carpeted area will be uniform in appearance and be free of stains and discoloration. All cleaning solutions shall be removed from baseboards, furniture, trash receptacles, chairs, and other similar items. Chairs, trash receptacles, and easily movable items shall be moved to clean carpets underneath and returned to their original location. No heavy desks, file cabinets or other large furniture will be moved for carpet cleaning.

5.7.2 Spot Clean Carpets. The Contractor shall spot clean/shampoo carpets that are stained over an area of 2 square feet (sq. ft.) or less. Spot cleaning shall be accomplished with vacuuming service (per para 5.6.2) as needed, or as directed by the Real Estate POC.

5.7.3 Dusting. Damp dusting shall be performed once per month, during the first week of each month, and includes all horizontal surfaces, such as windowsills, window blinds, handrails, wood strips, door frames, exposed piping, light fixtures, covers and diffusers, ceiling and walls within six (6) feet from the top of the finished floor. Surfaces shall be free of lint, dust, dirt, cobwebs, marks, fingerprints, smudges, and other accumulated soils. Items on furniture tops are to be dusted and replaced; however, items on desktops such as papers are not to be disturbed.

5.7.4 High Dusting/Cleaning. High cleaning shall be performed once per year in October and includes cleaning horizontal and vertical surfaces above 6'-0" from floor level including all overhead piping and ceiling areas. All dust, lint, litter, and soil shall be removed from all surfaces. Walls shall be free of dirt, smudges, and markings. Ceilings are to be free of cobwebs and loose dirt.

5.7.5 Cleaning Light Fixtures. Globes, reflectors, covers, diffusers, and side panels shall be removed and washed once (1) per year in October. After cleaning and reassembling, light fixtures shall be free of bugs, dirt, dust, grease, and other foreign matter.

5.7.6 Cleaning Exterior Glass Surfaces. This service shall be performed monthly and includes all exterior glass surfaces, window frames, sills and sashes, from the ground line up. After cleaning, all glass surfaces shall be left free of streaks and stains, wiped dry and all adjacent surfaces wiped dry. All paint, putty, film, and foreign matter found on glass surfaces shall be removed. Where storm windows exist, exterior window cleaning shall include both sides of the storm window and the outside of the inner glass. Special care instructions for any "window film" will be displayed on top of the installed window film. These instructions may include specific prohibitions of cleaners that might damage the films integrity. Contractor will clean window film in accordance with special care instructions. If instructions are not displayed, Contractor will contact the Real Estate POC prior to cleaning. No exterior glass cleaning will be required when exterior temperatures are below 38 degrees F.

5.7.7 Cleaning Interior Glass Surfaces. This service shall be performed monthly and includes all glass partitions, walls, mirrors, and adjacent trim. After cleaning there shall be no traces of dust, dirt, smudges, film, tape, streaks, watermarks, or other foreign matter (with the exception of intentionally placed signs and window film). Special care instructions for any "window film" that will be at 100% of recruiting locations must be followed. Clean the window film with mild soapy solution (baby shampoo) with water and a soft, damp cloth.

5.7.8 Clean HVAC Return, Diffuser and Grilles. On a quarterly basis (once every 3 months), the Contractor shall clean all HVAC returns, diffusers and grilles ensuring that they are free from dust, dirt and any other build up. This should be performed in conjunction with replacing the HVAC filter.

5.7.9 De-scale Toilet Bowls, and Urinals. De-scaling shall be performed on a monthly basis. After cleaning, the entire surface shall be free from streaks, stains, scale, scum, urine deposits, mineral deposits, and rust stains.

5.8 Other Services.

5.8.1 Re-lamping. Re-lamping services shall be provided for all interior lights in designated spaces, including track, accent, emergency and interior exit lights. The work shall include monitoring each designated space included in this contract as services are performed and replacing all burned out and blinking tubes and compact lamps (fluorescent or LED). The tubes and compact lamps (fluorescent or LED) replaced shall be of the same type, wattage, and voltage as those removed and shall be a uniform color temperature (cool white) as the

other lights in the office. Contractor handling and replacing tubes (fluorescent or LED) shall be qualified in accordance with local regulations. Note: Some offices may require different types of light bulbs based upon service requirements (e.g. track or accent lighting). Contractor MUST ensure that LED tubes and lamps used are compatible with the existing ballast hardware.

5.8.2 HVAC Filter Replacement. HVAC air filters shall be replaced once per quarter. Medium to high efficiency filtering systems will be used. Low capacity systems may use lower efficient filters (MERV 6 - 8) if it cannot be retrofitted for the more efficient filters. Filters will be installed to minimize air bypass around the filters and maintained per the manufacturer's recommendations. (Minimum Efficiency Reporting Value. A number that reflects the filter efficiency based on the testing procedure defined in ASHRAE Standard 52.2-1999.) At a minimum, use of MERV 6-8 filters is mandatory.

5.8.3 Pest Control Service. Provide pest and rodent control measures and pesticides that conform to local health department regulations to keep the Premises free from pests and in a tenantable condition, including emergency treatment as necessary.
