52.212-2 ADDENDUM

52.212-2 Evaluation—Commercial Products and Commercial Services (NOV 2021)

(a) The Government will award a contract resulting from this combined synopsis solicitation to the contractor whose offer confirming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

- I. PRICE.
- II. Offeror must comply with Federal Acquisition Regulation (FAR) Subpart 19.3- Determination of Small Business Size and Status for Small Business Programs to be considered small business concern under NAICS code: **722320**.
- III. The Supplier Performance Risk System (SPRS), available at <https://piee.eb.mil/>, will be used in the evaluation of the Quoter or Offeror’s performance. SPRS retrieves item, price, quality, delivery, and contractor information on contracts from Government reporting systems in order to develop risk assessments.

(b) *Options.* The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options should not obligate the Government to exercise the option(s). **NOT APPLICABLE**

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer’s specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
