

DEPARTMENT OF THE AIR FORCE
AIR EDUCATION AND TRAINING COMMAND

13 April 2026

MEMORANDUM FOR 82 CONS

FROM: 82 SFS/DD

SUBJECT: Brand Name Requirements Justification

1. **Description of the Supplies/Services:** To enhance the security of the installation against a wide range of threats, the 82d Security Forces Squadron is acquiring a DroneShield Counter-Small Unmanned Aircraft System. This acquisition is all-inclusive, providing system training, all necessary components, and the complete setup and configuration of both hardware and software.
2. **Efforts to Obtain Competition:** DroneShield, LLC is the sole manufacturer of the system. They do, however, have several resellers.
3. **Market Research:** HQ AETC/A4S provided 82 SFS with two different systems that were field tested and meet the current need for C-sUAS detection capability in the command. They advised us to choose which system would work best for you in our AOR. After evaluating two systems approved by Air Education and Training Command (AETC), we selected DroneShield system, the option that provides greater flexibility and best fulfills our operational requirements.
4. **Other Factors:** AETC funding may be available for the purchase.
5. **A Statement of the Actions, If Any, The Agency May Take To Remove Or Overcome Any Barriers To Competition Before Making Subsequent Acquisitions For The Supplies Or Services Required:** Dronesield, LLC is the manufacturer of the system we are interested in. For future requirements, we will assess whether or not there are still other resellers of the system.
