

SOURCES SOUGHT NOTICE
832674362

The Defense Information Systems Agency (DISA) Command, Control, Communications, and Computers Enterprise (C4E) Directorate is seeking sources for Audiovisual (AV), Visual Information (VI), Video Teleconferencing (VTC), and Videophone Support Services as a single-award Indefinite Delivery Indefinite Quantity (IDIQ) contract vehicle.

CONTRACTING OFFICE ADDRESS:

DISA/Defense Information Technology Contracting Organization (DITCO)/PS8323
2300 East Drive
Scott Air Force Base, IL 62225-5406

INTRODUCTION:

This is a SOURCES SOUGHT NOTICE to determine the availability and technical capability of small businesses (including the following subsets: Small Disadvantaged Businesses, Certified 8(a), Service-Disabled Veteran-Owned Small Businesses, HUBZone Small Businesses and Woman-Owned Small Businesses) to provide the required products and/or services.

This AV/VTC Support Services effort requires the AV and VTC services for both the classified (Secret/Allied Secret, Joint Worldwide Intelligence Communications System) and unclassified networks supporting AV/VTC operations. The support services provided include modernizing, operating, and maintaining DISA J6 supported VTC network infrastructure, endpoints, and support services. Contracted AV/VTC services also encompass VI support services, primarily supporting DISA Headquarters (HQs) operations. This AV/VTC Support Services effort provides direct support to approximately 400 conference rooms and 2,000 single desktop/standalone video conference endpoints. In general, VTC endpoints are in office spaces and range from a single desktop/standalone endpoint/codec to complex integrated conference rooms. VTC endpoints are also located on average at 8-10 General Officer's quarters across the National Capital Region (NCR) and Hampton Roads. This effort services approximately 1,800 classified endpoints and 700 unclassified endpoints. DISA J6 conducts, or supports, on average 70 new AV/VTC installations and lifecycle upgrades per year consisting of single desktop/standalone endpoint install or integrated conference room installation. This effort provides dedicated AV/VTC support for multiple Conference Centers including the Pentagon Conference Center, Pentagon Auditorium, the DISA HQs Complex Conference Center, and the Joint Services Conference Center at Hampton Roads, Virginia. Additionally, the effort operates and maintains the Mark Center Conference Center and auditorium with AV capabilities that support production and recording functions.

To sustain these support services, DISA J6 C4E requires a single-award Indefinite Delivery Indefinite Quantity (IDIQ) contract with a ceiling of \$130M to provide AV, VI, VTC, and videophone support services for DISA, Department of War (DOW) 4th Estate (4E) Agencies,

and other DOW agencies and organizations. Under this IDIQ, independent orders shall be established to provide the services needed as requirements are identified.

ANTICIPATED PERIOD OF PERFORMANCE:

Base Period: 1 November 2026 – 31 October 2027
Option Period 1: 1 November 2027 – 31 October 2028
Option Period 2: 1 November 2028 – 31 October 2029
Option Period 3: 1 November 2029 – 31 October 2030
Option Period 4: 1 November 2030 – 31 October 2031

The ordering period is five years and includes the six-month extension of services pursuant to FAR 52.217-8.

PLACE OF PERFORMANCE:

Mission Location:
DISA HQs Ft Meade, MD
DISA J6 Pentagon, Pentagon, DC

Place of Performance: Specific work location will be determined at the call order level. Work may be performed on-site, at the contractor's facility, sub-contractor facility, supplier, or other designated locations.

Places of Performance shall include the following, at a minimum:

National Capital Region (NCR):

- DISA HQs, Ft Meade, MD
- Annapolis Junction, MD
- Annapolis, MD
- BKH - Arlington, VA
- Arlington, VA
- Communications Management Control - Sterling, VA
- Crystal City, VA
- Rosslyn, VA
- Mark Center, Alexandria, VA
- DISA Liaison Facilitates – Ft Meade, MD (Co-Located with DINFOS, DMA HQS, and DTIC HQS)
- Industry Partner Secure Facilities within the NCR
- Pentagon - Arlington, VA (Co-Located with DMA)
- Treasury Annex, Washington, DC
- Ft Belvoir, VA
- US Army Information Technology Agency (ITA) - Fort Detrick, MD
- Norfolk VA
- Suffolk VA

- Charlottesville VA
- Falls Church VA
- Chantilly VA
- Alexandria, VA
- Chambersburg, PA
- Hagerstown, MD
- Raven Rock, PA

Performance may be required at any DISA or DOW location worldwide.

DISCLAIMER:

THIS SOURCES SOUGHT NOTICE IS FOR INFORMATIONAL PURPOSES ONLY. THIS IS NOT A REQUEST FOR PROPOSAL. IT DOES NOT CONSTITUTE A SOLICITATION AND SHALL NOT BE CONSTRUED AS A COMMITMENT BY THE GOVERNMENT. RESPONSES IN ANY FORM ARE NOT OFFERS AND THE GOVERNMENT IS UNDER NO OBLIGATION TO AWARD A CONTRACT AS A RESULT OF THIS NOTICE. NO FUNDS ARE AVAILABLE TO PAY FOR PREPARATION OF RESPONSES TO THIS NOTICE. ANY INFORMATION SUBMITTED BY RESPONDENTS IS STRICTLY VOLUNTARY.

CONTRACT/PROGRAM BACKGROUND:

This will be a consolidation effort of the following contracts:

Contract Number: HC1047-22-D-0001

Contract Vehicle: Small Business

Incumbent and their size: Alpha Communications Services, Service-Disabled Veteran-Owned Small Business (SDVOSB)

Method of previous acquisition: Competitively awarded Service-Disabled Veteran-Owned Small Business set-aside

Period of performance: November 1, 2021 – October 31, 2026

Contract Number: HC1028-18-D-0024 / HC1013-24-F-6460

Contract Vehicle: ENCORE III

Incumbent and their size: CompQsoft, Inc., Small Business

Method of previous acquisition: Competitively awarded small business set-aside via the ENCORE III Small Business Suite Multiple-Award IDIQ

Period of performance: March 30 2024 – March 29, 2029

REQUIRED CAPABILITIES:

- 1) DISA requires advanced expertise to modernize, operate, and maintain its VTC network infrastructure, endpoints, and support services ensuring secure, high-performance, and reliable communications supporting DoW missions.

- a. **Describe and provide an example of your company's experience in implementing and managing secure VTC systems, including engineering, vulnerability mitigation, and system operations and maintenance.**
 - b. **How has your company demonstrated the ability to quickly scale resources and personnel to address unforeseen challenges or shifting project priorities?**
- 2) Rapid response to and resolution of service impacting issues and problems are essential for DISA to maintain vital communications capabilities supporting the DoW mission. **Describe and provide an example of your company's experience in providing Tier I, Tier II, and Tier III VTC Incident Management Support.**
- 3) Technological debt reduction by way of lifecycle refresh activities and service expansion efforts are essential for DISA to maintain uninterrupted operations and ensure mission readiness across the enterprise. **Describe and provide an example of your company's experience in executing VTC systems site surveys, solution design, and deployment, including site documentation, engineering, design, hardware procurement and pre-configuration, and system installation.**
- 4) Visual communications is an integral component of DISA's operations enabling complex topics, data, and strategic direction to be messaged in a clear, easily understood form greatly enhancing communications efficiency. **Describe and provide an example of your company's experience in providing Visual Information (VI) Services, including graphics, multimedia, publishing, video production and editing, and visual library database support.**

SPECIAL REQUIREMENTS:

Facility Security Clearance Work performed under this contract/order is up to the Top Secret level and will require Sensitive Compartmented Information (SCI) access eligibility for some personnel. Therefore, the company must have an interim or final Top Secret Facility Clearance from the Defense Counterintelligence and Security Agency (DCSA) Facility Clearance Branch at the time of proposal. **Provide confirmation of or a copy of your current facility clearance level.**

Invalidated Facility Clearance Companies with invalidated facility clearances (including those in partnerships, subcontracts, and Joint Ventures) are not eligible to bid on or be awarded any new or additional DISA classified contracts, subcontracts, or receive additional classified information except for information necessary for the completion of your current classified contracts. In addition, those companies with invalidated facility clearances will not be permitted access to all DISA networks. Performance on any DISA classified contracts, at any location, will not be authorized until it has been granted a Facility Security Clearance (FCL) at the appropriate level by DCSA.

Security Clearance All personnel performing on or supporting a DISA contract/order in any way shall be United States citizens. The personnel security requirements for this contract/order

cover the individuals supporting the Task Areas delineated in the table below. Contractor personnel must possess the interim or final security clearance eligibility delineated in the table below when performance starts.

Cybersecurity Maturity Model Certification (CMMC) This contract and its associated delivery/task orders are subject to the Federal CMMC policies and regulations including DFARS 204.75 Cybersecurity Maturity Model Certification, DFARS 252.204-7021 Contractor Compliance with the Cybersecurity Maturity Model Certification Level Requirements, and 32 CFR §170, Cybersecurity Maturity Model Certification (CMMC) Program. The CMMC Program is designed to ensure implementation of cybersecurity practices for defense contractors and to provide DoW with increased assurance that Federal Contract Information (FCI) and CUI will be adequately safeguarded when residing on or transiting contractor information systems.

The Program Management Office/COR has determined that CMMC Level 2 (Self) is required for this contract order. In accordance with CMMC policy codified at 32 CFR §170, Contractor compliance with CMMC Level 2 (Self) must be met at time of award, and continued compliance with the requirements of 32 CFR §170 is necessary for the life of the contract. **Provide confirmation of or a copy of your CMMC Level 2.**

Hardware and Material Handling The company must have the ability to receive, pre-configure, and test all hardware and material procured prior to delivery to the Government site unless otherwise approved by the Government to direct ship.

SOURCES SOUGHT:

The North American Industry Classification System Code (NAICS) for this requirement is 541512 Computer Systems Design Services with the corresponding size standard of \$34M.

In order to make a determination for a small business set-aside, two or more qualified and capable small businesses must submit responses that demonstrate their qualifications.

Responses must demonstrate the company's ability to perform in accordance with FAR clause 52.219-14, Limitations on Subcontracting.

To assist DISA in determining the level of participation by small business in any subsequent procurement that may result from this Sources Sought Notice, provide information regarding any plans to use joint ventures (JVs) or partnering. **Please outline the company's areas of expertise and those of any proposed JV/partner who combined can meet the specific requirements contained in this notice.**

SUBMISSION DETAILS:

Responses should include:

- 1) Business name and address;
- 2) Name of company representative and their business title;
- 3) Small Business Socio-economic status (if small);

- 4) CAGE Code;
- 5) Prime contract vehicles; to include ENCORE III, SETI, NIH CIO-SP4, NASA SEWP V, General Service Administration (GSA): OASIS, ALLIANT II, VETS II, STARS III, MAS (including applicable SIN(s), groups or pools), or any other Government Agency contract vehicle that allows for decentralized ordering. (This information is for market research only and businesses with a valid cage that lack prime contract vehicles are still encouraged to respond to this notice.)

Businesses who wish to respond must send a response via email NLT 4:00 PM Eastern Daylight Time (EDT) on May 19, 2026 amanda.l.thole.civ@mail.mil and cindy.m.goshorn.civ@mail.mil. **Interested businesses should submit a brief capabilities statement package addressing the specific questions above (no more than five pages) demonstrating the ability to perform the services listed under Required Capabilities and Special Requirements.**

Proprietary information and trade secrets, if any, must be clearly marked on all materials. All information received that is marked Proprietary will be handled accordingly. All submissions become Government property and will not be returned. All government and contractor personnel reviewing submitted responses will have signed non-disclosure agreements and understand their responsibility for proper use and protection from unauthorized disclosure of proprietary information as pursuant to 41 USC 423. The Government shall not be held liable for any damages incurred if proprietary information is not properly identified.

For information on DISA's requirements, you can find current information on our home page: www.disa.mil – that includes current forecast and the current acquisition strategies. If there is no information regarding the requirement you may be inquiring about, then there is no additional publicly available information. Please continue to review www.disa.mil.
