FAR 12.102(b)

41 U.S.C. 1901

DFARS Subpart 212.102-70(b)

Justification & Approval for a Brand Name Requirement: DFARS 212.102-70(b) In accordance with section 888(a) of the National Defense Authorization Act for Fiscal Year 2017 (Pub. L. 114-328), the documentation addressed in FAR 12.102, is required to use brand name or equal descriptions or proprietary specifications and standards.

1. **Requiring Activity:**
DFAS-ZTE
8899 East 56th Street
Indianapolis IN 46249
DoDAAC: HQ0898
2. **Description of the Action Being Approved:** Solicit a Brand Name Requirement and award a Contract/Order.
3. **Description of Supplies:** This justification covers the acquisition of the following article(s): The procurement of brand-name Camunda Enterprise Edition software licenses and associated annual maintenance and technical success services.
 - The Required Delivery Date/PoP is May 18, 2026, to May 17, 2031.
 - Estimated Value (including options): [REDACTED]
 - One one-year base, with four one-year options.
4. **Statutory Authority Permitting Other Than Full and Open Competition:** FAR 12.102(b) Restricting Competition for Acquisitions in accordance with 41 U.S.C. 1901.
5. **Is this Justification for a Follow-On to an Acquisition of Supplies Previously Awarded on a Non-Competitive Basis?** No

6. **Rationale Justifying Use of Cited Statutory Authority:** This acquisition must be limited to Camunda Enterprise because it is essential to our operations. We have a significant investment in the Camunda platform, which currently runs [REDACTED]. These systems were built using Camunda's proprietary software, so they cannot be moved to another platform. Switching would force a complete and costly redevelopment of [REDACTED], essentially wasting prior investments. This process would also cause unacceptable delays and disrupt vital support to our mission. Therefore, to save money, maintain efficiency, and avoid mission disruption, sticking with the Camunda brand is the only practical solution to meet DFAS needs.
7. **Description of Efforts Made to Solicit Offers from as Many Offerors as Practicable:** An RFI was posted to determine the interested vendor base on January 26, 2026, and closed on February 4, 2026, which resulted in a response from [REDACTED] interested vendors. None of the responses had a current agreement with Camunda.
8. **A Short Description of the Results of RFI Posting, Or Market Research Conducted, or a Statement of the Reason Non of the Above Actions Were Conducted.**

Market research was initiated through two Requests for Information (RFIs) to identify potential vendors for Camunda software licenses. The first, GSA RFI, received [REDACTED] responses but ultimately confirmed that no 8(a) companies held a current reseller agreement with Camunda. A separate RFI on NASA SEWP yielded [REDACTED] response from [REDACTED]. Following the RFIs, direct contact with Camunda revealed that only [REDACTED] vendors are authorized to resell Camunda licenses to the government: [REDACTED]. Because [REDACTED] of the [REDACTED] authorized resellers are SDVOSBs, the decision was made to set this contract aside specifically for SDVOSB competition.
9. **List of the Sources that Expressed a Written Interest in the Acquisition.** [REDACTED]
10. **Any Other Facts Supporting the Use of Other Than Full and Open Competition:** N/A
11. **A Statement of the Actions, if any, the Agency May Take to Remove or Overcome any Barriers to Competition Before any Subsequent Acquisition for the Supplies Required.**

In order to remove or overcome barriers to competition in future acquisitions for this requirement, the agency will work with the program office to conduct market research to ascertain if there are changes in the marketplace that would enable future actions to be competed on other than a brand name basis.
12. **DETERMINATION OF FAIR AND REASONABLE COST:** The contracting officer will determine that the anticipated cost to the Government of the service/supplies covered by this justification will be fair and reasonable.

13. **TECHNICAL/REQUIREMENTS REPRESENTATIVE CERTIFICATION:**

I hereby certify that this justification is made in good faith, that the supporting data and information are accurate and complete to the best of my knowledge and belief, and that I would not be making this request if it were feasible to fully compete this requirement. I further certify that this request is not the result of lack of advanced planning or a desire to expend funds while those funds are still available.
