

Pasture Fence Materials 1240LP26Q0066

Statement of Requirement

The Bighorn National Forest is requiring the purchase and delivery of fencing materials sufficient for Forest personnel to construct approximately 1.33 miles of fence around the perimeter of the horse pasture at Burgess Ranger Station, Tongue Ranger District. This project is intended to reconfigure the horse pasture to safely confine government-owned horses such that public vehicle traffic is outside the horse pasture. These fencing materials are required in order for Forest personnel to build a horse safe fence. The fence shall be able to withstand the rigors of winter snowpack, while allowing for public access beyond the Ranger Station. The fence will reduce the risk of a vehicle/horse collision or horses escaping the pasture. Metal materials will be used for the fence to significantly reduce annual maintenance costs and increase life expectancy of the fence.

Offerors are encouraged to review [Attachment 2 – Schedule of Items](#) for description of materials and quantity. All items are to be new parts, tools, and materials to meet the minimum specifications. [Attachment A – Rail & Post specification features.](#)

Schedule of Items – see [Attachment 2](#) for the Excel worksheet for materials and quantity.

1. Solicitation Attachments

The following documents are included as attachments to this solicitation and can be accessed via the “Attachments/Links” section of the posting.

- Attachment 1 – Solicitation Terms and Conditions
- Attachment 2 – Schedule of Items
- Attachment A – Rail & Post Spec. Features

Technical Requirements

Background Information: The fence shall be all-metal construction standing 40 inches tall and will consist of tubular steel posts **fabricated** from 2 3/8” diameter steel drill stem pipe (or similar) supporting a top rail of the same material that will be welded to the top of each post. For Forest personnel to complete the fence, two runs of 3/8” diameter steel cable will be run through the space between the ground’s surface and the top rail. Each run of cable will be strung through perforations in the posts, with a fixed connection to an H-brace at one end and an adjustable connection to an H-brace (to allow tensioning of the cable) at the opposite end. Gates in the fence will consist of a 12-foot commercially manufactured metal gate between two H-braces. Forest personnel will be installing fence materials and cable.

Contractor Requirements: Contractor will provide 5 ½ foot long fence posts **fabricated** from 2 3/8 inch diameter steel drill stem pipe (or similar), with the top end coped to create a saddle for 2 3/8 inch diameter steel drill stem pipe (or similar) rail and perforated with 1-inch diameter holes in line with the cope at 14 1/8 inches and 22 1/8 inches from the top of the pipe, centered across the width of the pipe (**see Attachment A specifications**).

- Copes and perforations will be cut in a manner that will leave clean, smooth edges. They will not be cut with an oxy-acetylene cutting torch.
- Copes and perforations will be cut such that the bottom of the cope is directly in line vertically with the center of the perforations on the post.
 - o Copes will be cut in the top of the post such that the bottom of the saddle is the same distance from the top of the post, on each side of the post.
 - o Perforations will be cut such that the holes pass through the pipe wall at the same distance from the top of the post.

Contractor will provide 2 3/8-inch diameter steel drill stem pipe (or similar). Full joints of drill stem (joints can be a different size) are preferred for the top rail so the joints can be threaded together, rather than welding butt ends, to make the top rail continuous.

Contractor will provide H-brace rails 4 feet in length **fabricated** from 2 3/8-inch diameter steel drill stem pipe (or similar), coped at both ends to be fit and welded between two fence posts (**see Attachment A specifications**).

Contractor will provide 3/8-inch diameter steel cable on spools containing no less than 3,500 feet of cable.

Contractor will provide cable tensioners to attach to brace posts that allow for easy tensioning of cables while securely holding the cable in place.

Contractor will provide cable clamps for 3/8" diameter cable use to make loops at the terminal ends of the cable.

Contractor will provide commercially available metal pipe gates 12 feet in length and gate hinges for the pipe post.

Location of Delivery and Schedule

All supply items shall be delivered to Burgess Ranger Station at the Junction of FSR 15 and FSR 165 on the Tongue Ranger District of the Bighorn National Forest near Sheridan, WY 82801. The USDA Forest Service requires delivery of all items within 30 days after award of contract AND no later than July 1, 2026. Early deliveries will be accepted.

The vendor shall deliver the materials during regular business hours, which are Monday through Friday 8:00 a.m. to 4:30 p.m. Mountain Time. (a) By entering into this contract, the Contractor certifies that:

- (1) It is compliant with all applicable Federal anti-discrimination laws and the Equal Protection principles of the U.S. Constitution, and it will remain compliant for the duration of the contract.
- (2) Neither it nor any subcontractor or teaming partner operates or funds any program, policy, or initiative that promotes DEI in a manner that violates any applicable Federal anti-discrimination laws, including but not limited to Title VI and VII of the Civil Rights Act of 1964, or the Equal Protection principles of the U.S. Constitution, and the Contractor and any subcontractor or teaming partner will not do so for the duration of the contract.

(b) If the Contractor participates in, facilitates, or funds programs that implicate Title VI of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, as amended, including but not limited to grants to or for schools, colleges, universities, 4-H programs, non-governmental organization (NGO) programs, sports programs, and education-related grants to prisons or other detention facilities, the Contractor certifies that it will remain compliant with those laws, including the requirements set forth in Executive Order 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, and Executive Order 14173, Ending Illegal Discrimination and Restoring Merit-Based Opportunity.

(c) The Contractor affirms that the above requirements are conditions of payment that go to the essence of the contract and are therefore material terms of the contract. Payments under the contract are predicated on compliance with the above requirements, and therefore the Contractor is not eligible for funding under the contract or to retain any funding under the contract absent compliance with the above requirements.

(d) This certification reflects a change in the Government's position regarding the materiality of the foregoing requirements and therefore any prior payment of similar claims does not reflect the materiality of the foregoing requirements to this contract.

(e) Submission of a knowing false statement relating to Contractor's compliance with the above requirements and/or eligibility for the contract may subject the Contractor to liability under the False Claims Act, 31 U.S.C. § 3729, and/or criminal liability, including under 18 U.S.C. §§ 287 and 1001.

(f) The Contractor must include the provisions of this clause in all subcontract solicitations.

AGAR 452.203-72 Unenforceable Supplier Terms

(a) Definitions.

Supplier terms mean provisions customarily drafted by vendors of supplies or services and intended to create a binding legal obligation on the end user. The term applies:

- (1) Regardless of the format or style of the document. For example, supplier terms may appear in standard terms of sale or lease, Terms of Service (TOS), End User License Agreement (EULA), or another similar legal instrument or agreement, and may be presented as part of a proposal or quotation responding to a solicitation for a contract or order or otherwise become effective after the contract date.
- (2) Regardless of the media or delivery mechanism used. For example, supplier terms may be presented as one or more paper documents or may appear on a computer or other electronic device screen during a purchase, software installation, other product delivery, registration for a service, or another transaction.

(b) Applicability. When any supply or service acquired under this contract is subject to supplier terms, the supplier terms are deemed part of the contract only to the extent they are consistent with this clause. Supplier terms that conflict with any part of this clause, the contract, or Federal law are void and will not be considered incorporated into a contract, even if they are physically present in a contract documentation or systems. In the event of any inconsistency between supplier terms and this contract, this clause and the terms of the Government contract shall govern and supersede any supplier terms in all cases.

(c) Authorization Required. Notwithstanding any other provision, no supplier terms shall be binding on the Government unless the term is expressly authorized on the USDA Supplier Terms Authorization Form signed by the Contracting Officer, and the completed Authorization Form has been incorporated into the contract.

(d) Unenforceable Terms. Any supplier terms that impose obligations or restrictions inconsistent with applicable Federal law are unenforceable against the Government and deemed stricken from the agreement. This includes, but is not limited to, any clause that:

- (1) Requires the Government to pay future fees, penalties, interest, legal costs, early-termination fees, cancellation fees, minimum purchase commitments, true-up payments, seat-count minimums, usage minimums, continued-use charges, or any other financial obligation not expressly authorized by the contract.

- (12) Permits the supplier to suspend, degrade, or terminate access to products or services based on alleged non-payment, alleged breach, automated security triggers.
- (13) Limits the Government's right to use, install, access, test, evaluate, or transfer the licensed product or service in any manner consistent with the contract and Federal law.

- (15) Authorizes the supplier to use the Government's name, seal, trademark, logo, or any reference to the Government as an end user or customer for marketing, publicity, promotional activities, press releases, or similar purposes.

 - (21) Profiles, tracks, or analyzes Government user behavior, preferences, communications, or interactions for personalization, marketing, or algorithmic optimization purposes.
- (e) Non-binding Actions. Neither the Government nor any Government authorized end user is deemed to have consented to any term, condition, or clause by virtue of its inclusion in the supplier agreement or through the use of clickwrap, browsewrap, "I agree" mechanisms, or similar means. Execution of such mechanisms does not bind the Government or its authorized end users to any unenforceable terms.
- (f) End user. The supplier agreement shall bind the ordering activity as the end user to the extent it does not conflict with the terms of this clause, but it shall not bind or impose personal liability on any Government employee or any person acting on behalf of the Government in their personal capacity.
- (g) Law and disputes. The supplier agreement is governed by Federal law.
- (h) Statutory exception. This clause does not apply to indemnification or any other payment by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.
- (i) Continued performance. The supplier or licensor shall not unilaterally revoke, terminate, or suspend any rights granted to the Government except as allowed by the contract. If the supplier or licensor believes the ordering activity to be in breach of the supplier agreement, it shall pursue its rights under the Contract Disputes Act or other applicable Federal statute while proceeding diligently with performance, pending final resolution of any dispute in accordance with the Disputes Clause at FAR 52.212-4(d) or FAR 52.233-1, as applicable.
- (j) Arbitration. Binding arbitration shall not be used unless specifically authorized by agency guidance.

(l) Revisions to supplier agreements. Any revisions to the supplier agreement must be incorporated into the contract using a bilateral modification. Unilateral revisions are not binding on the Government.

(m) No automatic renewals. If any license or service tied to periodic payment is provided under the supplier agreement (e.g., annual software maintenance or annual lease term), such license or service shall not renew automatically upon expiration of its current term without prior express written consent from an authorized Government representative.

(n) Indemnification. Any clause of the supplier agreement requiring the supplier or licensor to defend or indemnify the end user is amended to provide that the U.S. Department of Justice has the sole right to represent the United States in any such action, in accordance with 28 U.S.C. 516.

(o) Taxes or surcharges. Any taxes or surcharges which the supplier or licensor seeks to pass along to the Government as end user will be governed by the terms of the associated Government contract or order and must be submitted to the Contracting Officer for a determination of applicability prior to invoicing unless specifically agreed otherwise.

(p) Non-assignment. The supplier agreement may not be assigned, nor may any rights or obligations thereunder be delegated, without the Government's prior approval, except as expressly permitted by FAR 52.212-4(b) or FAR 52.232-23, as applicable.

(q) Confidential information. If the supplier agreement includes a confidentiality clause, such clause is amended to state that neither the agreement nor the contract price list, as applicable, shall be deemed "confidential information." Issues regarding release of "unit pricing" will be resolved consistent with the Freedom of Information Act. Notwithstanding anything in the supplier agreement to the contrary, the Government may retain any confidential information as required by law, regulation, or its internal document retention procedures for legal, regulatory, or compliance purposes; provided, however, that all such retained confidential information will continue to be subject to the confidentiality obligations of the supplier agreement.

(r) Conflict with Federal law. If any other language, provision, or clause of the supplier agreement conflicts or is inconsistent with Federal law or the terms and conditions of this contract, such language, provisions, or clauses will be considered null and void and will not be binding on the United States Government.

Solicitation Information

Award Type

It is anticipated that a firm-fixed price contract will be awarded as a result of this synopsis/solicitation.

The Government intends to make one award from this solicitation. Therefore, to be considered responsive, contractors must submit pricing for all items.

Evaluation and Basis for Award

The provision at FAR 52.212-2, Evaluation—Commercial Products and Commercial Services is not applicable to this solicitation. In lieu of this provision, quotes will be evaluated in accordance with FAR 12.203 based on the criteria listed below. Award will be made to the offeror representing the best value to the Government.

Technical Approach:

The technical approach will evaluate the ability of the offeror to provide a sound and compliant approach that meets all requirements and shows a thorough understanding of them. It is the contractor's responsibility to ensure their quotation clearly demonstrates their capability to meet these requirements. **All offerors must provide the following minimum information and documentation with their quotations to be considered responsive and have their offers evaluated:**

- Offeror shall provide a detailed list of materials being offered in addition to Attachment 2 – Schedule of Items.

**Pasture Fence Materials
1240LP26Q0066**

- **Delivery Date:** to be within 30 days after award of contract AND no later than July 1, 2026. An earlier delivery date is acceptable and may be considered in determining which offer is the most advantageous to the Government.

Price:

The offeror shall provide pricing as requested in the Schedule of Items in Attachment 1. Failure to propose pricing for all individual line items may result in a quotation being excluded from further consideration. The offeror's quotation will be evaluated in accordance with FAR 12.204, to determine if it is fair and reasonable.

Evaluation Method

The Government will evaluate quotations based on the lowest price technically acceptable criteria. Only the lowest priced offer will be evaluated for Technical Acceptability. Should the lowest priced offer not receive an acceptable technical rating, the process will continue in order of lowest priced offer until the lowest price, technically acceptable offer, is identified.

Technical Acceptability:

Technical Acceptability will be evaluated to receive an overall rating of "acceptable" or "unacceptable." This will be based on the offeror's ability to provide a sound and compliant approach that meets all requirements and shows a thorough understanding of them. It is the contractor's responsibility to ensure their quotation clearly demonstrates their technical capability to meet these requirements. An award will not necessarily be made to the lowest-priced offeror. An award will be given to the lowest-priced offeror whose proposal (detailed list of materials) is determined to be technically acceptable to meet all requirements listed in the solicitation.

Technical Capability will receive a rating of technically Acceptable or Unacceptable as defined below.

Acceptable: Offeror demonstrates an understanding and sound approach to meeting the contract requirements. Offeror can meet the delivery date within 30 days after award of contract AND no later than July 1, 2026.

Unacceptable: Offeror does not demonstrate an understanding and sound approach to meeting the contract requirements. Offeror does not meet the required delivery date of no later than July 1, 2026.

**NOTICE FOR FILING AGENCY PROTESTS
United States Department of Agriculture (USDA) Ombudsman Program**

Pasture Fence Materials
1240LP26Q0066

The USDA is committed to issuing solicitations and awarding contracts in a fair and prompt manner. The Ombudsman Program for Agency Protests (OPAP) was established to address protest issues within the agency, providing an alternative to costly and time-consuming litigation. Operating independently, OPAP offers relief comparable to that granted by the Government Accountability Office (GAO). Interested parties are encouraged to resolve concerns through USDA's internal Alternative Dispute Resolution (ADR) process before pursuing external forums such as the GAO. Concerns may be addressed informally or through a formal agency protest filed with either the Contracting Officer or the Ombudsman.

Informal Forum with the Ombudsman

1. **Initial Point of Contact:** Interested parties who believe a specific USDA procurement is unfair or otherwise defective should first direct their concerns to the applicable Contracting Officer.
2. **Escalation:** If the Contracting Officer is unable to address their concerns, interested parties are encouraged to contact the USDA Ombudsman for Agency Protests. Under this informal process, the agency is not required to suspend contract award performance. Utilization of the informal forum does not suspend any time requirement for filing a formal protest with the agency or other forums.
3. **Required Information:** To ensure a timely response, interested parties should provide the following information to the Ombudsman: solicitation/contract number, contracting office, Contracting Officer, and solicitation closing date (if applicable).

Formal Agency Protest with the Ombudsman

1. **Effort to Resolve:** Prior to submitting a formal agency protest, protesters must first use their best efforts to resolve their concerns with the Contracting Officer through open and frank discussions.
2. **Independent Review:** If the protester's concerns remain unresolved, an Independent Review is available by the Ombudsman. The protester may file a formal agency protest with either the Contracting Officer or, alternatively, with the Ombudsman under the OPAP program. Contract awards or performance will be suspended during the protest period unless justified in writing for urgent and compelling reasons or determined in writing to be in the best interest of the Government.
