Section A - Solicitation/Contract Form

SOTG Support for CNIC

THIS REQUIREMENT IS FOR SMALL BUSINESS SEAPORT HOLDERS ONLY.

General Information

1. Master Contract Task Order Solicitation Notice: This solicitation is a Request for Quotations (RFQ). To the extent that the terms, RFP, Offer, Proposal, and Offeror appear in the solicitation and any attachments or amendments thereto, they shall mean RFQ, Submission, Quote, and Quoter, respectively.
 2. NAICS/PSC Code: The services in this solicitation are best represented by NAICS 541330 and PSC Code R408.
 3. Extent of Competition: This solicitation is issued under the authority of FAR 16.5 as a 100% small business set-aside under the Seaport PSMAC. All terms and conditions of the Seaport PSMAC apply to this solicitation and resultant task order.
 4. Provisions and Clauses: All applicable and required provisions/clauses set forth in Seaport PSMAC automatically flow down to all Task Orders.
 5. Incumbent: This is a follow-on requirement to Task Order N00189-26-F-W061 awarded to Capstone Corporation under the CNIC PSMAC.
 6. Quote Preparation: The quote submission shall clearly state and acknowledge every amendment number issued (if applicable) during the solicitation phase. This solicitation does not commit the Government to pay for the preparation and submission of a quote. The contracting officer will make an award selection using a two-step solicitation and evaluation process. All "step 2" quotes shall remain valid for a minimum of 270 days from the solicitation closing date.
 7. Fair Opportunity 2-Step Evaluation for Task Order Issuance: The Navy will provide interested small business sources a fair opportunity in accordance with FAR 16.505(b) using the procedures and evaluation factors described in this solicitation. It is emphasized that this is a FAR 16.505 fair opportunity process intended to streamline the source selection and be minimally burdensome for both the Navy and IDIQ awardees interested in competing for this requirement. The procedures of FAR 15.3 do not apply to this source selection. While not an all-inclusive list, some examples of FAR 15.3 requirements that don't apply are the competitive range determinations, the FAR 15.3 rules for discussions, formal evaluation plans, and formal evaluation documentation. The contracting officer will make the source selection using the following two-step process.
 8. Step One - Viability Determination
- Step One Submission: Interested sources shall submit, on no more than three (3) single-sided pages, a description of their experience on prior contracts that they consider similar in size and scope to the Performance Work Statement (PWS). Font shall be "Times New Roman" with a point size of 10 or greater. Graphics, tables, headers and footers, if included, shall use a font size of 10 or greater. Interested quoters should use their judgement on how best to demonstrate through their submission that they are a viable competitor. For example, an interested quoter with relatively limited experience related to the PWS could address how it has the commitment of personnel or other contractors with more relevant experience.
- Step One response due date: 1500 EST on 28 April 2026. Responses shall be submitted via email to: danielle.r.udinson.civ@us.navy.mil using the subject heading "Solicitation N0018926R3104 - Step One Response - (Contractor Name)".

Step One Evaluation: The contracting officer will evaluate each submission and determine which interested sources are viable competitors for award in accordance with terms of the solicitation. An interested source will be determined to be viable if the experience provided in their Step One submission demonstrates the interested source(s) ability to provide services consistent with the requirements of the PWS. The contracting officer may communicate with an interested source, without regard to the rules of FAR 15.3 concerning competitive range determinations and discussions, if such communications will enhance the contracting officer's determination of whether the interested source is a viable competitor for award or a determination is made that an interested source cannot successfully perform the requirements of the PWS. An interested source could be determined to be nonviable because of its experience relative to other interested sources. Upon conclusion of the Government's evaluation of Step One submissions, the contracting officer will notify those interested sources determined to be nonviable that they are eliminated from further consideration, and invite interested sources determined to be viable to submit a quote in response to Step Two. Responses shall be submitted via email to danielle.r.udinson.civ@us.navy.mil using the subject heading "Solicitation N0018926R3104 - Step Two Response - (Contractor Name)".

9. Step Two - Submission of Quotes

Step Two Submission: See Section L.

Step Two response due date: See block 9 of the SF33.

Step Two Evaluation: See Section M.

Any quotations received from interested sources that were determined to be nonviable in Step One and not invited to submit a quotation based on the review contained in Step One will not be evaluated and immediately disqualified for consideration in this requirement. Interested sources determined to be viable will be requested to submit a technical (non-price) and price quotation.

10. Question Deadline: The deadline for questions to be submitted regarding this solicitation is 1500 on 28 April 2026. Any and all questions shall be submitted via email to danielle.r.udinson.civ@us.navy.mil using the subject heading "Solicitation N0018926R3104 - Question - (Contractor Name)".

52.232-20 Limitation of Cost.

(Apr 1984)

LIMITATION OF COST (APR 1984)

(a) The parties estimate that performance of this contract, exclusive of any fee, will not cost the Government more than (1) the estimated cost specified in the Schedule or, (2) if this is a cost-sharing contract, the Government's share of the estimated cost specified in the Schedule. The Contractor agrees to use its best efforts to perform the work specified in the Schedule and all obligations under this contract within the estimated cost, which, if this is a cost-sharing contract, includes both the Government's and the Contractor's share of the cost.

(b) The Contractor shall notify the Contracting Officer in writing whenever it has reason to believe that-

- (1) The costs the Contractor expects to incur under this contract in the next 60 days, when added to all costs previously incurred, will exceed 75 percent of the estimated cost specified in the Schedule; or
- (2) The total cost for the performance of this contract, exclusive of any fee, will be either greater or substantially less than had been previously estimated.

(c) As part of the notification, the Contractor shall provide the Contracting Officer a revised estimate of the total cost of performing this contract.

(d) Except as required by other provisions of this contract, specifically citing and stated to be an exception to this clause-

(1) The Government is not obligated to reimburse the Contractor for costs incurred in excess of (i) the estimated cost specified in the Schedule or, (ii) if this is a cost-sharing contract, the estimated cost to the Government specified in the Schedule; and

(2) The Contractor is not obligated to continue performance under this contract (including actions under the Termination clause of this contract) or otherwise incur costs in excess of the estimated cost specified in the Schedule, until the Contracting Officer (i) notifies the Contractor in writing that the estimated cost has been increased and (ii) provides a revised estimated total cost of performing this contract. If this is a cost-sharing contract, the increase shall be allocated in accordance with the formula specified in the Schedule.

(e) No notice, communication, or representation in any form other than that specified in paragraph (d)(2) of this clause, or from any person other than the Contracting Officer, shall affect this contract's estimated cost to the Government. In the absence of the specified notice, the Government is not obligated to reimburse the Contractor for any costs in excess of the estimated cost or, if this is a cost-sharing contract, for any costs in excess of the estimated cost to the Government specified in the Schedule, whether those excess costs were incurred during the course of the contract or as a result of termination.

(f) If the estimated cost specified in the Schedule is increased, any costs the Contractor incurs before the increase that are in excess of the previously estimated cost shall be allowable to the same extent as if incurred afterward, unless the Contracting Officer issues a termination or other notice directing that the increase is solely to cover termination or other specified expenses.

(g) Change orders shall not be considered an authorization to exceed the estimated cost to the Government specified in the Schedule, unless they contain a statement increasing the estimated cost.

(h) If this contract is terminated or the estimated cost is not increased, the Government and the Contractor shall negotiate an equitable distribution of all property produced or purchased under the contract, based upon the share of costs incurred by each.

(End of clause)

52.232-22 Limitation of Funds.

(Apr 1984)

LIMITATION OF FUNDS (APR 1984)

(a) The parties estimate that performance of this contract will not cost the Government more than (1) the estimated cost specified in the Schedule or, (2) if this is a cost-sharing contract, the Government's share of the estimated cost specified in the Schedule. The Contractor agrees to use its best efforts to perform the work specified in the Schedule and all obligations under this contract within the estimated cost, which, if this is a cost-sharing contract, includes both the Government's and the Contractor's share of the cost.

(b) The Schedule specifies the amount presently available for payment by the Government and allotted to this contract, the items covered, the Government's share of the cost if this is a cost-sharing contract, and the period of performance it is estimated the allotted amount will cover. The parties contemplate that the Government will allot additional funds incrementally to the contract up to the full estimated cost to the Government specified in the Schedule, exclusive of any fee. The Contractor agrees to perform, or have performed, work on the contract up to the point at which the total amount paid and payable by the Government under the contract approximates but does not exceed the total amount actually allotted by the Government to the contract.

(c) The Contractor shall notify the Contracting Officer in writing whenever it has reason to believe that the costs it expects to incur under this contract in the next 60 days, when added to all costs previously incurred, will exceed 75 percent of (1) the total amount so far allotted to the contract by the Government or, (2) if this is a cost-sharing contract, the amount then allotted to the contract by the Government plus the Contractor's corresponding share. The notice shall state the estimated amount of additional funds required to continue performance for the period specified in the Schedule.

(d) Sixty days before the end of the period specified in the Schedule, the Contractor shall notify the Contracting Officer in writing of the estimated amount of additional funds, if any, required to continue timely performance under the contract or for any further period specified in the Schedule or otherwise agreed upon, and when the funds will be required.

(e) If, after notification, additional funds are not allotted by the end of the period specified in the Schedule or another agreed-upon date, upon the Contractor's written request the Contracting Officer will terminate this contract on that date in accordance with the provisions of the Termination clause of this contract. If the Contractor estimates that the funds available will allow it to continue to discharge its obligations beyond that date, it may specify a later date in its request, and the Contracting Officer may terminate this contract on that later date.

(f) Except as required by other provisions of this contract, specifically citing and stated to be an exception to this clause-

(1) The Government is not obligated to reimburse the Contractor for costs incurred in excess of the total amount allotted by the Government to this contract; and

(2) The Contractor is not obligated to continue performance under this contract (including actions under the Termination clause of this contract) or otherwise incur costs in excess of-

(i) The amount then allotted to the contract by the Government or;

(ii) If this is a cost-sharing contract, the amount then allotted by the Government to the contract plus the Contractor's corresponding share, until the Contracting Officer notifies the Contractor in writing that the amount allotted by the Government has been increased and specifies an increased amount, which shall then constitute the total amount allotted by the Government to this contract.

(g) The estimated cost shall be increased to the extent that (1) the amount allotted by the Government or, (2) if this is a cost-sharing contract, the amount then allotted by the Government to the contract plus the Contractor's corresponding share, exceeds the estimated cost specified in the Schedule. If this is a cost-sharing contract, the increase shall be allocated in accordance with the formula specified in the Schedule.

(h) No notice, communication, or representation in any form other than that specified in paragraph (f)(2) of this clause, or from any person other than the Contracting Officer, shall affect the amount allotted by the Government to this contract. In the absence of the specified notice, the Government is not obligated to reimburse the Contractor for any costs in excess of the total amount allotted by the Government to this contract, whether incurred during the course of the contract or as a result of termination.

(i) When and to the extent that the amount allotted by the Government to the contract is increased, any costs the Contractor incurs before the increase that are in excess of-

(1) The amount previously allotted by the Government or;

(2) If this is a cost-sharing contract, the amount previously allotted by the Government to the contract plus the Contractor's corresponding share, shall be allowable to the same extent as if incurred afterward, unless the Contracting Officer issues a termination or other notice and directs that the increase is solely to cover termination or other specified expenses.

(j) Change orders shall not be considered an authorization to exceed the amount allotted by the Government specified in the Schedule, unless they contain a statement increasing the amount allotted.

(k) Nothing in this clause shall affect the right of the Government to terminate this contract. If this contract is terminated, the Government and the Contractor shall negotiate an equitable distribution of all property produced or purchased under the contract, based upon the share of costs incurred by each.

(l) If the Government does not allot sufficient funds to allow completion of the work, the Contractor is entitled to a percentage of the fee specified in the Schedule equalling the percentage of completion of the work contemplated by this contract.

252.232-7007 Limitation of Government's Obligation.

(Apr 2014)

LIMITATION OF GOVERNMENT'S OBLIGATION (APR 2014)

(a) Contract line item(s) _____ [Contracting Officer insert after negotiations] is/are incrementally funded. For this/these item(s), the sum of \$ _____ [Contracting Officer insert after negotiations] of the total price is presently available for payment and allotted to this contract. An allotment schedule is set forth in paragraph (j) of this clause.

(b) For item(s) identified in paragraph (a) of this clause, the Contractor agrees to perform up to the point at which the total amount payable by the Government, including reimbursement in the event of termination of those item(s) for the Government's convenience, approximates the total amount currently allotted to the contract. The Contractor is not authorized to continue work on those item(s) beyond that point. The Government will not be obligated in any event to reimburse the Contractor in excess of the amount allotted to the contract for those item(s) regardless of anything to the contrary in the clause entitled "Termination for Convenience of the Government." As used in this clause, the total amount payable by the Government in the event of termination of applicable contract line item(s) for convenience includes costs, profit, and estimated termination settlement costs for those item(s).

(c) Notwithstanding the dates specified in the allotment schedule in paragraph (j) of this clause, the Contractor will notify the Contracting Officer in writing at least ninety days prior to the date when, in the Contractor's best judgment, the work will reach the point at which the total amount payable by the Government, including any cost for termination for convenience, will approximate 85 percent of the total amount then allotted to the contract for performance of the applicable item(s). The notification will state (1) the estimated date when that point will be reached and (2) an estimate of additional funding, if any, needed to continue performance of applicable line items up to the next scheduled date for allotment of funds identified in paragraph (j) of this clause, or to a mutually agreed upon substitute date. The notification will also advise the Contracting Officer of the estimated amount of additional funds that will be required for the timely performance of the item(s) funded pursuant to this clause, for a subsequent period as may be specified in the allotment schedule in paragraph (j) of this clause or otherwise agreed to by the parties. If after such notification additional funds are not allotted by the date identified in the Contractor's notification, or by an agreed substitute date, the Contracting Officer will terminate any item(s) for which additional funds have not been allotted, pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(d) When additional funds are allotted for continued performance of the contract line item(s) identified in paragraph (a) of this clause, the parties will agree as to the period of contract performance which will be covered by the funds. The provisions of paragraphs (b) through (d) of this clause will apply in like manner to the additional allotted funds and agreed substitute date, and the contract will be modified accordingly.

(e) If, solely by reason of failure of the Government to allot additional funds, by the dates indicated below, in amounts sufficient for timely performance of the contract line item(s) identified in paragraph (a) of this clause, the Contractor incurs additional costs or is delayed in the performance of the work under this contract and if additional funds are allotted, an equitable adjustment will be made in the price or prices (including appropriate target, billing, and ceiling prices where applicable) of the item(s), or in the time of delivery, or both. Failure to agree to any such equitable adjustment hereunder will be a dispute concerning a question of fact within the meaning of the clause entitled "Disputes."

(f) The Government may at any time prior to termination allot additional funds for the performance of the contract line item(s) identified in paragraph (a) of this clause.

(g) The termination provisions of this clause do not limit the rights of the Government under the clause entitled "Default." The provisions of this clause are limited to the work and allotment of funds for the contract line item(s) set forth in paragraph (a) of this clause. This clause no longer applies once the contract is fully funded except with regard to the rights or obligations of the parties concerning equitable adjustments negotiated under paragraphs (d) and (e) of this clause.

(h) Nothing in this clause affects the right of the Government to terminate this contract pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(i) Nothing in this clause shall be construed as authorization of voluntary services whose acceptance is otherwise prohibited under 31 U.S.C. 1342.

(j) The parties contemplate that the Government will allot funds to this contract in accordance with the following schedule:

(End of provision)

SUBMISSION OF QUOTES

I. GENERAL

The quoter's quote shall be in the form prescribed by, and shall contain a response to each of the areas identified in, this solicitation section. The following instructions are provided in addition to instructions to quoters contained elsewhere in this solicitation.

All quotes and modifications thereto, including those offered by the Prime contractor and their subcontractors, SHALL be submitted through email by the closing date/time stated elsewhere in this solicitation in order to be considered. Failure to submit a complete quote prior to the solicitation closing date and time will render the quote late and unacceptable.

It is the responsibility of the Prime Contractor to make certain that all its subcontractors have been approved by the SeaPort-NxG MAC Contracting Officer to team together prior to the closing date and time of the solicitation.

Quoters shall submit their quote in two separate volumes:

Volume I: Non-Price Quote

-1 PDF File (PDF format should be searchable)

Volume II: Price Quote

-1 Microsoft Excel File and 1 PDF File (Unlocked Microsoft Excel format for the pricing spreadsheet and in searchable PDF description)

In addition to the above, quoters shall include the following in Volume II:

Solicitation cover sheet with appropriate blocks completed by the quoter

Acknowledgement of solicitation amendments pursuant to FAR 52.215-1 (if not previously provided)

Representations and Certifications completed by the quoter in accordance with instructions contained elsewhere in this solicitation. If the quoter has completed all of the representations and certifications required by this solicitation in SAM (www.sam.gov) in accordance with FAR 52.204-8 and DFARS 252.204-7007 ALT A, then the quoter need not submit the hardcopy Representations and Certifications.

The completion and submission of the above items will constitute a quote and will be considered the quoter's unconditional assent to the terms and conditions of this solicitation and any attachments and/or exhibits hereto. Quoters shall respond to all requirements of the solicitation document. Quoters are cautioned not to alter the solicitation. Any affirmative exception to the material terms and conditions of the solicitation will render the quote ineligible for award. Alternate quotes are not authorized. An objection to any of the terms and conditions of the solicitation will constitute a deficiency which will render the quote unacceptable as submitted.

In the event any person who is not a bona fide employee of the quote participated in the creation, formulation, or writing of any portion of the quote, a certificate to this effect shall be included in the quote which shall be signed by an officer of the quoter. Such certificate shall identify the name of the person who is not a bona fide employee, that person's employment capacity, the name of the person's firm, the relationship of that firm to the offeror, and the portion of the proposal in which the person participated.

If this solicitation is amended all terms and conditions that are not amended remain unchanged. Quoters shall acknowledge receipt of any amendment to this solicitation by the date and time specified in the amendment(s). Quotes provided in response to this solicitation shall be valid for 270 calendar days.

II. REQUIREMENTS FOR QUOTE CONTENT

(1) Do not include CLASSIFIED data in your quote

(2) Introduction and Purpose - this section specifies the format that the quoters should use in quotes submitted in response to this solicitation. The intent is not to restrict the quoters in the manner in which they will perform their work, but rather to ensure a certain degree of uniformity in the format of the quotes for evaluation purposes.

(3) File Format - The quoter shall ensure that electronic submissions are virus-free

-Volume I shall be in PDF format, which should be searchable

-Volume II shall be in unlocked Microsoft Excel format for the pricing spreadsheet and in a searchable PDF format for the narrative description.

(4) Each volume should contain the following items in addition to the other information required by this solicitation:

- Cover
 - The cover should indicate the following:

- Title of Quote
 - Volume Number (I or II)
 - Solicitation Number
 - Contractor Point of Contact (POC) with email address and phone number
 - Offeror Name, CAGE, Unique Entity ID Number, and Address of Offeror
- Table of Contents
 - The table of contents should provide detail sufficient to allow the important elements to be easily located.
 - The use of sectional hyperlinks is encouraged.

(5) Requirements for Style: Each quoter shall submit a quote that clearly and concisely sets forth the contractor's response to the requirements of the solicitation. Elaborate artwork, expensive paper or bindings, and expensive visual or other presentation aids are neither necessary nor desired. The quote shall contain all the pertinent information in sufficient detail in the one area of the quote where it contributes most critically to the discussion. When necessary, the offeror shall refer to the initial discussion and identify its location within its quote.

(6) Page Limitations: Volume I, "Non-Price Quote", is limited to a maximum of **fourteen (14)** pages in length inclusive of any charts, diagrams, and/or other graphics. Each "page" is defined as one sheet, 8 1/2" x 11", with at least one inch of margins on all sides, using a font with a point size of 10 or greater (e.g. "Times New Roman" style with 10 point font). Lines shall, at a minimum, be single-spaced. Pages shall be consecutively numbered. Multiple pages, double pages, two-sided pages, or foldouts will count as an equivalent number of 8 1/2" x 11" pages. The cover sheet, table of contents (not to exceed one page per volume), and dividers will not count toward the page limit. Exceptions to the font size requirement shown above is that the "corporate experience and past performance information forms", including any continuation sheets, and graphics may be completed with a point size of 10 or greater. Pages submitted in excess of the page limitations described above will not be evaluated. The Navy may exercise discretion in determining which specific pages are considered to be in excess of the page limitations.

Volume II, "Price Quote", does not apply any page limitation.

III. QUOTE CONTENT

(1) Volume I - Non-Price Quote

Volume I of the quote shall include all information required for the evaluation of the quoter's Non-Price Quote. It shall exclude any reference to the price aspects of the quote. Each page of each copy should include the following legend:

Source Selection Information - See FAR 2.101 and 3.104

The Non-Price Quote evaluation factors are listed below. The two non-price factors are Performance Approach and Past Performance where Performance Approach is of equal importance to Past Performance.

(a) Performance Approach

The quoter shall provide in detail a FORWARD-LOOKING performance approach that will successfully accomplish the requirements of the solicitation, including PWS.

The quoter should provide any other information the quoter considers relevant to its Performance Approach and successfully accomplishing the requirements of the solicitation, including PWS. Statements such as "the quoter understands", "will comply with the performance work statement", "standard procedures will be employed", "well known techniques will be used", and general paraphrasing of the performance work statement are considered inadequate. The Non-Price Quote must provide details concerning what the contractor will do and how it will be done. This includes a full explanation of the techniques, disciplines, and procedures proposed to be followed.

NOTE: If a quoter's Performance Approach is not rated at least "Acceptable", the quoter is ineligible for award and the remaining sections of Volume I will not be evaluated.

(b) Past Performance

The quoter shall demonstrate relevant past performance or affirmatively state that it possesses no relevant past performance. Relevant past performance is performance under contracts or efforts within the past three (3) years that is the same as, or similar to, the scope, magnitude, and complexity of the work described by this solicitation.

To demonstrate its past performance, the quoter shall identify up to two (2) of its most relevant contracts or efforts within the past three (3) years. The quoter should complete a "Past Performance Information Form" for each reference submitted. The quoter should provide a detailed explanation demonstrating the relevance of the contracts or efforts to the requirements of the solicitation. The quoter should also provide information on any problems encountered on the identified contracts or efforts and the quoter's corrective actions. The quoter may identify contracts or efforts for its proposed subcontractors among the two (2) of past performance references provided in its proposal. If subcontractor past performance is provided as part of the two (2) most relevant contracts or efforts, the subcontractor past performance will be given weight relative to the scope and magnitude of the aspects of the work under the solicitation that the subcontractor is proposed to perform. Therefore, the non-price quote shall detail clearly the aspects of the work in the solicitation that the subcontractor is proposed to perform. It is the quoter's responsibility to adequately explain the relevance of a reference provided for a subcontractor's past performance to the effort that the subcontractor is proposed to perform under the solicitation. Subcontractor past performance may not be considered if the quoter fails to adequately explain the relevance of the reference provided for the subcontractor's past performance to the effort that the subcontractor is proposed to perform under the solicitation.

Contract references for IDIQ contract vehicles shall provide the basic contract number and task order number. Such references that do not provide this information will not be reviewed or considered. For example, an IDIQ contract number, GSA Schedule contract, or BPA number will not be considered since performance occurs at the task order level. A singular task order number under one IDIQ contract equates to one effort. The government is evaluating a maximum of two (2) efforts.

The "Past Performance Information Form" is an attachment to the solicitation. The forms will count toward the Volume I page limit described above. For additional information regarding a particular reference beyond that which will fit on the form, the quoter may continue onto additional sheets of paper. Such continuation sheet(s) for submitted references will count toward the Volume I page limit.

The offeror should address its past performance in complying with requirements of the clauses at FAR 52.219-8, "Utilization of Small Business Concerns".

In order to receive credit for the past performance of an affiliate, the quote must clearly demonstrate that the affiliate will be meaningfully involved in performance of the solicited contract. That is, the resources of the affiliate, (e.g., workforce, management, facilities, or other resources that demonstrably contributed to the affiliate's performance on the submitted project(s)) will be provided or relied upon by the quoter for contract performance on the solicited requirement to an extent that warrants attribution of the affiliate's past performance to the quoter. While there may be multiple ways to demonstrate meaningful involvement, generally reach back capability to the affiliate's or common parent's resources alone does not establish meaningful involvement. The Navy will not consider an affiliate's record where it determines that record does not bear on the likelihood of successful performance by the quoter. The quoter should also describe the relationship between the quoter and the affiliate. If the quoter purchased or merged with the affiliate, the quoter should state the date of purchase/merger and whether the affiliate's personnel and resources were retained by the quoter after the purchase/merger. The Navy will

assess the narrative to determine whether, and to what degree, to attribute the affiliate's past performance to the quoter. If the quote lacks sufficient detail to establish meaningful involvement by the affiliate, the Navy, at its discretion, may decline to consider the past performance of the affiliate in the evaluation.

(2) Volume II - Price Quote

Volume II, "Price Proposal", is not page limited. Each page of each copy should include the following legend:

Source Selection Information - See FAR 2.101 and 3.104

The Price Quote in Volume II shall include the **solicitation pricing pages** completed by the quoter. The quoter shall include prices for each of the CLINs on the solicitation pricing pages and shall provide a total firm-fixed-price consisting of the total of all CLINs for the base period and all option periods. That total quoted price shall represent the quoter's firm-fixed-price for performance of all of the solicitation's requirements. For the purpose of preparing a price proposal, the quoter shall assume that the base period of performance shall be from 1 August 2026 through 1 April 2027 with four (4) one-year option performance periods. A firm-fixed-price is not subject to any adjustment on the basis of the contractor's cost experience in performing the contract. Place of Performance is detailed in the PWS.

The not-to-exceed travel amounts are \$90,000 for the base year and \$135,000 for each option year

Section M - Evaluation Factors for Award

EVALUATION FACTORS FOR AWARD

This task order is reserved only for those contractors determined to be viable in accordance with the STEP ONE submission instructions contained in the General Information section at the top of this solicitation and invited to submit a technical (non-price) and price quote in accordance with the instructions contained in Section L and M of this solicitation.

This Task Order is reserved for only those contractors that are identified as Small Businesses. Quotes from other contractors will not be considered.

The Navy will provide interested sources a fair opportunity in accordance with FAR 16.505(b) using the procedures and evaluation factors described in this provision. It is emphasized that this is a FAR 16.505 fair opportunity process intended to streamline the source selection and be minimally burdensome for both the Navy and IDIQ awardees interested in competing for this requirement. The procedures of FAR 15.3 do not apply to this source selection. While not an all-inclusive list, some examples of FAR 15.3 requirements that do not apply are the late is late rule, competitive range determinations, the FAR 15.3 rules for discussions, formal evaluation plans, and formal evaluation documentation. The contracting officer may communicate with a competitor at any time without regard to the FAR 15.3 rules concerning competitive range determinations and discussions. The contracting officer may also identify the competitor most likely to provide the best value and hold negotiations solely with that firm to finalize the order and/or exchanges more favorable terms for the Government.

EVALUATION CRITERIA AND THE BASIS FOR AWARD

(1) Quotes will be evaluated in accordance with the instructions set forth in Section L as well as the evaluation criteria contained in this section. The Government intends to award a contract resulting from this solicitation to the responsible quoter whose quote represents the best value after evaluation in accordance with the factors in the solicitation. The offeror's responses to the "**Submission of Quotes**" in Section L of the solicitation will form the basis of evaluation of proposals as follows: A rating that is less than "Acceptable" in any non-cost evaluation factor and/or less than a "Satisfactory Confidence" rating in the Past Performance evaluation factor will render a quote ineligible for award consideration as submitted. The evaluation of quotes will consider the quoter's non-cost quote more important than the quoter's cost quote.

(2) The non-price evaluation factors for this solicitation, which are of equal importance, are as follows:

Performance Approach

Past Performance

The non-cost factor of Performance Approach must be determined to be Acceptable or better in order to be eligible for award. If a quoter's Performance Approach is rated as less than "Acceptable", **that concludes the evaluation of that quote (i.e., Past Performance shall not be evaluated).**

In considering the relevance of a quoter's past performance, the past performance references provided by the quoter will be evaluated in the aggregate. If subcontractor past performance is provided as part of the two (2) of its most relevant contracts or efforts, the subcontractor past performance will be given weight proportional to the scope, magnitude, and complexity of the aspects of the work under the solicitation for which the subcontractor is proposed. The Government reserves the right to obtain information for use in the evaluation of past performance from any and all sources including sources outside of the Government. When a quoter is determined to

have relevant past performance, the quality of its relevant past performance will be evaluated. Quoters lacking relevant past performance history will not be evaluated favorably or unfavorably under the Past Performance factor. However, the quote of a quoter with no relevant past performance history, while not rated favorably or unfavorably for past performance, may not represent the most advantageous quote to the Government and, thus, may be an unsuccessful quote when compared to the quotes of other quoters. The evaluation of Past Performance is separate and distinct from the Contracting Officer's responsibility determination. The assessment of the offeror's past performance will be used as a means of evaluating how capable the offeror is of successfully accomplishing the requirements of the solicitation. In determining the rating for the Past Performance evaluation factor, the Government will give greater weight to the contracts or efforts which are determined to have greater relevance to the solicitation. A quoter whose past performance demonstrates either low or no expectation that the offeror will be able to successfully perform the required effort will be considered ineligible for award.

For all non-price factors (other than Past Performance), a quoter's quote must be determined to be "Acceptable" or better in order to be eligible for award. A rating that is less than "Acceptable" in any non-price evaluation factor and/or less than "Satisfactory Confidence" rating in the Past Performance evaluation factor will render the quote ineligible for award consideration as submitted. The Government reserves the right to issue a task order to other than the quoter with the lowest evaluated price or to other than quoter with highest rated non-price quote. The Government will evaluate quotes, for award purposes, from the quoter's total proposed price. The total proposed price is determined by adding together the proposed prices for all CLINs for the base period and all option periods. Evaluation of options shall not obligate the Government to exercise the option(s).

FAR Clauses Incorporated by Full Text

52.217-5 Evaluation of Options.

(Jul 1990)

EVALUATION OF OPTIONS (JULY 1990)

Except when it is determined in accordance with FAR 17.206(b) not to be in the Government's best interests, the Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. Evaluation of options will not obligate the Government to exercise the option(s).

(End of provision)
