

Question:

I am reaching out in reference to **Notice ID:** N0017826Q6710

I am currently working with the supplier on this quote and wanted to confirm whether the end user flows down **DFARS 252.225-7013**.

If you are able to provide a **duty-free clause/exemption in the contract**, we may be able to offer pricing **without including tariff charges**.

Kindly confirm at your earliest convenience so we can proceed accordingly.

Looking forward to your response.

Thank you.
