Statement of Work

C.1 OVERVIEW / BACKGROUND

The Library of Congress (Library) requires contract support for maintenance of its Empress Media Asset Management (eMAM) system. The Office of the Librarian's Design Office, Office of Communications and Multimedia Group (MMG) currently use the eMAM tracking all its produced media assets in a centralized system. The eMAM system was procured in FY24 and implemented during summer 2025. The first year of maintenance for the system was included as part of the initial procurement. On-going manufacturer support is required for the licensed users, and to ensure active support on the custom implementation of the system. Included with the annual maintenance will also be two business unit licenses which are being added to the system.

C.2 SCOPE

The contractor shall provide maintenance and business licenses for the Library's eMAM media asset management system.

C.3 REQUIREMENTS.

- Email support (Monday – Friday, 24 hours a day)
- Web chat support (Monday – Friday, 24 hours a day)
- Maintenance support shall last for one calendar year, from the period of performance start date.

The Business units shall enable each user to work in partitioned environment areas of the system with customized layouts within each of the interfaces. The business units must enable a new instance of Director, Ingest, Archive, and Delivery interfaces for use by the Library's Design Office and the Office of Communications.

The Contractor, or any entity or representative acting on behalf of the Contractor, may not refer to the equipment or services furnished pursuant to the provisions of this contract in any news release or commercial advertising, or in connection with any news release or commercial advertising, without first obtaining explicit written consent to do so from the Contracting Officer. Should any reference to such equipment or services appear in any news release or commercial advertising issued by or on behalf of the Contractor without the required consent, the Government will consider institution of all remedies available under applicable law.

(End of Clause)

H.2 LC52.204-3 INFORMATION SYSTEMS SECURITY (JUL 2024)

(1) Computer Security Policy. The Library requires anyone using or accessing its digital assets (including networks, servers, workstations, systems, data, web pages, and email) to protect them and use them only for official business, and only in accordance with Library regulations and applicable Library bargaining agreements. Unauthorized or inappropriate use may be grounds for termination or other contractual remedy.

(2) Privacy Policy. No one has the right to privacy while using any Library computer system, including internet or email services. Usage may be monitored.

(3) Level of Access. The Library's Host Office will determine the level of access to the Library's IT equipment, staff and software needed to successfully perform under this contract. Access may include, for example, email, word processing, internet, and intranet.

(4) Mandatory IT Security Training. Contractor staff must successfully complete mandatory information systems security training and access forms prior to use of or access to any of the Library's digital assets.

(a) The required training is available on the Library's learning management system, LOC Learn, at <https://www.loc.gov/extranet/cld/>. Library staff will provide further instructions upon onboarding.

(End of Clause)

H.3 LC52.204-4 CONTRACTOR EMPLOYEE FITNESS (SEP 2024)

"Contractor employee fitness" means fitness based on character and conduct for work for or on behalf of the Government as a contractor employee.

Work under this contract is unclassified. However, the Library of Congress shall conduct background investigations of contractor personnel who will have 1) regular, ongoing, unescorted access to the Library's buildings, grounds, or collections, 2) access to Library information technology systems, and/or 3) access to Library information not available to the public, including information determined to be Controlled Unclassified Information (CUI), to ensure they meet basic standards of honesty and trustworthiness pursuant to Library regulations. The Library does not determine the fitness of employees to work for the contractor firm that hires them. The Library's interest is in determining whether contractor

personnel should be granted greater access than the general public to Library facilities, Library information technology systems, and/or non-public Library information.

(1) Any access to non-public Library facilities, Library information technology systems, and/or non-public Library information will require a contractor employee fitness determination. All initial, existing, and reciprocal contractor employee fitness determinations will be subject to continuous vetting. Continuous vetting will vary based on position risk level. An example of continuous vetting is outlined in Trusted Workforce 2.0

(<https://www.performance.gov/trusted-workforce/> and <https://www.dcsa.mil/Personnel-Security/Continuous-Vetting/>).

(2) A favorable contractor employee fitness determination requires completion and successful adjudication of a security application request (release forms, fingerprints, and a full background investigation). To facilitate the fitness determination, the prospective contractor employee shall submit to the Library complete and accurate information as identified on the National Background Investigation Services (NBIS)'s eAPP (<https://eapp.nbis.mil>) or other system as provided by the Personnel Security Division (PSD). Contractors should anticipate a minimum of two weeks for the process, provided all requested information is timely, accurate and complete and that no adverse information is received. A background investigation generally will require that the candidate has cumulatively resided in the United States for at least three of the past five years. This requirement is subject to certain exceptions assessed on a case-by-case basis by PSD in accordance with established federal personnel vetting standards.

(3) After the contractor employee fitness determination, each contractor employee with a favorably adjudicated background investigation shall be enrolled in and subject to the Library's continuous vetting process. Enrollment in the Library's continuous vetting process also requires enrollment in the Federal Bureau of Investigation (FBI) Record of Arrest and Prosecution Background ("Rap Back") program, which provides the Library with notification of any criminal activity by the enrollee. Upon enrollment in Rap Back, the Library shall provide each enrollee with a notification of their rights with respect to the collection and use of their fingerprints and to the accuracy of the information obtained from Rap Back, as well as a copy of the FBI Privacy Act Statement that describes how FBI may use their fingerprint images.

(4) The fact that the Library may conduct background investigations and continuous vetting on assigned contractor personnel does not relieve the contractor of the responsibility to provide qualified, reliable personnel of sound character and conduct. This includes providing contractor personnel who can maintain compliance with the Library's requirement of a drug-free workplace and federal laws regarding controlled substances (see the Controlled Substances Act, 21 U.S.C. § 801 et seq. for the definition of controlled substances). In the event that drug testing is required for a contractor employee to obtain a favorable fitness determination, the contractor will be responsible for bearing the costs of such testing, conducting the testing in a manner consistent with federal vetting standards, which are based on the testing protocols published by the Substance Abuse and Mental Health Services Administration (SAMHSA), and providing the results to the Library.

(5) The Library may require removal of contractor staff from Library facilities and revocation of access to Library information technology systems and non-public Library information if investigative results raise concerns regarding a contractor employee's fitness or the contractor employee is non-compliant with the Library's instructions or requests for information during the vetting process. In such cases, the Contracting Officer (CO) or Contracting Officer Representative (COR) will notify the contractor of the unfit determination and need for the contractor employee to return all government equipment such as badges, keys and network tokens if issued. Contractor management staff may be required to escort the contractor employee from Library premises.

(6) The contractor will ensure the COR and CO are notified of all changes to those contractor personnel performing work on this contract that require non-public access.

(h) *Certification Regarding Responsibility Matters* (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) [] Are, [] are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(3) [] Are, [] are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) [] Have, [] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104–5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
