SECTION C- STATEMENT OF WORK

1.0 GENERAL REQUIREMENTS

The Contractor shall provide all labor, supervision, quality control, tools, equipment and transportation necessary to provide janitorial services to the Bureau of Land Management (BLM) Fields Facility building.

2.0 LOCATION DESCRIPTION

The BLM Fields Facility building is located at 41339 Williams Creek Lane, Fields, OR 97710, in Harney County, Oregon. The facility is used as a bunkhouse and office and is approximately 2,000 square feet. The facility includes a living room, kitchen, two (2) rest rooms, and eight (8) bedrooms.

The facility may have as many as 300 occupants per year, with lower attendance during the winter months and an increase during the summer months.

3.0 DEFINITIONS

As used throughout this contract, the following terms shall have the meaning set forth below.

- a. Contracting Officer (CO). The CO is a person with the authority to enter into, administer, and/or terminate contracts and make related determinations and findings.
- b. Contractor. The term Contractor as used herein refers to both the Prime Contractor and any subcontractors. The Prime Contractor shall ensure that his/her subcontractors comply with provisions of this contract.
- c. Contracting Officer's Representative (COR). The COR is an employee designated to administer the technical aspects of this procurement. The COR is authorized to clarify the technical requirements and to review and approve work which is clearly within the scope of work. The COR is NOT authorized to issue changes pursuant to the changes clause or to in any other way modify the scope of work. If this contract contains technical direction clauses, the COR is designated as the official authorized to enforce those technical directions.
- d. Clean. Defined as free of dirt, dust, spots, streaks, stains, smudges, litter, debris and other residue.
- e. Disinfect. Cleaning in order to destroy any harmful micro organisms by application of an approved chemical agent.
- f. Frequency of Service.
 - (1) High Season - Services shall be performed during the High Season two (2) times per week, Wednesday and Saturday or Sunday, from May 1 - October 31.

Low Season - During the Low Season from November 1 - April 30, services shall be performed once a week, Saturday or Sunday.
 - (2) Monthly cleaning of appliances and windows shall be performed once per month. Semi-annual wipe down of walls shall be performed two (2) times per year. Quarterly services shall be performed four (4) times per year. Additional cleanings may be required during special events throughout the year, with not less than two(2) weeks' notice prior to the event(s), with prior notice provided when possible.

g. Regular Working Hours. The Government's regular working hours for the Fields Facility building are from 7:30 a.m. to 4:30 p.m., Monday through Friday, except Federal holidays.

4.0 GOVERNMENT SUPPLIED ITEMS

4.1 Availability of Utilities. The Government will furnish the following utility services at existing outlets required for the work to be performed under the contract: electricity, fresh water, and sewage service. Information concerning the location of existing outlets may be obtained from the COR. Utilities specified above will be furnished at no cost to the Contractor.

4.2 Supplies provided by the Government include:

- Fluorescent light bulbs
- Toilet paper
- Paper towels
- Laundry detergent
- Garbage bags
- Light bulbs

5.0 CONTRACTOR-FURNISHED ITEMS

SECTION E- INSPECTION AND ACCEPTANCE

1.0 QUALITY CONTROL

The Contractor shall be responsible for the quality of services provided under the contract, to include those provided by subcontractors, in accordance with acceptable quality performance levels. The Contractor shall re-perform work at no cost to the Government which does not meet contract requirements, unless otherwise directed by the COR.

1.1 Quality Assurance. The Contractor shall achieve an acceptable performance rating in accomplishing the tasks and services listed herein. The performance rating will be based on the results of an inspection process that the Government will administer using the Quality Assurance Surveillance Plan (Attachment 2) . The Government will inspect services under this contract to assess the Contractor's overall performance. The results of the inspections will determine overall satisfaction with various services provided, focusing primarily on the time lines and quality of these services,

1.2 Performance Evaluation. The Contractor shall participate in conference calls and/or meetings with the COR and the CO to review contract performance. Discussions shall include review of contract performance, issues, suggestions for changes in the business process, etc. In the event performance problems exist, the parties will discuss to achieve a mutual resolution.

1.3 Suggested Action. When the Contractor has been informed of defective services, the Contractor shall re-work the task or service if re-work is possible. The COR will evaluate the defective service and the impact thereof. The COR may document the defects on a Contractor Discrepancy Report (CDR) and not allow further expenditure of resources for rework. In the event of re-work, the time of Contractor notification will serve as the beginning of the re-work period. If, at the completion of the rework, the task or service is still unacceptable, then another CDR will be submitted. The Contractor's Program Manager will again be required to sign and date a CDR to be submitted to the COR.

2.0 SAFETY REQUIREMENTS

All Contractor personnel shall comply with all applicable Federal, State, and local laws while engaged in the performance of this contract to include safety policies and regulations established by the BLM. All hard copy publications are available via the referenced Web sites below. Supplements or amendments to listed publications may be issued during the life of the contract.

2.1 Occupational Safety and Health. The Contractor shall comply with all provisions of the William-Steiger Occupational Safety and Health Act of 1970, all applicable safety and health regulations that have been promulgated by the Secretary of Labor under the Williams-Steiger Occupational Safety and Health Act of 1970, to include 29 Code of Federal Regulation (CFR) Part 1910 (Occupational Safety and Health Standards), and all applicable safety and health codes and standards of the State and local jurisdictions where the work is to be performed. Periodic inspections will be made by the Government to ensure safe and healthy working conditions. Provisions of the William-Steiger Occupational Safety and Health Act of 1970 and the Occupational Safety and Health Standards can be found at the following links:

(1) William-Steiger Occupational Safety and Health Act of 1970

2.1.2 Safety, Health and Environmental Requirements. The Contractor shall ensure that personnel comply with all BLM safety, health, fire protection, and security policies, guidelines, and directives. The Contractor shall ensure safety in the assigned work areas, and shall identify safety hazards to the COR. Before any work is performed, the

Contractor shall advise persons performing the work of any hazards involved.

2.1.3 Energy Conservation. The Contractor shall participate in Government utility conservation and resource recycling programs. The Contractor shall instruct all personnel in energy and resource conservation practices and shall require them to operate utilities under conditions that preclude wasteful use of energy. Current recycling programs include aluminum cans, paper, and printer ink cartridges. Federal guidelines concerning recycling can be found at <http://www.ofee.gov>.

3.0 The Quality Assurance Surveillance Plan (Attachment 2) will be used to determine performance.

3.1 Acceptable Quality Level: The requirements outlined in the Schedule of Services (Attachment 3) shall be performed in accordance with the Statement of Work and to the quality level outlined in the Performance Standards listed in the in section 4.0.

3.2 Scheduled services will be randomly sampled on a weekly basis by the COR at each location to assure their satisfactory completion. If one or more of the services are not completed in compliance with the contract requirements the Contractor shall be subject to payment deductions. If the work is of unacceptable quality, the Government ,may require the Contractor to re-perform the work.

4.0 PERFORMANCE STANDARDS.

4.1 Minimum Acceptable Standards: Contractor shall meet the following minimum performance standards.

4.2 Following cleaning, all clean areas shall be free from dust, stains, etc, Baseboards shall be free of watermarks, scars, or marks from cleaning equipment striking or splashing surfaces. 4.4 Wastebaskets, Trash Containers - The inside and outside surfaces shall have been washed or damp wiped, odor free, and disinfected weekly. Trash bags or liners shall be changed weekly or as necessary should food, other residue, or sanitary refuse exist. Emptying of outside trash receptacles shall be serviced weekly or as necessary. All trash containers inside the buildings shall be emptied semi-weekly during the high season and weekly during the low season.

4.5 Mirrors and Glass - Mirrors shall have a clean and bright appearance. Glass shall be clean and completely free of dirt, dust, oxidation buildup, and spots, resulting from irrigation and any other foreign matter. Glass shall be completely clean along edges and in comers. Glass entry doors shall be cleaned weekly and clean of streaks, prints, and spots.

4.6 Cleaning - All floors shall be clean and free of dirt streaks. No dirt shall be left in comers, behind pillars, under furniture, behind doors, or left in entryway or hall. Entrances shall be clean of all dirt and trash. No dirt shall be left where sweepings were picked up. There shall be no dirt, dust, or any foreign matter under desks, tables, or chairs. Areas requiring disinfecting shall be free from fungus, mold, or germs.

4.7 Mopping and Scrubbing - The floors shall be clean and free of dirt, water streaks, mop marks, strings, etc., to present an overall appearance of cleanliness. All surfaces shall be dry and comers and cracks clean. Mopping of uncarpeted flooring shall be done weekly. Deep cleaning or scrubbing of uncarpeted surfaces shall be done quarterly.

4.8 Rest Rooms - All porcelain surfaces shall be free of calcium buildup, odors, dirt, or stains in comers or underside of sinks and toilets. All metal surfaces, including door handles, shall be clean and bright with a polished appearance. All painted surfaces (partitions, walls, etc.) shall be free of dirt, dust, splatters, and cobwebs. All surfaces shall be clean with no water or cleaner streaks evident. Fixtures shall be clean and bright. There shall be no dust, spots, stains, rust, green encrustations, or excess moisture. Toilets, sinks, partitions and trash containers shall be odor-free.

4.9 Other Surfaces

4.9.1 Fixtures, door handles, water fountains, towel dispensers, washbasins, all bright metal surfaces, light fixtures, shall be clean and bright and completely free of stains, rust oxidation buildup, or excess moisture.

4.9.2 Upholstered furniture and bases, tables, chairs, woodwork, walls, entrance doors, walkway and entrance ceilings, moveable office partitions, moldings, and air vents shall be free of smudges, marks, spots, dirt and debris, without discoloration.

4.9.3 Telephones shall have all soiled spots removed and cleaned with disinfected treating cloth.

5.0 Service Schedule Communication, Notification, and Completion.

5.1 Contractor shall provide a schedule of performance for annual, semi-annual, and quarterly services with notification to the COR of the anticipated completion dates. Contractor will be required to obtain approval from the COR of any deviation from their expressed schedule.

5.2 Communication between the Contractor and COR shall be maintained monthly with the Contractor's acknowledgement of weekly communication. General communication shall be maintained by means of a Government provided notebook at the facility location with written comments or needs from the Government and a weekly acknowledgement from the Contractor. If the Contractor needs assistance or has issues, they shall notify the COR by phone or email as communication through the appointed notebook may be overlooked and not addressed immediately. The Contractor shall not communicate situations or needs to other Government employees and only communicate with the CO or COR.

6.0 Inventory

The Burns BLM District Office personnel will maintain, at a minimum, a one week supply of toilet paper, paper towels, toilet protectors, hand and laundry soap at the Fields Facility. The COR will inspect storage location to ensure that adequate supplies are maintained.

(End of Inspection and Acceptance)

SECTION F – DELIVERIES OR PERFORMANCE

F.1.0 PERIOD OF PERFORMANCE

Base Period: 06/01/2026 – 05/31/2027

Option Period 1: 06/01/2027 – 05/31/2028

Option Period 2: 06/01/2028 – 05/31/2029

Option Period 3: 06/01/2029 – 05/31/2030

Option Period 4: 06/01/2030 – 05/31/2031

F.2.0 PROGRESS PLAN

At the prework conference, the Contractor shall provide to the COR a written "work progress plan" that details its proposed work force and schedule to provide for orderly completion of the work within the contract performance time. This work schedule must be acceptable to the Government. At a minimum, the schedule must reflect a work progress rate equal to the available amount of contract performance time.

F.3.0 STOP WORK ORDER

The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage.

Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-

- (1) Cancel the stop-work order; or
- (2) Terminate the work covered by the order as provided in contract clause 52.212-4.

If a stop-work order is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work.

The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-

- (1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
- (2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.

If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

(End of Section F)

SECTION G – CONTRACT ADMINISTRATION DATA

The following local clauses are provided in full text:

CONTRACTOR PERFORMANCE ASSESSMENT REPORTING SYSTEM (JULY 2010)

(a) FAR 42.1502 directs all Federal agencies to collect past performance information on contracts. The Department of the Interior (DOI) has implemented the Contractor Performance Assessment Reporting System (CPARS) to comply with this regulation. One or more past performance evaluations will be conducted in order to record your contract performance as required by FAR42.15.

(b) The past performance evaluation process is a totally paperless process using CPARS. CPARS is a web-based system that allows for electronic processing of the performance evaluation report. Once the report is processed, it is available for Government use in evaluating past performance as part of a source selection action.

(c) We request that you furnish the Contracting Officer with the name, position title, phone number, and email address for each person designated to have access to your firm's past performance evaluation(s) for the contract no later than 30 days after award. Each person granted access will have the ability to provide comments in the Contractor portion of the report and state whether or not the Contractor agrees with the evaluation, before returning the report to the Assessing Official. The report information must be protected as source selection sensitive information not releasable to the public.

(d) When your Contractor Representative(s) (Past Performance Points of Contact) are registered in CPARS, they will receive an automatically-generated email with detailed login instructions. Further details, systems requirements, and training information for CPARS is available at <https://www.cpars.gov/>. The CPARS User Manual, registration for On Line Training for Contractor Representatives, and a practice application may be found at this site.

(e) Within 60 days after the end of a performance period, the Contracting Officer will complete an interim or final past performance evaluation, and the report will be accessible at <https://www.cpars.gov/>. Contractor Representatives may then provide comments in response to the evaluation, or return the evaluation without comment. Comments are limited to the space provided in Block 22. Your comments should focus on objective facts in the Assessing Official's narrative and should provide your views on the causes and ramifications of the assessed performance. In addition to the ratings and supporting narratives, blocks 1 - 17 should be reviewed for accuracy, as these include key fields that will be used by the Government to identify your firm in future source selection actions. If you elect not to provide comments, please acknowledge receipt of the evaluation by indicating "No comment" in Block 22, and then signing and dating Block 23 of the form. Without a statement in Block 22, you will be unable to sign and submit the evaluation back to the Government. If you do not sign and submit the CPAR within 30 days, it will automatically be returned to the Government and will be annotated: "The report was delivered/received by the contractor on (date). The contractor neither signed nor offered comment in response to this assessment." Your response is due within 30 calendar days after receipt of the CPAR.

(f) The following guidelines apply concerning your use of the past performance evaluation:

(1) Protect the evaluation as "source selection information." After review, transmit the evaluation by completing and submitting the form through CPARS. If for some reason you are unable to view and/or submit the form through CPARS, contact the Contracting Officer for instructions.

(2) Strictly control access to the evaluation within your organization. Ensure the evaluation is never released to persons or entities outside of your control.

(3) Prohibit the use of or reference to evaluation data for advertising, promotional material, preaward surveys, responsibility determinations, production readiness reviews, or other similar purposes.

(g) If you wish to discuss a past performance evaluation, you should request a meeting in writing to the Contracting Officer no later than seven days following your receipt of the evaluation. The meeting will be held in person or via telephone or other means during your 30- day review period.

(h) A copy of the completed past performance evaluation will be available in CPARS for your viewing and for Government use supporting source selection actions after it has been finalized.

(End of clause)

ELECTRONIC INVOICING AND PAYMENT REQUIREMENTS – INVOICE PROCESSING PLATFORM (IPP) (FEB 2021)

Payment requests must be submitted electronically through the U.S. Department of the Treasury’s Invoice Processing Platform System (IPP).

“Payment request” means any request for contract financing payment or invoice payment by the Contractor. To constitute a proper invoice, the payment request must comply with the requirements identified in the applicable Prompt Payment clause included in the contract, or the clause 52.212-4 Contract Terms and Conditions – Commercial Products or Commercial Services included in commercial products or commercial services contracts. The IPP website address is: <https://www.ipp.gov>.

Under this contract, the following documents are required to be submitted as an attachment to the IPP invoice

1. Invoice billed according to contract line items and rates.

The Contractor must use the IPP website to register access and use IPP for submitting requests for payment. The Contractor Government Business Point of Contract (as listed in SAM) will receive enrollment instructions via email from the Federal Reserve Bank of St. Louis (FRBSTL) within 3 – 5 business days of the contract award date. Contractor assistance with enrollment can be obtained by contacting the IPP Production Helpdesk via email IPPCustomerSupport@fiscal.treasury.gov or phone (866) 973-3131.

If the Contractor is unable to comply with the requirement to use IPP for submitting invoices for payment, the Contractor must submit a waiver request in writing to the Contracting Officer with its proposal or quotation.

(End of Local Clause)

(End of Section G)

SECTION H – SPECIAL CONTRACT REQUIREMENTS

H.2.0 ACCESS

In the event of a site/facility closure, the Contractor shall not perform or make deliveries to the site/facility until it is reopened by the Government, unless otherwise instructed by the Contracting Officer or their designated representative.

H.3.0 WORK HOURS

Unless otherwise specified in Section C, Specifications, work hours under this contract shall be limited to the time between one-half hour before sunrise to one-half hour after sunset each day. No work will be done on Saturday, Sunday, or Federal holidays unless authorized by the COR.

H.4.0 ENVIRONMENTAL INTERRUPTION OF WORK

H.4.1 Environmental - The Contracting Officer, by issuance of a suspend work order, may direct the Contractor to shut down any work that may be subject to damage due to weather conditions, fire danger, or because it is impracticable to work during the winter season. The Contractor will be given a resume work order which will document the date the work suspension ends. An allowance has been included in the contract time for all environmental delays. The count of contract time will therefore continue during all periods of suspension due to normal weather conditions, including fire danger. The Contractor will not be entitled to additional contract time for any suspensions except to the extent that they are due to unusually severe weather conditions. The Contractor will not be entitled to additional monetary compensation for such suspensions regardless of duration.

H.4.2 Endangered Species - The Government may direct the Contractor to discontinue all operations in the event that listed or proposed threatened or endangered plants or animals protected under the Endangered Species Act of 1973, as amended, or Federal candidate (Category 1 and 2), sensitive or state listed species, identified under BLM Manual 6840, are discovered to be present in or adjacent to the project area.

H.5.0 PRESERVATION OF HISTORICAL AND ARCHEOLOGICAL DATA

H.5.1 Public Law 93-291, May 24, 1974, provides for the preservation of scientific, prehistorical, and archeological data (including relics and specimens) which might otherwise be lost due to alteration of the terrain as a result of any Federal construction project.

H.5.2 The Contractor agrees that should any contractor employee, in the performance of this contract, discover evidence of possible scientific, prehistorical, historical, or archeological data the contractor will notify the Contracting Officer immediately in writing giving the location and nature of the findings.

H.5.3 Where appropriate by reason of discovery, the Contracting Officer may order delays in the time of performance and/or changes in the work. If such delays and/or changes are ordered, the time of performance and contract price shall be adjusted in accordance with the applicable clauses in the Contract Clauses Section of this contract.

H.5.4 The Contractor agrees to insert this requirement in all subcontracts which involve the performance of work on the terrain of the site.

H.6.0 ENVIRONMENTAL IMPACT

All waste materials generated by any work under the contract performed on a Government installation shall at all times be handled, transported, stored, and disposed of by the contractor and by his subcontractors in accordance with all applicable Federal, state, and local laws, ordinances, regulations, court orders, and other types of rulings having

the effect of the law, including, but not limited to Executive Order 12088, 13 October 1978, Federal Compliance with Pollution Control Standards; the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 ET SEQ); the Clean Air Act as amended (42 U.S.C. Sec 7401 ET SEQ); the Endangered Species Act, as amended (16 U.S.C. Sec 1531, ET SEQ); the Toxic Substances Control Act, as amended (15 U.S.C. Sec 2601, ET SEQ); the National Historic Preservation Act, as amended (16 U.S.C. Sec 470, ET SEQ); the Solid Waste Disposal Act, as amended (42 U.S.C. 6901 ET SEQ); and the Archaeological and Historic Preservation Act, as amended (16 U.S.C. Sec 469, ET SEQ). Should the United States Government be held liable for any neglect or improper actions by the contractor or any subcontractor regarding removal or disposal of any hazardous waste, the contractor shall reimburse the Government for all such liability.

H.7.0 HAZARDOUS MATERIALS

Any material suspected of being hazardous that is encountered during performance of a project shall immediately be brought to the attention of the Contracting Officer, at which time a determination will be made as to whether hazardous material testing shall be performed. If the Contracting Officer directs the contractor to perform tests, and/or the material is found to be of a hazardous nature requiring additional protective measures, a contract modification may be required, subject to equitable adjustment under the terms of the contract. The contractor is advised that friable and/or non-friable asbestos-containing material may be encountered in project areas. Friable asbestos-containing material is any material that contains more than one percent asbestos by weight, and that hand pressure can crumble, pulverize or reduce to powder when dry. Non-friable asbestos containing materials are materials in which asbestos fibers are bound by a matrix material, saturation, impregnation or coating.

Non-friable asbestos-containing materials do not normally release airborne asbestos fiber during routine handling and end-use. However, excessive fiber concentrations may be produced during uncontrolled abrading, sanding, drilling, cutting, machining, removal, demolition, or other similar activities. 29 CFR 1910.1001 shall be referenced in the event asbestos-containing materials are encountered. Friable asbestos-containing materials are not authorized for use in new construction or maintenance projects.

H.9.0 RESTORATION OF RESOURCES

H.9.1 Cleanup - The Contractor is responsible for cleaning up all camp and worksites before leaving the area. Final payment or other alternative deemed feasible may be withheld until the Contractor has complied with this requirement.

H.9.2 Site and Access Roads – Site and public or private access roads negligently damaged by the Contractor shall be restored to the same condition they were in at the commencement of work, at the expense of the Contractor.

H.10.0 UNAUTHORIZED PERSONNEL

The contractor shall inform all personnel working under his jurisdiction (including subcontractor and visiting supplier personnel) that access to restricted areas outside of the immediate work area; excluding direct haul and access routes, contracting and Civil Engineering offices and points of supply and storage; is prohibited. Circulation of said personnel will be limited to official business only. Persons in violation of the above will be apprehended and appropriately disciplined.

H.13.0 FIRE DANGER SEASON

If the COR allows the Contractor to continue work during periods of declared fire danger or season, the Contractor shall comply with all applicable state laws relating to fire prevention and with all special conditions of work as directed by the COR and outlined in the attachment at the end of this section.

FIRE REQUIREMENTS PROCEDURES OUTLINE

This outline covers the fire protection requirements of a contractor or private party who performs service or construction contracts on BLM land. In western Oregon, the BLM allows Oregon Forest Law (ORS) and Oregon Administrative Rules (OAR) to apply to these operations on BLM lands rather than develop similar rules applicable only to BLM lands.

1. CLOSED FIRE SEASON

The closed fire season means that fire season has been declared. ORS 477.505 gives the State Forester the authority to establish the fire season. The authority has been delegated to the District Foresters around the state who issue public notices through the newspapers and radio when fire season will be closed for their individual districts. Closed fire season depends upon the drying of forest fuels, rainfall, and time of year. During the closed fire season, the following requirements must be met:

Fire tools must be on site;

Fire extinguisher must be in all vehicles;

Chainsaws must have a .023-inch mesh screen installed in the exhaust;

Only unmodified saws are to be used in the forest;

Approved spark arresters must be on all internal combustion engines;

Watchman service must be provided for 3 hrs after shutdown of power equipment for the day;

No smoking is permitted while working or traveling through any operations area in the forest;

No use of explosives is permitted unless approved by the State Forester's representative;

Permits to burn are required unless waived by a representative of the State Forester.

Permits to operate power-driven machinery shall be obtained by the Contractor prior to commencing operations unless waived by a representative of the State Forester (ORS 47.625).

Changes or modifications to the above requirements are possible depending upon changes in State of Oregon law and requirements of the State Districts and Protective Associations.

2. FIRE PRECAUTION LEVELS

There are 4 fire precaution levels that begin with level 1 at the start of the closed fire season and can go through level 4 if conditions warrant. The fire precaution levels restrict certain forest operations as the fire danger increases. It is the responsibility of the individual operating on forest land to know the precaution level for the day and take the correct fire precautions. There are no precaution levels prior to the closed fire season. Each fire precaution level requires adherence to the restrictions applicable to all lower levels in addition to the limits placed by that level.

Level 1 is the lowest level of fire danger usually occurring early in the season and perhaps again after significant rainfall during the season. All requirements listed above apply. Waivers may be issued by the State Districts or Protective Associations and these MUST be approved by the BLM. Waivers will only be considered if the conditions on the work site are not as severe as predicted. The requirements for fire tools on site, screens installed in saws, and fire extinguishers with saws will not be waived.

Level 2 is the partial hootowl where saws can operate from first light in the morning until 1:00 p.m. in the afternoon. From 1:00 p.m. until the end of the day saws are to be shut down. Waivers for operating beyond the 1:00 p.m. shutdown will be evaluated on a site-by-site basis.

Level 3 is the partial shutdown of all forest industrial operations and shuts down contractor operations with few exceptions. Waivers may be issued on a site-by-site basis.

Level 4 is the general shutdown of all contractor operations. Waivers will not be issued. Landowners are permitted entry into their lands.

ORS. 477.066 requires that an operator on forest land take immediate action to control and extinguish a fire on forest land. The contractor shall take this action and notify the BLM and the nearest State of Oregon District office immediately.

OAR. 629-43-030 requires watchmen to be:

Physically capable and experienced in operating any firefighting equipment on site.

On duty for 3 hours after the shutdown of the last power-driven equipment for the day.

Furnished adequate facilities for transportation and communications in order to summon assistance if needed.

Patrolling and visually inspecting all sites where work was done during the day.

3. FIRE TOOLS REQUIRED DURING CLOSED FIRE SEASON

The operator/contractor shall furnish fire tools to all personnel on site using the following combinations.

		NUMBER OF PERSONNEL_____									
1- 4	5	6	7	8	9	10	11	12	13	14	
KIND OF TOOLS		NUMBER OF TOOLS REQUIRED_____									
Pulaskis	1	1	1	1	1	2	2	2	2	2	
Shovels	2	2	3	3	3	3	4	4	5	5	
Hazel hoes	1	2	3	3	4	5	5	5	6	6	6

In addition to the above handtools, the operator/contractor must provide a backpack pump can filled with water located with the tool box in a readily available area.

All shovels are to be size 0 or larger, long handled. All tools shall be sharp and ready for service. Fire extinguishers as follows:

For chainsaws - 8 oz. capacity by weight.

For vehicles - UL rating of at least 4 BC.

4. ADDITIONAL WATER SUPPLY

Contractor shall comply with ORS 477.615 during fire season when inside or within one-eighth of one mile of a state forest protection district and furnish additional water supply and equipment for use in fire suppression in conformity with the rules promulgated by the Oregon State Forester, when directed by the Oregon State Forester in writing. When required, all water supply and equipment components shall be maintained and ready for immediate use.

During fire season when operating a stationary internal combustion engine inside or within one eighth of one mile of a state forest protection district, Contractor shall comply with ORS 477.650 and provide a water supply, with equipment for its use in fire suppression for each engine, in conformity with the rules promulgated by the Oregon State Forester. All water supply and equipment components shall be maintained and ready for immediate use.

The following clauses are provided in full text:

52.217-8 OPTION TO EXTEND SERVICES (NOV 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 60 days of contract expiration.

(End of Clause)

52.217-9 – OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 30 days provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 30 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 5 years.

(End of Clause)

52.252-2 CLAUSES INCORPORATED BY REFERENCE (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es):

<https://acquisition.gov/>

(End of Clause)

52.252-6 AUTHORIZED DEVIATIONS IN CLAUSES (APR 1984)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of “(DEVIATION)” after the date of the clause.

(b) The use in this solicitation or contract of any Department of the Interior Acquisition Regulation (48 CFR Chapter 14) clause with an authorized deviation is indicated by the addition of “(DEVIATION)” after the name of the regulation.

(End of Clause)

1452.201-70 AUTHORITIES AND DELEGATIONS (SEP 2011)

(a) The Contracting Officer is the only individual authorized to enter into or terminate this contract, modify any term or condition of this contract, waive any requirement of this contract, or accept nonconforming work.

(b) The Contracting Officer will designate a Contracting Officer's Representative (COR) at time of award. The COR will be responsible for technical monitoring of the contractor's performance and deliveries. The COR will be appointed in writing, and a copy of the appointment will be furnished to the Contractor. Changes to this delegation will be made by written changes to the existing appointment or by issuance of a new appointment.

(c) The COR is not authorized to perform, formally or informally, any of the following actions:

(1) Promise, award, agree to award, or execute any contract, contract modification, or notice of intent that changes or may change this contract;

(2) Waive or agree to modification of the delivery schedule;

(3) Make any final decision on any contract matter subject to the Disputes Clause;

(4) Terminate, for any reason, the Contractor's right to proceed;

(5) Obligate in any way, the payment of money by the Government.

(d) The Contractor shall comply with the written or oral direction of the Contracting Officer or authorized representative(s) acting within the scope and authority of the appointment memorandum. The Contractor need not proceed with direction that it considers to have been issued without proper authority. The Contractor shall notify the Contracting Officer in writing, with as much detail as possible, when the COR has taken an action or has issued direction (written or oral) that the Contractor considers to exceed the COR's appointment, within 3 days of the occurrence. Unless otherwise provided in this contract, the Contractor assumes all costs, risks, liabilities, and consequences of performing any work it is directed to perform that falls within any of the categories defined in paragraph (c) prior to receipt of the Contracting Officer's response issued under paragraph (e) of this clause.

(e) The Contracting Officer shall respond in writing within 30 days to any notice made under paragraph (d) of this clause. A failure of the parties to agree upon the nature of a direction, or upon the contract action to be taken with respect thereto, shall be subject to the provisions of the Disputes clause of this contract.

(f) The Contractor shall provide copies of all correspondence to the Contracting Officer and the COR.

(g) Any action(s) taken by the Contractor, in response to any direction given by any person acting on behalf of the Government or any Government official other than the Contracting Officer or the COR acting within his or her appointment, shall be at the Contractor's risk.

(End of clause)

1452.203-70 RESTRICTIONS ON ENDORSEMENTS—DEPARTMENT OF THE INTERIOR (JUL 1996)

The Contractor shall not refer to contracts awarded by the Department of the Interior in commercial advertising, as defined in FAR 31.205-1, in a manner which states or implies that the product or service provided is approved or endorsed by the Government, or is considered by the Government to be superior to other products or services. This restriction is intended to avoid the appearance of preference by the Government toward any product or service. The Contractor may request the Contracting Officer to make a determination as to the propriety of promotional material.

SECTION M – EVALUATION FACTORS FOR AWARD

M.1.0 BASIS OF AWARD

This solicitation will result in the award of a Firm Fixed-Price Commercial Service Purchase Order in accordance with the provisions herein this section. Price shall be fair and reasonable.

The following provisions are provided in full text:

52.212-2 – EVALUATION – COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (MAR 2026)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

Past Performance

Price

(b) Options (if applicable). The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) Notice of award. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

1510-52.213-70 – EVALUATION OF QUOTATIONS

Award will be made to the responsible firm whose quote is most advantageous to the Government, price and other factors considered. Other factors for this solicitation include past performance of the quoter. Past performance information may be based on the Government's knowledge of and previous experience with the quoter, or other reasonable basis.
