**140R4025R0032 PBRWS Phase II Design-Build.  
Amendment 3**

**Questions / Answers**

1. Reference: Statement of Objectives (SOO), rev. 4/20/26, Section 1.03 “Objectives – Schedule” (180 days / 1,120 days) (pg. 2–3); *Updated Sections L and M per Amendment 1 – Section L, Phase Two, Factor 1.b “Design Schedule” (March 2027 reference) (pg. 45); Original Solicitation – Section L (Design Schedule reference) (pg. 46).*

**Question:** The revised SOO states that the Contractor is to begin construction within 180 days after contract award and complete design, construction, commissioning, and performance testing of the project components within the remaining 1,120 days after the start of construction (SOO 1.03, pg. 2–3). The updated Sections L and M per Amendment 1 also reference ensuring Reclamation is able to meet its design completion timeline of March 2027 (Section L, pg. 45), and similar design schedule language appears in the original solicitation (Section L, pg. 46).

Please clarify whether the March 2027 design completion date is a firm contractual requirement or a planning/target date for proposal evaluation purposes; is it Reclamation’s requirement to have all design packages complete within 180 calendar days after award? If not, how offerors should reconcile the 180-day construction start objective with the referenced design completion target (e.g., early work packages, phased design and construction, or partial notice(s) to proceed); and, for purposes of the 1,120-day timeframe, what event the Government intends to define as the “start of construction” (e.g., first field activity, issuance of a construction NTP, or commencement of an early work package).

**Answer:** The March 2027 design completion date is subject to the contract actual award date. The 180 day design window is to target early work packages, phased design and construction, or partial notice(s) to proceed to expedite project construction. The total contract length will be 1,300 days (180+1,120). The government considers start of construction to be at the construction Notice to Proceed.

2. Reference: Statement of Objectives (SOO), rev. 4/20/26, Section 1.03 “Objectives – Schedule” (180 days / 1,120 days) (pg. 2–3); *Updated Sections L and M per Amendment 1 – Section L, Phase Two, Factor 1.b “Design Schedule” (March 2027 reference) (pg. 45); Original Solicitation – Section L (Design Schedule reference) (pg. 46)*

**Question:** The revised Statement of Objectives references "Achieve stakeholder facilitation and review of 90% design of the **prioritized construction line items in Price Schedule C** to begin construction within 180 days after contract award." and Section L references "**Pricing Schedule – Attachment 3**". Please provide a copy of Price Schedule C or Attachment 3 so that Offerors may understand the order of the prioritized construction items.

**Answer:** The Price Schedule C or Attachment 3 will only be provided to contractors who advance to Phase 2 – Request for Proposals. In the Statement\_of\_Objectives\_revised\_4-20-26\_000.pdf in section 1.07 - Principal Components of Work, contractors can assume for proposal planning and development that the portions of work are listed in priority order.
