

SECURITY REQUIREMENTS APPLICABLE FOR PEARL HARBOR NAVAL SHIPYARD & IMF'S CONTRACTED WORK OUTSIDE OF THE CONTROLLED INDUSTRIAL AREA (CIA)

(REVISED MAY 2024)

1. The provisions of these security requirements are applicable to all Shipyard & IMF areas outside of the Controlled Industrial Areas (CIAs), excluding Dry Dock 4. Security for Dry Dock 4 is addressed in separate documents.

2. Performance of all work under this contract is restricted to U.S. citizens and U.S. nationals only. U.S. citizen employees of a foreign owned, controlled, and/or influenced (FOCI) company are considered foreign nationals and special authorization would be required for escorted access to PHNSY & IMF spaces.

3. Security requirements are applicable to the prime contractor as well as to all subcontractors and suppliers thereunder.

4. The period of proposed contract work to be performed in particular areas of the Shipyard & IMF is subject to further approval of the Shipyard & IMF Commander depending on the sensitivity of Shipyard & IMF industrial operations in the affected areas.

5. For frequent access to Shipyard & IMF spaces, Security Access Control Badges are required. Three weeks prior to entry into the Shipyard & IMF spaces outside of the CIA, officials from the contractor, subcontractors, and suppliers shall complete all applicable items on the Part 1 of the Contractor Visit Request to Pearl Harbor Naval Shipyard & IMF (VR) (PH-SYD IMF 55512/28) form and submit it to the Government Contracting Agency (GCA) or designated Contracting Officer's Representative (COR) for completion of Part 2. The GCA/COR will then forward the VR to the Shipyard & IMF Sponsor for completion of Part 3 no later than two weeks prior to the visit. The Shipyard & IMF Sponsor will submit the VR to the Shipyard & IMF Pass and Identification Office (Pass and ID) no later than one week prior to entry into the Shipyard. The VR must include country of citizenship. Entry into Shipyard & IMF spaces for US citizen personnel from companies without FOCI (see paragraph 2) may be authorized by the Security Officer (Code 1120).

a. For access to the Shipyard & IMF Local Area Network (LAN) verification of U.S. citizenship, need-to-know and at least a Green badge are required.

b. The initial submittal of VR forms need not be all-inclusive. It may be expanded to meet essential requirements of the contractor. Each individual added to the list, however shall be subject to the same pre-entry screening requirements as outlined above.

c. Under no circumstances shall personnel sign, handcarry, mail or email their own VR. The VR should be sent to the sponsor via encrypted email to be uploaded to Code 320's Sharepoint for Code 1123 to review and approve.

d. Ensure that all contractor employees provide a valid photo identification card and proof of U.S. citizenship to the Pass and ID Office prior to being issued a Shipyard & IMF badge, see page 6 for a list of acceptable documents.

e. Ensure any derogatory or questionable information concerning contractor employees possessing a DOD security clearance or a Shipyard & IMF badge is immediately reported to the Security Office (Code 1123) so that access eligibility can be evaluated.

f. Ensure that contractor employees attend a 30-minute orientation on the safety, security, and radiological protection aspects of industrial operations within the Shipyard & IMF.

NOTE: The briefing, which is in the form of a video presentation, will be given at the Pass and ID Office in groups of 4, prior to the issuance of Shipyard & IMF badges. Special arrangements for larger groups can be scheduled upon request.

g. Ensure that all employees wear and display the Shipyard & IMF badge in the chest area at all times while entering, remaining in, and exiting Shipyard & IMF spaces.

Return badges/passes to the GCA immediately upon termination of any employee, upon expiration, upon completion of contract, or when no longer required. The GCA will ensure that all badges/passes are returned and forwarded to the Shipyard & IMF Pass and ID Office (Code 1123).

j. The Pass and ID Office is located in Building 207 at Safeguard Street and Russell Avenue

6. Restrict hours of work to 0630 – 1500 hours Monday through Friday only. Such notifications will include specific dates, hours of work, location of work, type of work to be performed, contract number and project title. The GCA will provide a copy of the notification to the Security Officer (Code 1121) along with written notification that work, as scheduled, has been approved by the respective department, office or shop concerned.
