Statement of Requirements:

Project – Medical: SCBA Physical/Health Screening with Audiometry & Spirometry Testing

1.0 Scope Work

This requirement is to provide on-site SCBA Physicals/Health Screening with Audiometry & Spirometry testing on as needed basis at a local medical facility, and on-site visit from the medical provider to Placerville, CA 95667 at the Eldorado National Forest.

2.0 Background

A medical evaluation to determine whether an employee can use a given respirator is an important element of an effective Respiratory Protection Program. It is necessary to prevent injuries, illnesses and even in rare cases, death from the physiological burden imposed by respirator use. OSHA regulation (29 CFR 1910.134(e) (1)) states that the Forest Service, as the employer, will provide medical evaluations before issuing breathing apparatus.

These physical examinations are and have been a requirement of the Region 5 Respiratory Protections Plan and Self-Contained Breathing Apparatus Operations Guide and are required for employees to utilize the SCBA equipment that is a regional requirement of their position on a Type 3 Engine in Region 5.

These examinations will be provided at the Eldorado National Forest Headquarters at set intervals and/or contractor provided medical facility as needed during the periods of performance.

Contract Requirements

3.0 Technical Requirements / Tasks

Annual On-site SCBA Physicals/Health Screen with Audiometry and Spirometry Testing. Must meet OSHA regulations (29 CFR.134 (e)(1)).

INSTRUCTIONS TO PHYSICIAN

U.S. Forest Service employees will be using self-contained breathing apparatus (SCBA). This protection will be worn when firefighters enter potentially hazardous atmospheric environments. This will consist of physically demanding work and wearing firefighter personal protective equipment (PPE) in high temperature environments.

Because the use of breathing apparatus increases the work of the heart and lungs, a medical assessment is requested to determine if the employee is physically capable of performing this work.

MEDICAL REQUIREMENTS – (ANSI Z88.6 – 2006)

OSHA regulation (29 CFR 1910.134(e) (1)); the Forest Service, as the employer, will provide medical evaluations before issuing breathing apparatus.

A spirometry test and/or an exercise stress testing (EST) may be used in addition to medical history and physical examination to establish a baseline record.

A Physician or other Licensed Health Care Professional (PLHCP) will determine what physical and psychological conditions are pertinent. The employee's initial and follow up medical status pertaining to the use of respiratory equipment will be reviewed and documented by the PLHCP.

Medical Evaluation Components

- Physical examination
- Medical history
- Heart disease
- High blood pressure
- Lung disease (pulmonary disease) and sinus conditions
- Skin problems
- Seizures and substance abuse
- Claustrophobia and anxiety
- Eyeglasses and contacts
- Pulmonary testing *
- EKG *

*PLHCP discretion with approval from Unit SCBA Program Manager

Equipment and Conditions

- Self-Contained Open Circuit Breathing Apparatus weighing up to 35 lbs.
- The Employee will use SCBA/PPE for training and fire suppression purposes, no more than one to two hours in duration under normal circumstances.
- The expected physical work effort is heavy lifting 50 lbs. from floor to waist or shoulder, pulling fire hose, lifting tools, Heavy Physical exertion. (>5 mets.)
- If required by the local unit, full Structure Fire Ensemble, including Bunker Jacket and Pants, Boots, Helmet, and protective Nomex Hood.
- Temperature and humidity; High temperatures during fire suppression activities.

The PLHCP will recommend in writing the employee's ability to wear SCBA/PPE with any use restrictions and periodicity of medical evaluations on the attached Appendix C Respirator Medical Evaluation Questionnaire.

Solicitation 127EAS26Q0027 Eldorado National Forest
SCBA Physicals/Health Screening & Audiometry/Spirometry Testing

The Physician or other Licensed Health Care Professional (PLHCP) will evaluate and grant written medical approval for each employee prior to respirator use. The PLHCP will use a medical questionnaire or conduct an initial medical examination that obtains the same information as the medical questionnaire (Appendix C). The questionnaire will be presented confidentially and in a manner that the employee can understand. The Forest Service will provide employees with an opportunity to discuss the questionnaire and exam results with the PLHCP.

The following information will be supplied by the Forest Service to the PLHCP prior to the professional's recommendation concerning an employee's ability to safely use respiratory protection (Appendix C; Medical Evaluation Questionnaire and Appendix B; Physician Instructions contain the following information).

1. The type and weight of the respirator to be used by the employee.
2. The duration and frequency of respirator use.
3. The expected physical work effort.
4. Additional protective clothing and equipment to be worn.
5. Temperature and humidity extremes that may be encountered.

Frequency of Evaluation

According to the American National Standards Institute Z-88.6-2006 an initial medical evaluation shall be performed using a medical history (Respirator Medical Evaluation Questionnaire, Appendix C) or interview and examination that obtain the same information as the medical questionnaire. In addition, a follow-up questionnaire or interview should be used to identify medical conditions that develop after the initial evaluation. This questionnaire may be administered prior to an annual fit test. The frequency of this follow-up interval should be determined by the PLHCP.

Any information provided previously to the PLHCP does not need to be provided for a subsequent medical evaluation if the information and the PLHCP remain the same. The Forest Service will provide the PLHCP with a copy of this plan and the applicable regulatory requirements mandating this Plan (29 CFR 1910.134 (e) and Appendix C) if requested by the PLHCP.

Special Testing

Spirometry or Exercise Stress Testing (EST) may be authorized if the PLHCP needs information in addition to a history and physical examination. Spirometry results do not in themselves indicate fitness or lack of fitness to safely use an SCBA. For accurate assessment, spirometry should be performed in accordance with the most recent recommendations of the American Thoracic Society. (Reference; ANSI Z88.6-2006, 10 Special Testing, 10.1)

452.203-71 Anti-Discrimination and Diversity, Equity, and Inclusion (DEI) Compliance (Dec 2025)

- (a) By entering into this contract, the Contractor certifies that:

1. It is compliant with all applicable Federal anti-discrimination laws and the Equal Protection principles of the U.S. Constitution, and it will remain compliant for the duration of the contract.

Solicitation 127EAS26Q0027 Eldorado National Forest
SCBA Physicals/Health Screening & Audiometry/Spirometry Testing

2. Neither it nor any subcontractor or teaming partner operates or funds any program, policy, or initiative that promotes DEI in a manner that violates any applicable Federal anti-discrimination laws, including but not limited to Title VI and VII of the Civil Rights Act of 1964, or the Equal Protection principles of the U.S. Constitution, and the Contractor and any subcontractor or teaming partner will not do so for the duration of the contract.

(b) If the Contractor participates in, facilitates, or funds programs that implicate Title VI of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, as amended, including but not limited to grants to or for schools, colleges, universities, 4-H programs, non-governmental organization (NGO) programs, sports programs, and education-related grants to prisons or other detention facilities, the Contractor certifies that it will remain compliant with those laws, including the requirements set forth in Executive Order 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, and Executive Order 14173, Ending Illegal Discrimination and Restoring Merit-Based Opportunity.

(c) The Contractor affirms that the above requirements are conditions of payment that go to the essence of the contract and are therefore material terms of the contract. Payments under the contract are predicated on compliance with the above requirements, and therefore the Contractor is not eligible for funding under the contract or to retain any funding under the contract absent compliance with the above requirements.

(d) This certification reflects a change in the Government's position regarding the materiality of the foregoing requirements and therefore any prior payment of similar claims does not reflect the materiality of the foregoing requirements to this contract.

(e) Submission of a knowing false statement relating to Contractor's compliance with the above requirements and/or eligibility for the contract may subject the Contractor to liability under the False Claims Act, 31 U.S.C. § 3729, and/or criminal liability, including under 18 U.S.C. §§ 287 and 1001.

(f) The Contractor must include the provisions of this clause in all subcontract solicitations.

(g) Failure on the part of the Contractor or its subcontractors to comply with the terms of this clause may be grounds for the Contracting Officer to terminate this contract for default.

(End of Clause)

452.204–70 Modification for Contract Closeout (Nov 2025)

(a) If unliquidated funds in the amount of \$1000 or less remain on the contract, the Contracting Officer (Contracting Officer) shall issue a unilateral modification for deobligation. The contractor will receive a copy of the modification but will not be required to provide a signature. The Contracting Officer shall immediately proceed with contract closeout upon completion of the period of performance, receipt and acceptance of supplies or services, and final payment.

(b) Upon contract closeout for contracts utilizing SAP: if unliquidated funds of more than \$1000 remain on the contract, the Contracting Officer shall issue a bilateral modification for

deobligation. The contractor will receive a copy of the modification and will be required to provide a signature. (The Contracting Officer may also request a “Contractor Release of Claims” be completed by the contractor, although not required for contracts and orders using SAP.) If the bilateral modification and Release of Claims are not returned to the Contracting Officer within 60 days, the Contracting Officer shall release the modification as unilateral and proceed with contract closeout upon completion of the period of performance, receipt and acceptance of supplies or services, and final payment.

(c) Upon contract closeout for contracts utilizing anything other than cost reimbursement, if unliquidated funds of more than \$1000 remain on the contract, the Contracting Officer shall issue a bilateral modification for deobligation. The contractor will receive a copy of the modification and a “Contractor Release of Claims” and will be required to provide a signature on both forms. If the bilateral modification and Release of Claims are not returned to the Contracting Officer within 120 days, the Contracting Officer shall release the modification as unilateral and proceed with contract closeout upon completion of the period of performance, receipt and acceptance of supplies or services, and final payment.

Award Type

It is anticipated that a firm-fixed award will be awarded as a result of this synopsis/solicitation.

FAR 52.212-1 Instructions to Offerors – Commercial Products and Commercial Services (SEP 2023) (Provision)

Addenda to provision 52.212-1:

For simplified acquisitions, the word quote or quoter is substituted in provision 52.212-1 for the word quote or quoters.

Addenda to Provision 52.212-1 paragraph (b) Submission of Quotes:

1) Quoters must have an active entity registration in the System for Award Management in order to submit a quote. <https://www.sam.gov/SAM/>

Solicitation 127EAS26Q0027 Eldorado National Forest
SCBA Physicals/Health Screening & Audiometry/Spirometry Testing

2) Quotes submitted in response to this solicitation shall include a technical proposal, a price proposal, and contractor representations and certifications.

a) Technical Proposal – The technical proposal shall address the evaluation factors in 52.212-2. At a minimum technical proposal shall include:

i) Past Performance – provide a list of similar projects completed by your firm over the past three years. Include a brief description of the project, dollar amount, year completed, and project owner contact information (name, phone, and email). The government may use past performance information from any available source. If a company does not have past performance information available, information may be provided for predecessor companies, key personnel, or subcontractors. In the event that there is no past performance information available, the quoters will receive a neutral rating in this factor.

ii) Equipment and Technical Capability – Provide a list of equipment and key personnel (with qualifications) that will be used to complete this project. The narrative response to the technical capability should be in as much detail as the quoter considers necessary to fully explain their proposed technical approach or method. The technical capability should reflect a clear understanding of the nature of the work being undertaken and an understanding of the acceptable quality level.

b) Price Proposal – Include the following: 1) the completed Schedule of Items of this solicitation, and 2) acknowledgement of any amendments to this solicitation by following the instructions that accompany the amendment(s).

3) Submit quote by email to Margaret.forrest@usda.gov so that it is delivered into this inbox by the due date and time. Please ensure that the solicitation name and number is in the subject line of the email. Emails should contain three separate attachments (Technical Proposal, Price Proposal, and Representations and Certifications) in Microsoft Word, Microsoft Excel, or Adobe PDF format. Be aware that large attachments may increase the time required to deliver an email. It is the quoters responsibility to confirm receipt of the quote from Margaret Forrest.

4) Address all questions about this solicitation to Margaret Forrest at margaret.forrest@usda.gov.

**FAR 52.212-2 Evaluation – Commercial Products and Commercial Services (NOV 2021)
(Provision)**

- (a) The Government will award a contract resulting from this solicitation to the responsible quoters whose quote conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate quotes:

SCBA Physicals/Health Screening & Audiometry/Spirometry Testing

1. Price: The offeror's quotation will be evaluated in accordance with FAR 12.204, to determine if it is fair and reasonable.

2. Equipment and Technical Capability: Equipment and Technical capability is a measure of the degree to which the vendor presents their understanding of the requirements and the challenges of this project as well as their ability to mitigate those challenges and complete the project as specified.

The narrative response to the technical capability should be in as much detail as the quoter considers necessary to fully explain their proposed technical approach or method. The technical capability should reflect a clear understanding of the nature of the work being undertaken and an understanding of the acceptable quality level.

3. Relevant Past Performance: Past performance is a measure of the degree to which a vendor, as an organization, has satisfied its customers, and complied with federal, state, and local laws and regulations. The Government may inquire about the following elements, which are all of equal importance in relation to each other, (1) quality of the work; (2) customer satisfaction; (3) timeliness of the Firm during performance and the final completion of the project; and (4) overall business relations.

Performance information for their firm and any proposed major subcontractors performing more than 20% of the work shall be submitted with a minimum of three references within the last three years.

Include the following information for each reference:

1. Reference name
2. Company or organization
3. Current telephone number
4. Project name or contract number
5. Project Size in dollars and acreage
6. Location
7. Approximate completion date, or anticipated completion date if in progress

The Government may contact references beyond those identified by the quoter to obtain additional information in the evaluation of the quoter's past performance. Performance information may be obtained on any federal, state, local, and commercial contract performance of the quoter that is known to the Government and may include information from existing contract files. Additionally, personal experience and an evaluator's personal knowledge of quoter's performance may be used.

The Government will determine the acceptability of each quote on a pass or fail basis considering the following factors:

- 1) A quoter takes exception to any of the terms and conditions of the RFQ, including attachments;

Solicitation 127EAS26Q0027 Eldorado National Forest
SCBA Physicals/Health Screening & Audiometry/Spirometry Testing

- 2) A quoter is not currently registered in the System for Award Management (SAM) by the closing date of the solicitation;
- 3) A quoter cannot be verified as a Small Business as shown in SAM or other proof as submitted by the quoter; and
- 4) An incomplete quote that lacks sufficient information for the government to perform a technical evaluation to determine acceptability.

(b) Options. The Government will evaluate quotes for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that a quote is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of a quote, mailed or otherwise furnished to the successful Quoter within the time for acceptance specified in the quote, shall result in a binding contract without further action by either party. Before the quoter's specified expiration time, the Government may accept a quote (or part of a quote), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

The Government may perform a comparative evaluation (comparing quotes to each other) to select the contractor that provides the best value, considering the evaluation factors in this solicitation.

Evaluation Method

The Government will evaluate quotations based on the lowest price technically acceptable criteria. Only the lowest priced offer will be evaluated for Technical Acceptability. Should the lowest priced offer not receive an acceptable technical or past performance rating, the process will continue in order of lowest priced offer until the lowest price, technically acceptable offer with acceptable or neutral past performance is identified.

Personal Identity Verification of Contractor Employees

(a) The contractor shall comply with the personal identity verification (PIV) policies and procedures established by the Department of Agriculture (USDA) Directives 4620-002 series.

(b) Should the results of the PIV process require the exclusion of a contractor's employee; the Contracting Officer will notify the contractor in writing.

(c) The contractor must appoint a representative to manage compliance with the PIV policies established by the USDA Directives 4620-002 series and to maintain a list of employees eligible for a USDA LincPass required for performance of the work.

(d) The responsibility of maintaining a sufficient workforce remains with the contractor. Contractor employees may be barred by the Government from performance of work should they be found ineligible or to have lost eligibility for a USDA LincPass. Failure to maintain a sufficient workforce of employees eligible for a USDA LincPass may be grounds for termination of the contract.

(e) The contractor shall insert this clause in all subcontracts when the subcontractor is required to have routine unaccompanied physical access to a Federally-controlled facility and/or routine unaccompanied access to a Federally-controlled information system.

(f) The PIV Sponsor for this contract is a designated program point of contact, which in most cases is the COR, unless otherwise specified in this contract. The PIV Sponsor will be available to receive contractor identity information from 0800 and Monday to * 1630 Friday at Six Rivers National Forest, 1330 Bayshore, Eureka, CA 95501. The Government will
