2.0 DESCRIPTION/SPECIFICATIONS/STATEMENT OF WORK

2.1 PURPOSE

The purpose of this contract is to acquire one (1) custom-built new (unused) emergency response box truck. This must be a Peterbilt brand name to match existing fleet. The vehicle shall be delivered to **1000 Falls Run Drive, Fredericksburg, VA 22406 within 180 days of award.**

2.2 BACKGROUND

The Federal Bureau of Investigation has multiple Divisions that are responsible for rapid deployment assets used to respond to major crisis sites and national security special events in support of FBI operations. In support of these operations, specialty equipment including emergency response support vehicles that consist of our custom Peterbilt box truck fleet are needed. This custom equipment supports high hazard crime scene operations and must mirror our current fleet to provide a common familiar operating platform.

2.3 SCOPE OF WORK

See Attachment 1

This is a Firm-Fixed Price to acquire a Brand Name, new Peterbilt PACCAR 567 with up to 80" sleeper, custom-built response box truck with liftgate. The vendor shall provide delivery of the specified platform within 180 days of approval. The FBI will be seeking quotes for purchase and delivery of an up to a 30-foot straight box truck with a rear lift gate capable of moving at least 3500 lbs. and a sidestep for entry into cargo area via the side door. This truck must be a tandem axel capable of transporting 50,000 lbs. with at least a 30' Morgan cargo box. Drivetrain will have at least a 550-horsepower diesel engine, automatic shift, and rear tandem axels. This truck must have piano style door hinges for the operator/passenger compartment and an incorporated sleeper up to 80 inches. The box must have lockable rear rollup and hinged passenger side access. The side access must have manual or automatic step.

b) Questions – All questions must be submitted in writing via e-mail to Contracting Officer Jamie Melzer-Compton at jmelzer@fbi.gov by **May 6, 2026 at 1:00 PM Eastern Time (ET)**.

c) Quote Submission – Quotes are due via email by **May 15, 2026 AT 1:00 PM EASTERN TIME (ET)** to Contracting Officer Jamie Melzer-Compton at jmelzer@fbi.gov. Early submissions are encouraged.

2.9 EVALUATION AND AWARD PROCESS

2.9.1 BASIS FOR AWARD

The Government will evaluate the submitted quotes and award an order to the responsible offeror whose quote which is conforming to the solicitation will be the Lowest Price Technically Acceptable (LPTA). Award will be made in accordance with the basic contract ordering procedures, the procedures specified in the quote and on the basis of the lowest priced quote meeting the acceptability standards for non-price factors.

The Government will organize the quotes based on the lowest price and will evaluate the technical approach of the lowest priced Offeror first. If the lowest priced Offeror is technically acceptable, that offer represents the best value for the Government and the evaluation process ceases at this point. Award shall be made to that Offeror without further consideration to any other offers.

The prospective Offeror is requested to submit a technical proposal that addresses all of the requirements in the Statement of Work as provided in Attachment 1, as well as pricing inclusive of all costs for this requirement.

This RFQ does not commit the FBI to pay any quote preparation costs, nor does it obligate the FBI to procure or contract for these services. This request shall not be construed as authorization to proceed with or be paid for charges incurred by performing any of the work called for in this RFQ.
