4. Authority:

☒ RFO 12.102(a): For acquisitions valued at or below the simplified acquisition threshold (SAT), document the decision that only one source is available and the basis for the decision.

5. Reasons for Authority Cited:

A sole-source contract award to Carefusion is necessary for the Alaris virtual server and software system. Blanchfield Army Community Hospital (BACH) already possesses a significant inventory of Carefusion infusion pumps and Carefusion Point-of-Care Units (PCUs). The proprietary Alaris software is the only system designed to be fully compatible with this existing hardware. As the sole developer and vendor of the Alaris software, Carefusion is the only source capable of providing and implementing this critical system.

6. Publicizing Contract Actions: For FAR Part 12 actions, the public display and synopsis requirements of FAR 5.101 and FAR 5.302 ☐ do not apply due to the \$ threshold, ☒ apply and will be followed, or ☐ do not apply due to an exception at 5.302 (b)(3).

7. Market Research: Market research included the Contracting Officer's Representative and Technical Expert reaching out to industry and a review of the world wide web to include GSA Advantage. Market research was conducted by the contract specialist the first week of February 2026. A sources sought was issued on sam.gov on 30 January 2026 with a response date of no later than 06 February 2026. No other offerors responded to the sources sought.

8. Other Facts: A current Authority to Operate (ATO) exists for this product and a copy is provided in the contract file.

9. Technical/Requirements Certification: I certify that the supporting data under my cognizance which are included in the justification are accurate and complete to the best of my knowledge and belief.
