Addendum FAR 52.212-2, Evaluation– Commercial Products and Commercial Services:**Basis for Contract Award:**

The government will make a Firm-Fixed-Price award to the responsible contractor that conforms to requirements of the solicitation and provides the best value to the government considering price and SPRS. The government reserves the right to award to other than that lowest priced quote.

Price Evaluation:

The Contracting Officer has determined there is a high probability of adequate price competition in this acquisition. However, if at any time during this competition the Contracting Officer determines that adequate price competition no longer exists; offerors may be required to submit information to the extent necessary for the Contracting Officer to determine the reasonableness and affordability of the price.

Offerors should propose the best pricing to the government for the single CLIN arriving at the most competitive price. Price information submitted in each offeror's quote, as required by the Addendum to FAR 52.212-1, Instructions to Offerors-Commercial Items, will be evaluated to determine if proposed prices are fair and reasonable IAW FAR 12.204(a). Unbalanced pricing may pose an unacceptable risk to the government and may be a reason to reject an offeror's quote.

Interchanges: The government intends to evaluate offers and award a contract without interchanges with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the government reserves the right to conduct interchanges if later determined by the Contracting Officer to be necessary.

Assumptions, Conditions & Exceptions: Any exception to the solicitation may render a quote unacceptable. If your company takes exception to any of the requirements of the Statement of Work or terms/conditions, they must be clearly identified in your quote. These will be reviewed for potential impact on your ability to successfully meet the government's requirements. Any assumptions, conditions or exceptions which may negatively impact successful performance of this requirement could render the quote ineligible for award.
