

DORE3
PRESOLICITATION NOTICE

Description

THIS IS A PRESOLICITATION NOTICE NOT A SOLICITATION.

The Virginia Contracting Activity has a requirement for Data Science, Operations, Requirements, Exploitation and Enhanced Engineering (DORE3) in accordance with the Statement of Work (SOW) and attachments. The SOW covers the 11 Support areas listed below:

Support Area One: Collection Concept Development
Support Area Two: Collection Planning and Operations Support
Support Area Three: Data Sciences Support
Support Area Four: Technical Exploitation Support
Support Area Five: Internet of Things (IOT), Social Media & Open-Source Support
Support Area Six: Application/Web/Collaboration Support
Support Area Seven: Program/Project Support
Support Area Eight: Rapid-Response SME Support
Support Area Nine: Academic/Industry Outreach and Innovation
Support Area Ten: Rapid Engineering and Prototyping Support
Support Area Eleven: Contract Project Management and Common Tasks

Advisory and Assistance Services will be required for each of the above support areas. Contractor services provided under DORE3 are required by ST to sustain its mission management and execution responsibilities, including conducting capability gap analyses, rapid prototyping, test & evaluation, planning, preparing for, and enabling technical collection operations, advanced technical exploitation of multi-source data.

The Place of Performance varies. It will be identified in each Task Order.

This requirement is anticipated to be full and open.

It is anticipated that a Request for Proposal will be posted on or about 14 May, 2026. The solicitation and any amendments will be posted on Sam.gov. Any classified Attachments will be posted to NSA ARC at <https://www.arc.org.nsa.ic.gov/dashboard/>

The PSC Code for this requirement is R499 SUPPORT PROFESSIONAL – OTHER. The NAICS Code is 541990 All Other Professional, Scientific, and Technical Services.

All responsible sources may submit a proposal, as appropriate, which will be considered by the Agency.

All interested parties should register on Sam.gov. It is the offerors responsibility to check the web site periodically for any updates regarding the solicitation. Prospective contractors must be registered in the System for Award Management (SAM) database in order to obtain access in SAM.gov Contract Opportunities. Offerors who submit a quote or proposal in response to a solicitation must have an active SAM.gov registration at time of proposal submission and throughout the evaluation and award phase.

This notice is for informational purposes only. The Government is not obligated to issue a solicitation as a result of this notice. No other information is available until issuance of the solicitation.
